

New Jersey Scavenger Hunt

This year, our class will take part in a New Jersey Scavenger Hunt! Collected items are to be proudly displayed in a scrapbook or some kind of binder with pages of your collection, which will be due in the spring. Some of these items are easy to find and may even be found at school. Others may require a little extra effort. The goal is to collect as many items as possible (at least 100 points) for the scrapbook. Each item has a designated point value. You can collect up to 255 points!

Scrapbook creativity is very important. You can receive up to 15 points for it being creative and turned in on time. You have from now until **May 9, 2016** to complete the scavenger hunt. We will share our scrapbooks with each other and this will count as a Social Studies grade. Items and point value are listed on the attached page. Have fun searching and exploring our wonderful state!
