Draw an ORGANIC SHAPE

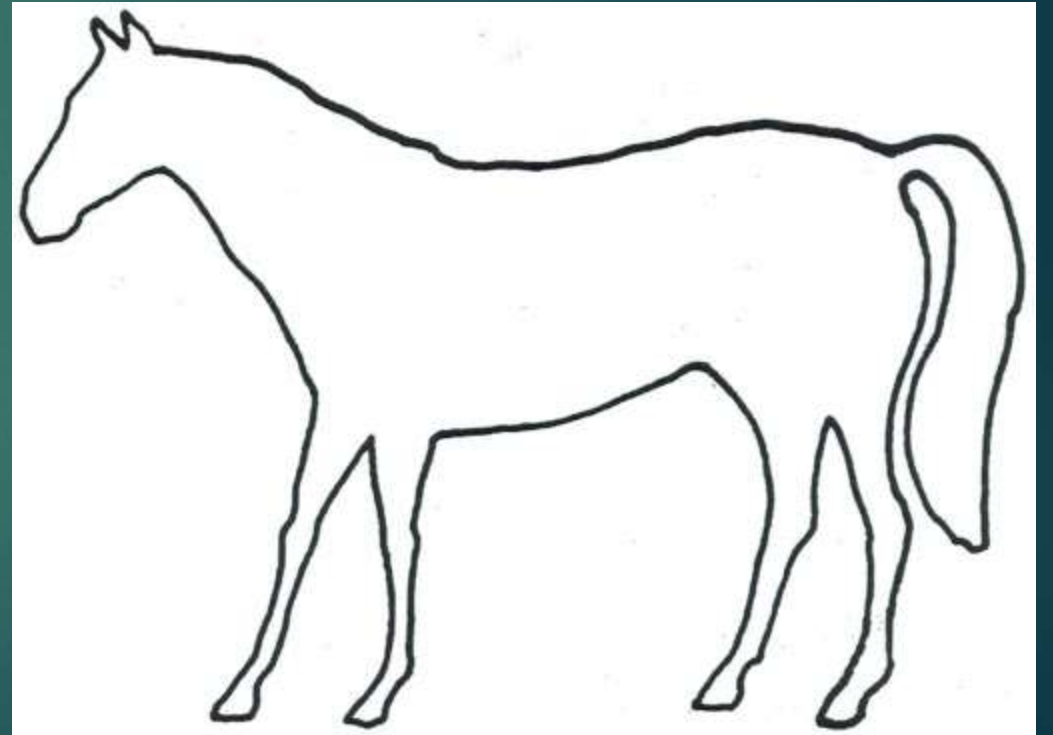

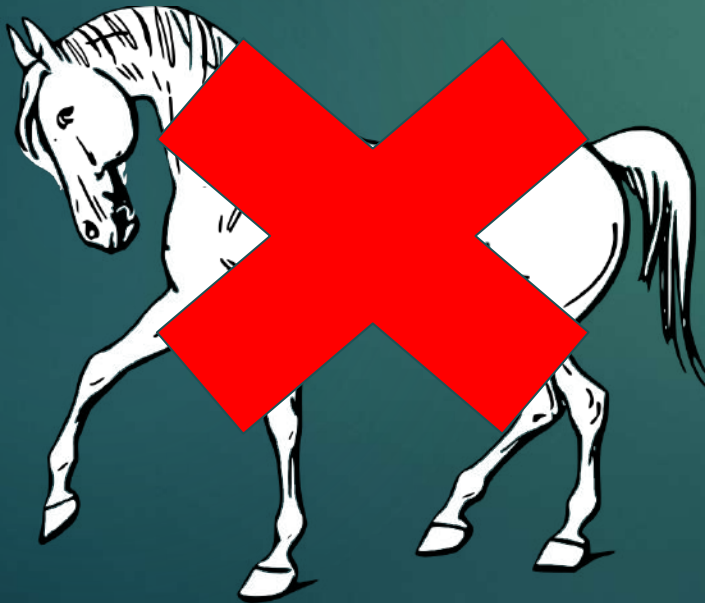

Draw a GEOMETRIC shape

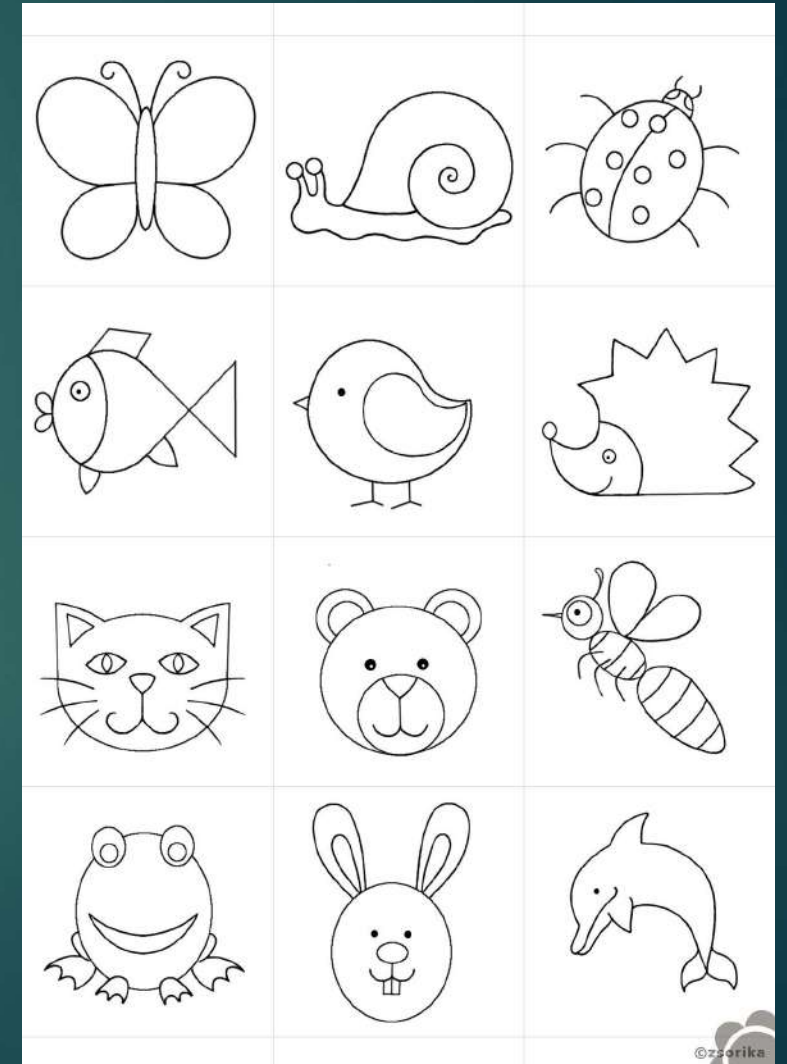

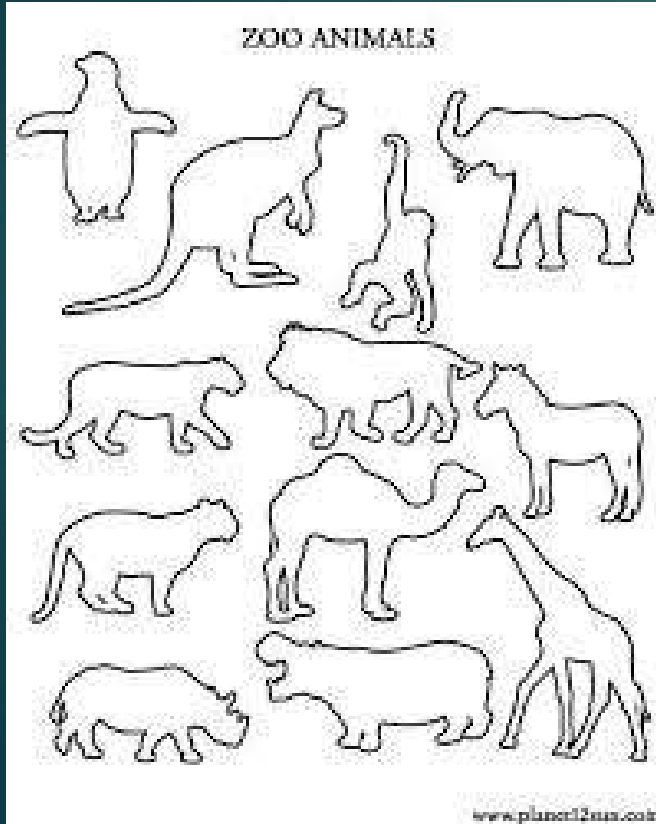

