## INTRODUCTION TO CEDARS

The Comprehensive Education Data and Research System (CEDARS) is a longitudinal data system that will allow Washington's Office of Superintendent of Public Instruction (OSPI) to collect, store and report data related to students, courses, and teachers in order to meet state and federal reporting requirements and to help educators and policy makers to make data driven decisions. CEDARS replaced the former data collection tool used by OSPI, the Core Student Record System (CSRS), in September 2009.

### PUBLICATION PROCESS

CEDARS Data Manuals and supporting documents are published and changes put into the system at regular intervals. The following dates will be used for both publishing minor changes to the data manual (including all supporting documents) as well as updating the CEDARS system to accommodate those minor changes.

Version	Activity	Date	Publishing and System Changes Notes
<b>Version 1</b>	Original	March	Data Manual, Appendices, Course Code List, and Reporting Guidance*. <i>*Reporting Guidance may be posted for the first time at a later date.</i>
<b>Version 2</b>	1st Update	September	When CEDARS is rolled-over to the new school year. At a minimum to accommodate new program codes.
<b>Version 3</b>	2nd Update	January	At a minimum to accommodate new program codes.
<b>Version 4</b>	3rd Update	April	Final version. At a minimum to accommodate new program codes.

### CEDARS SUBMISSIONS

It is expected that Washington State Public School Districts will continually strive to consistently report the highest quality and most complete data possible for Students, Staff and Courses to the CEDARS data collection system. However, a minimum submission expectation has been developed to establish accountability and enforcement. This minimum submission expectation is for the sole purpose of determining when and where OSPI may enforce WAC 392-117-038. At regularly published dates within each school year, specific program activities will utilize data from CEDARS which may require more rigorous submission expectations. It is possible for a District to satisfy this minimum expectation yet fail to provide the quantity or quality of data needed for program area reporting. If a district chooses to only meet this minimum submission expectation, they are accepting the risk of failing to meet other more specific expectations by program area reporting.

#### CEDARS minimum submission expectations:

No later than the 15<sup>th</sup> of each month between October and June every Washington State Public School District will successfully complete a CEDARS submission resulting in Student, Staff and Course data being fully loaded into CEDARS without errors. Each subsequent monthly

submission will demonstrate an effort to improve the quality and completeness of the District CEDARS submission data.

This minimum submission expectation purposefully does not set a standard for the initial quantity or quality of data, but focuses on the demonstration of willingness and ability to successfully load some data into CEDARS followed by continuous improvement. It is not the intent of this minimum submission expectation to penalize any district working towards full, complete and accurate CEDARS submission. It is the intent of this minimum submission to hold accountable any district unwilling or unable to successfully load into CEDARS by October 15<sup>th</sup> any Student, Staff and Course data.

#### Examples

1. District A1 having 1,000 enrolled students and 50 teachers offering 50 courses. On October 1<sup>st</sup>, District A1 submits a CEDARS file that results in 990 students, 49 teachers and 49 courses all failing validations and placing the submission into a 'Logical Delete' pending state.
  - a. Prior to October 15<sup>th</sup> District A1 submits a new CEDARS file that corrects the majority of validation errors and passes the 'Logical Delete' threshold. As a result 990 students, 49 teachers and 49 courses are loaded without errors into CEDARS. The minimum submission expectation is satisfied.
  - b. Prior to October 15<sup>th</sup> District A1 overrides the 'Logical Delete' hold and as a result, 10 students, 1 teacher and 1 course are loaded without errors into CEDARS. The minimum submission expectation is satisfied.
  - c. District A1 does nothing with this submission and does not make any other submission prior to October 15<sup>th</sup>. The minimum submission expectation is NOT satisfied and OSPI may enforce WAC 392–117–038.
2. District A1 from example 1 above having met the minimum submission expectations by override of 'Logical Delete' threshold (1a):
  - a. Submits a new CEDARS submission by November 15<sup>th</sup> that results in additional students, teachers and courses loading without errors into CEDARS. The minimum submission expectation is satisfied.
  - b. Does NOT submit a CEDARS submission by November 15<sup>th</sup>. The minimum submission expectation is NOT satisfied and OSPI may enforce WAC 392–117–038.
  - c. Submits a new CEDARS submission by November 15<sup>th</sup> that results in a 'Logical Delete' hold and no data is loaded to CEDARS. The minimum submission expectation is NOT satisfied and OSPI may enforce WAC 392–117–038.

#### DATA SECURITY

The data files are transmitted to OSPI securely via Secure File Transfer Protocol, SFTP. Data is sent in an encrypted format as part of the file transfer process. Further details regarding data security and the SFTP process can be found in the OSPI Security Guidelines or by contacting OSPI Customer Support at 1-800-725-4311 or [CustomerSupport@k12.wa.us](mailto:CustomerSupport@k12.wa.us).

