### **Mission Statement**

Empower Students To Achieve!

## **HIGH SCHOOL HANDBOOK**

Students, we welcome you to Fort Gibson High School. Our desire is that this year will be an enjoyable experience. We want your personal and educational growth to be in a positive direction. You will learn necessary and useful skills for the future.

Fort Gibson Public Schools does not discriminate on the basis of race, color, national origin, sex, disability or age in its programs and activities and provides equal access to the Boy Scouts and other designated youth groups.

As a student of this school, you are expected to follow the rules that are established for the welfare of the entire student body. You are expected to follow the high school student handbook and conduct yourself properly. Be proud of your school. Take good care of it and feel free to make suggestions for improving it. The purpose of this handbook is to be a guide; however it may not cover every situation that occurs in high school.

Parents, you are cordially invited to visit at any time, and we sincerely hope that you will do so. We feel that with your cooperation this will be a successful year for your child. With your help, we will achieve our goals. We suggest that you acquaint yourself with the information contained in the handbook so you may be better informed concerning the policies and procedures of our school. However, as situations arise, changes/additions may be made to this handbook. Your student will be informed of any changes or additions.

Please keep this handbook throughout the 2019-2020 school year and refer to it often for information. If you have any suggestions that may improve our handbook, please notify the office.

Have a great year!

High School Staff

### **ILLNESS OR INJURY AT SCHOOL**

Office personnel will contact the student's parent/guardian if the student needs to go home or if medical attention is required. It is vitally important that we have emergency numbers on file so we may reach you in an emergency. This includes all numbers possible, such as home, work, pager, cellular, next of kin, etc. **Should a phone number change, please notify the school office.**

### **ATTENDANCE POLICY**

In accordance with the policy of the board of education, each high school student is required to attend each class a minimum of 90% of the time in order to receive credit for that class. A maximum of six days a trimester may be missed. Three tardies to a class will result in an unexcused absence. The following absences will not count against the ninety percent (90%) attendance requirement:

- (a) Only illness substantiated by a doctor statement.
- (b) Medical appointments (doctor, dentist, optometrist) substantiated by a doctor statement.
- (c) School related activities
- (d) Alternative placement

**Illnesses reported by parents, but not substantiated with a doctor's note, will count against the 90% attendance requirement or 6 days a trimester.** A doctor's statement of absences should be received in the office no later than **two (2) days** following the student's return to school.

### **ATTENDANCE PROCEDURE (478-2452)**

When absent for any reason, the student will need to do the following:

- (a) Have parent/guardian call the school on the morning of absence by 7:55 a.m. The **office opens at 7:30 a.m.** each day. All absences should be reported to the office on or before the day of absence. **Note:** A doctor's statement is required to be an excused absence for an illness.
- (b) If illness required a doctor's visit, bring a doctor's note to the office upon returning to school. **Note:** Faxes are allowed if received **directly** from doctor's office. Computer generated notes preferred.
- (c) If a phone contact was not made, bring a note to the office for the absence upon returning to school.
- (d) If the student was absent the previous day, the student should report to his/her first period at 7:50 a.m. and check with their first hour teacher to see if they will need an admit. If the student requires an admit, the student will obtain a hall pass from his/her teacher then proceed to the office to obtain an admit.

### **MAKEUP WORK (DUE TO ABSENCE)**

All work missed during a period of absence may be made up, with the exception of absence due to truancy. The attendance policy allows a student **one (1) day for each day of absence** to make up missed work when the student returns to school. For example, if a student is absent on Monday, he is given Tuesday to complete the make-up work which will be due on Wednesday. *It is suggested that parents ask for make-up work if the absence will extend for **three days or more**.* **Parents requesting homework should call the high school office before 7:55 a.m.** Students absent for a shorter period of time may obtain the assignments directly from the teacher when returning to class. *It is the student's responsibility to ask the teacher for necessary make up work.* If the student is going to be absent for an extended time, please contact the office prior to the absence to work out details for completion of homework.

