

STAR STUDENT FOR Culinary Arts

Nathaniel Helms is the Star Student for the Culinary Arts I Management program. Nathaniel is being honored because he demonstrates the skills and attributes that employers value.

During lab days Nathaniel not only ensures that his group's station and dishes are cleaned and put away properly, but he also manages to find his way to the dish area to ensure all pots and pans are being washed to allow the class to leave on time. During our Valentine lab he was one of two students that stayed to help clean while everyone left to catch the buses putting himself in jeopardy because he almost missed the bus to his home school. This demonstrates his ability to take initiative and enterprise for others to follow. He's a very bright young man and very well behaved. When asked to do something Nathaniel achieves superior results with minimum guidance. He is definitely someone I'd love to see in my Culinary Arts II.

#AWESOMEJOB!

Horticulture

- ▶ Michaela Malony is the Star Student for the Horticulture program. Michaela is being honored because she demonstrates the skills and attributes that employers value.
- ▶ Michaela is always on time to every class, most of the time she is early. She is hardworking always doing what is asked. She is president of the FFA showing great leadership skills. She is knowledgeable when it comes to plants and will do what ever is asked of her in the greenhouse and garden. Michaela is currently working on a SAE project to help improve the looks of the ATC.

STAR STUDENT FOR DRAFTING

Zoe Kennedy

Zoe is the star student for Drafting!

Her work ethic and attention to detail has allowed her to maintain a 100 average!

Zoe is always engaged in class and strives to do her very best.

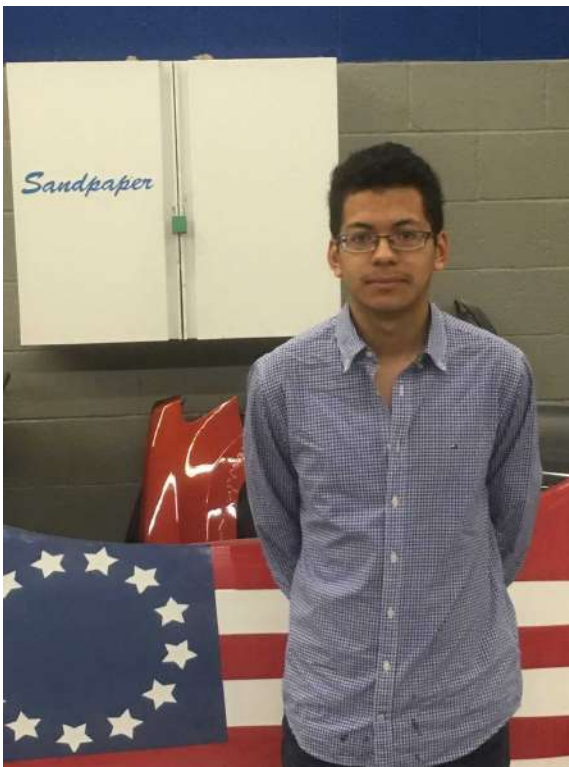

She will be an amazing engineer one day!
Congratulations, Zoe!

STAR STUDENT FOR Teaching Fundamentals

TeMiracle Murray is the Star Student for the Introduction to Teaching program. TeMiracle is the star student for Introduction to Teaching because she demonstrates so much passion and enthusiasm for working with children. TeMiracle arrives to class early each day and stays on task throughout the block. She asks questions when needed and takes initiative. She always makes an effort to participate in class discussions and add to the knowledge of how to become a teacher. I have no doubt she will be an amazing teacher one day if that is what she decides to do.

STAR STUDENT FOR COLLISION REPAIR

Daniel Sandoval is the Star Student for the Collision Repair and Refinish Program.

► Daniel is a senior at Northwestern High School and a level 3 student here at the ATC.

Daniel's hobbies include playing soccer, listening to music, hanging out with his friends and working on cars. After graduation, he plans to attend Greenville Technical College in order to pursue a career in the collision industry. I am anxious to see where his talents take him. He definitely has a bright future ahead of him with the traits he displays on a daily basis. Thank you Daniel for your hard work, dedication and work ethic. Congratulations on this achievement and keep up the good work.

STAR STUDENT FOR COSMETOLOGY

Marranda Coronilla is the Star Student for the Cosmetology program. Marranda is being honored because she demonstrates the skills and attributes that employers value.

Marranda is an excellent student and has strong self management skills. She is always excited to learn new skills and willing to help others who may be struggling. Marranda is a member of the Cosmetology advisory committee and wants to help our program advance to new horizons. Marranda is also a member of the National Honor Society. This young lady will be an asset to any company or organization. I can't wait to see her career blossom.

Logistics and Distribution

Josh Towns is the Star Student for the Logistics & Distribution program.

Josh is being honored because he demonstrates the skills and attributes that employers value.