## CEDARS DATA FILES

There are **twenty (20)** files that will be submitted each time a district submits data. Each file is made up of data elements pertaining to students, staff, courses and locations. In this document, we have attempted to simplify the naming convention for files and/or data elements by assigning each file a letter and each data element a number (1–99). As we refer to specific data elements throughout the document, we will provide this reference letter and number to better guide you to the element definitions. Below is a list and brief description of the files.

### DATA FILES AND DESCRIPTIONS

#### 1. Location File (A)

This file contains information about each district with an OSPI assigned County–District Code and each school within the district. Each of the district's schools with enrolled students will be reported in this file using the OSPI assigned school code. Additional district and school information will continue to be collected through the Education Data System (EDS) Profile. This CEDARS file is necessary to link data between all CEDARS files. Placeholder records that districts may use for programs or sub–sets of schools should not be reported in this file.

#### 2. District Student File (B)

This file contains the record(s) for each served student's enrollment occurrences in the district during the current school year. Multiple records within one district, along with the basic demographic data associated with the student, will be necessary if the student enters, exits, and re–enters a district. These entry and exit dates may not overlap for an individual student.

Children aged birth through two receiving services through an Individualized Family Service Plan (Early Childhood kids served in Special Education) must be included in CEDARS submissions.

#### 3. School Student File (C)

This file consists of a record(s) for each student of the enrollment data associated with each entry and exit for every school that served the student within the current school year. A student should have a record for each enrollment. Multiple enrollment records within one school will be necessary if the student enters, exits and re–enters a school. Entry and exit dates may not overlap for individual students.

#### 4. Course Catalog File (D)

This file is a catalog of all courses for all grades in the current school year offered at each school in the district. There should be one record for each course offered at each school within the district. For example, if Eng101 is offered at two schools, there would be two records in this file for Eng101, one for each school in the district offering the course.

#### 5. Student Schedule File (E)

Schedules for each student in grade PK through grade 12 will be provided in this file. Include all courses attempted for the student during the current school year up to point of data submission. All students reported in File (E) must have a corresponding enrollment record reported for them in School Student File (C) at the same school. Records will be rejected if there is no corresponding enrollment record in School Student File (C) for that school.

All courses reported in File (E) must have a corresponding course record reported for them for the same school in Course Catalog File (D). Records will be rejected if there is no corresponding course record at that school in Course Catalog File (D).

6. Staff File (F)

This file contains information about district staff teaching a course or assigned to a homeroom for the current school year in grades PK–12. There should be one entry for each staff type for each staff member. If a staff member serves more than one school, then that information is captured in the Staff Schedule File G. Data for long term substitutes must be submitted. A long term substitute is defined as a certificated teacher who serves in a substitute capacity for four or more consecutive weeks, twenty (20) or more school days, in a single assignment.

7. Staff Schedule File (G)

Schedules for each staff member in all grades PK–12 teaching a course or assigned to a homeroom will be detailed in this file. The Staff Schedule File will include all teachers and the courses taught by teachers in the current school year. Data for long term substitutes must be submitted. A long term substitute is defined as a certificated teacher who serves in a substitute capacity for four or more consecutive weeks, twenty (20) or more school days, in a single assignment.

All staff reported in File (G) must have a corresponding staff record reported for them in Staff File (F). Records will be rejected if there is no corresponding staff record in Staff File (F).

All courses reported in File (G) must have a corresponding course record reported for them for the same school in Course Catalog File (D). Records will be rejected if there is no corresponding course record at that school in Course Catalog File (D).

8. Student Grade History File (H)

This file contains all high school credit courses where credit was attempted for every student served during the current school year, including those students who exit the school. Final grade and credit information for each course must match what will appear on the student's transcript. Each student's entire grade history must be submitted. Grade history records for courses the student received from schools outside the serving district should be reported using a LocationID of 9999 within Element H26 – School Code.

9. Student Attributes and Programs File (I)

This file contains information for students participating in/receiving services from specific programs, eligibility for Free/Reduced Meal participation and individual student attributes. A record must be submitted for each program, service or attribute the student participates in or is identified with.

All students reported in File (I) must have an enrollment record reported for them in School Student File (C). See the business rules for each code in Appendix F for exact business rules for each code.

10. English Learners File (J)

This file captures information unique to those students who are receiving services or tested but did not qualify for:

- State Transitional Bilingual Instruction Program (STBIP) services
- English Language Development services for Native American students under Title III

There should be at least one entry for each student identified for the current school year. For example, if a student enters, exits and re-enters the State Transitional Bilingual Instruction Program (STBIP), there should be two entries to reflect these two separate enrollments into the Program.