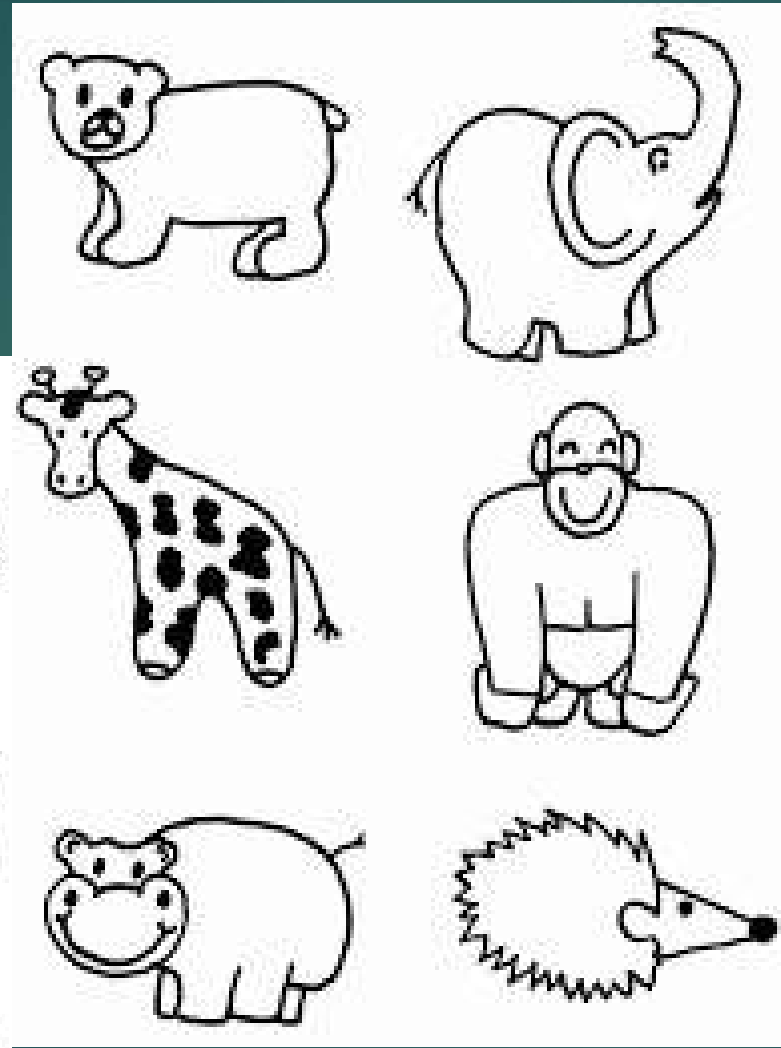

Step 1: Choose an animal and sketch

Draw only the OUTLINE of the animal. An outline is the line around an object. There are no details inside of the outline.

