

About Us

Since our start in 1951, Happy Hollow has welcomed more than 40,000 children to experience a camp full of opportunities for learning and adventure.

Children ages 7 to 14 from the Greater Indianapolis area make friends, learn about nature and take part in supervised camp activities that help them see new possibilities for themselves.

As one of the only residential camps in Indiana focusing on service to children from economically underprivileged households, the camp's staff and directors are working diligently to help Central Indiana families meet the challenges of providing great opportunities to their children.

Happy Hollow is accredited by the American Camp Association and maintains the highest standards of quality and safety.