Only placement test data is to be reported in this file. This file is not intended to collect annual test data for students.

#### 11. Student Special Education Programs File (K)

This file captures program information unique to the Special Education Program. There should be one entry for each student per enrollment into the program for the current school year per location. For example, if a student enters, exits and re-enters the Special Education Program, there should be two entries to reflect these two separate enrollments into the Program.

All students reported in File (K) must be reported as having a disability in Student Attributes and Programs File (I). Records will be rejected if there is no corresponding enrollment record in Student Attributes and Programs File (I).

#### 12. Ethnicity File (L)

This file captures ethnicity information unique to each student. There must be at least one record for each student. If Ethnicity Code equals '10' (Non-Hispanic), there cannot be other records in this file for the same student. If the student is Hispanic, there can be multiple records for the student identifying all sub-categories of Hispanic with which the student identifies.

#### 13. Race File (M)

This file captures race information unique to each student. This file consists of at least one record for each student served in the district during the current school year along with race data associated with the student. For students who are multiracial, individual records will be submitted; one for each race.

#### 14. Student Absence File (N)

This file captures daily absence information for each student. Absences from Alternative Learning and Online classes that don't require regular seat-time attendance should not be reported in this file. WAC 392-401-015(1) provides the definition of 'absent' or 'absences': A student is absent when they are: (a) not physically present on school grounds; and (b) not participating in the following activities at an approved location (i) instruction; (ii) instruction-related activity; or (iii) any other district or school approved activity that is regulated by an instructional academic accountability system, such as participation in district-sponsored sports. Students shall not be absent if: (a) they have been suspended, expelled, or emergency expelled pursuant to chapter 392-400 WAC; (b) are receiving educational services as required by RCW 28A.600.015 and chapter 392-400 WAC; and (c) the student is enrolled in qualifying "course of study" activities as defined in WAC 392-121-107. A full day absence is when a student is absent for fifty percent or more of their scheduled day.

This file consists of one record for each student served in the district during the current school year for each absence associated with the student for each school the student is enrolled. Even when a student leaves the school associated with these absence records, these records must continue to be reported through the remainder of the school year.

Absences must be reported for students in grades K–12. If attendance is tracked for pre–school students, those absences may also be reported in this file.

#### 15. Student Growth File (Q)

This file captures information regarding academic growth for students participating in the Learning Assistance Program (LAP) and/or Washington Reading Corps (WRC). Districts are required to report to OSPI the amount of academic growth gained by students participating in the LAP English Language Arts (program code 37), LAP Math (program code 6), LAP Academic Readiness (program code 7), LAP Behavior (program code 38), and Washington Reading Corps Literacy Support (program code 44). Districts are also required to report student entrance and exit assessment data as well as the services used to support students. There should be one record per student per program enrollment for the current school year. For example, if a student enters, exits, and re-enters a program, there will be two records reflecting two separate enrollments in the program. If a student is participating in or received services for more than one program, there should be a record for each program.

Students reported in this file must also be reported in District Student File (B), School Student File (C) and Student Attributes and Programs File (I).

Districts must submit LAP File Q data for students submitted in Element 106 – Attribute or Program Code with any of the valid values of 6, 7, 37, 38 or 44 by the end of the current school year. Prior to the end of the current school year submission of student level data to File Q is optional.

LAP data submitted to File Q is used to populate the LAP Student Growth Report in EDS. The deadline for reviewing and validating the data in the LAP Student Growth Report will be July 1<sup>st</sup> of each year. Data in LAP File Q must be complete and accurate prior to this date. WRC data in File Q is also due on July 1<sup>st</sup> of each year.

#### 16. Student Exclusionary Discipline File (R)

This file captures ~~information regarding the~~ behavior incidents and exclusionary discipline actions administered to enrolled students by the authorized district ~~for students involved in incidents during school or school-related activities~~. All firearm incidents must be reported, regardless of the exclusionary action applied. This file is only intended to collect information related to the student being disciplined and is not to include information regarding any student(s) affected by the student being disciplined.

This file contains a record for each exclusionary action taken for each student involved in an incident during the current school year. If a student has multiple exclusionary actions for a single incident, each exclusionary action must be reported in a separate record. If multiple students are associated with the same incident, then one record must be submitted for each exclusionary action for each student being disciplined.

