

Lesson 8: More Questions about Scaled Bar Graphs

Cool Down: Reading Time

A group of students were asked, “What is your favorite time to read?” Their responses are shown in this bar graph:

Use the graph to answer the questions.

1. How many fewer students like to read in the morning than in the afternoon? Show your thinking using expressions or equations.
2. How many more students like to read in the evening than in the morning or at lunchtime? Show your thinking using expressions or equations.
