

SMITHTOWN CENTRAL SCHOOL DISTRICT

A Message from the Superintendent of Schools Mark Secaur, Ed.D.

Dear Smithtown Community,

The Smithtown Central School District is very excited for the return of our students and staff as we gear up for the 2024-2025 school year. A great deal of work has occurred to prepare ourselves for the beginning of the school year and the magic that occurs between our students and the staff who serve them. We look forward to another amazing year of learning and growth for our students. As our buildings once again become vibrant centers of teaching and learning, we stand ready to assist you and your children throughout the year and beyond.

Our calendar is an important source of information for our school community. In addition to providing particulars that will help you to map out your upcoming days, weeks, and months, it also shares details related to District policies, procedures, and contact information. Our website is another source for this valuable information.

We look forward to seeing you at one of the many wonderful events we have planned throughout the year to showcase our students and the work our staff does to meet their needs.

On behalf of the Board of Education and our dedicated staff, we wish you a safe and successful school year.

Sincerely,

Mark Secaur, Ed.D.

EMERGENCY SCHOOL CLOSING PROCEDURES

In preparation for the upcoming school year, parents and students should familiarize themselves with emergency school closing procedures. The following radio and television stations have agreed to broadcast news about emergency closings:

WALK (1370 AM, 97.5 FM)
WBLI (106.1 FM)
 News 12 – Channel 12
 FIOS 1

If there is any doubt about school being open or closed, listen to these radio stations, watch News 12/FIOS 1 or visit our website at www.smithtown.k12.ny.us. Residents are requested not to telephone the school office when weather is bad. Too many calls tie up vital phone lines, making it much more difficult to keep everything running smoothly.

Smithtown also has “delayed opening” and “early dismissal” procedures. When it appears that the weather will improve early enough, the school district will institute its “delayed opening” procedure. The radio stations will be notified, and bus and opening time schedules will be delayed from one to two hours, depending upon the individual situation. Dismissal will remain the same when possible.

If inclement weather makes it necessary to dismiss students early, the radio and television stations will be notified, and the district automated calling system will be activated.

To provide parents with a comprehensive appraisal of their child's progress in all areas, Smithtown uses both written reports and parent-teacher conferences which will be held *November 5, December 5-6, 2024 and March 6, 2025*. Additional conferences may be scheduled as needed at the request of either teacher or parent. Written reports will be provided three times per year.

AIMS & OBJECTIVES

The Smithtown School District is dedicated to educating students to develop desired moral, ethical, and cultural values, to stimulate and expand a continual learning process and to cultivate an understanding and appreciation of the rights and responsibilities of American citizens, which will enable them to function effectively as independent individuals in a democratic society.

The educational program strives to provide each child with the fundamental academic skills and basic knowledge required for his/her maximum educational development, the opportunity for each child to develop his/her interests and abilities to the fullest extent according to his/her individual potential, and special services to promote the physical, mental and emotional development of each child. It is the District's goal to foster in students good work habits, integrity, self-discipline, good sportsmanship, self-confidence, and a sense of purpose.

PESTICIDE NOTIFICATION

New York State Education Law, Section 409-H, requires schools to provide written notification regarding actual or potential use of pesticides throughout the school year. The District is also required to maintain a list of students, parents or staff members who wish to receive a 48-hour prior written notification of specific pesticide applications in the District. This is to advise there have been no additional applications since the last notification.

The Smithtown School District, since 1992, has utilized an integrated pest management program (IPM) in order to restrict or eliminate entirely the use of pesticides in or around District facilities. The School District's IPM program includes the use of a contracted firm, expert in conducting integrated pest management programs. This firm conducts monthly inspections of all District facilities and takes appropriate remedial measures to eliminate or reduce the presence of insects or other pests.

While the District does not anticipate any situation where there will be a need to provide notification of a pesticide application 48 hours in advance, if you would like to receive such notification if one were required, please send a postcard or brief letter to Director of Facilities, Smithtown Central School District, 26 New York Avenue Unit 1, Smithtown, New York 11787, requesting pesticide application notification. Please include the school building for which you would like to be notified and your name and address. In the unlikely event an application of a regulated pesticide application is required, the District would not apply such chemicals unless the school was to remain unoccupied for a continuous 72 hours following the application. In doing so, a 48-hour notification would not be required.

