

What kind of awesomeness can you create in one class period?!
Your mission, shall you accept it, is to create an amazing work in just ONE block!

Get inspired! Visit artprompts.org and click on one of these buttons:

Is the website perfect? Nope. But, it can help you generate some ideas. Click through until you find a prompt that you find interesting. This prompt is just a starting point...use it, but make it your own. Add onto that idea. Be creative!

Your material options:

You can use one media or create a mixed media piece (more than one material). Here are the things available to you:

- Graphite (drawing pencils)
- Colored pencils
- Sharpies
- Watercolors

***You can do this in your journal or on a piece of drawing paper.

Things to keep in mind:

- How will you bring your own ideas and creativity into the art prompt? Creative problem solving is a must. You can do some sketches in your journal if you need to plan first.
- Engage the negative space. This means don't leave the background empty! Think about your artwork as a whole. What will make the background interesting?
- What material(s) will you use and how will you use them? Show off those skillzzzzzzzz!
- Write your prompt on the back of your drawing. Will this be the title? Or will you think of a new title?

Ready for your mission? You're going to do great! I can't wait to see what you make!!!