### **TARDIES**

Definition of Tardy: *A student is tardy if **not in his/her seat** in the classroom when the tardy bell begins to ring.* A student who is **more than fifteen (15) minutes late** for class will receive an unexcused absence for that class. **If you arrive at school after the 7:55 a.m. tardy bell, you must report to the office for an admit slip to class.** Excuses such as oversleeping, the alarm did not sound, ride running late, car trouble, flat tire, etc. **are not** excused for being tardy. You have sufficient time to change classes without being tardy. Students must report to their classroom teacher and request permission before going to the office, library, counselor, or to another classroom. **Three (3) tardies in a class will count as an unexcused absence. Tardies will accumulate on a per-classroom per-trimester basis.**

### **PARENT/TEACHER CONFERENCES**

Parent/guardian-teacher conferences are encouraged for the purpose of giving each person a better understanding of the student's needs. Conferences in regards to the student's academics or classroom behavior should be scheduled first with the child's teacher. You may arrange for a conference with the teacher or your child's team of teachers by calling the counselor, assistant principal, or principal.

## **DISCIPLINE**

One of the goals of Fort Gibson High School is to provide an orderly, safe school climate. The Fort Gibson Board of Education believes that the school's primary goal is to educate, not to discipline. However, education includes establishing some norms of social behavior and assisting students in understanding and attaining those norms. Occasionally, corrective actions are necessary for the benefit of the individual and the school. The teacher in a public school has the same rights as a parent or guardian to control and discipline a child while the child is in attendance, in transit to or from the school, or participating in any authorized school function. Further, it is the policy of the district that students may be disciplined for any misconduct related to the programs or activities of the district.

Several types of disciplinary action **may** be used in Fort Gibson High School.

- (a) Warn student (verbally and/or written)
- (b) Remove from class, hallways, or group
- (c) Written assignments
- (d) Conference with parent
- (e) After school detention (2:45 p.m. to 4:30 p.m.)
- (f) Morning detention (7:00 a.m. to 7:50 a.m.)

### **FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's educational records. These are:

- The right to inspect and review the student's education records within 45 days of the day the District receives a request for access. Parents or eligible students should submit to the school principal (or appropriate school official) a written request that identifies the record(s) they wish to inspect. The principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
- The right to request the amendment of the student's educational records that the parent or eligible student believes are inaccurate, misleading or in violation of student rights.

Parents or eligible students may ask the District to amend a record that they believe is inaccurate or misleading. They should write the school principal, clearly identify the part of the record they want changed, and specify why it is inaccurate, misleading or in violation of student rights.

If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel), a person serving on the School Board; a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or parent or student participating in a school service program or serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the District discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

**The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:**

## Important Information for Parents About Meningococcal Disease and Meningococcal Vaccines from the Oklahoma State Department of Education and the Oklahoma State Department of Health

### ***What is meningococcal disease?***

Meningococcal (men-IN-jo-kok-ul) disease is a rare but sometimes fatal disease caused by a bacterium called *Neisseria meningitidis*. The disease causes either meningitis, severe swelling of the brain and spinal cord, or meningococcemia, a serious infection of the blood.

### ***Who is at risk from meningococcal disease?***

Although the risk is extremely low, disease does occur. Babies less than a year old have the highest risk for meningococcal disease, but no vaccine is available to protect them.

Teenagers and young adults, aged 15 to 22 years, are at increased risk because of behaviors that spread the disease. On average two to three people in this age group get meningococcal disease every year in Oklahoma. More than half of these could be prevented by vaccine.

College freshmen living in dormitories have a greater chance of contracting the disease than other persons their age. Others at increased risk are those with immune system problems, without a spleen, and traveling to parts of the world where the disease is more common.

### ***How is the disease spread?***

The disease is spread by droplets in the air and direct contact with someone who is infected. That includes coughing or sneezing, kissing, sharing a water bottle or drinking glass, sharing cigarettes, lipstick, lip balm—anything an infected person touches with his or her mouth.

