Dear Community Members:

This parent handbook was a cooperative effort of the Kanawha County Schools, Charleston Newspapers, and community business sponsors. We are proud that this publication will be in the hands of many community members. Over the years, educators have become increasingly aware of the importance of family and community involvement in our children's education. We have a tough job of educating both the minds and hearts of our children. Together, we can work to take care of our children and

our schools.

As we enter into a new school year, all of us play a central role in this great endeavor to educate our children. We must drive home the message to our children that what they choose to do today determines how they will live tomorrow. As parents, community members, and educators, we must demonstrate to our children that we are committed, caring and involved in helping our young people strive for behaviors that invite success.

It is our hope that this publication will provide everyone with the necessary information to better communicate with the schools and central office employees. We continually strive to better serve you and the students in opening the lines of communication and providing a better education for our children. The information provided in this handbook, and more, is available on our website at <https://kcs.kana.k12.wv.us/> and through Schoology. Please visit there often for important information. FIRST TIME SCHOOL ENTRY IMMUNIZATION REQUIREMENTS

According to state law, no student is to enter school without written documentation (month, day and year) for each dose of required immunization as given below: These requirements are for all students entering school in West Virginia for the first time in grades K-12.

TDap/DTP --Four (4) doses required; the last dose must be received on or after the 4th birthday.

(DT may be accepted if a medical excuse is signed by a physician or if the student is seven years of age or older)

Polio -- Three (3) doses required; the last dose received on or after the 4th birthday.

Measles (Rubeola), Mumps and Rubella (MMR) – Two doses, first dose received after the first birthday.

Varicella – Two doses, first dose received after the first birthday.

Hepatitis B -- Three doses, last dose received after the age of six months.

Tuberculosis testing is NO LONGER required for entry into preschool or kindergarten in West Virginia schools. The TB test is also no longer required for students transferring into West Virginia from out of state. Students transferring from another county will still have to be assessed for TB risk by the local health department.

Exception 1: A student who is enrolling from an out of state school and has received one dose of each required vaccine may be provisionally enrolled pending completion of an immunization schedule that meets state requirements. This schedule must not exceed 90 days. Any student failing to complete the required immunization within this time (90 days) will be excluded from school pending fulfillment of requirements. The 90 day rule is for all immunizations except Hepatitis B. That series takes 6 months to complete. They must receive the first two in the 90 day time line.

Exception 2: A few other states and countries require only the year when documenting immunizations. When the complete date is not available, we will accept the date of the year without the day and month. This applies to out-of-state transfer students only.

Exception 3: Medical exemptions from required immunizations must state the specific vaccines exempted, the medical reason that the immunizations cannot be given, whether the exemption is temporary or permanent, and the date temporary exemptions must be reevaluated. All exemptions must be signed and dated by a physician or a representative of the Kanawha Charleston Health Department. All Medical exemptions must be approved by the West Virginia Health Commissioner.

IMMUNIZATION REQUIREMENTS FOR ALL STUDENTS ENTERING 7TH AND 12TH GRADES

The West Virginia Bureau for Public Health requires all students entering the 7th and the 12th grades of West Virginia schools to show proof of the following additional immunizations. This rule applies to students currently in West Virginia schools and moving up to the 7th or 12th grades and to students who move to West Virginia and are entering the 7th or 12th grades.

7th grade students – Must show proof of one TDap Booster, received after the 11th birthday, and one dose of the Meningococcal vaccine.

12th grade students – Must show proof of one TDap Booster, received after the 11th birthday, and one dose of the Meningococcal vaccine received after the 16th birthday, or a Meningococcal vaccine booster after the 16th birthday if one dose was received prior to the age of 16.

Medical exemptions from these required immunizations must state the specific vaccines exempted, the medical reason that the immunizations cannot be given, whether the exemption is temporary or permanent, and the date temporary exemptions must be reevaluated. All exemptions must be signed and dated by a physician or a representative of the Kanawha Charleston Health Department. All Medical exemptions must be approved by the West Virginia Health Commissioner, as required by WV

state law.

West Virginia Policy also requires that all students entering Preschool, Kindergarten, 2nd grade, 7th grade and 12th grade show proof to the school that the students have received a well-child physical from a licensed health care provider and a dental examination from a licensed dentist within the past year. Please provide the school with this proof by or on the first day of school. If parents need assistance locating a health care or dental provider, please contact the school nurse at your child’s school.

All children entering Pre-Kindergarten programs should be age appropriately immunized. The following guidelines for parents and school personnel indicate the minimum number of doses for each vaccine needed for Pre-Kindergarten entry.

KANAWHA COUNTY SCHOOLS PRESCHOOL PROGRAM 2019-2020

Kanawha County Schools Preschool works collaboratively with Head Start, the Kanawha County Schools Special Needs Program, and West Virginia Birth to three to offer a preschool experience to eligible 3 and all 4-year-old children. Priority is given to 4-year-old children, special needs and Head Start eligible children.

Kanawha County Schools Head Start is a comprehensive federal program that has been collaborating with Kanawha County Schools since 1965. In 2003, Kanawha County Schools Head Start was required to work within collaborative partnerships with faith based programs and licensed child care centers as well as within Kanawha County Schools facilities. At that time, the West Virginia Legislature passed the law which placed West Virginia among the top five states in the nation in offering quality preschool services to all 4-year-old children. Currently, the Kanawha County Schools Preschool program offers services to children and families in 58 classrooms within school-based sites, 4 in community-based sites and 19 classrooms within child care partnership locations. We currently have classroom space for 1400+ of the 2200 estimated 4-year-olds in Kanawha County.

The philosophy of Kanawha County Schools Preschool program is that children learn through well-planned, developmentally appropriate learning experiences. The areas of learning

emphasized include social and emotional development, the arts, physical and health development, language and literacy, and mathematics and science. The West Virginia Early Learning Outcomes Framework, as well as the Head Start Outcomes Framework, provides the standards for preschool to meet these areas of development as mandated by the West Virginia Department of Education (WVDE) and Head Start Performance Standards.

The WV Early Learning Reporting System helps collect assessment data for individual child progress and reports for parents. The parent connection enables them to follow the child’s progress and encourages communication between the parent and teaching staff. Every school and community-based site is mandated to provide two face to face home visits and two conferences per child per year. Collaborative child care sites are required to provide two conferences.

Parents of a child who is four on or before June 30th are eligible to register for a Kanawha County Schools Preschool program. Parents will need the child’s West Virginia State vital statistics birth certificate, up to date immunization records, and a current physical and dental examination for registration. You may call Carol Lane, Preschool Director at 304-348-1942 or email clane@mail.kana.k12.wv.us for more information. For a complete listing of all sites, please refer to the Kanawha County Schools website under Preschool Application and Information or go directly to the Preschool Application login at <https://kcs.preschoolsteps.org/login.cfm>.

Parents, family members, child care providers and the Kanawha County Schools System are working together to offer a program that puts Kanawha County Schools and West Virginia at the forefront of programs for preschool children. This opportunity enables our children to build a strong foundation for a lifetime of learning.

ELEMENTARY CURRICULUM INFORMATION

The elementary curriculum provides students with a strong foundation in the fundamentals of reading, writing, mathematics, and 21st Century learning skills. Students also receive instruction in the areas of science, social studies, art, music, physical education, and health. As early as kindergarten, students are involved in career awareness activities. Technology is integrated into instruction and the work students do throughout the day. Elementary students are also engaged in character education and multicultural activities throughout the school year.

Elementary schools will use My Math as the math program and Houghton Mifflin Journeys as the reading textbook. Student progress is monitored throughout the year by using assessments such as DIBELS and benchmark tests. Small-group intervention and enrichment is provided to students based on these results. Accelerated Reader is used in many schools as motivation to encourage reading at home.

Several Kanawha County schools also receive services from Title I funds. Title I programs are designed to improve teaching and

learning for low achieving students in high poverty schools so they can meet challenging academic content and performance standards. Funds are allocated based on the percentage of students at poverty level.

Staff development workshops and conferences are held throughout the year to train teachers in effective, research-based teaching methods and strategies. Many teachers are also involved in writing grants that help bring new programs to their schools.

Parents having any questions about the elementary curriculum should contact Bob Calhoun, Assistant Superintendent for Elementary Schools or Missy Ruddle, Assistant Superintendent for Curriculum and Instruction.

Middle Level Education

Kanawha County Schools has 13 middle schools that serve students in grades 5-8 and/or 6-8. Students benefit from a developmentally appropriate and challenging curriculum that reflects 21st Century learning skills. The core areas of reading, math, science, and social studies are often integrated to help make connections to student learning. Students also have opportunities to explore foreign language, art, music, technology, health and fitness, careers, and other related areas.

Kanawha County Schools' middle level education integrates "Turning Points" Preparing American Youth for the 21st Century as recommendations for transforming middle grades. This We Believe (National Middle School Association). Breaking Ranks (National Association of Secondary School Principals) and Framework for High Performing 21st Century Middle Level Schools (West Virginia Department of Education) characterizes the culture of successful schools for young adolescents with the following components supported by Kanawha County Schools:

- Educators who value working with this age group and are prepared to do so. Effective middle level educators understand the developmental uniqueness of the age group, the curriculum they teach, and effective learning and assessment strategies. They need specific teacher preparation before entering the classroom and continuous professional development as they pursue their careers.
- Courageous, collaborative leadership. Middle level leaders understand adolescents, the society, and the theory and practice of middle level education. As the prime determiner of the school culture, the principal influences student achievement and teacher effectiveness by advocating, nurturing, and sustaining an effective instructional program.

- An inviting, supportive, and safe environment. A successful school is an inviting, supportive, and safe place, a joyful community that promotes in-depth learning and enhances students' physical and emotional well-being. In such a school, human relationships are paramount.

- High expectations for every member of the learning community. Educators and students hold themselves and each other to high expectations. Such confidence promotes positive attitudes and behaviors and motivates students to tackle challenging learning activities. Successful schools recognize that young adolescents are capable of far more than adults often assume.

- Students and teachers engaged in active learning. The most successful learning strategies are ones that involve each student personally. When students routinely assume the role of teacher, and teachers demonstrate that they are still learners, a genuine learning community is present.

- An adult advocate for every student. Academic success and personal growth increase markedly when young adolescents' effective needs are met. All adults in successful middle level schools are advocates, advisors, and mentors.

High School Curriculum

The high school curriculum for Kanawha County Schools is a 9-12 program designed to serve students preparing for a four-year college program, a two-year college program, post-secondary technical training or those preparing for the military or other entry-level employment immediately after high school.

Career Clusters

The curriculum is organized around 16 career clusters. Clusters are broad groups of related occupations representative of the type of occupations available in the world of work. Within each cluster there are career concentrations. Concentrations are groupings of occupations with significant commonalities within a career cluster.

