

## **Lesson 13: Use Equivalent Fractions to Compare**

## **Cool Down: Make It True**

Compare each pair of fractions. Use the symbols <, =, and > to make each statement true. Explain or show your reasoning.

1. 
$$\frac{15}{8}$$
  $\frac{7}{4}$ 

2. 
$$\frac{2}{5}$$
  $\frac{30}{100}$
