

Lesson 15: Fraction Division Situations

Cool Down: Match and Solve

1. Match each expression to a situation. Answer each question.

○ $5 \div \frac{1}{4}$

○ $\frac{1}{4} \div 5$

a. Han cut 5 feet of ribbon into pieces that are $\frac{1}{4}$ foot long. How many pieces are there?

b. Han cut a $\frac{1}{4}$ foot long piece of ribbon into 5 equal pieces. How long is each piece?