With the assistance of their parents and academic advisors, students in grade 8 will develop Phase 1 of their Personalized Education Plan a schedule for grades 9 and 10. This includes selection of a cluster and pathway. In grade 10, they will develop Phase 2, selection of a career concentration, along with a schedule for grades 11 and 12 and goals for the first year after high school. Each year students will review their plans with their counselors and/or advisors and adjust the plans to accommodate the student's goals and needs.

All students will receive specific information regarding career clusters prior to developing the Personalized Education Plan.

We recognize the importance of co-curricular activities in developing an all-around person. In addition to their academic clusters, all students are encouraged to participate in those classes such as band, choir or yearbook that develop the student's talents and interests.

Specific course information can be found in the 2019-2020 Course Description Handbook, which students have available on their iPad.

PROMISE Scholarship Information

What is PROMISE?

The West Virginia PROMISE (Providing Real Opportunities for Maximizing In-state Student Excellence) Scholarship Program, approved by the Legislature in 1999, offers each West Virginia high school graduate who meets PROMISE standards and requirements a partial tuition scholarship to a state college or university or an equivalent dollar scholarship to an in-state private college.

The PROMISE Scholarship is based on the student's achievements not on his or her parent's financial resources, not on the college's resources, not on other factors. We are tying this opportunity, this investment, directly to the achievement on the part of the individual. For eligibility requirements and other information on the PROMISE Scholarship, contact your school counselor or visit their website at www.promisescholarship.org

College Entrance Exams

The college entrance tests are given by two testing agencies: the College Board which administers the PSAT/NMSQT, SAT and Achievement Tests, and the American College Testing Program which administers the ACT and PLAN. For detailed information on the nature of these tests and the preferred testing dates,

contact your child's guidance counselor.

Students should check with their counselor for specific registration information and materials.

Career and Technical Education Centers

Ben Franklin Career and Technical Education Center and Carver Career and Technical Education Center are available to Kanawha County students. Courses taken at the centers are treated as electives. Ben Franklin is located in Dunbar and Carver is located in Malden. The two centers serve all county high schools. Their purpose is to develop good work habits and teach entry-level skills needed in today's work world. Students attend Franklin and Carver for one half of the school day. They may earn four units of elective credit per year that may count toward high school graduation. Students interested in attending either center should contact a counselor.

Ben Franklin

Ben Franklin Career Center is a recognized leader in technical education for over thirty years. Ben Franklin offers both high school and adult students opportunities for learning, training and further education that enrich their lives and also promotes the economic growth of our region and state. All instruction is designed to meet the needs, abilities, and interest of our students, our community and the businesses we serve. High school students can obtain 4 credits a year in their CTE program when they attend Ben Franklin Career Center for half a school day. Three of the CTE programs (Medical Assisting, Pre-Nursing, and Power and Energy) offer honors credits. These classes count as elective credits towards high school graduation and the student can also be certified in their CTE program. Applications can be found on Ben Franklin's website at <http://benfranklinctc.weebly.com>

Carver Career Center

Carver Career Center offers seventeen programs for high school students. The program offerings include; Advanced Manufacturing, Automotive Technology, Collision Repair, Cosmetology, Allied Health (Dental Assisting), Carpentry, Diagnostic Services, Graphic Design, Electrical, Event Planning, HVAC, Industrial Fire Fighting, Microsoft Office Applications, Plumbing, ProStart, Pet Grooming/Plant Systems, Welding.

All seventeen programs are Simulated Workplace sites, which incorporate real workplace protocol into the daily curriculum. Students not only learn technical skills but also the soft skills necessary in the work place. Students have the opportunity to earn EDGE credits, which are accepted by several area colleges. The goal at Carver is for every student to be college and career ready. Interested students are encouraged to speak with their high school counselor during their sophomore year to make application

Garnet Career Center

Garnet, located in an historic building in downtown Charleston, offers a variety of vocational training opportunities for adult students with modern equipment and excellent programs. Garnet was established under the auspices of Kanawha County Schools to provide continuous educational opportunities for the adult community. The school provides training in many different occupational areas—Practical Nursing, Business; i.e., Accounting, Office Administration, and Automotive Technology. A variety of short-term programs are offered during the day and evening hours. Classes range from enrichment classes to technology based classes. Students in need of upgrading basic skills or preparing for the Test Assessing Secondary Completion

(TASC) may enroll in the Adult Basic Education program. English as a Second Language (ESL) services are also offered at Garnet. Garnet has been accredited by the Council on Occupational Education (COE). The Practical Nursing Program is accredited by the West Virginia Board of Examiners for Licensed Practical Nurse. The Automotive Technology program is accredited by the National Automotive Technicians Education Foundation (NATEF).

Honors & Advanced Education

Honors/Advanced Education experiences are designed to meet the needs of students who have the potential to complete curriculum more demanding than that offered in the regular classroom and their current grade level. These classes are advanced in terms of content and performance expectations and provide credit toward graduation or possible college credit. Honors experiences may include, but shall not be limited to, specifically identified honors courses, research and in-depth studies, mentorships, content-focused seminars and extended learning outcomes instruction in the content areas. Advanced education includes classes recognized or offered by the College Board, post-secondary institutions and other recognized foundations, corporations or institutions, accelerated instructional courses offered via satellite and other courses and arrangements, approved by the local board of education and state board. Advanced Placement Courses (AP) must follow the course descriptions provided by The College Board and students are required to take the AP test. It is strongly recommended that the instructors of these courses receive the training provided by the West Virginia Advanced Placement Center. Those students who do not take the AP examination will not receive AP credit.

Curriculum approved under this section shall be designed to advance the achievement of students in the subject area or areas in which the student has achieved at least two of the following criteria: (a) demonstrated exceptional ability and interest through past performance; (b) obtained the prerequisite knowledge and skills to perform honors or advanced work; and, (c) received recommendations from the student's former or present teachers.

All courses designed as Honors and Advanced Education will receive a weighted grade. Those classes are indicated by an asterisk in this book. Honors course criteria and standards have been developed. For more information, contact your school counselor.

Procedure for Special Courses

Upon recommendation of the principal, individual schools may petition the Division of Curriculum and Instruction for approval of special courses taught at that school and post-secondary courses identified by that school. Such petitions must be reviewed by Division of Curriculum and Instruction staff and approved prior to inclusion. Each petition will be considered on an individual basis.

Class Ranking

Computation for class ranking shall be made at the end of the first semester of the senior year. The following scale shall be used to determine class ranking:

| Non-Weighted Courses | Weighted Courses |
|----------------------|------------------|
| A = 4 | A=5 |
| B = 3 | B=4 |
| C = 2 | C=3 |
| D = 1 | D=2 |
| F = 0 | F=0 |

Commencement Recognition

Honor graduates may be given preference by leading the processional and in seating arrangements at commencement exercises. Students will be recognized with honors, high honors, and highest honors:

- 3.8 GPA Honors
- 4.0 GPA with a minimum of 14 weighted credits by the end

of 7 semesters or 1st term of the senior year - High Honors

- 4.5 GPA with a minimum of 14 weighted credits by the end of 7 semesters or 1st term of the senior year - Highest Honors

Credit for Courses below Grade 9

Students who take high school courses before grade 9 (i.e., Foreign Language I or II, Algebra, etc.) will receive high school credit. These courses will be used in calculating the student's GPA and will be used to determine class rank.

Transfer Students

Students transferring from one school to another within the county shall have their credits accepted at face value and shall be considered for honors.

Students transferring to Kanawha County Schools from a school outside the county must have spent the whole of their senior year in Kanawha County Schools before they can be considered honor graduates; however, they may be given recognition.

Dual Credit Options

Students may take college level courses that carry credit toward high school graduation as well as credit toward a college transcript. At the present time, juniors and seniors who meet admissions and pre-requisite requirements from the participating college may be eligible to participate. Courses vary among high schools from semester to semester with a minimum of 15 students needed to be enrolled. Depending on specific course content, a few classes may replace required courses; most classes will count as electives. Each high school will determine its own policy regarding curricular alignment and sequencing in regard to college level courses.

Area colleges are part of the Dual Credit Consortium; all dual credit courses are college level classes and therefore carry a weighted grade on the high school transcript. Students expecting to attend other colleges should see their counselor and contact their prospective college prior to enrollment to ensure credit will be accepted. In some cases, credit may be granted for electives rather than replacement of specific course requirements.

Classes are normally offered during the school day and generally follow the KCS calendar with minor adjustments. Teachers will be either public school instructor qualified as college adjunct staff or college professors.

The fee for a 3-hour credit course is set by the West Virginia State College System (with additional hours being charged on a pro-rata basis). Deposits may be required to determine offerings; full payment is expected during the first week of class. Students will purchase their own books, which will be made available on the high school campus; price of textbooks varies according to the course. Students who plan to enroll in dual credit courses should take the ACT during the spring of their junior year and may be required to take a placement assessment before being allowed to enroll.

Promotion, Retention, and Classification

Promotion from grade 9 to 10 (sophomore) occurs when the student has earned five (5) credits and passed six (6) of eight (8) semesters in English, Social Studies, Mathematics, and Science. Promotion from grade 10 (sophomore) to 11 (junior) occurs when the student has earned 11 credits. Promotion from grade 11 (junior) to 12 (senior) occurs when the student has earned 17 credits.

Career Academies/Magnet Schools

Kanawha County Schools is in the process of developing career academies and ninth grade academies in the high schools. Career academies are designed to develop peer support and improve achievement through highly focused small learning communities built around a broad based career theme. The academies are organized to allow a small group of students to stay with a core group of teachers from grades 9-12. This personalized learning environment helps students build strong relationships with peers and teachers. Academic courses are integrated with technical and applied courses around the career theme. Connections are also made with local businesses to provide students with a range of career and work based learning experiences.

Along with the development of career academies, KCS will continue to offer magnet programs at Capital (Performing Arts

and Human Performance Management), George Washington (STEAM), Nitro (BioScience), Sissonville (International Studies) and South Charleston (International Baccalaureate). Currently, South Charleston has a Pre-Engineering Academy, St. Albans has a Hospitality Academy, and Herbert Hoover has an Academy of Criminology.

For more information, please contact Mr. Mark Milam, Assistant Superintendent for High Schools/Technical and Adult Education at 347-7485 or memilam@mail.kana.k12.wv.us. Students in Kanawha County Schools will be able to choose the high school they wish to attend based upon the academics offered at that school. The schools may be a Magnet, Magnet/ Career Academy or a Career Academy.

What is the difference between a Magnet school and a Career Academy? The Magnet school is one that specializes in particular subjects, in addition to providing a general education while a Career Academy is a small learning community built around a career theme. All schools will continue to offer the high academic standards that Kanawha County Schools has been known.

