

Lesson 16: Design a Carnival Game

- Let's design a carnival game.

Warm-up: Notice and Wonder: Carnival Games

What do you notice? What do you wonder?

16.1: Create Your Own Carnival Game

1. Use the materials to design your own carnival game.
 - a. What are the rules of your game?

 - b. How does someone win the game?
2. Test out your game at least one time.
3. Redesign your game to include at least 2 of the following:
 - length or distance measurement in inches
 - time that has passed
 - multiplication and division within 100
 - addition and subtraction within 1,000

If you have time, play the new and improved game.
