Interested in Spring Lacrosse at Hanover Township? (Hanover Township) Believe it or not it is time to start thinking about spring lacrosse. Hanover team sign-ups are active online at the Hanover Township Community Center website. Follow this link - https://www.activityreg.com/selectactivity_t1.wcs - choose "Winter 2018" and then "Lacrosse Registration Spring 2018." Then select whether you are registering a boy or a girl and fill out the form from there. We will also be holding in person sign ups at the Community Center on Monday, January 15th from 5-7pm and Saturday, January 20th from 11am – 1pm. This will be our second season of lacrosse at Hanover Township and we anticipate quite a bit of growth. There will be a lot of changes this season – some big some not so big. The biggest change here in Hanover is the addition of girl's teams. We have joined the Lehigh Valley Girls Youth Lacrosse League and have seen our numbers grow in the off-season programs. We are excited to bring the girl's game to Hanover Township.

Hi Parents! This coming Friday the 19th is the Snowball dance. This dance normally has a good attendance so I am looking for 3 other parents that can help me the night of the dance. I also would super appreciate any parent that has a Sam's club or BJ's membership that could pick up a box of candy bars we could sell at the dance. If you can volunteer or candy donate please email me at ecogs76@gmail.com or call me at 484-223-9334. Thanks so much ! Have a great week.

Academic Team Updates

Team Lafayette (6th) (Twitter [@NMSLafayette](https://twitter.com/NMSLafayette)) Monday, 1/15 is Martin Luther King Day. There is no school that day. Next Friday is the Snowball Dance at 6PM. In social studies, students are studying about The Fertile Crescent. There will be a quiz on it next Friday. In science, students are presenting their Scientist projects to Team Lafayette and Team Moravian pupils. Lafayette students are starting greatest common factor and least common multiple, and will be moving forward to evaluating algebraic expressions.

Team Lehigh (6th) (Twitter [@NMSTeamLehigh](https://twitter.com/NMSTeamLehigh)) This past week all Team Lehigh students checked their grades and did a second quarter reflection. Please continue to check parent portal and check in with your student on their grades. We are approaching the end of the quarter and students should not wait until last minute to make up missing work.

Team Moravian (6th) - (Twitter [@NMSTeamMoravian](https://twitter.com/NMSTeamMoravian)) We took the Reading and Math Inventory last week for the 2nd time this year. Be sure to ask your child how they did with growth. We had some students grow as much as 200 points for Reading and 500 points for Math! Let's keep up the hard work as we finish the 1st half of the year and get ready for the 3rd quarter to start. Reminder - We are available for extra help in the morning starting at 7:30 AM. We are available after school until 3:25 PM based on our classroom calendars. Please take advantage of this time. We are here for you.

Team Kutztown (7th) (Twitter [@TeamKutztown](https://twitter.com/TeamKutztown)) The second marking period ends on January 24. Please have your child check his/her grades to see if any work needs to be made up. Papers were sent home announcing the **Team Kutztown Family Spaghetti Dinner**. Please RSVP by Wednesday, January 17. **English** - This week we will continue our study of The Bill of Rights with emphasis on the 5th, 6th and 7th amendments as we prepare to begin a literature unit on the play, Twelve Angry Men. **Science**- Due to all the time lost from cancellations, early dismissals, and delays and school being closed for the Martin Luther King, Jr. holiday on Monday, the Microscope quiz originally scheduled for this past Thursday, January 11th has been rescheduled for this coming Wednesday, January 17th. The quiz is on the names of the parts of a microscope, the uses for each part, and the proper way to use a microscope. Following the quiz, students will learn about the characteristics that all living things possess.

Team Penn State (7th) (Twitter [@NMSPennState](https://twitter.com/NMSPennState)) The end of the second quarter is upon us! Please check the portal to be sure all work is handed in. Math 8 students are learning about proportional relationships in tables, graphs, and equations. Algebra 1 students are learning how to solve

systems of equations. Science: We will be exploring the rock cycle and finishing our short rock unit. We will take a more in depth look at the interior layers of our Earth.

Team Northampton (8th) (Twitter @TeamSpartanNMS) Students in Wallach's periods 1,5,7 need to have their "dream" speech completed in Google Classroom by Sunday night. All students should have a completed handout to help guide them in their speech. Also, these students have an elements of fiction quiz on Wednesday. Students have an interactive note handout to use to study. Students in period 3 need to finish reading chapter 9 in *Manhunt* for Tuesday. All students finished current event presentations which were well done with facts, details, and visuals. Students in period 8 are also working on their "dream" speech which is due by Sunday night in Google Classroom. These students will begin pre-reading for our next novel, *The Contender*. In ELA this week, we will be brainstorming for and beginning our unit on informational writing. Periods 1 and 8 have evidence of their interviews due the week of Jan. 22.
