

# Lesson 12: Ways to Compare Fractions

## Cool Down: Pick the Greater Fraction

In each pair of fractions, which fraction is greater? Explain or show your reasoning.

1.  $\frac{5}{12}$  and  $\frac{5}{8}$

2.  $\frac{11}{10}$  and  $\frac{18}{100}$

3.  $\frac{6}{10}$  and  $\frac{7}{12}$
