

For classes of both Ms. DiSiena and Mrs. Wilner

2nd grade Visual Art Lesson – Day 6 blizzard bag assignment

On a white piece of paper that is at least 8 ½ x 11 design a Bissell t-shirt.

Draw a large t-shirt shape first, that fills the paper. Then decide what your shirt will say and write it on neatly. Draw a picture of what you like best about Bissell, could be your favorite part of the day, subject, or place in the building. Draw your own Bissell tiger mascot doing your favorite activity of the week.

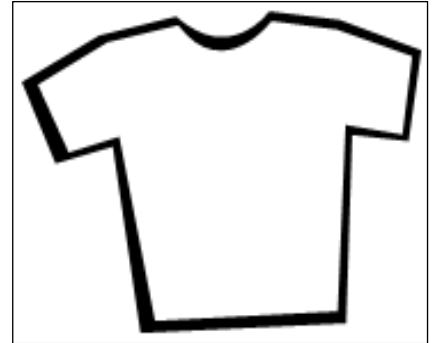

Be creative in thinking about how your drawing fills the shirt.

Be sure to color and include details. Stitching texture around the neck, arms and bottom edge would add the illusion of being a real t-shirt.

Some repeat patterns would be good. Use pencils and or crayons.

Please spend at least 30 minutes on this assignment.

On the back of your drawing paper write a sentence describing what you drew and how you drew it.

2nd grade Visual Art Lesson – Day 7 blizzard bag assignment

On a white piece of paper that is at least 8 ½ x 11 draw your own idea for the invention of a robot. Rectangles, squares, triangles, circles, ovals, crescents, diamonds, and half circles are a few shapes to think about using. Use a variety of shapes; include big shapes, medium shapes, and small shapes as you draw your robot big. The top of the robot touches the top of the paper, the bottom of the robot touches the bottom of the paper, and parts touch the sides of the paper. Be sure to include some pattern or texture within the shapes for visual interest and to show possible function of the robot.

Be creative in thinking of how these shapes fit together to create a robot that gets every ones attention. What does your invented robot do? Where is your robot? Do not leave the background plain white. Be sure to color and include details. Use pencils and or crayons. Please spend at least 30 minutes on this assignment.

On the back of your drawing paper write a sentence describing what you drew and how you drew it.

2nd Grade Visual Art Lesson- Day 8 blizzard bag assignment

On a white piece of paper that is at least 8 ½ x 11 create an interesting drawing of the outdoors that includes at least one person, a building, an animal, some birds, 3 trees, a road, some flowers, 2 bushes, ground, sky, and anything else that you think is important.

Be creative in thinking of how all these subjects would make an interesting picture. Your drawing should create the illusion of depth by placing items in the foreground (up close part of drawing), middle ground (place in drawing that is in between up close and far away), and background (far away part of drawing). Use a pencil and then color in with color pencils or crayons. Include as much detail as you can. Remember how value contrast can make things look up close and far away. Please spend at least 30 minutes on this assignment.

On the back of your drawing paper write a sentence describing what you drew and how you drew it.