If a student is involved in an incident that results in more than one exclusionary action or if an exclusionary action is modified and/or converted to another exclusionary action, each exclusionary action must be reported as its own record. Each exclusionary action associated with a student for a single incident must be reported with identical incident information in Elements R01 through R10. Each exclusionary action associated with a student in an incident must be reported with information specific to that exclusionary action in Elements R11 through R23.

Students reported in this file must also be reported in District Student File (B) and School Student File (C).

17. Restraint and Isolation File (S)

This file contains information about students who are restrained or isolated and any staff injured during those incidents of students restrained or isolated. Restraint is defined as: Physical intervention or force used to control a student, including the use of a restraint device to restrict a student's freedom of movement. It does not include appropriate use of a prescribed medical, orthopedic, or therapeutic device when used as intended, such as to achieve proper body position, balance, or alignment, or to permit a student to safely participate in activities. Physical restraint does not include the touching or holding of a student without the use of force for the purpose of directing or assisting the student in an activity. The term physical restraint does not include a physical escort which is temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student to walk to a safe location.

18. Non-Traditional Student Credit Attempt File (T)

This file contains all non-scheduled courses and other non-course credit activities where high school credit was attempted while the student was enrolled at any school in the district during the current school year, including those students who exit the school. Non-scheduled courses are courses for students where there is not a corresponding record in the Course Catalog File (D) or the Student Schedule File (E). Only activities from the current school year should be included.

19. Initial Evaluation and Eligibility Timelines File (U)

This file captures information on all currently enrolled students referred for an initial evaluation to determine if a student is eligible for special education. This includes all students referred regardless of their eligibility determination and all related timelines associated with the referral and eligibility processes.

20. Student Supports File (V)

This file captures information regarding students screened for various supports. Districts are required to report to OSPI the screener used and the interventions used for at risk students. Students reported in this file must also be reported in District Student File (B) and School Student File (C). Students should be reported in this file in the year they are screened and any subsequent years in which they receive interventions. All instances of screening ~~should be reported~~ for supports identified in this collection should be reported. If a student is screened multiple times for a single support type, report the most recent instance.

For the 2020-2021 school year, districts are not required to screen students and report the data to CEDARS, but some districts are adopting this process early. Screening students and reporting to CEDARS will be required beginning with the 2021-2022 school year.

## DATA FILE SUBMISSION FORMAT

All files are to be submitted at least monthly; weekly submissions are encouraged. Submissions will eventually be increased to more frequent intervals as the process of submitting and processing files is refined. All files are to be placed in a Zip File for transfer to the OSPI FTP Server.

### FILE FORMATS AND LAYOUTS

Naming conventions for all files must include school year identifiers. This allows districts to submit files for multiple years to accommodate year end rollovers and to update records from the previous year. The naming convention for each file is as follows:

COUNTY-DISTRICT CODE\_SCHOOL CODE\_FileName\_YYYYMMDD\_FULLSCHOOLYR.TXT

**County-District Code** Five Digit county-district code. Include leading zeros where necessary.

**School Code** For district level submissions, this space should always be "0000". This section of the file name is reserved for those special circumstances where an individual school may have to submit data separately from the district file. In those rare instances, the four digit OSPI school code would be reflected here. Contact OSPI Customer Support at 1-800-725-4311 or [CustomerSupport@k12.wa.us](mailto:CustomerSupport@k12.wa.us) for assistance.

**File Name** File names as shown in the Data File Definitions Section

**YYYYMMDD** Date of the Extract. All files must have the same date of extract.

**SCHOOLYR** School Year data represents. All files in each submission must have the same school year reported.

The naming convention for the 2020-21 school year is: 12345\_0000\_CEDARS\_20200901\_**20202021**.zip

For example, files submitted in September 2020 would appear as follows:

12345\_0000\_Location\_20200901\_20202021.txt  
12345\_0000\_DistrictStudent\_20200901\_20202021.txt

12345\_0000\_StudentSupports\_20200901\_20202021.txt

All files submitted must be tab delimited text files and include headers that are exactly as specified in the *Field Name*, that are found in the Data File Definitions Section of each element.

## DATA TYPE DEFINITIONS

The following are definitions for the data types referenced in this document. Please see the Microsoft SQL Server site at <https://docs.microsoft.com/en-us/sql/t-sql/data-types/data-types-transact-sql> for more information on a specific data type.

### *Integers*

#### int

Integer (whole number) data from  $-2^{31}$  ( $-2,147,483,648$ ) through  $2^{31} - 1$  ( $2,147,483,647$ ).

### *Numeric*

#### numeric

Fixed precision and scale numeric data from  $-10^{38} + 1$  through  $10^{38} - 1$ .

- Numeric (3, 2) is a number with 3 total digits in the number (precision) and 2 of those digits must be to the right of the decimal point (scale).
- 1.00 is a valid number for Numeric (3, 2).

