We are only a few days away from summer break and are ready to kick off the Summer Learning Blitz! Please encourage your students to engage in learning during the summer months using district provided digital tools that are available anywhere, anytime. We have joined with our partners to provide awesome prizes for winner participants at the end of the Summer Learning Blitz. For every hour students spend on one of the three digital tools (Compass Learning, Kids A to Z, DreamBox) students will have their name entered into the drawing. The more time students spend on these tools, the more times their names will be entered to win AMAZING prizes. Visit the Summer Learning Blitz website- http://j.mp/summerlearningblitz and click here for more information on each application and how to log on.

To access the Summer Learning Blitz website
1. Visit the CMS Homepage from your computer's web browser www.cms.k12.nc.us
2. Scroll to Quick Links in the bottom right corner and select Summer Learning Blitz.

Log in for Dreambox and Compass Learning
