Creative Color Wheels

2 options: flat lay or photoshop/photopea

...

Flatlay option

1) Show 3 primary and 3 secondary colors
2) Find objects and arrange them, Flat Lay style
3) Shoot the objects from above

Photoshop/Photopea.com option

1) Show 3 primary and 3 secondary colors
2) Cut, copy, and paste from at least 4 sources
3) You can use the paintbrush, empty layers, and layer blending modes (like the handcolor assignment we did earlier in the semester) if you want, or just find things that color to copy and paste
4) Be creative!