### *Date*

#### date

Date and time data from January 1, 1753, through December 31, 9999, with an accuracy of three-hundredths of a second or 3.33 milliseconds.

Please note that the dates should be formatted to include slashes and that the time stamp is not necessary, and will be disregarded if provided.

### *Character Strings*

#### char

Fixed-length (non-Variable) non-Unicode character data.

#### varchar

Variable-length non-Unicode data with a maximum of 8,000 characters.

### *NULL Values*

A value of NULL indicates that the data is unknown, not applicable, or to be added at a later time.

Data elements which contain an empty string (blank), or a string composed entirely of spaces, will be converted to a NULL value during the CEDARS loading process. Please note: do not provide any alternative data to represent a NULL value. For instance, a value of "0", "12/31/9999", "NULL" or any

other non-empty field will be interpreted exactly as provided, and may cause submission exceptions according to the business rules defined for that data element.

#### *Leading and Trailing Spaces*

All leading and trailing white-space will be removed when OSPI processes the CEDARS data submitted. The tab character will not be treated as whitespace.

#### VALIDATION IDS

The CEDARS data manual contains validation IDs within the definitions for each element. Refer to the current CEDARS Validation list located at <http://www.k12.wa.us/CEDARS/Manuals.aspx> for the corresponding validation rule.

## DATA COLLECTION INFORMATION

### DATA COLLECTION CHANGES EFFECTIVE DATE

The specifications in this data manual become effective for the 2020-21 school year.

### DATA COLLECTION DUE DATE

The first submission for the 2020-21 school year is due no later than October 15, 2020. Districts may begin their 2020-21 submissions on or after August 1, 2020.

Submissions are required monthly, due no later than the 15<sup>th</sup> of each month. More frequent submissions are encouraged as corrections to prior submissions occur through resubmission.

### STATE STUDENT ID (SSID) ASSIGNMENT

Each student is issued an SSID number upon initial enrollment in the state. It is important that only one SSID is issued to any student and that only one student is ever issued a particular SSID. There are several ways to find an existing SSID for a student or to generate a new SSID for a student who does not already have an SSID assigned. SSID is a required field for all CEDARS student records.

The simplest way to obtain an SSID for one student is to use the SSID Submission – Screen Entry feature in CEDARS. Once you enter a few data elements for the student, this information is compared to the state-wide database of students to locate students who are possible matches. Those matches will be returned to you to determine if they are truly matches or if a new SSID needs to be generated. This same procedure can be done for a group of students by using the SSID Submission – SSID File Upload feature in CEDARS. Upload a student data file for all students in your district for whom you need an SSID. The file is then compared to the state-wide database of students to locate students who are possible matches to the students in your file. Those matches will be returned to you to determine if they are truly matches or if new SSIDs need to be generated.

SSIDs must be submitted for all student records in CEDARS. Any CEDARS student record without an SSID present in the submission file, will be rejected.

## ~~REPORTS AND PROCESSES GENERATED FROM CEDARS DATA USE~~

CEDARS data reporting by local education agencies is a key way OSPI tracks and measures the progress and performance of Washington's students, schools, local education agencies, and programs. The [OSPI Data Collection Plan](#) contains a comprehensive list of the most current data collection statuses and the downstream reporting uses.

The state Legislature assigns work to OSPI through legislation. Oftentimes, the assigned work concludes in a report back to the Legislature describing what OSPI has done, data collected, next steps, and at times, recommendations. The [OSPI Reports to the Legislature](#) site contains a comprehensive list of these reports, some of which contain data extracted from CEDARS and are referenced as such.

~~Processes and State and Federal compliance reports generated from the CEDARS data submissions include, but are not limited to:~~

