CREST-JANE GOODALL SCIENCE SYMPOSIUM

The 16th annual CREST-Jane Goodall Science Symposium will be held at
Wilsonville High School, 6800 SW Wilsonville Rd., Wilsonville, OR, on Monday
and Tuesday, February 27- 28, 2017. The ISEF-affiliated fair is a highlight of
the event. During the fair each year, professional scientists and engineers
from our community volunteer their time as judges spend a day reviewing the
projects and interviewing our student scientists and engineers, to discuss
their work and determine special and category award winners. The awards and
the names of the students who will advance to the state-level fair and the
international ISEF fair will be announced on the evening of Tuesday, February
28, following the keynote address by geoscientist Dr. Chris Goldfinger.

All primary students are invited to attend. They can bring their science fair
project to share if they want to but anyone is encouraged to come regardless
of whether they have a project to share or not.

Set up begins at 5:30 at the front door of Wilsonville High School. CREST
staff will meet and greet families at the door. Students must have
a chaperone in order to participate. Students will be able to share their
project during the public viewing from 6:00 PM to 7:30 PM. They can spend
time visiting the Discovery Center and viewing the high school student's
science fair displays. Students can leave at any time with their projects.