Josh has demonstrated the ability to form working relationships; he listens effectively, manages conflicts, respects cultural differences and has a global focus on interpersonal skills.

Josh is able to work with and lead his peers to implement and complete projects.

Josh has the ability to understand and deal with difficult questions or tasks, to apply logic to review the information, identify problems, their causes and evaluate options for the best solution.

Josh will act promptly, with a readiness to be energetic and inventive and contribute to innovative outcomes.

Congratulations Josh Towns for being the Logistics & Distribution Star Student!

MASONRY

- ▶ Michael Anderson is the Star Student for the Masonry program.

- ▶ Michael has demonstrated the ability to form working relationships; he listens effectively, manages conflicts, respects cultural differences and has a global focus on interpersonal skills.
- ▶ Michael is able to work with and lead his peers to implement and complete projects.
- ▶ Michael has the ability to understand and deal with difficult questions or tasks, to apply logic to review the information, identify problems, their causes and evaluate options for the best solution.
- ▶ Michael will act promptly, with a readiness to be energetic and inventive and contribute to innovative outcomes.
- ▶ Congratulations Michael Anderson for being the Masonry Star Student!

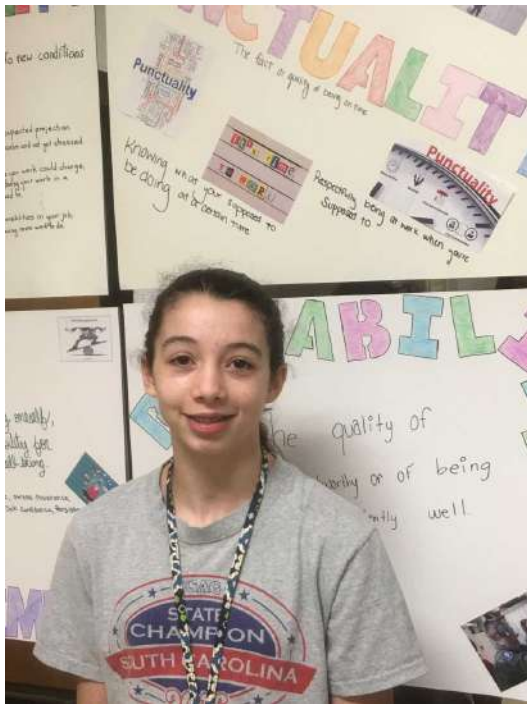

Health Science 1 Star Student

Tinkler

- ▶ NATALIE SPERRY is the Star Student for the HEALTH SCIENCE 3 program.
- ▶ NATALIE is being honored because she demonstrates the skills and attributes that employers value.
- ▶ Natalie is hard-working and has a positive attitude. She accepts a challenge head on and deals with change/conflict appropriately. She works well with her peers and is also self-motivated, always managing her time well. She is sets a good example and is a natural leader. She is organized and is always prepared for the day, going above and beyond whatever is required of her. I am proud of her work ethic and determination; Natalie is a student that I know I can always count on.

Health Science 1 Robertson

- ▶ Courtney Stuart is the Star Student for the Health Science 1 program.
- ▶ Courtney is being honored because she demonstrates the skills and attributes that employers value.
- ▶ Courtney is an exceptional student. She demonstrates initiative in the classroom, by starting and completing her assignments. She has the ability to problem solve and displays a positive attitude.

MEDIA TECHNOLOGY STAR STUDENT

Eliza Dinh, is the Star Student for the Media Technology Program.

Eliza is being honored because she demonstrates the skills and attributes that employers value.

Eliza, a junior at Rock Hill High School, is being recognized by the Media Technology program for her attention to detail, maturity and sweet nature.

Eliza is the kind of student you want in your class and the work place. She gets her work done without being asked to start. She is creative and shows detail in her scripts and creative assignments. She walks into class each day ready to work and with a smile on her face. She is the type of hard working, creative and technically savvy teammate everyone wants to have.

I am so pleased to reward her with my Star of the month.

Congratulations Eliza!

Construction Wallat

- ▶ Ryan DeJesus is the star student for the Construction Program this month.
- ▶ Ryan is being honored because he demonstrates the skills and attributes that employers value. He is dependable with his attendance and punctuality. He is always focused on the task at-hand. Ryan puts great effort into each project he completes and takes pride in his work. Ryan works with initiative, and is always ready for the next task. He possesses excellent communication skills and is courteous among his team members. Ryan shows the willingness and eagerness to learn, and apply what he has learned into his life. Ryan would be a successful and welcomed member of the construction industry.
- ▶ Congratulations Ryan!

