Notes on Dr. Carlos Finlay

Record notes on the details you highlighted for Dr. Finlay. Be sure to identify the character trait each detail describes.		

Make a list of the stages of Dr. Finlay's theory of how a mosquito spreads yellow fever. Put the stages in order from first to last.

What was the hypothesis that the team could investigate with this experiment?

Complete the <i>if/then</i> statement to describe the hypothesis.
If yellow fever was caused by infected mosquito bites, then

2. Create a comic strip showing the steps of Dr. Lazear's mosquito experiment to test Dr. Finlay's mosquito theory.

Choose from the following captions to complete the comic strip.

- Mosquito uses proboscis to draw blood from human with yellow fever.
- Mosquito becomes infected with yellow fever.
- Dr. Lazear allows infected mosquito to bite healthy test subject.
- Healthy mosquitoes hatch from tiny, cigar-shaped eggs kept in water.
- Test subject observed for signs of transmitted disease.

Write captions in the comic strip next to the appropriate image.

Essay Prompt

People—like scientists, detectives, and health workers—take many approaches to solving problems. They take bold and brave actions; they work methodically; they think carefully and logically; they collaborate with others; they try new approaches.

Based on the texts you have read, what stands out to you as one important characteristic to have as a problem solver or investigator?

Include two examples of individuals demonstrating this characteristic in your response.

Essay Text

- The Secret of the Yellow Death: A True Story of Medical Sleuthing by Suzanne Jurmain
- "Yellow Fever Circles Brazil's Huge Cities," The New York Times
- "The Red-Headed League" by Sir Arthur Conan Doyle

Gathering Evidence	

Write a Claim

Based on the evidence you reviewed, write one or two sentences to summarize the key idea you will develop in response to this prompt.

Claim Statement #1

Notes for Sample Essay	

Write Body Paragraphs

- 1. Before you begin:
 - Turn to the text.
 - Review your evidence and your claim.

2.	Write two body paragraphs for your essay. For each body paragraph, use one or two pieces of textual evidence to support your claim. Remember to describe and explain your evidence and to show how it supports your claim.

Practice writing your claim statement in two other ways. Make sure each is supported by your body paragraphs.

Claim Statement #2	
Write one or two new sentence(s) that state your claim in a different way.	

Claim Statement #3

Write one or two new sentence(s) that state your claim in a different way.	

Session 3: Body Paragraph for a Counterargument

Complete this section if your teacher tells you to.

Write your third body paragraph. Include one or two counterarguments, and evidence and reasoning to refute the counterarguments.	

Revise Body Paragraphs

Partner Work:

- 1. Reread your essay with your partner, asking him or her to pay attention to the evidence you use and describe to support your claim.
- 2. Have your partner underline and annotate two places to revise in your body paragraphs:
 - One place where your evidence is strong and well-explained.
 - One place where you could add more evidence or describe your evidence more completely.
- 3. Once your partner explains his or her suggestions, review the moments from the text that connect to the parts of your essay you want to revise.
- 4. Highlight any additional details in the text that provide evidence for your claim.
