

THE DAILY HOWL: CYCLE #14 DAY 5 FRIDAY 1/5/18

DAILY HOWL

Active transport {pg(s)}

E _____

E _____

**** FIRST find the page(s) that have info on active transport**

- what are the different methods you can use to efficiently locate the info?
- THEN determine what the other 2 terms are that are related to active transport
- note that the 2 "e" words are indented under active transport BUT in line (NOT like the "d" and "o" words yesterday where the "o" was indented under the "d")

**** When you locate the definitions of the terms; THINK about how you can define, describe, explain, provide examples so that a 5th grader would understand the concepts! What words/phrases in the book definitions will need to be explained? What examples does the book provide? What demos did we do in class that you could use to explain the concepts?**

**** PLAN first - then write in NOTE format to be able to fit all of the content in your ONE DH block!**

IN CLASS

- * students who chose to selected peers who agreed they had time to watch presentations for practice today! Peers were to provide positive feedback and also any ideas that they wanted to share for possible improvement.
- * reminder of work that was DUE Wednesday - O's in power school - - get things IN!!
- * time to look at power school for missing assignments