Capital High Performing Arts & Human Performance Management

PLTW Biomedical Science courses are part of the AP + PLTW biomedical science pathway. The goal is to build a strong foundation for college and career. By immersing students in activities like practicing suturing and constructing body structures from clay, PLTW biomedical science empowers students to build knowledge and skills in biomedical science, as well as in-demand, transportable skills like problem solving,

critical and creative thinking, communication, and collaboration.

Project Lead The Way (PLTW) Computer Science

At a time when computer science affects how we work and live, PLTW Computer Science empowers students in grades 9-12 to become creators, instead of merely consumers, of the technology all around them. PLTW Computer Science courses are part of the AP & PLTW computer science pathway; integrating career and college-readiness courses into one unique program. The program's interdisciplinary courses engage students in compelling, real-world challenges and encourage students to become better thinkers, communicators, and collaborators to not only learn how to code, but how to design solutions to complex, real-world applications. The IB program culminates in a series of exams and other assessments which are evaluated by examiners from around the world. Like AP, the IB Program is an opportunity for students to earn college credit for their high school coursework. Currently, South Charleston High School is the only WV high school approved to offer this challenging and rewarding program.

The Pre-Engineering Academy uses the Project Lead The Way curriculum to offer practical hands-on experience in the application of math, engineering, and science concepts to solve problems.

St. Albans Academy of Hospitality

Credit Recovery

Kanawha County Schools offers a different model for high school students who need to make up credits for courses failed. The program is called credit recovery, and it replaces the traditional summer school program from the past. Credit recovery allows students the opportunity to complete portions of courses that were not mastered instead of repeating an entire course. This is done through the use of a web-based curriculum called On Target. The WVDE provides this program to Kanawha County Schools. Students will have the opportunity to complete the coursework outside of the traditional classroom setting.

Each summer, three schools in the county will be designated as credit recovery sites. Students from the high school will be eligible to participate. Each site will be staffed with two credit recovery facilitators who will work with the students enrolled to assist with the completion of coursework.

The credit recovery program will continue throughout the school year. Schools will have the ability to schedule a variety of credit recovery options within the school year, including before, during, and after normal school hours. The flexibility of On Target and credit recovery will provide additional opportunities for students to make up credits and assist them with completing graduation requirements. If your child is planning on playing a sport in college, NCAA will not accept the On Target credit. For more information about credit recovery, please contact your child's counselor.

Kanawha County's VEX Robotics Program

Since receiving a district grant from the Robotics Education and Competition Foundation in 2017, the county has seen the interest in its robotics programs explode. Now being offered at every school (Elementary – High), the programs expose students to mechatronic and software system applications that are the basis behind many 21st century technology professions that we see today. By encouraging students to take control of their own engineering design process, and by delivering content using problem-based learning models, the courses set up dynamic learning experiences that keep the students engaged throughout the class. The courses are complemented by 2 cooperative competition platforms (the VEX IQ Challenge, and the VEX Robotic Competitions) that work as formative assessment tools for students, and help them determine next action steps that will drive the groups creative process. The competitions accomplish this, while also encouraging the development of student teamwork, cooperation, communication and problem-solving skills. And with sustained student success within these programs, which has already been seen with having 10 different county schools reaching the worlds level competition the past 2 years, our students will finish having gained translatable skills that will aide them in a quickly technologically advancing workforce.

KCS Virtual Online Program

Kanawha County Schools began offering a virtual program in the Spring of 2018. Students in grades 6 through 12 can participate in the program. A pilot program for students in grades 3 through 5 will begin in the Fall of 2019. Students can participate in a full-time or part-time virtual school program where we customize the courses to meet the students' needs. Students can also take a course or more physically at the school in conjunction with the virtual program, or choose to have all of their classes virtual. Students can participate in sports as well as school functions and clubs. This program is free to students who are currently homeschooled, in a private school, or a public school in Kanawha County. KCS will provide an iPad, the courses, and the support for your child to succeed. Every student has the flexibility to work when they want to, how they want to, and where they want to. Please contact Executive Director Valery Harper at vharper@mail.kana.k12.wv.us or 304-348-7738 or go to <http://virtual.kana.k12.wv.us/>.

Kanawha County Schools offers a variety of alternative education programs for the non-disruptive and disruptive secondary students.

Alternative programs for non-disruptive students:

West Virginia State University Collaborative School. - This program was formed through a partnership between Kanawha County Schools and West Virginia State University. 10th grade students with average or above average ability currently enrolled in Kanawha County Schools will be eligible for the program. Classes are taught by Kanawha County School teachers and West Virginia State University professors.

Chandler Academy is the alternative program for middle and high school students. In order to be placed in this program a student must either have (1) committed a safe schools violation as defined in the WV Code of Conduct (2) continually broken school rules even after documented interventions by the school, or (3) been expelled from Kanawha County Schools. Students are placed in the alternative program by the County Student Assistance Team or an IEP meeting and can return to their home school after meeting criteria set by the Team or completion of the term of expulsion. A counselor, social worker, and a school psychologist provide services for these programs.

Kanawha County Youth Reporting Center (Day Report) is serviced by Kanawha County Schools and the West Virginia Division of Juvenile Services. Expectant Mother's Voluntary Program for pregnant girls is a program developed to support

them academically and educating them on potential health needs.

School Aged Expectant Mothers Program

School-aged Expectant Mothers Program is available to students referred by a physician due to medical concerns related to pregnancy. The girls attend the program housed at Chandler Academy until their babies are born. After the birth, the girls are provided with educational services at home for six weeks. The girls then return to the Program to complete the current semester before returning to their home schools.

Homebound/OSE Education

Kanawha County Schools offers educational services to students unable to attend school due to medical reasons or safe schools violations. A variety of homebound/OSE options are offered to students who qualify. The goal of homebound/OSE education is to provide students educational services enabling them to be academically successful upon their return to school.

All secondary students and elementary students will be assigned teachers. When teachers are not available, schools are responsible for providing assignments. Teachers meet with the student's classroom teacher to coordinate instruction that will be provided to the student. The homebound/OSE teacher meets with each student approximately four hours a week in a setting outside of the home unless the child requires services in the home due to medical reasons. Grades are given to the school at the end of each grading period. Kanawha County employs eight full time homebound teachers and contracts with additional Kanawha County teachers throughout the school year.

Medical Homebound Instruction

The purpose of medical homebound instruction is to provide instruction that assists students in keeping up with their schoolwork when a medical illness or injury, as verified by a licensed physician, makes it impossible for them to attend school for three consecutive weeks or more. Certified Kanawha School teachers, in collaboration with classroom teachers, provide the instruction in the home setting.

Medical homebound instruction is provided only when accommodations cannot be made by providing a reduced-day schedule and/or modifications at the school level to allow the student to remain in school.

Medical homebound instruction is intended to be temporary and is not a substitute for a comprehensive education.

The goal is always to return the student to the classroom as quickly as possible.

Students receiving medical homebound instruction are not permitted to participate in any extracurricular activities or be employed either part-time or full time, unless a written order from the physician explains that this is an important part of a student's recovery and the student is physically able to participate.

Homebound instruction will not be provided for students to be caregivers or for child care purposes.

Each request for medical homebound instruction will be reviewed. Physicians/Medical care providers may be contacted for further information. In some instances, Kanawha County Schools may require a second opinion.

Students who are recommended for medical homebound instruction for mental health reasons must be receiving therapy and must submit a treatment plan which is completed and signed by the parent and a licensed psychiatrist or mental health provider.

Kanawha County Schools Parent and Family Engagement Policy 2019 – 2020

PART I: DISTRICT LEVEL ACTIVITIES

In support of strengthening student academic achievement, each school district that receives Title I, Part A funds shall

develop and distribute to parents and family members of participating children a written parent and family engagement policy. To foster meaningful parent and family engagement, KCS agrees to implement the following:

- Provide programs, activities and procedures for the involvement of parents and family members in all of its schools with Title I programs with input from parents and family members.

- Work with its schools to ensure that school-level parent and family engagement policies meet the requirements of Title I including parent compacts.

- Include the district wide parent and family engagement policy into its district plan.

- Provide full opportunities for the informed participation of parent and family members by providing information and school reports in a language parents understand.

- Submit parent comments to the WV Department of Education when Title I plan is unsatisfactory.

- Involve the parents and family members of children served in Title I schools in decisions about how parent involvement funds are used.

- Support programs that reach parents and family members at home, in the community, and at school.

- Provide information on best practices focused on parent and family engagement to increase the engagement of economically disadvantaged parents and family members.

- Encourage schools to collaborate with community with the purpose of improving and increasing parent and family engagement.

- Provide coordination, technical assistance, and other support to assist Title I schools in planning and implementing effective parent and family involvement activities to improve student academic achievement and school performance.

- Parents will be invited to participate in the annual Superintendent's Retreat to provide input into the district's strategic plan and to review the district's progress in meeting jointly established goals for all students.

- Provide support to the KCS Parent and Community Resource Center to better enable them to be a joint partner in parent and family engagement at the district and school levels.

- Annually publish a Parent and Student Handbook that contains information that is pertinent to their child's participation in KCS schools.

Maintain a website (<https://kcs.kana.k12.wv.us/>) that provides a link on the home page for parents and families (<https://kcs.kana.k12.wv.us/Page/parents-and-family>).

Conduct surveys of parents of English Learner students to determine the need for translated documents and arrange for special assistance for non-English speaking parents such as translators.

Engage in activities and strategies that KCS determines are appropriate and consistent with our parent and family engagement policy.

PART II: SCHOOL LEVEL ACTIVITIES

Parent representatives of students attending Title I schools will participate in the development of the school's parent involvement policy through attendance at school sponsored parent and family engagement events and through participation on Title I schools' parent groups such as Local School Improvement Councils.

Each Local School Improvement Council will maintain parent representation to address school review and school improvement needs. The LSIC will participate in on-going school review and school improvement. Each school will also involve parents as part of their strategic plan committee.

Parents in all Title I schools will be invited to offer input into parent involvement activities through the school's annual strategic planning process and review through participation on the school's LSIC, PTO/PTA organization, parent committees, or

other means.

Title I schools will conduct an annual fall meeting with parents and families to review parent and family school and district policies, parent compacts, required academic standards, school assessments and curriculums, and the performance status of the school based on the results of the State's testing, discuss the requirements of Title I and the meaning of being a Title I schoolwide school, and review the opportunities for parent and family involvement at the school.

Schools will conduct a variety of parent and family engagement and involvement activities where parents are invited to observe, monitor and discuss their child's academic progress and progress along other indicators.

Title I schools will provide materials and training to help parents work with their children to improve their children's academic achievement, and to foster parental involvement including providing materials and supplies for use at home.

Schools will communicate with parents and families through school handbooks, newsletters, and school websites. Parents also have access to Schoology to track their child's progress and maintain contact with their child's teacher(s).