In compliance with the New York State law, the District adopted a comprehensive attendance policy that was implemented in the 2003-2004 school year. Current attendance requirements are clearly delineated in the secondary school handbooks.

EXCLUSION OF STUDENTS POSSESSING FIREARMS

The Board of Education has determined that if and when a student brings or has in his/her possession a weapon, as the term is defined in Title 18 U.S.C. section 921, to a school in the Smithtown Central School District, that student shall be excluded from school for a period not less than one year. The Superintendent of Schools may modify such exclusion requirement on a case-by-case basis in accordance with applicable federal and state laws, rules and regulations and after affording the student such due process as may be required.

SEXUAL HARASSMENT

The Board of Education is committed to safeguarding the right of all employees, students, or members of the public within the School District to an environment that is free from all forms of sexual harassment.

All individuals associated with this District, but not necessarily limited to the Board of Education, the administration, the staff, students, and members of the public while on school property or on a school related activity are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment.

Therefore, the Board condemns and prohibits all behavior of a sexual nature which is either designed to extort sexual favors or which has the purpose or effect of creating an intimidating, hostile or offensive environment. Any person who engages in sexual harassment while acting as a member of the school community will be in violation of this policy.

Sexual harassment includes, but is not limited to unwelcome flirtation, sexual advances, propositions, continual or repeated verbal abuse of a sexual nature, use of sexually degrading words or actions and the display of sexual suggestive pictures.

Sexual harassment in the school, on District property, or on a school related activity by any employee, student, or member of the public is a serious violation for which the appropriate disciplinary action will be taken and may lead to personal, legal and financial liability.

Any employee, student, or member of the public who believes that he/she has been subjected to sexual harassment should make a complaint immediately to any of the following: his/her supervisor, principal, Assistant Superintendent for Personnel, or his/her designee.

Complaints will be investigated promptly and corrective action will be taken where appropriate. No member of the school community will suffer retaliation or intimidation as a result of using the internal complaint procedure.

Special Education / Special Services
26 New York Avenue, Smithtown, New York 11787
631-382-2070 / Fax: 631-382-2083

The Reauthorized Individuals with Disabilities Act of 2004 (IDEA) mandates that all students receive a free and appropriate education in the least restrictive environment.

The Committee on Special Education (CSE), for children ages 5-21, and the Committee on Preschool Education (CPSE), for children ages 3-5, is responsible for evaluating information presented concerning a child and determining eligibility for special education programs and/or services. The determination of the CSE/CPSE will be consistent with the continuum of services outlined in the Commissioner's Regulations and be based on such items as chronological age; learning rate; academic functioning; social/emotional development; physical development; and management needs. Students are placed into special education programs only when the severity of their disability is such that education in a regular class cannot be achieved. Related Services may be provided in conjunction with a mainstream education program or with other special education programs and services.

In grades Kindergarten to 12: If you suspect your child is having academic difficulty, the best place to begin is with your child's classroom teacher. The building's Instructional Support Team (IST) will address any concerns and implement modifications, remedial services and strategies. If you feel your child may need the provision of special education services and/or programs, you must notify in writing either the Special Education Office or your child's building principal. Upon receipt of your written consent, the CSE will evaluate your child. Mandated components of the CSE evaluations are medical, psychological, social history, and educational assessment. However, additional evaluations may also be requested based on the area(s) of concern.

At the Preschool Level: If you have a preschool child and you are concerned about his/her speech, language, learning, physical or behavioral development, you may want to talk to your family doctor first to determine if your child is within the normal developmental scales. If you feel your child may need the provision of special education services and/or programs, you must notify in writing the Preschool Special Education Office and register your child at the Central Registration Office. At registration, you will be asked to choose an evaluator and sign a consent so the evaluation process may begin. If your child is receiving Early Intervention (EI) services, please advise us at the time of your registration. Mandated components of the CPSE evaluations are medical, psychological, social history, and an observation. However, additional evaluations may also be requested based on the area(s) of concern.

