

Assessment : Section A Checkpoint

Problem 1

Goals Assessed

- Represent whole numbers within 100 as lengths from 0 on a number line.

Statement

Label the 3 points on the number line.

Solution

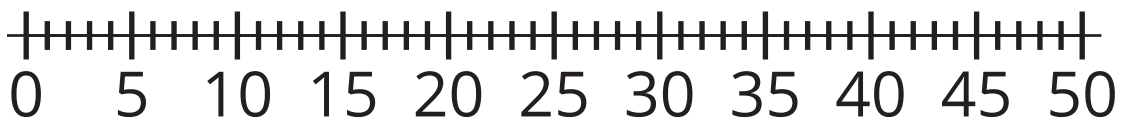

Problem 2

Goals Assessed

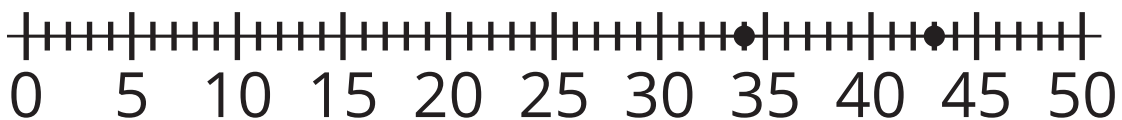

- Represent whole numbers within 100 as lengths from 0 on a number line.

Statement

Locate and label 34 and 43 on the number line.

Solution

34 is one tick mark left of 35 and 43 is 3 tick marks right of 40.

Problem 3

Goals Assessed

- Understand the structure of the number line.

Statement

What number could the point represent? Explain or show your reasoning.

Solution

20 to 30. Sample response: In the middle of the number line is 40 and this is definitely less than that.