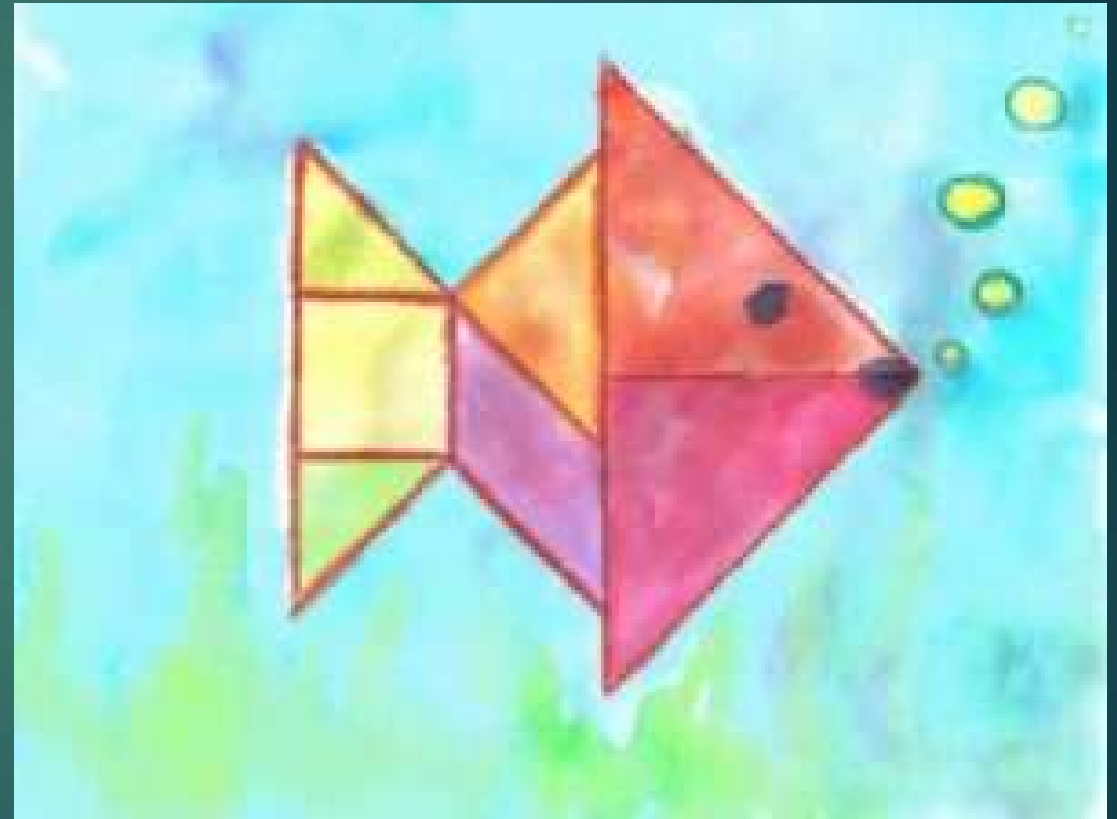

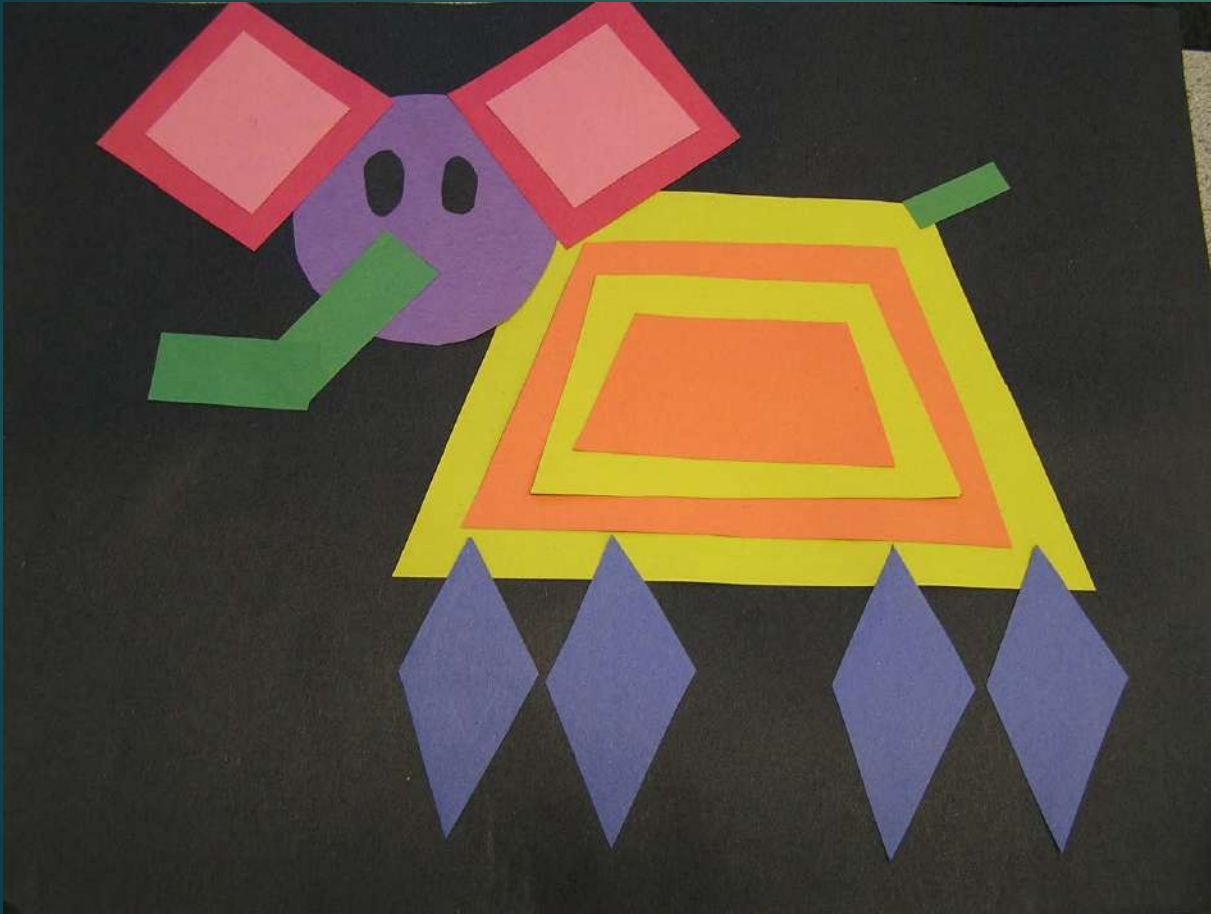

