

## Important things to remember...

- Foreign language credit is not required for graduation. However, if you plan to attend a 4-year college immediately after high school, 2 years of a foreign language is required for admission
- The SAT or ACT is required for admission to most 4-year colleges. *If you plan to attend a community college (Mt. Hood, PCC, Clackamas) you do not need to take the SAT or ACT*
- Each year, during forecasting, students take time to choose their courses for next year. Take this seriously and plan for your future!
- Start thinking about your career and college options today. Talk with friends, family and teachers about their educational paths if you are unsure what to do next!
- Money, and paying for college is often the biggest concern when discussing post high school plans. Financial aid is available! Talk with you counselor or the College and Career Center to learn more
- Make sure to visit the DDHS Counseling Office website @ <https://hs.ddouglas.k12.or.us/ddhs-counseling-department/>