- ~~● Adjusted Cohort Graduation and Dropout annual Reporting (P210)~~
- ~~● Annual Behavior and Weapons reporting~~
- ~~● Annual CTE Student Enrollment Review (P210VOC)~~
- ~~● Annual Unexcused Student Absence reporting~~
- ~~● Assessment Test Pre-ID (MSP, HSPE, EOC, WELPA, DAPE, PORT, WAKids and SBA)~~
- ~~● Certificate of Academic Achievement/Certificate of Individual Achievement Status Listing~~
- ~~● Direct Certification Free Lunch~~
- ~~● Discipline Summary reporting~~
- ~~● Dual Credit annual reporting~~
- ~~● EdFacts Reporting (Federal)~~
- ~~● Eligibility for State-funded Full Day Kindergarten programs~~
- ~~● English Language Learners (ELL) Legislative Report~~
- ~~● Enrollment information used in the allocation of applicable Federal programs~~
- ~~● Gifted/Highly Capable Program End of Year reporting~~
- ~~● High Poverty School determination for National Board Certification salary bonus~~
- ~~● Educator Equity Data report (formerly Highly Qualified Teacher report)~~
- ~~● Homeless Children and Youth reports, including McKinney-Vento~~
- ~~● Homeless End of Year reporting~~
- ~~● K-3 High Poverty~~
- ~~● K-4 Literacy~~
- ~~● Key Performance Indicator Analytics~~
- ~~● LAP Funding Data~~
- ~~● LAP Program Student Growth and End of Year reporting~~
- ~~● Medicaid Eligibility Rate~~
- ~~● November Special Education Federal Child Count Report~~
- ~~● November Special Education Federal Least Restrictive Environment (LRE) Report~~
- ~~● October Public School Enrollment Count~~
- ~~● Online Provider Accountability Data and Reports~~
- ~~● Principal and Teacher Evaluations~~
- ~~● Safety Net Application~~
- ~~● Special Education Federal Allocations based on October Public School Enrollment Count~~
- ~~● State Board Accountability Index~~

- ~~Title I Program End of Year reporting~~
- ~~Title III Immigrant student eligibility for federal funding~~
- ~~Transitional Bilingual reports~~
- ~~Updating the MSIS database managed by MSDR for Migrant Reporting~~
- ~~Washington State Report Card~~

## DATA ELEMENT SUMMARY

Each box below represents one of the **twenty (20)** files that make up a CEDARS submission. Within the box are the data elements that are to be submitted in the file. Data elements referred to as an ID are district assigned values; data elements referred to as Codes are OSPI assigned values.

The key elements for each file are noted in the left-hand column. The combination of key elements within each file creates the primary key which is used to uniquely identify each record.

### Location File (A)

Key		Column Name	Data Type	Required?
Yes	A01	School Year	char(4)	Yes
Yes	A02	County District Code	char(5)	Yes
	A03	District Name	varchar(250)	No
Yes	A04	Location ID	varchar(4)	Yes
Yes	A05	School Code	char(4)	Yes
	A06	School Name	varchar(250)	No
	A07	Initial School Start Date	Date	Yes
	A08	Final School End Date	date	Yes

### District Student File (B)

Key		Column Name	Data Type	Required?
Yes	B01	School Year	char(4)	Yes
Yes	B02	Serving County District Code	char(5)	Yes
Yes	B03	Home County District Code	char(5)	Yes
	B04	District Student ID	varchar(50)	Yes
Yes	B05	SSID	char(10)	Yes
	B06	Last Name	varchar(60)	Yes
	B07	First Name	varchar(60)	Conditional. May only be left blank if student has no first name.
	B08	Middle Name	varchar(60)	Conditional. May only be left blank if student has no middle name.
	B09	Birth Date	date	Yes
	B10	Birth Country	char(3)	Yes.
	B11	CSRS Ethnicity Code		Element is inactive.
	B12	Gender	char(1)	Yes
	B13	Grade Level	varchar(2)	Yes
Yes	B14	District Enrollment Date	date	Yes
	B15	District Exit Date	date	Conditional. Must match Element C08 from school that the student last attended.

Key		Column Name	Data Type	Required?
	B16	Disability code		Element is inactive.
	B17	Primary Language Code	int	Yes
	B18	Student Language Spoken at Home	int	Yes
	B19	SSN		Element is inactive.
	B20	Zip Code	varchar(9)	No
	B21	Is Homeless	char(1)	Yes
	B22	Is Approved Private School Student Attending Part Time	char(1)	Yes

# DATA FILE AND ELEMENT DEFINITIONS

## Location File (A)

**File Name:** Location

**Description:** This file contains information about each district with an OSPI assigned County–District Code and each school within the district. Each of the district’s schools with enrolled students will be reported in this file using the OSPI assigned school code. Additional district and school information will continue to be collected through the Education Data System (EDS) Profile. This CEDARS file is necessary to link data between all CEDARS files. Placeholder records that districts may use for programs or sub–sets of schools should not be reported in this file.

**Sample File Name:** 12345\_0000\_Location\_20200901\_20202021.txt

### Element A01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 62, 355, 736

**Last Updated:** February 2018

### Element A02 – County District Code

**Field Name:** CountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The county district code for the district submitting the data.

**Business Rules:** Must be a valid value from EDS. Use leading zeros as necessary. Report the code representing the school district as assigned by OSPI.

