2nd Quarter Portfolio Organization

One of your responsibilities for this class is to keep all your work together to enable you to be better organized in general and specifically at quiz or exam time.

Organization

1. Arrange all 2nd quarter assignments and handouts **in chronological order** (date you received them) in a 3-ring binder or folder. The work must be complete in order to earn credit for it.
 - > *How do I know what assignments I should include?*
Use the items on the back of this sheet as a guide.
 - > *What about Google Doc assignments?*
If there was a guidelines sheet that explains the activity you can include that, but since the actual assignment is in electronic form you do not need to include it in the Portfolio.
 - > *What do I do if I've lost an assignment or handout?*
Handouts can be printed directly from my website, but you may also borrow the handout from a peer and copy it by hand on paper to complete in order to earn credit (you cannot photocopy someone else's completed work to earn credit).
2. **Choose what you consider to be your best work and the work that needs the most improvement.** Write a description of why you chose each assignment and include these paragraphs and the two assignments in the front of your portfolio (if either is a Google Doc just mention that in your writeup).
3. **Show your portfolio and the chosen assignments to a parent/guardian and ask them to give you feedback.** They may either write the feedback themselves or you may write it for them; either way you **must** have them sign what was written.
4. **You will need to bring the following with you next class:**
 - > your portfolio with all your 2nd quarter work arranged in chronological order
 - > the assignment you consider to be your best work
 - > the assignment you believe needs the most improvement
 - > a paragraph explaining why you chose these two assignments
 - > parent or guardian feedback (written by you or them) with their signature
5. **This is a QUIZ grade and is due at or before the midterm.**