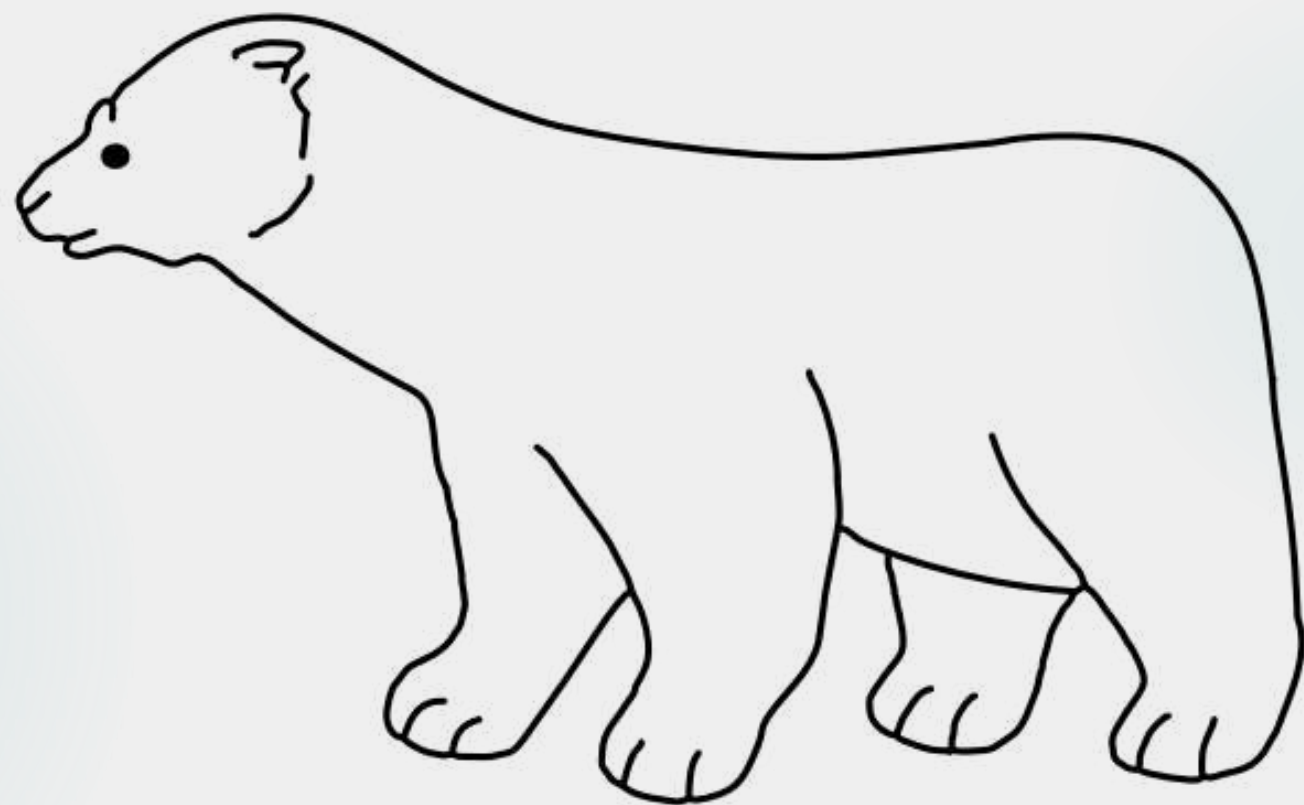

Step 1: Choose an animal and sketch

Need help?