WELDING

- ▶ Nickolaus Sanders is the Star Student for the Welding 1 program.
- ▶ Nickolaus is being honored because he demonstrates the skills and attributes that employers value.
- ▶ Nickolaus is a sophomore at Northwestern High School. This is his first year in welding and he improves everyday. He is flexible and adapts to the changes that are created. Nickolaus is an outstanding team player and takes initiative and has good self-management. He loves to work with his hands. He plans to take Welding 2 next year. After high school he wants to attend Tulsa Welding School, and get a good job somewhere welding and making good money. He wants to go around the world taking on welding jobs. His career plan is a good choice and I'm sure he will have a bright future after school. Good luck Nickolaus.

CHINESE

- ▶ Katelyn Elizabeth Meeks is the Star Student for the Chinese program.
- ▶ Katelyn is being honored because she demonstrates the skills and attributes that employers value.
- ▶ Katelyn is an enthusiastic learner and strives to reach her full potential. She has kind, caring, and friendly character. She shows respect for teachers and peers.

Health Science 1 George

- Satera Vanderpool is the star student for Health Science 1 class for this month. Satera was chosen for her workplace skills. She is a self-motivated student who turns quality work in on time. She is cooperative and organized. She gets along well with her fellow students and shows initiative in helping others who need assistance. Satera is a sophomore from South Pointe High who enjoys singing, dancing, cheer and softball. She sees in her future working as a veterinarian. Any employer will be privileged to have Satera as a member of their healthcare team. Congratulations Satera, keep up the good work!

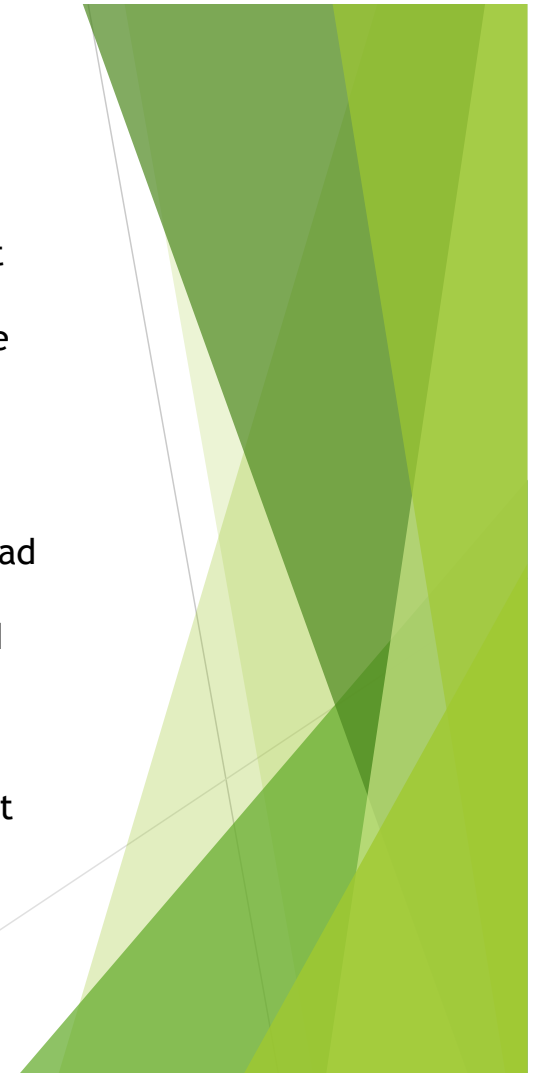

Health Science 2 Smith

Ny'Geria Dickerson is the Star Student for the Health Science 2 program. Ny'Geria is being honored because she demonstrates the skills and attributes that employers value.

Ny'Geria is an excellent student who works hard everyday, and is able to lead by example in the class and lab. Ny'Geria has a plan for her future and will be a great member of the health science field.

Thanks Ny'Geria for being such a great young lady.

Electricity 3

- ▶ Michael Anderson is the Star Student for the Electricity 3 program.
- ▶ Michael is being honored because he demonstrates the skills and attributes that employers value.
- ▶ Michael is doing an outstanding job as an Electricity 3 student. So far he has perfect attendance and an A average. He is excelling in the academic as well as lab portions of class. He is always one of the first students finished with a project and usually helps other students complete theirs. Whether Michael decides to continue his education, enter the work force, or both after graduation he has a bright future ahead.