PART III: ADOPTION

This KCS district wide Parent and Family Engagement Policy has been developed jointly with, and agreed on with, parents and family members of children participating in Title I schools as evidenced by attendance of parents and family members at the March 2018 Superintendent's Retreat. A list of attendees is available upon request from the KCS Title I Office 304-348-6165.

This policy was adopted by the Kanawha County School District on July 9, 2019 and will be in effect for the period of school year 2019 - 2020. The school district will distribute this policy to all parents and family members of participating Title I children on or before September 1, 2019.

Parents' and Students' Rights Under the McKinney-Vento Act

The federal McKinney-Vento Act and West Virginia state law and policy guarantee that a student can enroll in school if they live:

- In a shelter (family shelter, domestic violence shelter, youth shelter or transitional living program);
- In a motel, hotel or weekly rate housing;
- In a house or apartment with more than one family because of economic hardship or loss;
- In an abandoned building, a car, at a campground or on the street;
- Living with an adult who is not your parent or legal guardian;
- In substandard housing (no electricity, no water, and/or no heat); or
- With friends or family because you are a runaway or unaccompanied youth.

The student may also:

- Continue to attend the school in which they were last enrolled, even if they have moved away from that school's attendance zone or district (if feasible and in the best interest of the child);
- Receive transportation from the current residence back to the school of origin;
- Qualify automatically for Child Nutrition Programs (Free and Reduced-Price Lunch and other district food programs);
- Participate fully in all school activities and programs for which they are eligible; and,
- Contact the district liaison to resolve any disputes that arise during the enrollment process.

Enrollment Forms

If a student lives in one of these situations, as for all students enrolling in West Virginia schools, they may enroll in school without the following documents in hand; however, their full

cooperation is needed with county and school personnel in trying to obtain these documents as soon as possible.

- Proof of residency
- School records
- Certified birth certificate
- Legal guardianship papers
- Immunization records and/or a TB skin test result (in-state students only)

However, if the student is coming from out of state without proof of at least the first series of immunizations and a TB skin test result, they will be enrolled, but homebound instruction will immediately be provided until appropriate immunizations and TB test results can be obtained.

If the student moves, the following should be done:

- Contact the school district's liaison for help in enrolling in a new school or arranging to continue in the school they have been attending.
- Contact the new school and provide any information necessary to assist the teachers in helping them adjust to new circumstances.
- Ask the local liaison, shelter staff, or a social worker for assistance with clothing and supplies, if needed.

Helpful questions to ask the school so that you may receive all needed services:

- What transportation is available to stay in the same school?
- If I have to change schools, can someone help transfer records quickly?
- Are any tutoring services available?
- If special education services are needed, how long is the wait for testing?
- Are there special classes to benefit a talent I have?
- Are there sports, music or other activities available to me?
- How can I receive free meals at school?
- Are school supplies available?
- Will I be able to go on class field trips, if unable to pay?
- How can I get a required school uniform, if one cannot be bought?

Kanawha County Truancy Plan

In response to state legislation, Senate Bill 393, requiring county school systems to develop a plan to reduce truancy, excessive unexcused school absences, a truancy diversion plan has been established for middle and high school students.

Kanawha County Schools Assistant Attendance Directors assess juveniles with excessive unexcused absences, notify parents/guardians of these absences and work in collaboration with a school based team to develop a plan to improve the student's attendance. If the student continues to accumulate unexcused absences the student or parent/guardian will be referred to Kanawha County Magistrate Court where a Prepetition Truancy Diversion Agreement may be implemented. Community based services may be utilized to provide services to the student and family to assist with improving school attendance. Noncompliance with the prepetition diversion agreement and continued truancy will result in a truancy petition filed in Kanawha County Magistrate Court.

Kanawha County School's goal is to provide students and their families with the assistance necessary to ensure that every student maintains daily school attendance.

Office of Attendance and Social Services

The Office of Attendance and Social Services is staffed by the Lead Attendance and Social Services Director and secretary; along with 24 full-time Assistant Attendance Directors (ADDs), two Homeless Facilitators, and a Truancy Diversion Worker. The Homeless Facilitators play a vital role of delivering services to identified homeless students. Resources are available in an effort to continue schooling without delays for students identified as homeless. The Truancy Diversion Worker (TDW) will work closely with our staff with monitoring truancy programs in our schools, staff training, and serve as our linkage to the court system and other agencies in Kanawha County. Our office is the link between the school, home, and the community. Pursuant to West Virginia Code 18-8-1, attendance of students is the primary focus of the Assistant Attendance Directors. Attendance problems can be an indicator of other problems a student may be experiencing, such as psychological, emotional, social, or socioeconomic issues. The Assistant Attendance Director assist with developing and providing those interventions necessary for the families and students to optimize the student's potential to learn in their educational programs.

It is imperative that students arrive at school on time. Arrival time should allow for school breakfast (if breakfast is eaten at school), going to locker and being prepared to begin the school day. Tardiness is a school distraction and can easily become a serious problem. Academic failure can be associated with students coming to school tardy. Learning begins immediately and it is important for students to be well prepared for the school day. Signing your child out early is discouraged. Early sign out is a disruption to the total learning environment of all students. In order to promote a positive learning environment, we request parents send their child/children to school every day and schedule all appointments after school hours if possible. Some of the services provided from our office are:

- Student attendance data
- Dropout prevention
- Homeless intervention
- Clothing and shoes
- Community resources
- Home school assistance
- Identifying and reporting child abuse and neglect
- Crisis intervention
- Advocate for students, parents, and school system
- Driver Eligibility Certification for driver's permit
- Universal Pre-K services
- Truancy Diversion

CODE OF CONDUCT INTRODUCTION

Schools are not only charged with the responsibility of providing instruction in the area of academics, but are also expected to prepare students to be successful in a society governed by rules and moral responsibilities. Our first duty is to challenge students with high standards and expectations. A positive approach which emphasizes the benefits of good citizenship should be followed.

However, the duty of schools to provide safe, orderly environments where learning may be achieved also requires that certain minimum standards of conduct be clearly communicated to the school community. There must be a knowing appreciation that real consequences attend both poor judgment and

intentional acts of misconduct.

It is the objective of the policy to achieve the following goals: the right of every student to attend school free from fear for personal safety; the prevention of disturbances or interruptions of the educational process; the responsibility of teachers to assist in preserving an orderly learning environment; and, the responsibility of parents in maintaining an atmosphere conducive to learning.

Each school shall maintain and publish a code of conduct which shall include a schedule of offenses, penalties and a description of due process rights and procedures. The Code of Conduct shall also incorporate the productive and safe schools plan developed by the Local School Improvement Council. A copy of the code of conduct shall be posted in each school in a prominent place.

At the commencement of each school year all students and their parents shall be provided with copies of a school's code of conduct. Students who transfer into a school during the course of a school year and their parents shall also be provided with copies of a school's code of conduct. Each year students shall be required to sign a statement acknowledging that they have read the code of conduct or have had it read to them and that they understand the code of conduct.

AUTHORITY OF TEACHERS (West Virginia State Code 18A-5-1)

The teacher shall stand in the place of the parent or guardian in exercising authority over the school, and shall have control of all pupils enrolled in the school from the time they reach the school until they have returned to their respective homes, except that where transportation of pupils is provided, the driver in charge of the school bus or other mode of transportation shall exercise such authority and control over the children while they are in transit to and from the school.

WHEN AND WHERE THE SCHOOL'S CODE OF CONDUCT APPLIES (See Kanawha County Board of Education Policy, Series J25, Section 25.05)

All students shall be subject to the provisions of a code of conduct in the following circumstances:

- (a) While on property owned by Kanawha County Schools;
- (b) During time periods when a student is scheduled to attend school or other activities conducted under the auspices of Kanawha County Schools, regardless of whether a student is in actual attendance;
- (c) During any extracurricular activity or trip conducted under the auspices of Kanawha County Schools in which a student elects to participate;
- (d) While a student is in transit to or from school or an extracurricular activity, including transit on a school bus;
- (e) Offenses against employees of Kanawha County Schools, regardless of time or place;
- (f) Bomb threats involving Kanawha County Schools property, regardless of time or place; and,
- (g) The consumption of alcoholic beverages or controlled substances, in any amount, prior to any school related activity, regardless of place.
- (h) While the student is at any school-sponsored activity or event, whether or not it is held on school premises, in a building or other property used or operated by the board of education, RESA or state department of education, or in another facility being used by any of those agencies.

OFFENSES AND PENALTIES (See Kanawha County Board of Education Policy, Series J25, Section 25.07 – Available Online)

Each school's code of conduct shall contain at least the offenses hereinafter set forth in this Section. Each school is authorized to include any additional offenses which are deemed appropriate for the orderly operation of a school and the health, safety and welfare of staff and students. Elementary schools may establish alternative codes of conduct. However, such alternative codes of conduct must specify offenses, corresponding maximum

possible penalties and a description of due process rights and procedures. Except where otherwise indicated, the penalties for each offense shall be determined on a case by case basis taking into account all facts and circumstances of a violation, including the past records of any students who are involved.

25.01 Scope. -- This rule sets the requirements for the conduct of students in Kanawha County Schools in order to assure a nurturing, orderly, safe, drug-free, violence- and harassment-free learning environment that supports student academic achievement and personal-social development. This Policy replaces the Student Behavior Policy adopted on June 16, 2011.

25.02 Authority. -- W.Va. Constitution, Article XII, §2, and W.Va. Code §§16-9A-4, 16-9A-9, 17A-1-1, 18-2-5, 18-2-5a, 18-2-7b, 18-2-9, 18-2C-1 et seq., 18-2-33, 18-5-1, 18-5-13, 18-16-1, 18A-1-1, 18A-5-1, 18A-5-1a, 60A-1-101, 61-2-15, 61-7-2, 61-7-11a, 60A-7-11a; and West Virginia Board of Education Policy 4373.

25.03 Purpose. The Kanawha County Board of Education recognizes the need for students, teachers, administrators, and other school personnel to have a nurturing, orderly, safe, and stimulating educational environment. The purpose of these regulations is to provide Kanawha County Schools with a policy of student conduct that will ensure an orderly and safe environment that is conducive to learning. These regulations also require that Kanawha County Schools respond promptly and consistently to incidents of harassment, intimidation, bullying, substance abuse and/or violence or other Student Code of Conduct violations in a manner that effectively deters future incidents and affirms respect for individuals. Any form of harassment, intimidation, bullying, substance abuse, violence, or other policy violation is unacceptable in Kanawha County Schools.

25.04 Student Code of Conduct.

25.04.1. All students enrolled in Kanawha County Schools shall behave in a manner that promotes a school environment that is nurturing, orderly, safe and conducive to learning and personal-social development.

25.04.2. Students will help create an atmosphere free from bullying, intimidation and harassment.

25.04.3. Students will demonstrate honesty and trustworthiness.

25.04.4. Students will treat others with respect, deal peacefully with anger, use good manners and be considerate of the feelings of others.