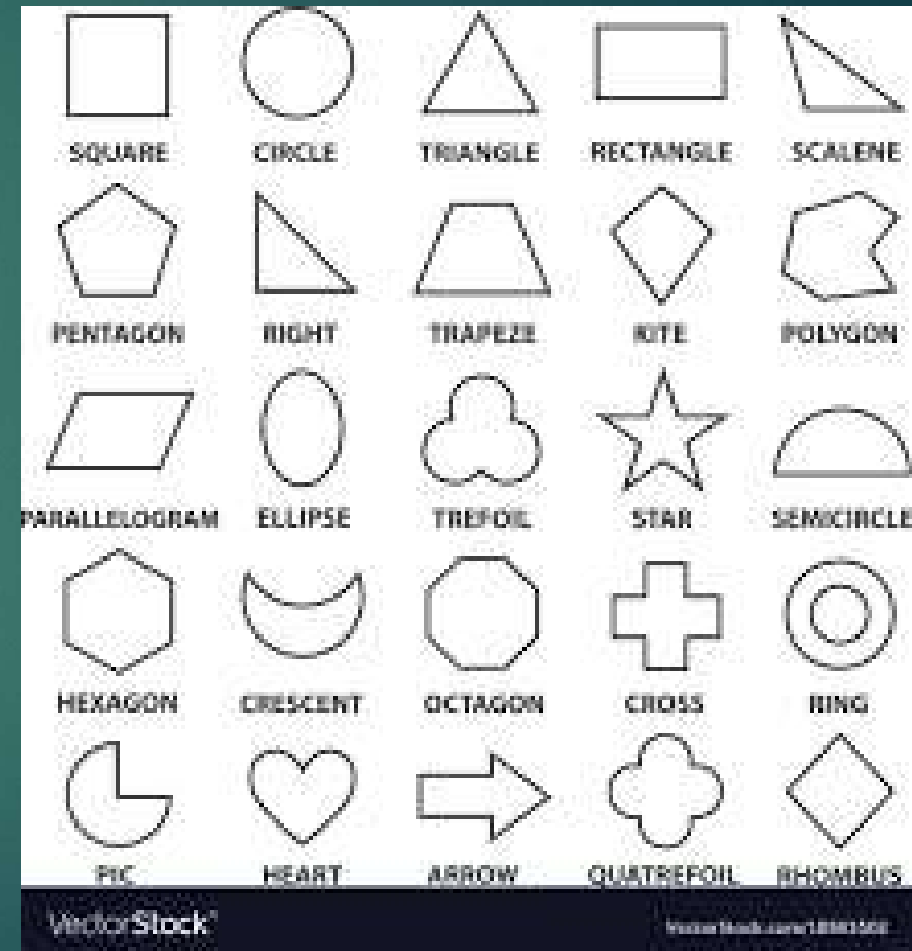

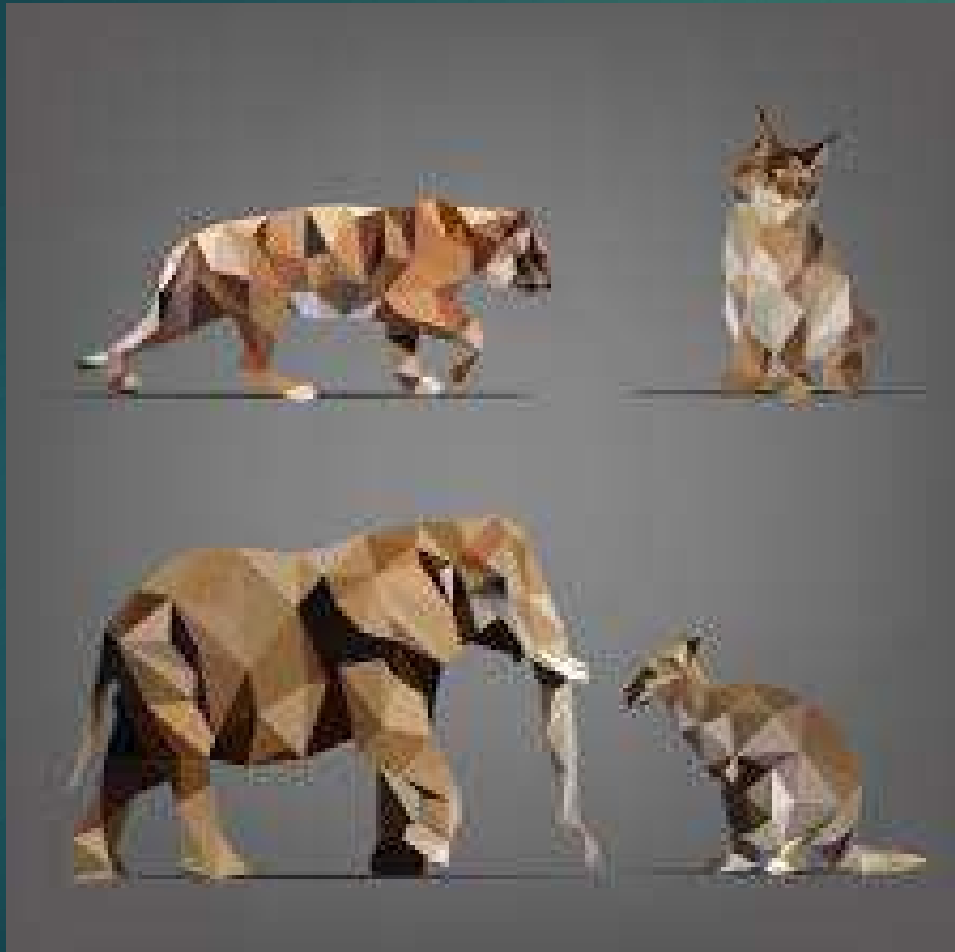

Step 2: Think about the geometric shapes that would best fit your animal.

Step 3: Use geometric shapes to create your animal!

THE QUALITY OF WORK DONE OR CREATED BY A PERSON!

SHOWING GOOD CRAFTSMANSHIP CAN BE DIFFERENT TO EVERYONE! ASK YOURSELF...

- Is this your best work?
 - Does it look rushed or sloppy?
- Does it look neat?
- If you added color, did you add color to all of your designs?
 - Did you fill white spots?
- Does it look finished?
- Are you proud of this work?

WHY IS CRAFTSMANSHIP IMPORTANT IN ART?

