

Lesson 2.3 Internet Research Pt 2

Name:

PART 1 | Write A Research Question

- Think back to the [questions](#) you first had about chocolate. Did the texts answer all of them? What else do you want to know about chocolate?
- Use the 5 Ws (Who, What, When, Where, Why) to help you think of a question you'd like to research. You may also look at some of your favorite texts from the Collection to find the topic you are most curious about, and brainstorm a list of questions you still have about it.

Write your question here.

PART 2 | Research Internet Sources

Look for two or three credible, relevant Internet sources that will help you answer your question.

WEBSITE 1

If you answer "no" to any question, look at a different source and try again.