25.04.5. Students will demonstrate responsibility, use self-control and be self-disciplined.

25.04.6. Students will demonstrate fairness, abide by the rules, and will not take advantage of others.

25.04.7. Students will demonstrate compassion and caring.

25.04.8. Students will demonstrate good citizenship by obeying laws and rules, respecting authority, and by cooperating with others.

25.04.9 The Right to a Thorough and Efficient Education. All students, regardless of race, religion, national origin, language, gender, disability, marital status, parenthood, or pregnancy have the right to an equal education opportunity. Students are required by law to attend school regularly until their seventeenth birthday; as long as they continue to be enrolled as a student after their seventeenth birthday; or until their graduation. A student who has not graduated may attend school until they are twenty-one.

Public schooling is tuition-free for all students. School systems, however, may charge tuition for summer school and before/after-school programs, if offered, provided that any student whose parents, in the judgment of the board, are unable to pay such tuition, may attend at a reduced charge or without charge except for post-secondary, community education, or adult preparatory programs.

Whatever school supplies are deemed necessary to accomplish the goals of a school system and are an integral and fundamental part of elementary and secondary education must be provided free of charge to all students, such as textbooks, paper, writing implements and computers if their use is part of the curriculum. Students may be required to purchase their own equipment,

such as instruments and costumes, for performance-based classes, such as band, orchestra, choir, dance and theatre. However, students shall not be denied participation in a class because their parents/guardians cannot afford to do so. Schools have contingency plans to accommodate students and families who do not have the financial means to make these purchases.

25.04.10 Student Inquiry and Expression. Schools may not conduct, sponsor or endorse religious activities during school time. Individual students have the right to practice their own religion in a manner that does not interfere with the orderly conduct of classes and may form student groups with a religious focus that meet after school. Students have the right to be absent from school, on a reasonable basis, for religious instruction and/or for participation in religious activities. An opportunity must be provided for students to make up any work missed; however, it is the student's responsibility to make up such work pursuant to the rules established by the school or county.

Students are entitled to exercise appropriate speech while at school. Freedom of speech includes forms of expression other than vocal, provided this activity does not materially and substantially disrupt the work and discipline of the school or impinge upon the rights of other students. Schools may limit vulgar or offensive speech inconsistent with the school's responsibility for teaching students the boundaries of socially appropriate behavior. Students' off campus conduct that might reasonably be expected to cause disruption in the school may be prohibited or disciplined. This includes blogs and social media postings created for the purpose of inviting others to indulge in disruptive and hateful conduct towards a student or staff member.

Students have the right not to be compelled to participate in certain types of speech, such as reciting the Pledge of Allegiance. Students who choose not to participate in these ceremonies have the responsibility to respect the rights of those who do participate and must remain respectfully silent.

School sponsored student publications that are a part of the curriculum are subject to teacher editorial, control and therefore student speech may be regulated in a manner reasonably related to educational purposes.

25.04.11 Non-curriculum Related Student Groups. When high schools allow one or more student groups whose purpose is not directly related to any class taught at the school to meet at the school, this is referred to as a limited open forum. If a school is a limited open forum for any purpose, the school must allow religious, political, and/or philosophical group meetings as long as the meetings are voluntary, monitored by the school, and do not interfere with the conduct of school activities.

25.04.12 Extra-Curricular Activities. Students must meet all state and local attendance requirements and maintain a 2.0 grade point average in order to participate in non-academic extra-curricular activities (e.g. interscholastic athletics such as football, basketball, track or wrestling; cheerleading; student government; class officers in grades 6-12). Eligibility is determined for each semester by a student's grade point average for the previous semester. Those students participating in a GED program whose grade point average for the last semester before entering into the program was below 2.0 grade point average may become eligible if they achieve a 2.0 average or better the mid-point of the second semester (the nine-week point) in the same manner as students enrolled in the regular curriculum as outlined in WVBE Policy 2436.10.

Fees may be required to help support the cost of extra-curricular activities; however, the fees should be kept to a minimum in order to further equal opportunity for participation regardless of economic status. If fees are to be paid by a student who cannot afford those fees, school officials shall develop options that will allow the student to participate.

25.04.13 Privacy. Students have certain privacy rights regarding school records. To ensure this privacy, WVBE Policy 4350 – Collection, Maintenance and Disclosure of Student Data provides regulations for schools to follow regarding school records. Parent(s)/guardian(s) of students under eighteen years of age are entitled by law to inspect and review their child's school records. This right applies to both custodial and non-custodial parents.

Students have these same rights if they are eighteen years of age or older. A guidance counselor or other school official may be needed to assist in interpreting the information in a student's permanent record file, but their assistance is not required.

If a student or parent/guardian believes that information contained in an education record is inaccurate or misleading or violates the student's privacy or other rights, the student or parent/guardian may request that the records be amended. If the school does not amend the records, a hearing may be requested to challenge the content of the records.

Except in certain instances, school officials may not release information from a student's records without the consent of a parent or guardian, or student if the student is eighteen years of age or older. For example, confidential medical information cannot be released without the consent of the parents or guardians or eligible students' specific written consent. However, under certain conditions, authorized persons or agencies may receive information without consent. For example, if school officials are served with a valid subpoena for student information, the parents or guardians must be provided notice prior to compliance with the subpoena in order that they may voice any objections in the venue that issued the subpoena.

Directory information may be released without seeking prior consent of the parents or guardians unless they refuse to waive consent at the beginning of each school year after receiving notification by the school of their statutory rights under the law.

24.04.14 Protection from Unreasonable Searches and Seizures and Self-Incrimination. Federal and state constitutions and statutes provide protection for all citizens from unreasonable searches and seizures. Although school personnel have more latitude than police officers in this regard, because they do not need search warrants, search and seizures of lockers or students by school officials must still be reasonable, based upon the information known by them at the time of the search. Personal property may be searched by those authorized where there is "reasonable suspicion" to believe that student property contains stolen articles, illegal items or other contraband as defined by law or by local board or school policy.

Students also have a right under federal and state constitutions not to incriminate themselves about a crime when questioned on school grounds by an individual acting in the capacity of a law enforcement official. They are entitled to be informed of their right against self-incrimination if they are in a custodial setting, in other words, they are not at liberty to terminate the interrogation and leave. If a student is under 18 years of age, prior to permitting a student to be questioned by any law enforcement officer, other than a PRO, school personnel shall contact the student's parent/guardian and receive permission for the student to be questioned. Students do not have a constitutional right against self-incrimination when being questioned by school officials or PRO Officers acting under the supervision of school officials who are investigating school related misconduct.

25.04.15 Child Abuse Prevention. Students have the right to grow up without being physically or sexually abused at school, in the home or the community. W.Va Code §49-6A-2 requires teachers, counselors, nurses, or other professionals who suspect that a student is being abused to report the circumstances to the West Virginia Department of Health and Human Resources. Victims of abuse may seek the advice or assistance of a teacher, counselor, nurse, or other school professional. The school professional will assist students in getting needed help to prevent the abuse from recurring.

25.06.12. Partnership Development: Kanawha County Schools are encouraged to establish county agency and organization partnerships with the purpose of providing the county's schools with additional supports and resources to shape behaviors in safe and supportive schools. These partnerships may be both formal and informal.

At the district level, formal partnerships with community service agencies (i.e. law enforcement, behavioral healthcare providers) will be essential to successful implementation of this policy. Specific attention should be given to the development of formal agreements and protocols that ensure coordination between agencies and high quality service delivery to students and their families. At the district level, memoranda of understanding and/or contracts are necessary whenever partner organization representatives interact with students on school property, during the school day or on behalf of the school system. These formal agreements should clearly articulate the types of student interaction that may occur, the roles and responsibilities of all parties involved, procedural operations and resource sharing (i.e. funding, space, staff, data).

At the district level, informal partnerships may be short or long-term commitments that may or may not require written agreements. These partnerships usually involve collaborative groups that form around common mission and goals (i.e., anti-drug coalitions, tobacco control coalitions) to coordinate events, initiatives, resource development/dissemination, service delivery, local partnership development and/or professional development. They do not require formal agency agreements.

Code §18A-5-1a.

Code §18A-5-1a, the principal shall, within twenty-four hours, request that the Superintendent recommend that the student be expelled. For other Level IV violations the principal must suspend the student and may request the Superintendent to recommend that the student be expelled.

25.07.1.7.8.2. Upon receipt of a recommendation that a student be suspended for a period of time in excess of ten school days or expelled, notice of a hearing shall be served upon the student and the student's parent(s), guardian(s) or custodian(s). Such hearings shall conform to relevant constitutional and statutory requirements and shall be scheduled within the ten-day period of suspension imposed by the principal following the informal hearing.

25.07.1.8.3. Upon such recommendation to the board of education or a hearing examiner by the superintendent, the board of education or hearing examiner shall conduct a hearing in accordance with W.Va. Code §18A-5-1a subsections (e), (f), and (g), to determine if the student committed the alleged violation. If the board of education or the hearing examiner finds that the student did commit the alleged violation, the student shall be expelled.

Code §18A-5-1a for a period of either not less than twelve consecutive months or not to exceed one school year, depending on the violation; provided that a county superintendent may lessen the mandatory twelve month period of expulsion if the circumstances of the pupil's case demonstrably warrant such a reduction following the guidelines provided in W.Va. Code §18A-5-1a (i).

25.07.1.8.5. Hearing Examiner's Report. If the Board elects to employ a hearing examiner, as authorized by W. Va. Code §18a-5-1b, the hearing examiner shall also receive evidence that may be relevant to the Superintendent's authority to reduce any period of suspension or expulsion or to provide an alternative education during the period of suspension or expulsion. If warranted, the hearing examiner shall make findings relevant to such evidence. Either the parents or the Superintendent may appeal the Hearing Examiner's report to the Board of Education, within ten days from receipt of such report. In the event of such an appeal, the Board of Education will review the record of the hearing and make a decision within ten days from receiving the record.

25.07.1.8.6. The Superintendent may attempt to establish the student as a "dangerous student" as defined in W.Va. Code §18A-5-1a, at a hearing to determine the expulsion of the student. In the notice to the parent/guardian, the Superintendent shall state clearly whether the Superintendent will attempt to establish the student as a "dangerous student" and will include any evidence to support his claim in this notice of the hearing date and time.

25.07.1.8.7. W. Va. documented in writing by the school, with the documentation provided to the student and parent or guardian at the time of any offense.

25.07.1.8.8. If the board of education or hearing examiner finds that the student is a dangerous student, such student may not be provided alternative education pursuant to the conditions outlined in W.Va. Code §18A-5-1a, but must re-evaluate this decision at least every three months.

