

# REYNOLDS HIGH SCHOOL

## AP Summer Work

Dear Parent/Guardian:

Thank you for signing up to take an Advanced Placement course(s) for the 2019-2020 school year. The AP program at Reynolds teaches students to challenge their abilities, to study subjects in great detail, and to develop reasoning and analytical skills. In addition, AP courses and exams prepare students for the rigorous demands of college. In order to get through a year of college level coursework, most courses have summer assignments.

Books will be available for checkout beginning May 30<sup>th</sup> from the library. After the last day of school please check out your book in the main office of RHS from 9AM – 2PM Monday through Thursday. Library accounts must be in good standing to check out books. Join the following Schoology courses to find the summer assignments. If you have questions or encounter difficulties, please contact Ms. Archie via email at [darchie@rsd7.net](mailto:darchie@rsd7.net)

\*To find your summer work join the correct Summer Session course. Go to the Reynolds Schoology site from the RSD website by clicking on students, then click Schoology. You can also go to <https://reynolds.schoology.com>. Once in Schoology go to My Courses then click on Join Courses. Enter code below to join course.
