PURCHASE ORDER PROCEDURES

Authority to Purchase

The purchase of goods and/or services by a Board of Education is governed by state statutes, administrative code and board policy. New Jersey State Law (18A:18A-2(b)) assigns the authority to the Purchasing Agent to make purchases for the board of education.

The HTBOE by board resolution has authorized Mr. Ronald Sanasac to be the Purchasing Agent for the school district.

Authorized Purchases

Procurement of goods and/or services must adhere to the district purchase order process facilitated through Systems 3000.

A purchase order, pursuant to State Law (18A:18A-2v), is a document issued by the Purchasing Agent authorizing goods or materials to be ordered for the school district or work/service to begin. No goods or materials may be ordered or work/service authorized to begin by any other individual in the school district other than the Purchasing Agent.

Unauthorized Purchases

Any HTBOE employee who orders and/or receives any materials, supplies or services without first going through the approved purchase order process has made an unauthorized purchase.

Unauthorized purchases are a violation of State Law and Board Policy.

Violations may result in disciplinary action and may also result in the employee being financially responsible for the purchase.

Corrective Action for Non-compliance

If the Purchasing Agent has determined that an unauthorized purchase has been made, a notice will be sent to the approving administrator. The Superintendent of Schools will be notified if warranted.

Miscellaneous:

Preview of Materials

All staff members must receive permission from administrators, supervisors, or principals to pre-view materials. After the preview process has been completed, the item must be returned. If there is a desire to purchase the previewed item, then a purchase order must be prepared for a new item.

Reimbursements; Employee

The Board of Education only recognizes an employee reimbursement purchase order when it pertains to tuition reimbursement, pre-approved travel, meals, and conferences. The Board will not reimburse employees for items and goods personally purchased by the employee without prior approval of the purchasing agent.

Corrective Action for Non-compliance (Continued)

Student Activity Accounts

Purchases made through Student Activity Accounts may not be reimbursed with Board funds.

Student Activity reimbursement requests must be submitted with approved voucher and original detail receipt; sales tax will not be reimbursed under any circumstances. If the vendor requires a tax exempt form, please request one from the Business Office and provide the vendor name, address, and description of items to be purchased.

A copy of the PCD is in the Appendix.

The purchase order process, as explained, may take 5 - 7 days to complete. Please plan accordingly.

Non-compliant purchase orders will be declined. Please check your Systems 3000 account regularly to avoid delays.

Mr. Ronald Sanasac, Assistant Superintendent for Business Administration / Board Secretary

All transfers of funds have to be approved by the Board of Education at a public meeting so please plan for the timing of the meeting as the transfer cannot be completed until approval is received.

E. Responsibility of the Vendor

The Business Office sends the purchase order and the claimant certificate. The vendor is to sign the certificate and return it to the Business Office with an invoice. If you receive a signed claimant certification, return it to the Business Office. A check is prepared for the vendor once the Business Office has a:

- Signed Certification

F. Employees Prohibited from Signing Contracts

HTBOE employees are prohibited from signing any contract offered by a vendor.

The power to sign and execute contracts after Board of Education approval lies with the Board President and the Board Secretary.

Contracts signed by an employee shall be considered non-binding by the HTBOE with the employee accepting full responsibility for the costs of the contract.

G. Contracts; Purchase Order Required

The award of contract to a vendor approved by the HTBOE at a public meeting does not automatically authorize any employee to use the services of, or purchase materials from, the vendor.

All contract purchases require the issuance of a purchase order authorizing the purchase of services and/or goods and materials from the vendor.

H. Cancellation of Purchase Orders

All requests to cancel purchase orders must be made in writing to the Business Office. Reasons explaining the need to cancel the purchase order must be outlined. The Purchasing Agent maintains the sole right to cancel purchase orders.

I. Private Purchases -- Prohibited

Goods and services procured by the HTBOE are exclusively for the use of the HTBOE and if applicable, other public and non-public schools.

METHODS OF PROCUREMENT

Public School Districts 2019 - 2020

Procurement Method

A. District Bids (Purchases that exceed the bid threshold--\$40,000)

This method is used for contracts for goods, materials, services and public work projects that exceed the bid threshold of \$40,000 in aggregate.

Purchase Orders produced for items on District Bids must include the following:

- Bid Number
- Vendor Name
- Effective Date
- Contract is awarded based on lowest price

B. District Quotations (Purchases that fall between \$6,000 and \$39,999)

- Quote Number
- Vendor Name
- Effective Date

Miscellaneous Departmental Quotes

- Up to \$500 verbal quotes are permitted on the attached Quote Record Form.
- Purchases exceeding \$500 and less than \$5,000 require written quotes from the vendor attached to this form. If your purchase exceeds \$5,000 please contact the purchasing department for guidance.
- Maintain copies for your record.

Again, as with bids, the contract is awarded based upon the lowest price.

C. Request for Proposal—RFP

This method is preferred for securing:

Professional Services

Medical
Auditor
Attorney
Engineer, Architect

Academic/Operational Services

(Aggregate contracts less than \$36,000)
Instructional Services
Educational Services
Professional Development

The RFP method is designed to award the contract to the vendor based upon a list of criteria which include:

- Management Criteria
 - Business organization; staffing
 - Experience; and
 - Knowledge of district

- Technical Criteria
 - Submission of narrative how firm will provide services; planned approach; measurable results
 - Understanding how services will be provided
- Cost Criteria
 - Fee proposal submission; cost analysis

The contract for an RFP contract does not; I repeat *does not* have to be given to the respondent who submits the lowest price. The district administrator provides an evaluation scoring of each respondent using the criteria as a basis of award.

D. Competitive Contracting (Certain Contracts over \$40,000)

This method is used for certain contracts over \$40,000.00.

The district can only use this method for contracts that are outlined in State Law and Code. Some of the examples that are permitted are:

Student Data Warehousing
Student Information System

Professional Development Services
Educational Instructional Services

The award of contract is similar to the RFP award—prices and other factors considered.

E. EUS—Extraordinary Unspecifiable Services

This method is the procurement method for the purchase of insurance, software, etc.

Similar to the RFP process

F. Professional Services/Professional Consultants

Although Professional Services, as defined in Title 18A:18A-5, do not require competitive bids or quotations, DOE regulations may require the Board of Education to obtain competitive proposals for any professional service.

All administrators who need professional services contracts are to contact Mr. Sanasac.

G. Other Procurement Methods

The district also uses the following methods of procurement:

- State Contract Purchasing **NOTE: Not all items from a state contract vendor are on state contract pricing.**
- Emergency Contracts – through the Business Administrator
- Cooperative Purchasing Agreements
- Shared Services Agreements
- Sound Business Practices

H. Federal Procurement Guidelines – 2 CFR Part 200

Purchases using Federal funds are to follow the Public School Contracts Law of New Jersey with the following exceptions and explanations:

Procurement Threshold – More than \$100,000

The school district must prove competition for all contracts exceeding \$100,000 when using federal funds. Methods of competition are as follows:

Public Works	Bid
Goods and Services	Bid
Professional Services	Request for Proposals (RFP)
Educational Services	Competitive Contracting
Instructional Services	Competitive Contracting
Professional Development	Competitive Contracting
Sole Source Non-Competitive (Proprietary)	Proposal, Board Resolution (Certification of Need)

There are no exceptions to bidding as listed in 18A:18A-5, therefore, the district must use a competitive process when procuring goods or services from other governmental units and public colleges.

Procurement Threshold – Less than \$100,000

The school district will use the procurement methods as outlined in Sections A through E