25.07.1.8.9. With regard to students with disabilities, nothing in this policy may be construed to be in conflict with the federal provisions of the Individuals with Disabilities Education Act IDEA Amendments of 1997 (Public Law 104-17), or with West Virginia Board of Education Policy 2419, W.Va. §126CSR16 (Regulations for the Education of Exceptional Students).

25.07.1.8.10.

25.08. Guidelines for Suspension and Expulsion.

25.08.1. Suspension is considered a temporary solution to a violation of the Student Code of Conduct until the problem that caused the suspension is corrected. The length of a suspension should be short, usually one (1) to three (3) school days, but may extend to ten (10) school days. Out of school suspension strategies should be used sparingly and shall never deny a student access to instructional material and information necessary to maintain their academic progress. A student is entitled to an informal hearing when faced with a suspension of ten (10) days or less. At this hearing, the principal must explain why the student is being suspended, and the student must be given the opportunity to present reasons why the student should not be suspended. However, a student whose conduct is detrimental to the progress and general conduct of the school may be suspended immediately and a hearing held as soon as practical after the suspension. A student may not participate in any school-sponsored activities, or be permitted on school grounds during the period of suspension without permission of school officials. Other procedures the school must follow when dealing with suspensions are outlined in W.Va. Code §18A-5-1 and §18A-5-1a. Under no circumstances may a student be suspended for more than ten consecutive schools days without having the opportunity for a formal hearing as described in W. Va. Code §18A-5-1a(f)

25.08.2. Any suspension shall be reported in writing to the parent(s), guardian(s), or custodian(s) of the student, by regular United States mail, and to the Superintendent on the same day the suspension is decided upon, and the Faculty Senate at the next meeting after the suspension.

25.08.3. A suspension of more than ten (10) days requires a formal hearing before the board of education of education or a hearing examiner. Procedures the school and county must follow when dealing with suspensions of more than ten (10) days are outlined in W.Va. Code §18A-5-1 and §18A-5-1a.

25.08.4. In the event the principal intends to recommend to the Superintendent that a student be expelled, the principal should make that recommendation to the Superintendent within 24 hours from the time the incident occurs.

25.08.5. The Superintendent, upon recommendation by the principal, may recommend that the board of education or hearing examiner expel a student from school if the student's conduct is judged to be detrimental to the progress and general conduct of the school. In all cases involving expulsion, the student is entitled to formal due process procedures if the board of education agrees to act upon recommendations to expel a student from school. These procedures are outlined in W.Va. Code §18A-5-1 and §18A-5-1a.

25.08.6. W.Va. Code §18A-5-1 and §18A-5-1a require mandatory suspension by the principal and mandatory expulsion for a period of not less than twelve (12) consecutive months by the board of education of education for: possession of a deadly weapon, assault of a school employee, or sale of a narcotic drug. Procedures that must be followed when dealing with an expulsion are outlined in W.Va. Code §18A-5-1 and §18A-5-1a.

25.08.7. According to W.Va. Code §18A-5-1, a teacher or bus driver may exclude from a classroom or bus any student who: is guilty of disorderly conduct; interferes with an orderly education

process; threatens, abuses, intimidates or attempts to intimidate a school employee or student; willfully disobeys a school employee; or uses profane or abusive language toward a school employee. Once a student is excluded from the classroom or bus, the student must be referred to the principal who will take disciplinary action, notify the parent/guardian in writing of the disciplinary action taken, and provide a copy to the teacher or bus driver before the student is readmitted to class or to the bus.

25.08.8. In the event a student has been suspended for twenty days or more, cumulatively, during any school year, the principal will refer the student to the County Student Assistance Team to review the student's disciplinary history and any interventions and strategies employed and to suggest any additional interventions and strategies designed to assist the student in becoming more successful at school. For a student in grades pre-K – 5, the above described review will be provided by the Director of Elementary Schools.

25.08.8.9. 25.35 Enrollment Affidavits. Upon the enrollment of any student (except students who are enrolling in a school for the first time) the student's parent, guardian or custodian must complete an affidavit indicating whether the student is under suspension or expulsion from another school district.

25.09. School Bus Offenses.

2nd Offense – Denial of transportation privileges for remainder of school year.

25.09.4. A student who as been identified as exceptional may not be denied bus transportation if transportation is included on such student's IEP or if the denial of transportation services would result in the denial of educational services, i.e., no alternative means of transportation is available.

25.10. Use of Physical Punishment Prohibited. West Virginia Code §18A-5-1(e) prohibits school employees from using corporal (bodily) punishment on any student. No physical punishment of any kind can be inflicted upon a student. This includes:

25.10.1. hitting or striking a student on their physical person;

25.10.2. requiring physical activity as a punishment (this does not apply to physical activity within the structure and context of extracurricular activities);

25.10.3. use of noxious stimuli (e.g. pepper spray), denial of food or water or other negative physical actions to control behavior; and

25.11.2.1. Restraint shall be limited to the use of such reasonable force as is necessary to address the emergency. Procedures and maneuvers that restrict breathing (e.g. prone restraint), place pressure or weight on the chest, lungs, sternum, diaphragm, back, neck or throat, or may cause physical harm are prohibited.

25.11.2.2. Restraint shall be discontinued at the point at which the emergency no longer exists.

25.11.2.3. Restraint shall be implemented in such a way as to protect the health and safety of the student and others.

25.11.2.4. Restraint shall not deprive the student of basic human necessities.

25.11.2.5. Appropriate (intended use) utilization of mechanical restraints such as seat belts or feeding tables when applied for their intended purpose is not prohibited; however, the application of mechanical restraint is prohibited as an intervention or consequence for inappropriate behavior.

25.11.3. School employees and/or independent contractors who, as determined by the principal, may need to use restraint shall be provided training according to the following requirements:

25.11.3.1. A core team of personnel in each school must be trained annually in the use of a nationally recognized restraint process. The team must include an administrator or designee and any general or special education personnel likely to use restraint;

25.11.3.2. Personnel called upon to use restraint in an emergency and who have not received prior training must receive training within 30 days following the use of restraint if the principal determines that there is a reasonable likelihood that the situation leading to the use of restraint will reoccur;

25.11.3.3. Training on use of restraint must include prevention and de-escalation techniques and provide alternatives to the use of restraint;

25.11.3.4. All trained personnel shall also receive instruction in current professionally accepted practices and standards regarding behavior interventions and supports;

25.11.4. Comprehensive documentation and immediate notification on use of restraint is required. In a case in which restraint is used, school employees, volunteers and/or independent contractors shall implement the following documentation requirements:

25.11.4.1. Immediately following the use of restraint (within one hour) - The principal or designee must be provided verbal and written notification that restraint was used on a given student with a description of the restraint process used.

25.11.4.2. Same day - A good faith effort shall be made to verbally notify the parents/guardian regarding the use of restraint.

25.11.4.3. Within one school day - Written notification of the use of restraint must be placed in the mail or otherwise provided to the parent/guardian.

25.11.4.5.6. Documentation of all parental contact and notification efforts.

25.12. Searches.

25.12.1. Searches of Students. Under ordinary circumstances the search of a student by a teacher or other school official is permitted, if there are reasonable grounds for suspecting that the search will turn up evidence that the student has violated or is violating either the law or rules of the school. The extent of the search must be reasonably related to the objectives of a search and not excessively intrusive in light of the sex of the student and nature of the infraction. However, "strip searches" are not permitted under any circumstances. Any searches of students will be conducted in the presence of an adult witness. Any contraband property discovered as a result of a search may be confiscated.

25.12.2. Car Searches – A student's car, while on school property, is subject to search by a teacher or other school official if there are reasonable grounds to suspect that the search will turn up evidence that a student has violated or is violating either the law or rules of the school. A student's locker may be searched if there are reasonable grounds to suspect that the search will turn up evidence that a student has violated or is violating either the law or rules of the school. Such searches will be conducted in the presence of an adult witness. Furthermore, by accepting a locker a student shall be deemed to have consented to the periodic inspection thereof. The school principal shall retain keys to all lockers in order to affect such inspections.

25.12.4. Canine Assisted Locker/Facility Inspections. School principals are authorized to arrange for the use of canines that have been trained in the detection of unlawful drugs or explosives to assist in periodic inspections of student lockers, other school facility areas or grounds. Any unlawful drugs or explosives that are discovered as a result of a canine assisted inspection may serve as a basis for student disciplinary action under the terms of this policy. Only with the specific permission of the Superintendent may canines be used to conduct random searches of students.

25.13. Cooperation with Law Enforcement. Police have the responsibility to enforce laws in order to protect all citizens. Police can enter schools if they suspect a crime has been committed, if they have a warrant for an arrest or search, or if their assistance has been requested by school officials. It is the duty of the school officials, teachers, and students to cooperate with the police and each other to ensure that the rights of all involved persons are respected.

Prevention Resource Officers (PRO): PRO Officers are certified police officers, working as fulltime officers who have been assigned to work fulltime within a public school during the school year. The PRO Officer's duties, salary and other conditions should be determined through an agreement with the county board of education and the PRO Officer's authorized police department. The principal is the PRO Officer's immediate supervisor while the officer is present in the school. There may be a time when, during the course a PRO Officer's duties, the officer's position as a law enforcement officer would take precedence.

Police Conducting an Investigation in the School: During a criminal investigation, if a student is to be questioned by the police, or by school officials in the presence of the police, the school administration should cooperate with the police and help to ensure that the privacy of the student is protected. If a student is under 18 years of age, prior to permitting a student to be questioned by any law enforcement officer, other than a PRO, school personnel shall contact the student's parent/guardian and receive permission for the student to be questioned. The police officer shall determine if and when the use of restraints is necessary to control an unruly student to prevent the student from harming him/herself or others.

25.14. Complaint Procedures.

25.14.1. All violations of the Student Code of Conduct observed by school employees or by students must be reported to the principal or assistant principal for appropriate action to be taken as specified in this policy. Failure on the part of an employee to report a violation of this policy may be addressed by way of West Virginia Board of Education Policy 5310, W.Va. Code §126CSR142 (Performance Evaluation of School Personnel) or the evaluation of a service personnel. The Superintendent may also recommend such disciplinary action as may be deemed appropriate, up to and including termination, for failure by an employee to report and take appropriate action for violations of this policy.

25.14.2. Any person who believes he or she has been the victim of a Student Code of Conduct violation or any person with knowledge or belief of conduct which may constitute a violation of the Student Code of Conduct may report the alleged acts immediately to the principal or assistant principal. Nothing in this policy shall prevent any person from reporting violations directly to the county superintendent, as appropriate, to the West Virginia Human Rights Commission, or to a law enforcement agency.

25.15. Investigation Procedures.

25.15.1. The principal or assistant principal, shall, upon receipt of a report or complaint, immediately undertake or authorize an investigation. The investigation may be conducted by school/school system officials.