The Committee members shall include, but not be limited to, the parent/guardian, at least one regular education teacher of the student, one special education teacher of the student, a school psychologist, a representative of the school district who is qualified to provide or supervise special education, a school physician (if specifically requested in writing by parent/guardian or member of the school at least 72 hours prior to the meeting), (an additional parent member of a student with a disability residing in the school district, provided that the additional parent member may be the parent of a student who has been declassified within a period not to exceed five years or the parent of a student who has graduated within a period not to exceed five years, if specifically requested in writing by the parent of the student, the student or by a member of the committee at least 72 hours prior to the meeting.)

If your child is eligible to receive special education services and/or programs, the CSE/CPSE makes the recommendations to the Board of Education (BOE). Upon the BOE's approval, the Committee develops and implements an appropriate Individual Education Plan (IEP), for resident students, and an Individual Education Services Plan (IESP), for non-resident students. At least once a year your child's IEP/IESP will be reviewed. However, you may request in writing a meeting at anytime.

If your child is eligible to receive special education services and/or programs and you disagree with the decision of the Committee, you may request mediation and/or an impartial hearing.

Parents/Guardians who place their children in non-public schools must contact the school district where the nonpublic school is located to request an evaluation. If your child receives special education services and you want your child to continue receiving those services while enrolled in the nonpublic school, you must request those services in writing **no later than June 1** before the school year in which services are to be provided.

DRUG FREE SCHOOLS

The Board of Education of the Smithtown Central School District is committed to the prevention of alcohol, tobacco, and other substance use/abuse. This policy describes the philosophy of the Smithtown Central School District and the program elements the District will use to promote healthy life styles for its students and staff and to inhibit the use/abuse of alcohol, tobacco, performance enhancing drugs, and other substances.

No person may use, possess, sell, or distribute alcohol or other controlled substances, nor may use or possess drug paraphernalia, on school grounds or at school-sponsored events, except drugs as prescribed by a physician. The inappropriate use of prescription and over-the-counter drugs shall also be prohibited.

Additionally, the following persons shall be prohibited from entering school grounds or school-sponsored events: any person exhibiting behavior, or physical characteristics indicative of having used or consumed alcohol or other psychotropic substances.

The District will use the following principles as guides for the development of its substance use/abuse prevention efforts and for any disciplinary measures related to alcohol and other substances:

- 1 Alcohol, tobacco, and other substance use/abuse is preventable and treatable.
- 2 Alcohol and other substance use/abuse inhibits the District from carrying out its central mission of educating students.
- 3 The behavior of the Board of Education, the administration, and all school staff should model the behavior asked of students.
- 4 While the District can and must assume a leadership role in alcohol, tobacco, and other substance use/abuse prevention, this goal will be accomplished only through coordinated, collaborative efforts with parents, students, staff and the community as a whole.

EVERY STUDENT SUCCEEDS ACT (ESSA)

According to the Every Student Succeeds Act, public schools are now legally required to release names, addresses, and telephone numbers of secondary students to military recruiters or institutions of higher education upon request. Parents or guardians may request in writing, that their child's name, address, and telephone listing not be released without prior written parental consent. These requests should be addressed to the Principal's Office, Smithtown High School West 100 Central Road, Smithtown, NY 11787-1696 or Smithtown High School East, 10 School Street, St. James, NY 11780-1800.

In addition, if your child attends a school that receives Title I federal funds, under Every Student Succeeds Act federal legislation, you may request information regarding the qualifications of your child's teacher(s). This information includes the New York State license the teacher holds, as well as the degree, major, and field of discipline of the teacher's certification or degree. If you would like this information regarding your child's teacher(s), please submit your written request to: the Assistant Superintendent for Personnel Services, Smithtown Central School District, 26 New York Avenue, Smithtown, New York 11787.

To assure compliance with federal Every Student Succeeds Act guidelines, the Board of Education has adopted a Parental Involvement Policy. It recognizes the rights of parents/guardians to be fully informed of all information relevant to their children who participate in programs and projects funded by Title I. A copy of the District policy book, which includes this policy, is available for review in each building.