**Example:** 12345

**Valid Values:** Refer to valid values located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 63, 68, 221, 302, 303

**Last Updated:** January 2015

### Element A03 – District Name

**Field Name:** DistrictName

**Data Type:** varchar

<b>Size:</b>	250
<b>Allow NULL?</b>	Yes. This is an optional field.
<b>Description:</b>	The school district name assigned to the county district code. Data provided in this element is not stored in CEDARS.
<b>Business Rules:</b>	Report the name of the school district as reported to OSPI
<b>Example:</b>	ABC School District
<b>Valid Values:</b>	Refer to valid values located at <a href="https://eds.ospi.k12.wa.us/DirectoryEDS.aspx">https://eds.ospi.k12.wa.us/DirectoryEDS.aspx</a> .
<b>Validations:</b>	668
<b>Last Updated:</b>	February 2016

#### Element A04 – Location ID

<b>Field Name:</b>	LocationId
<b>Data Type:</b>	varchar
<b>Size:</b>	4
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The Location ID for the school as generated by the district's Student Information System (SIS).
<b>Business Rules:</b>	This is an internal number generated by the district and is required. If you do not have an ID assigned to this field, report the OSPI school code reported in <u>Element A05</u> – School Code.
<b>Example:</b>	1234
<b>Validations:</b>	65, 303, 570, 571, 735, 762
<b>Last Updated:</b>	September 2007

#### Element A05 – School Code

<b>Field Name:</b>	SchoolCode
<b>Data Type:</b>	char
<b>Size:</b>	4
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	This is a four-digit code assigned to the school by OSPI.
<b>Business Rules:</b>	The school must be listed as open in EDS for the reporting school year. OSPI school codes can be obtained in Education Data System (EDS).

#### Element A06 – School Name

<b>Field Name:</b>	SchoolName
<b>Data Type:</b>	varchar
<b>Size:</b>	250
<b>Allow NULL?</b>	Yes. This is an optional field.
<b>Description:</b>	The name of the school.
<b>Business Rules:</b>	Include the school name as maintained by the district. Data provided in this element is not stored in CEDARS.

**Example:** ABC Elementary School  
**Validations:** 669  
**Last Updated:** February 2016

#### **Element A07 – Initial School Start Date**

**Field Name:** InitialSchoolStartDate  
**Data Type:** date  
**Allow NULL?** No. Data is required.  
**Description:** The date on which instruction for this school year first begins for students.  
**Business Rules:** This date must be the first instructional date of the regular school year (not including summer school) that classes are offered for students at this school. Year of this date must be one year earlier than the year reported in [Element A01 - School Year](#). If multiple location IDs that belong to the same school contain different dates for Initial School Start Date, then OSPI will use the earliest date for reporting purposes.

**Example:** 08/01/2017  
**Validations:** 576, 605, 736, 737  
**Last Updated:** February 2017

#### **Element A08 – Last School End Date**

**Field Name:** LastSchoolEndDate  
**Data Type:** date  
**Allow NULL?** No. Data is required.  
**Description:** The final instructional date on which classes for students are scheduled to end.  
**Business Rules:** This date must be the final instructional date of the regular school year (not including summer school) that classes are scheduled to be offered for students at this school. Date must be after the date reported in [Element A07 – Initial School Start Date](#) but not by more than 365 days. If multiple location IDs that belong to the same school contain different dates for Last School End Date, then OSPI will use the latest date for reporting purposes.

**Example:** 07/31/2018  
**Validations:** 577, 606, 737  
**Last Updated:** February 2017

## District Student File (B)

**File Name:** DistrictStudent  
**Description:** This file contains the record(s) for each served student's enrollment occurrences in the district during the current school year. Multiple records within one district, along with the basic demographic data associated with the student, will be necessary if the student enters, exits, and re-enters a district. These entry and exit dates may not overlap for an individual student.

Children aged birth through two receiving services through an Individualized Family Service Plan (Early Childhood kids served in Special Education) must be included in CEDARS submissions.

**Sample File Name:** 12345\_0000\_DistrictStudent\_20200901\_20202021.txt

### Element B01 – School Year

**Field Name:** SchoolYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The four digit year in which the current school year ends.  
**Business Rules:** For the 2019-20 school year, report 2020.  
**Example:** 2020  
**Valid Values:** 2020  
**Validations:** 31, 343, 354, 405  
**Last Updated:** February 2018

### Element B02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode  
**Data Type:** char  
**Size:** 5  
**Allow NULL?** No. Data is required.  
**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.  
**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.  
**Example:** 12345  
**Valid Values:** Refer to valid values located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.  
**Validations:** 32, 191, 346  
**Last Updated:** January 2015