25.15.2. The investigation must, at a minimum, consist of personal interviews with the complainant, the individual(s) against whom the complaint is filed, and others who may have knowledge of the alleged incident(s) or circumstances giving rise to the complaint. The investigation may also consist of any other methods and review of circumstances deemed pertinent by the investigator. When any student is to be interviewed in connection with an investigation pursuant to a Level IV violation, a reasonable effort shall be made to contact the student's parent, custodian, or guardian and invite them to be present during such interview, provided that such parental notification would not compromise the investigation or school/student safety. Parental notification is encouraged at Levels II and III and discretionary at Level I.

25.15.3. The principal shall immediately take such reasonable steps as necessary, to protect the complainant, students, teachers, administrators or other personnel pending completion of an investigation of an alleged policy violation.

25.15.4. The principal shall determine whether the alleged conduct constitutes a violation of this policy.

25.15.5. In determining the appropriate response and/or punishment for a Level I, II, or III violation, the principal and the superintendent should consider the surrounding circumstances, the nature of the behavior, past incidents or continuing patterns of behavior, the relationships between the parties involved and the context in which the alleged incidents occurred. Whether a particular action or incident constitutes a violation of this policy requires a determination based on all the facts and surrounding circumstances.

25.15.6. The investigation will be completed as soon as practicable but no later than ten school days following the reported violation, unless permission has been requested and granted by the West Virginia Department of Education to extend the investigation period. The principal shall make a written report upon completion of the investigation. The report

shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy. If a student is suspended as a result of the investigation, the principal shall report the suspension to the Superintendent.

25.15.7. The result of the investigation of each complaint filed under these procedures will be reported in writing to the complainant or his/her legal guardian by the principal.

25.15.8. Confidentiality of the filing of complaints, the identity of subjects and witnesses of any complaint and of any action taken as a result of such complaint is essential to the effectiveness of this policy. Only those individuals necessary for the investigation and resolution of the complaint shall be given information about it. Therefore, the right of confidentiality of complainants, subjects, witnesses, and investigators will be vigorously protected and violations of such confidentiality may itself be grounds for disciplinary action.

25.16 Action and Reporting.

25.16.1. Upon receipt of a report substantiated by staff observation or by the investigation, the principal, and the superintendent will take appropriate action against those found to have violated this policy pursuant to W.Va. Code §18A-1-1 and §18A-5-1a.

25.16.2. The principal or superintendent shall also initiate such other action as is appropriate to ease tensions and to affirm the values of respect and understanding.

25.16.3. The principal, superintendent or designee shall immediately enter the required disciplinary data into the West Virginia Education Information System (WVEIS) in order to file the required information with the West Virginia Department of Education of all substantiated reports of all violations of the Student Code of Conduct.

25.17. Reprisal.

25.17.1. It shall be a violation of this policy for any student to retaliate against any person who is involved in any disciplinary action against any student. The principal shall take appropriate action such as in-school suspension, out of school suspension, referral to County SAT for possible placement in alternative school, or expulsion against any student who retaliates against any person who reports alleged violations or any person who testifies, assists or participates in an investigation, or who testifies, assists or participates in a proceeding or hearing relating to such violations. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.

25.17.2. It shall also be a violation of this policy to file a false report concerning a violation of this policy. The principal will take appropriate action against any student, administrator or other school personnel who falsely reports violations of this policy.

25.18. Right to Alternative Complaint Procedures.

25.18.1. These procedures do not deny the right of any individual to pursue other avenues of recourse which may include filing charges with the West Virginia Human Rights Commission, initiating civil action or seeking redress under the state criminal statutes and/or federal law.

25.19. Dissemination of Policy and Training.

25.19.1. This policy or a summary shall be conspicuously posted throughout each county's/school's facilities in areas accessible to students and staff members such as classrooms, hallways, cafeteria, offices, gymnasiums, locker rooms and common areas.

25.19.2. This policy, or a summary, shall appear in the student handbook and if no handbook is available, a copy will be distributed by school personnel to all students, faculty, staff and parents. A copy of this policy may also be obtained through Kanawha County Schools' website.

25.19.3. When a student enters middle/junior high/high school for the first time, the student and his/her parent/guardian will be requested to sign and return a contract agreeing to abide by the stipulations in the policy and consequences associated with violations.

25.19.4. At the commencement of each school year all students and their parents shall be provided with copies of a school's code of conduct. Students who transfer into a school during the course of a school year and their parents shall also be provided with copies of a school's code of conduct. Each year students shall be required to sign a statement acknowledging that they have read the code of conduct or have had it read to them and that they understand the code of conduct and the consequences of a violation.

25.19.5. Training for students and staff on these regulations and on means for effectively promoting the goals of this policy will be developed and implemented. The implementation plan shall be developed collaboratively with input for all stakeholders, including, but not limited to, parents, business leaders, community organizations and state and local agencies. This will be accomplished through discussions in classrooms and at grade level large group meetings will be held at the beginning of the school year to raise the awareness of the different types of Student of Conduct violations and how they are manifested, their devastating emotional and educational consequences, and their potential consequences. Each student will sign an acknowledgement verifying participation in the Code of Conduct training. The Kanawha County Board of Education shall review this policy at least tri-annually for compliance with state and federal law and West Virginia Board of Education policy.

SECTION 504 INFORMATION

Section 504 of the Rehabilitation Act insures that the education system provides services necessary for a student with disabilities to participate in and benefit from public education programs and activities. Section 504 allows for modifications and accommodations for a student with disabilities. Section 504 is designed for those students having any physical or mental impairment that substantially limits one or more major life activities including seeing, hearing, walking, and learning. Section 504 is not an aspect of special education but is the responsibility of the regular education system to provide accommodations and modifications for eligible students. Students who have physical or mental disabilities that limit the ability to access and participate in the education program are entitled to rights (protection) under Section 504. Students who qualify for Section 504 modifications receive a Section 504 Plan, which is a written document describing the student's needs and the way the school district plans to meet those needs. The 504 Plan documents the modifications and accommodations necessary for the student to access the educational program, services related to the impairment, instructional methods, and/or equipment which are needed for the eligible student. The Section 504 Plan is written to provide a more successful experience in school. For further information, contact the Section 504 school coordinator at your school. Parents may also contact the Board Office at 348-7770.

CITIZEN APPEAL PROCEDURE

The West Virginia Board of Education has created a Citizen Appeal procedure to allow citizens to work with county boards of education and administrators to solve problems at the lowest possible administrative level. A Citizen Appeal is a claim by one or more citizens of a violation of state law or a state board of education policy, rule or regulation. The written appeal will identify the specific state law or policy alleged to be violated. Copies of the state board’s policies are available for review at the central office.

Citizen Appeals are not applicable to any situation where the county board is without authority to act or where the method of appeal is specifically established by law, such as appeals regarding the placement of exceptional children. Personal complaints against school employees and other complaints not governed by the Citizen Appeal procedure must be resolved through the Citizen Complaint procedure.

The Citizen Appeal procedure requires citizens and parents to first informally discuss their concerns with the proper administrator, usually the school principal or the supervisor/ director at the county office, prior to filing a formal appeal. If the matter cannot be resolved informally, the administrator shall provide the citizen with the proper appeal form.

The procedure has four levels: 1) the principal or school administrator; 2) the county superintendent of schools; 3) the board of education; and, 4) the state superintendent of schools. There are prescribed time lines and provisions for written responses, representation and conferences/hearings. Copies of the procedure and forms are available at the Office of the State Superintendent of schools, the central office and each school.

SCHOOL HEALTH SERVICES

A certified school nurse is assigned to your child's school and is there on a regular schedule. The school nurse checks all students and makes recommendations for any needed corrections to keep students healthy and in school. The school nurses work with parents and health care providers to insure that a student's health needs are adequately met during the school day. It is important that the Student Emergency Health Information form, which your child brings home at the beginning of the school year, is completely filled out and the school nurse is informed of any health conditions that could impact on your child's education. The school nurse should also be informed of any health concerns for your child that occur during the school year.

Students suspected of having a communicable disease will not be admitted to class until cleared by the school nurse. It is the parents' responsibility to get their children home if they should become ill at school. Parents must make arrangements for this type of emergency. School facilities do not enable us to care for a sick child longer than it takes to notify parents. Medical and dental appointments should be made after school hours or on days when schools are closed if at all possible. If your child is running a fever of 100° or more, is vomiting, has diarrhea or has the symptoms of a communicable disease, you are responsible for arranging transportation to be take the child home immediately. A student must be fever free and have no vomiting or diarrhea for twenty-four hours prior to returning to school. The school should be provided with at least three emergency contact names and phone numbers so someone can be contacted promptly when your child is ill or shows symptoms of a communicable disease.

STUDENT INSURANCE PROGRAM

Group student insurance is available through your school. This is the economical group insurance program selected by your school officials for your child’s protection. Contact your school for information.

Kanawha County Schools Health Services
Pediculosis (Head Lice) Procedures on Screening

Kanawha County Schools Health Services, in cooperation with Kanawha Charleston Health Department, and in accordance with the American Academy of Pediatrics and the National Association of School Nurses, has determined that “no-nit” policies are ineffective in controlling out breaks of head lice. Therefore, students found to have nits, after being treated for head lice, will no longer be excluded from the classroom. Students with infestations of live lice will be sent home and must be treated before returning to the classroom.

School Responsibilities:

- 1. Keep coats and jackets separated
- 2. Sweep all carpeted areas daily
- 3. Prohibit dress up hats or wigs in the classroom
- 4. Personalize towels or mats that are used for naps and store them so they aren’t touching
- 5. Have two persons in the building trained by the school nurse to check for live lice infestation
- 6. Notify parent of head lice infestation. Provide parent with head lice treatment letter and head lice management information.

School Nurse Responsibilities:

- 1. Train designated persons to screen for head lice.
- 2. See that schools have copies of the head lice treatment letters and head lice management information sheets.
- 3. Work with parents of students with chronic re-infestations to educate them regarding head lice management.
- 4. Upon request, provide information for students and staff about lice and lice management

Parent Responsibilities:

- 1. Arrange, if possible, for an infested student to be transported home
- 2. Appropriately treat student with a pediculocide, remove nits, treat other infested family members and do all appropriate house cleaning to rid the house of possible

- head lice infestation.
- 3. Check children periodically for signs of head lice. Notify the school if you determine that your child has head lice.

If a student is identified as being infested, that student's siblings, locker partners and close playmates should be checked. Confidentiality of infested students will be maintained at all times. After a child is sent home with a case of head lice, and the parent/guardian is informed of the treatment policy, a maximum of two excused absences will be allowed to complete the treatment process.

It is ineffective and inefficient to check an entire school population for head lice.

The Lead School Nurse, in collaboration with the Kanawha Charleston Health Department, may temporarily enforce stricter exclusion rules for situations of serious and wide spread head lice infestation.