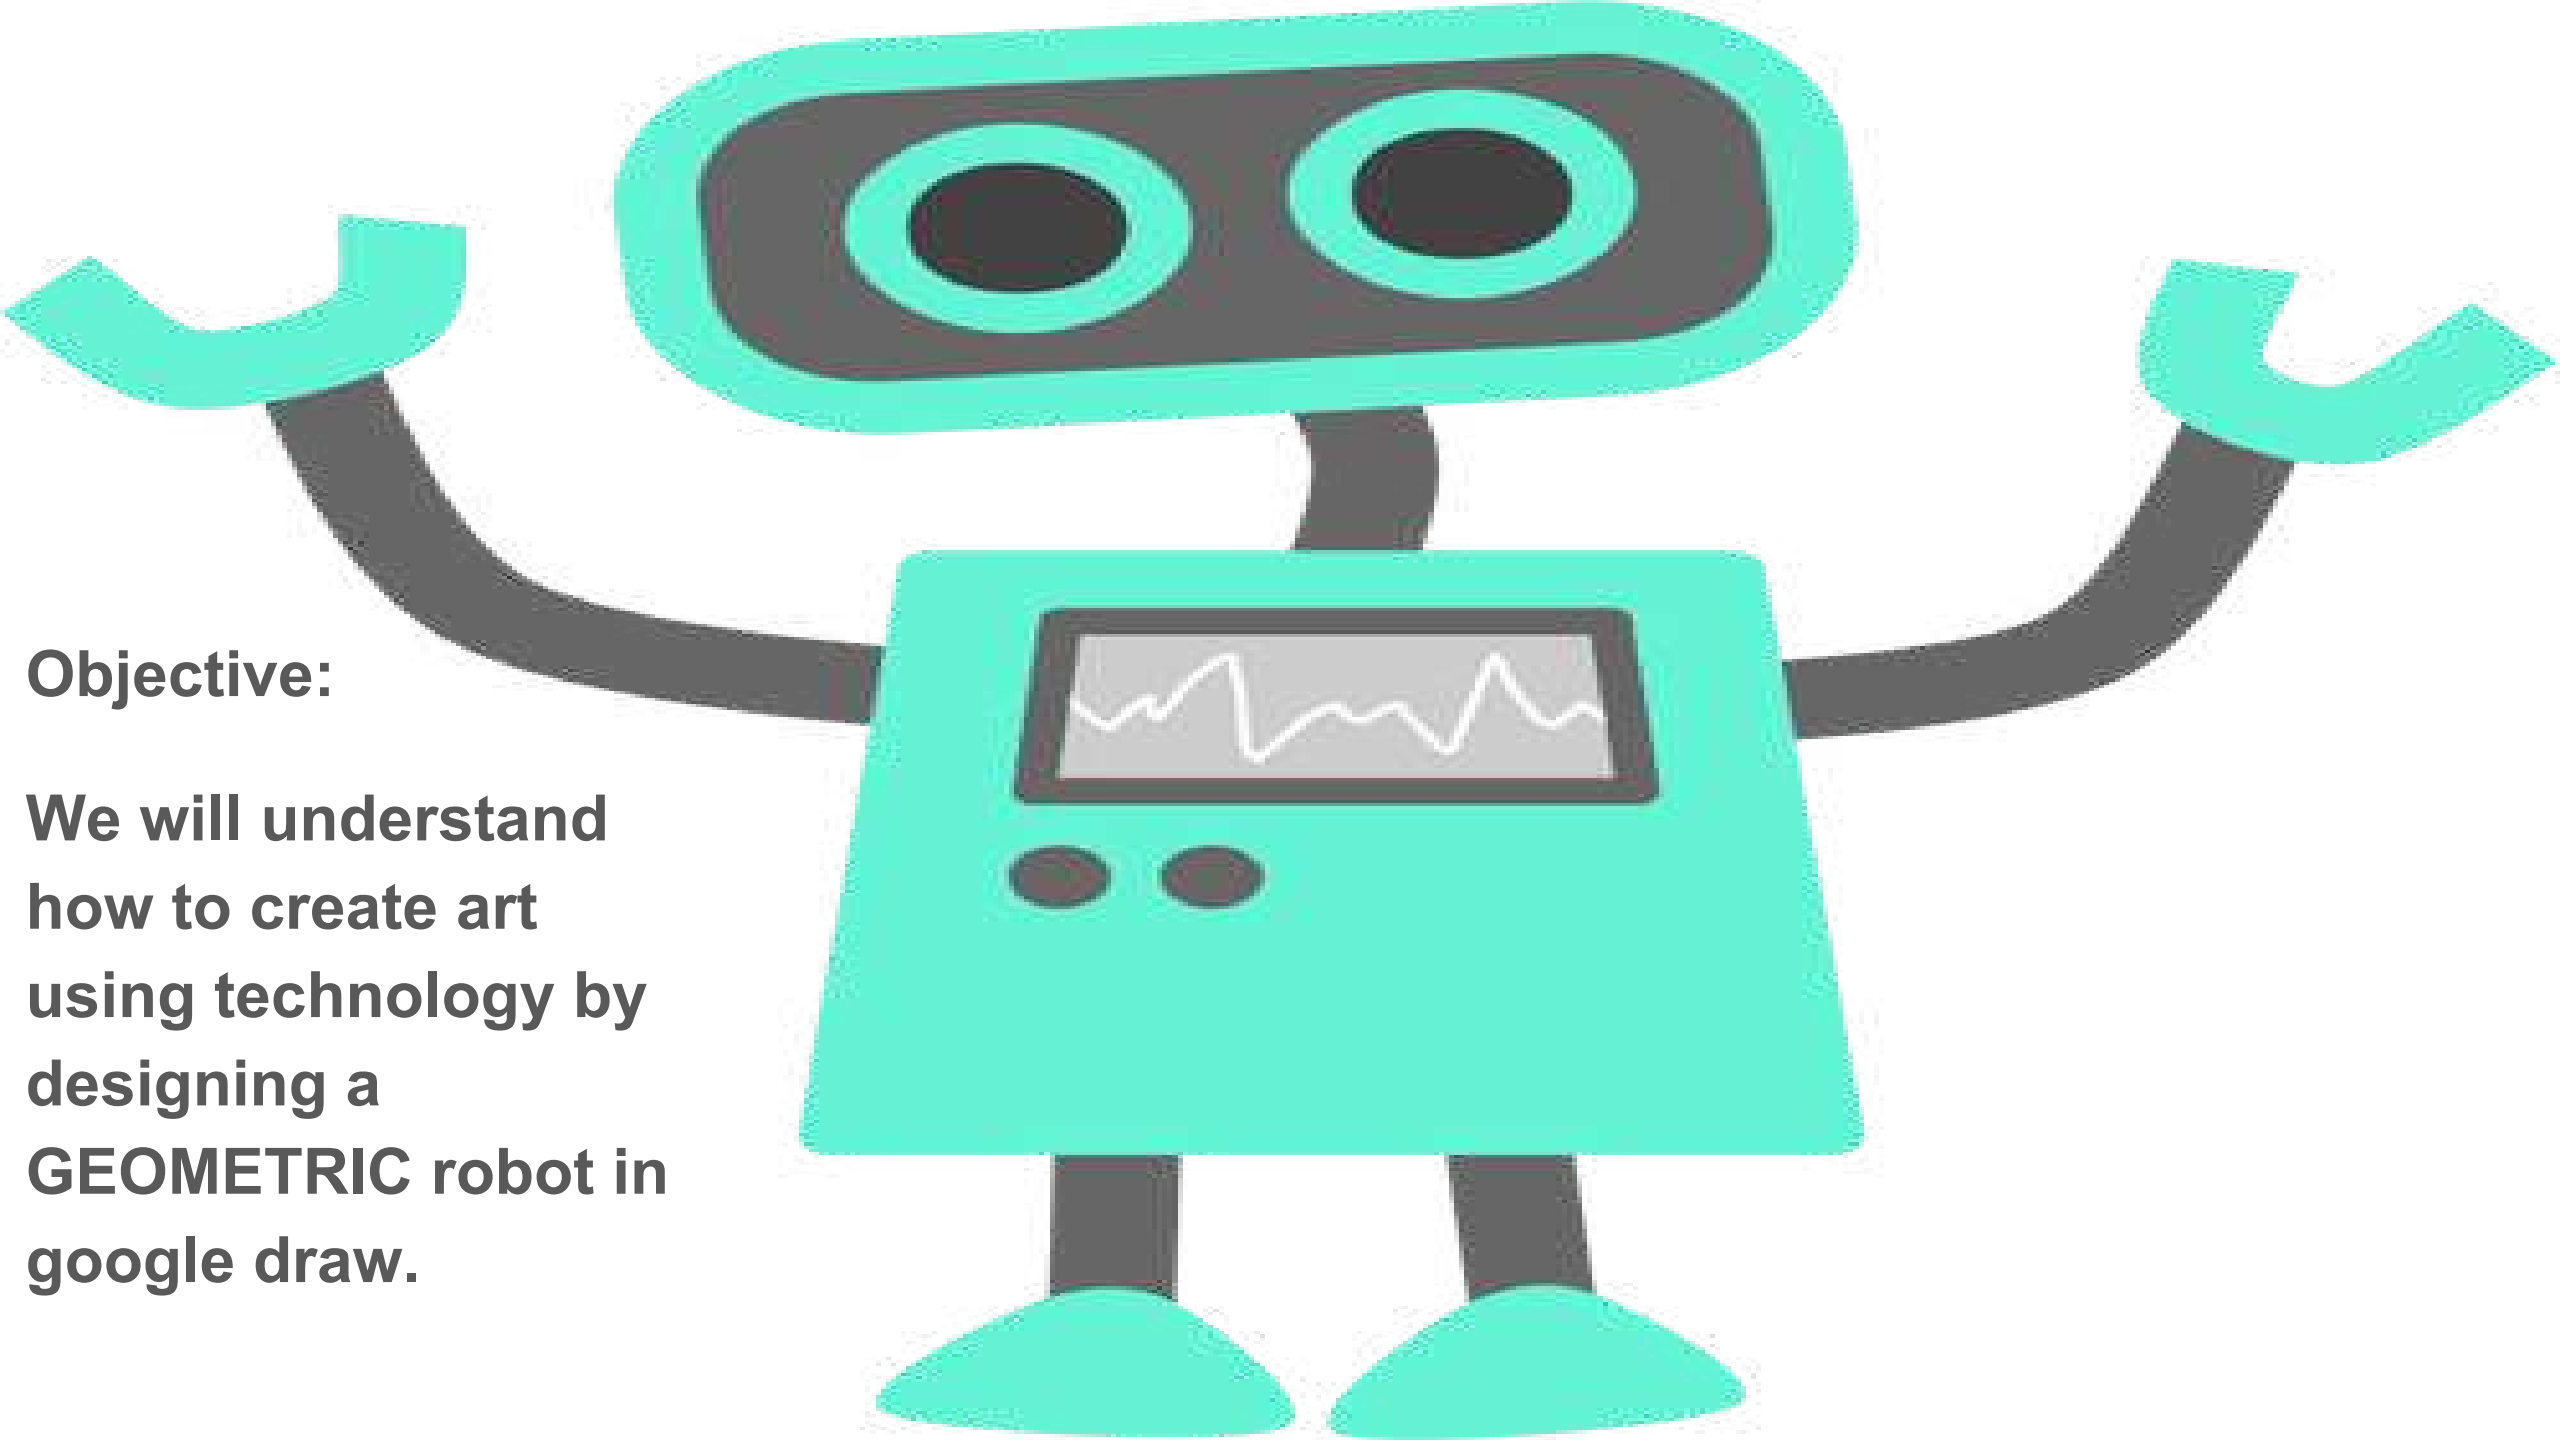

- In the end, craftsmanship can be part of your preferences (what you like)
- Art that shows good craftsmanship might make you feel proud and it might last longer
- Part of showing good craftsmanship is taking your time and practicing to get better!

ART WITH MRS. JO- CRAFTSMANSHIP

Objective:

**We will understand
how to create art
using technology by
designing a