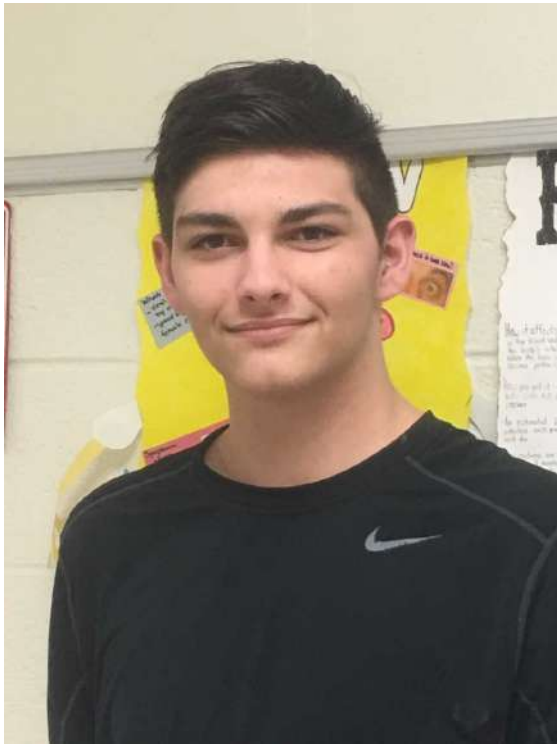

Digital Arts and Design M. Soto

- ▶ David Elrod is the Star Student for the Digital Art & Design program. David is being honored because he demonstrates the skills and attributes that employers value. David is always on task; he is motivated and works hard on his projects with great time management skills. When he doesn't understand something he asks a question and when someone else needs assistance he doesn't hesitate to help out. He listens effectively and is very personable. He has the ability to manage new technology with great creativity and perseverance; he is a natural leader and willing to try new tasks. I am proud to nominate David Elrod Digital Art and Design Star Student.

Health Science

Neely

- ▶ Trenton Shady is the Star Student for the Health Science program.
- ▶ Trenton is being honored because he demonstrates the skills and attributes that employers value.
- ▶ Trenton has excellent social skills and interpersonal skills. He has great communication skills (verbal and nonverbal) and he interacts with others very well. Trenton has great listening skills and respect for others. Based on Trenton's academic achievement, there is no doubt that he is motivated. A leader is someone that has is assertive but nonaggressive, shows dedication, and has integrity, creative and, open. Trenton has all characteristics of a great leader and a desire to achieve. His inner core values are expressed by his behavior and his actions. I am impressed by Trenton's quantitative skills such as; solving complex problems using critical thinking, ability to comprehend, analyze, and apply concepts effectively. Trenton has the capability of tackling complex concepts in an organized manner. He has the willingness and desire to go the extra mile.

Marketing/Advertising

Brandon Badinski, a sophomore at Rock Hill High School, is the star student for the ATC Business Department. Brandon is being honored because he demonstrates the character traits, personal qualities, and employability skills that employers search for in the hiring process. He is a student in the advertising class.

Brandon has computer technology skills that he utilizes in completing his course work at a high level and has the highest average in the advertising class. He is a team player because he assists other students when they are having difficulty with technology in completing their assignments.

He volunteers to demonstrate to the class how to complete projects using the computer technology required.

Brandon also possesses the soft skills that make him a leader in the classroom. His interaction with the other students makes the students that are having difficulty feel at ease. He is very mature for his age and will be successful in the future as he pursues his chosen career path. I am sure he will be a lifelong learner in his pursuits.

Congratulations Brandon for a job well done.

Digital Arts Mr. Soto

- ▶ Chandler Clark is the Star Student for the Digital Art & Design 3 Program. Chandler is being honored because he demonstrates the skills and attributes that employers value. Chandler helps others, is positive, courteous, and professional. Chandler is learning Digital Art and Design and its uses in different careers. Chandler has been an ideal student who works hard, asks questions, gives each project his full attention and tries his best. I am proud to recommend Chandler Clark for the Star Student Award.

Digital Arts C Valk

- ▶ Colby Dellinger is the Star Student for the Digital Art program.
- ▶ Colby is being honored because he demonstrates the skills and attributes that employers value.
- ▶ It is my pleasure to select Colby Dellinger as the Star Student for my Digital Art and Design Class. Colby is a Freshman at Northwestern High School and he is a pleasure to have in class. Colby is a great student and shows good leadership qualities. He takes initiative in class getting his assignments done and he also helps other students with questions about the assignment they are working on. Colby works hard and is willing to try something new or to think outside of the box. Colby also possesses self-management and planning skills and getting his work done and meeting deadlines, even if he is absent. It has been a pleasure having Colby in my class so far, this semester and I feel he will have a bright future if he keeps up the skills he demonstrates in class.

SMALL ENGINES

- ▶ Josh Carnes is the Star Student for the Small Engine Technology program.
- ▶ Josh is being honored because he demonstrates the skills and attributes that employers value.
- ▶ Josh is my star student for his work ethic everyday in the lab and the classroom. Josh is currently rebuilding a tiller engine this semester and stays engaged every day in the lab. He takes pride in his work and the classroom and pays attention to details to do the job right.
- ▶ Josh works very hard and works well with others. He completes his assigned work in Small Engines on time and enjoys class. Josh demonstrates skills learned in class everyday and plans to join the military after graduation. Great Job, Josh!
