- Green is good! You want your plan to look similar to the one above
- If you do not complete your course plan through senior year, you will have red on your grid and you may see “off track” in other places on Infinite Campus
- Completing your Plan through 12th grade is NOT required for registration, but helpful if you want to use this tool

How to Register:

Step 1: Find the registration guide

Go to your desktop on your macbook, find guide, and open it

Step 2: Read through registration guide

Understanding your Registration Guide

Interior Design 

Grade Level: 9,10,11,12
Credits: SHS: 1 Credit
Prerequisite: None
Program of Study: Arts & Communication - Elective

Description: When you walk into a room, do you imagine a new design? Do you want to re-create the space in your own way? In Interior Design I, you will learn the basics of designing spaces for the interior and exterior of homes. This course will emphasize designing and drawing floor plans, types of furniture and furniture layout, window treatments, wall coverings, the history of housing, and the elements and principles of design. These skills will guide students to creatively and knowledgeably design rooms. Students will create floor plans and presentation boards that reflect their creativity as an interior designer.

AP Studio Art – A & B  

Grade Level: 11,12
Credits: SHS: 2 Credits
College: Possible college credit with a score of 4 or higher on a portfolio of work submitted to the College Board.
Prerequisite: Advanced Art Studio (must register in same academic year) This is an independent study course.
Description: This class is designed for students who are seriously interested in the practical experience of art and want to focus on medium. For this course, in lieu of an AP exam, students will submit a portfolio of work to the College Board for potential college credit.

The AP Program offers three portfolios: Drawing, 2-D Design, and 3-D Design. The portfolios share a basic, three-section structure, which requires the student to show a fundamental competence and range of understanding in visual concerns (and methods). It is recommended that some students provide their own materials for their medium.

Step 4: Registering on Infinite Campus

#1 - Log in to your Campus Portal

#2 - Click on “Academic Planner”

The screenshot displays the Infinite Campus student portal for a user named John. At the top, the student's name "John" is visible, along with their "Student Number: 773660" and "Grade: 09". On the left side, there is a vertical navigation menu with various options: Calendar, Schedule, Responsive Schedule, Attendance, Grades, Health, Assessment, Academic Planner, Academic Progress, Transportation, and Reports. The "Academic Planner" option is highlighted in blue. To the right of the menu, there are sections for "District Announcements - 3 messages" and "School Announcements - 1 message". The district announcements section includes a message dated [03/04/2015] about "Campus Census Self Service" and "Food Service". A yellow arrow points from the right towards the "Academic Planner" menu item.
