Directions:

- Each partner:
    - Take 6 cards.
    - Choose 3 cards to make a multiplication expression.
    - Write an equation to show the product of the numbers you made.
    - Your score for each round is the difference between your product and 5.
- Take new cards so that you have 6 cards to start the next round.
- At the end of the game, add your score for each round. The player with the lowest score wins.
