

Good evening Sunset Families,

This is Nels Radtke, the PE teacher at Sunset Elementary and I'm calling to thank all the friends and family members who volunteered their time to help run stations today for our annual Falcon Field Day. Your energy and excitement helped to make each station a huge success. Thanks again for all you do to support our students at Sunset and I look forward to seeing you again next year.

**Next year, talk about thanking the 5<sup>th</sup> grade parents for everything they have done over the years.**
