Science  
Foundation

## Don't Miss Out on STEM Scholarship Opportunities!

Planning to attend the **Madison College STEM Open House on March 11?** *(See reverse.)*

Be sure to visit the **NSF S-STEM booth** in the Exhibit Hall to learn more about scholarships available to students in select STEM programs. Representatives will be available to answer your questions and provide guidance on completing your application.

The **NSF Scholarships in Science, Technology, Engineering and Mathematics (S-STEM)** are designed to support Madison College students enrolled full-time in one of the following associate degree programs:

- **STEM University Transfer** – Science, Technology and Math
- **Information Technology (IT):** Cloud DevOps Specialist, Cyber Compliance Specialist, Cybersecurity Specialist, Data and Analytics Specialist, Front-End Developer, Network and Systems Administration, or Web Software Developer

## You could receive up to **\$5,000 per semester!**

Scholarships are awarded for up to six semesters and up to \$10,000 per academic year based on financial need. Funds may be used for tuition, fees, books, supplies, equipment and other educational expenses. Recipients will also have access to a supportive learning community, including faculty mentoring, undergraduate research opportunities and other resources designed to promote success.

**Planning to study IT or pursue a four-year STEM degree? Apply to the Madison College NSF S-STEM Program today!**

Applications are accepted on a rolling basis. Those received by **March 31, 2025**, will receive priority consideration. To learn more about the scholarship and eligibility requirements or to submit your application online, scan the QR code.