GENERAL NOTIFICATION FOR ASBESTOS MANAGEMENT PLAN

TO: Employees, Students, Parents, and Teacher Organizations

SUBJECT: Asbestos Management Plan

As you know, the Kanawha County School system is committed to maintaining a safe and healthy learning environment for all children in our schools. Building materials, known as “asbestos”, which may pose a health problem, have been identified in our schools.

Kanawha County Schools, in keeping with our commitment to provide a safe school environment, is identifying all asbestos in the schools in compliance with the Asbestos Hazard Emergency Response Act. This information has been placed in the school's Asbestos Management Plan and may be reviewed in each school.

In recent years, Kanawha County Schools has removed friable asbestos-containing material from several schools. Some asbestos-containing material will be rendered non-friable by the use of encapsulating materials or simple repairs. The response action section of this plan addresses this type of corrective work. Efforts will be continued as needed to provide a safe environment for all students, staff, and public. These efforts include the following:

- Six month periodic surveillance
- Three year re-inspection
- Emergency repairs as required

Kanawha County Schools’ plan for asbestos control is on record in the United States Environmental Protection Agency and with the West Virginia Department of Education.

PERIODIC INSTRUCTION

School principals, teachers and bus operators shall work cooperatively in instructing all school pupils with these regulations governing transported pupils. Special emphasis should be given toward pupil discipline while being transported on curricular and extracurricular trips. The county board of education shall furnish a copy of the above regulations to the following persons: superintendent, principals and teachers of schools where pupils are transported, director of transportation, bus operators, attendance directors, and parents.

BE A STAR PLAYER

The driver will be responsible for the orderly conduct of his passengers. While on the bus, the pupil is under the authority of and directly responsible to the bus driver. Pupils shall conduct themselves on the school bus as they would in the classroom except that reasonable conversation is permissible.

The right of pupils to ride in the conveyance is conditioned on their good behavior and observance of these rules. Bus operators shall enforce the rules.

Should any passenger persist in violating any of these rules or regulations, after due warning has been given by the operator, such disobedient passenger shall then be forbidden by the operator the privilege of further transportation on a school bus until permission has been restored. Written notice of the action of the operator shall be furnished the parent through the school but such notice need not precede action by the operator.

In order to resolve some of the student discipline problems, the following procedures have been established.

(1) Any student who cuts a school bus seat or damages a school bus in any way will lose all transportation privileges until a conference is held involving the student, parent or guardian, driver, principal, and supervisor. When the school system has been monetarily reimbursed for the damages and been given assurances from both parent and student of no further violation, transportation privileges will be restored. A second offense within the same school year will result in the loss of all transportation privileges for the remainder of the school year. The cost of repairs to the bus to cover the damages by the student will be defrayed by the parent or guardian, up to a maximum of \$5,000 as provided by state law.

(2) Any student who uses tobacco of any type on the bus will be expelled from all bus transportation privileges until a conference is held involving the student, parent or guardian, driver, principal, and supervisor. When the school system has

been given assurances from both parent and student of no further violation, transportation privileges will be restored. A second offense within the same school year will result in the loss of all transportation privileges for the remainder of that school year.

(3) If conditions require a bus to be removed from a run as a result of extensive vandalism or student conduct, it will be removed from the run until the situation can be corrected. This includes regular bus runs, vocational, extra-curricular, and other trips necessary for the operation of the school system. Parents will be notified immediately of the corrective measures taken to assure the safety of every Kanawha County student. Bus runs will not be reinstated until such a time as we can guarantee a safe trip to and from school for the students and drivers.

KNOW THE TEAM SIGNALS

GETTING ON AND OFF THE BUS

• Help the driver maintain the schedule by being ready and waiting at the bus stop at the scheduled arrival time. Too frequent stops and unnecessary waiting increase traffic congestion. They are unfair to other highway users and multiply hazards for the bus and its occupants.

• It is the responsibility of the parent to have the student at the designated bus stop at the scheduled time for bus arrival and on the proper side of the roadway (except in cases where the safety of the student involved may be jeopardized, the proper side of the roadway shall mean the side of the road on which the bus is traveling).

• It is the responsibility of the parent to provide supervision at all bus stops until the bus arrives.

• If it is necessary for you to wait for the bus on the left side of the road, wait until the bus stops and you get a signal from the driver before crossing the highway to get on the bus.

• Wait for the driver's signal before crossing highway.

• Walk quickly – don't loaf, you may be holding up traffic.

• Use caution in crossing road after getting off the bus. Some drivers may not observe the rules.

• Avoid crowding or pushing when getting on or off the bus.

• Students, employees, and/or any other passengers shall be required to use the handrail when getting on or off the school bus.

• Students will not be allowed to board the bus with skate boards, animals, reptiles, laser lights, etc. Loose objects, toys, pencils, and pens will be kept in a book bag.

• Highly flammable materials, fire arms, explosives, aerosol cans and other objects of a dangerous or objectionable nature are prohibited.

PLAY YOUR POSITION

RIDING THE BUS

• Take the seat assigned by the driver, or if not assigned to a seat, go to the rear of the bus if you are the first to get on.

• Take your seat as soon as you get on the bus. Please do not stand!

• Share your seat with other pupils. Every effort is being made to fill buses to their capacity to make our service as efficient as possible.

• Keep head, hair and limbs inside bus windows at all times.

• Do not throw anything in the bus or out of the open window.

• Do not eat or drink on the bus.

• Talking quietly is permitted. At intersections and at railroad crossings there is to be no talking.

• Pupils shall be held responsible for vandalism that occurs to the seat in which they ride or are assigned. (If damage is found, report if promptly to the bus operator.)

• Do not transport band instruments to and from school by school bus unless absolutely necessary. Any item too large to conveniently hold on lap or between feet is not permitted.

KINDERGARTEN, 1ST AND 2ND GRADE KANAWHA COUNTY SCHOOL BUS IDENTIFICATION SAFETY TAG PROGRAM

West Virginia State School Bus Transportation Policies and Procedures Manual (4346) requires County School Systems to formulate a policy to assure that a young child's guardian be at the bus stop for pickup and delivery of his/her child. The Kanawha County School Bus Identification Safety Tag Program will meet this state requirement.

Each parent of transported kindergarten, 1st and 2nd grade students MUST complete their portion of the Kanawha County School Bus Identification Safety Tag Form and return it to the appropriate teacher. Kindergarten, 1st and 2nd grade teachers must maintain a copy of this form and provide the Transportation Department with the original. The Pupil Transportation Department will make sure the correct bus terminal supervisor receives a copy of all forms. The terminal supervisor must provide the appropriate bus driver(s) a copy of the form.

Pursuant to a new rule under State Policy 4336 (4.1.2.) – parents are responsible for providing supervision for all K-3 students at all bus stops until the bus arrives for both pickup and delivery.

It takes a team effort on the part of each Kindergarten, 1st and 2nd grade student, parent, teacher, principal, supervisor and bus driver to make sure each child is transported safely while not compromising security.

USE OF THE TELEPHONE

Pupils are not permitted to use the school telephone except in emergencies. Nor are pupils called to the telephone, except in emergencies. Messages will be relayed from the office to pupils if they are of an emergency nature. **The school office should not be expected to deliver messages that could have been handled before leaving the home in the morning.**

Make rainy day and snow day plans ahead of time with your child. It is not possible to allow each child to phone home for instructions. Discuss the plan in advance with your child.

We would ask that parents refrain calling the school during lunch period, unless there is an emergency, as office personnel are usually involved with supervising the lunchroom.

CHILD NUTRITION

If children are to perform to the best of their ability, it is very important from them to have a healthy breakfast and lunch. We encourage each and every student to eat in our school cafeterias daily. The Healthy Hunger Free Kids Act will be followed in the school year 2019-2020. Our menus will feature an assortment of fresh fruits and vegetables, whole grain breads, school made dressings, and lower fat dairy items daily. Our salad bars feature many locally grown vegetables, including fresh romaine lettuce, cucumbers, and carrots. We will continue to reduce the usage of processed main entrées and evaluate student preferences each month. Suggestions are always welcome.

COST OF SCHOOL MEALS

All Kanawha County Schools currently offer one free breakfast and one free lunch to all students, thanks to the Community Eligibility Program (CEP) offered through the **U.S. Department of Agriculture**.

• Learn how to get off the bus in case of emergency. Your driver will have practice drills.

A copy of the rules and regulations that are posted on each bus are included. Please review them thoroughly!

TRACKING SYSTEMS FOR PUPIL TRANSPORTATION

Kanawha County School buses may be equipped with the use of digital video/audio recording systems, Global Positioning Systems (GPS), and/or student tracking systems for the purpose of reducing disciplinary problems, improving security, and providing for safer transportation for the general wellbeing of students and employees.

BUS BEHAVIOR REPORT

A Bus Behavior Report may be delivered to the parent/guardian by their child. The report must be signed and returned to the school bus driver the following school day. Failure of student to return the Bus Behavior Report will result in further disciplinary action.

SCHOOL CLOSING REPORTS

Information about the closing of Kanawha County Schools for inclement weather may be communicated by radio and television stations.

A Wide Area Rapid Notification system (Blackboard) is being implemented for phone notification of emergencies including school closing information. **It is very important that the phone numbers (home, work, cell phones, etc. are correct at your child's schools.**

Parents, employees, and students, are asked not to call the radio and television stations, the schools or the police department. Lines must be kept free. Make rainy day and snow day plans ahead of time with your child. It is not possible to allow each child to phone home for instructions. Discuss the plan in advance with your child.

When schools are closed for the day (or when schools are to be closed early) all regular, night, and alternative classes, extra-curricular activities, vocational education and community education classes scheduled for the morning or evening will be canceled.

When schools are opened two hours late; (for example, if school normally starts at 8:15 delayed starting time would be 10:15) all pre-school, which includes Head Start, LEAP and Full Start will be canceled. All morning vocational classes will also be canceled. Announcements about changes in bus schedules and routes will be made by 8:00 a.m.

New lockdown procedures are followed by each facility in order to provide a safe environment for students and staff.

ELEMENTARY EARLY DISMISSAL PROCEDURE

In the event school must be closed or dismissed early due to bad weather or other emergency, have you made plans to insure that your child has a safe place to go? It is impossible to allow the children to call when the buses are waiting to leave. A procedure and plan needs to be developed now to insure the safety of our children. Please fill in the bottom part of this letter and return to school immediately.

Discuss this plan with your child to be sure he/she understands. Everyone needs an alternate plan. Maybe you are always home, but on this day you have a doctor's appointment. Make an alternate plan now. For example, if you child comes home early and you are not there, he/she will go to Aunt Jane's next door. Emergencies do happen. Let's be ready.

In summary, make your plans; discuss them with your child. Be sure he/she understands. Return your plan to the school so that we will know where the child is supposed to go and so the teacher can help any child who forgets where they should go. Staying at school is not an option, the building will be closed.