### ***Is meningococcal disease dangerous?***

Yes, every year in the United States about 2,500 people are infected and about 300 people a year die, in spite of treatment with antibiotics. Of those who live, about 400 a year lose their arms or legs, become deaf, have problems with their nervous systems, become mentally retarded, or suffer seizures or strokes. This is why preventing the disease is important. If your child has symptoms of meningococcal disease contact your health-care provider immediately.

### **Signs and Symptoms of Meningitis**

- Headache
- Fever
- Chills
- Stiff neck
- Extreme tiredness
- Vomiting
- Sensitivity to light
- Rash of small purplish black-red dots

### ***How can meningococcal disease be prevented?***

Vaccines can prevent many types of meningococcal disease, but not all types. There are two vaccines available in the United States that protect against four of the five most common strains of the meningococcal bacteria. The newest vaccine, called Menactra, or MCV4, is currently available for:

Adolescents entering high school (15 years of age),  
College freshmen who live in dormitories,  
Other people at high risk 11- through 55-years-of-age.

There is a shortage of both vaccines because the company that makes the vaccines has not been able to keep up with the demand; therefore, it may be difficult to get the vaccine. However, healthcare providers are saving the vaccine for these groups.

The earlier vaccine, called Menomune, or MPSV4, was effective in older children and teenagers but booster doses were needed every three to five years. The new vaccine protects against the same types of meningococcal bacteria and probably will not require booster doses. MPSV4 is still used for children 2- through 10-years-old and adults over 55 who are at risk.

Teenagers and young adults can also reduce their risk by taking good care of themselves, by eating a balanced diet, getting enough sleep and exercise, as well as avoiding cigarettes and alcohol.

### ***Is the meningococcal vaccine safe?***

Yes, both vaccines are safe; however, there are risks with any vaccine. About half of the people who get the vaccine will have pain and redness where the shot was given, but because the vaccine is not made from the whole bacteria, it cannot cause bloodstream infections or meningitis. A small percentage of people who get the vaccine develop a fever. Vaccines, like all medicines, carry a risk of an allergic reaction, but this risk is very small.

A few cases of Guillain-Barré Syndrome, a serious nervous system disorder, have been reported among people who got the new vaccine, MCV4 (meningococcal conjugate vaccine). At this time, there is not enough evidence to tell if the vaccine caused the disorder. Health officials are investigating these reports.

### ***Does the meningococcal vaccine work?***

Yes. The new meningococcal vaccine protects about 90 percent of the people who receive it from meningococcal disease caused by types A, C, Y, and W-135. These types cause almost two-thirds of all meningococcal disease in teenagers in the United States. It does not prevent type B, which causes about one third of the cases in teenagers.

### ***Does the meningococcal vaccine prevent all cases of meningitis?***

No. However, 63 percent of the meningitis cases in 18-22 year olds occurring in Oklahoma from 2000 through 2005 could have been prevented by vaccination. The meningococcal vaccine does not include type B. Scientists have not been able to make a vaccine that will protect against type B. Other bacteria and viruses can also cause meningitis. More information about these causes can be found at the National Meningitis Association Web site listed in the box in the next column.

### ***Where can I get the vaccine for my son or daughter?***

If your child has health insurance you can obtain the meningococcal vaccine from your health-care provider.

Local county health departments have the vaccine available now at no charge for all children who:

- Have no health insurance,
- Are Medicaid eligible,
- Are Native American,
- Or whose health insurance does not pay for vaccines,

and are either 15 through 18 years of age, or who do not have a spleen, have certain immune system problems, or who will be traveling to certain parts of the world.

### ***Is this vaccine required to attend school in Oklahoma?***

This vaccine is not required to attend kindergarten through the 12<sup>th</sup> grade in Oklahoma. However, it is required for students who are enrolling in colleges and other schools after high school who will live in dormitories or on-campus student housing.