### Element B03 – Home County District Code

<b>Field Name:</b>	ResidentCountyDistrictCode
<b>Data Type:</b>	char
<b>Size:</b>	5
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The county district code where the student physically resides. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code. Students enrolled in a district due to residence in a non–high district, or through school choice, must have the county district code in which they reside reported in this element.
<b>Business Rules:</b>	Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district where the student physically resides as assigned by OSPI in EDS.
<b>Example:</b>	02345
<b>Valid Values:</b>	Refer to valid values located at <a href="https://eds.ospi.k12.wa.us/DirectoryEDS.aspx">https://eds.ospi.k12.wa.us/DirectoryEDS.aspx</a> .
<b>Validations:</b>	33, 192
<b>Last Updated:</b>	January 2015

### Element B04 – District Student ID

<b>Field Name:</b>	DistrictStudentId
<b>Data Type:</b>	varchar
<b>Size:</b>	50
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	This is the student identifier <u>assigned by the district</u> to the student. This data element is used in the matching of district data with records in CEDARS.
<b>Business Rules:</b>	The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.
<b>Example:</b>	123456789012 or 124 or TG096
<b>Validations:</b>	34, 193, 364, 366
<b>Last Updated:</b>	September 2007

### Element B05 – State Student ID (SSID)

<b>Field Name:</b>	SSID
<b>Data Type:</b>	char
<b>Size:</b>	10
<b>Allow NULL?</b>	No.
<b>Description:</b>	Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.
<b>Business Rules:</b>	SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero. Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error.

Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.

**Example:** 1234567890  
**Validations:** 35, 194, 195, 342, 364, 366  
**Last Updated:** January 2015

#### **Element B06 – Legal Last Name**

**Field Name:** LastName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** No. Data is required.  
**Description:** The legal last name of the student.  
**Business Rules:** Every effort should be made to obtain the student's legal last name. When this is not possible, the name provided by the parent should be submitted in this data element. Possible proof of name documents include Social Security Card, Passport, F-1 Visa, Birth Certificate or previously verified school records.  
**Example:** Smith  
**Validations:** 36  
**Last Updated:** February 2016

#### **Element B07 – Legal First Name**

**Field Name:** FirstName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** Yes. Conditional.  
**Description:** The legal first name of the student.  
**Business Rules:** May be left blank only when student has no first name. Every effort should be made to obtain the student's legal first name. When this is not possible, the name provided by the parent should be submitted in this data element. Possible proof of name documents include Social Security Card, Passport, F-1 Visa, Birth Certificate or previously verified school records.  
**Example:** John  
**Validations:** 37  
**Last Updated:** February 2016

#### **Element B08 – Legal Middle Name(s)**

**Field Name:** MiddleName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** Yes. Conditional.  
**Description:** The legal middle name(s) of the student.  
**Business Rules:** May be left blank only when student has no middle name. Every effort should be made to obtain the student's legal middle name. When this is not possible, the name provided by the parent should be submitted in this data element.

Possible proof of name documents include Social Security Card, Passport, F-1 Visa, Birth Certificate or previously verified school records.

**Example:** Ray  
**Validations:** 38  
**Last Updated:** February 2016

#### **Element B09 – Birth Date**

**Field Name:** BirthDate  
**Data Type:** date  
**Allow NULL?** No. Data is required.  
**Description:** The student's birthday.  
**Business Rules:** Students who have obtained age 21 on or before August 31 of the reporting school year are not eligible to be served for the current school year. WAC 392–121–31 defines school year as "the annual period commencing on the first day of September". Students who obtain age 21 on or after September 1 of the reporting school year are eligible to be served.  
Student birth date must be before the date of submission and on, or before, August 31<sup>st</sup> of the following school year.  
Date should be formatted as MM/DD/YYYY  
**Example:** 01/02/2003  
**Validations:** 39, 176, 196, 197, 198, 204, 218, 288, 486, 488, 490, 491, 494, 544  
**Last Updated:** February 2019

#### **Element B10 – Birth Country**

**Field Name:** BirthCountry  
**Data Type:** char  
**Size:** 3  
**Allow NULL?** No. Data is required.  
**Description:** The country where the student was born. This element is intended to collect the physical location of the student's birth, it is not intended to collect information related to citizenship.  
**Business Rules:** Birth Country must be reported for all students.  
Must be a valid national origin country code.  
**Example:** Student born on military base in Germany would be reported with Birth Country of DEU.  
**Valid Values:** Refer to the valid values table in Appendix C, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.  
**Validations:** 61, 487, 738  
**Last Updated:** January 2014

#### **Element B11 – No Longer An Active Data Element**

**Field Name:** CSRSEthnicityCode  
**Description:** This data element is no longer used in CEDARS; see expanded collection in Files L and M.  
**Last Updated:** September 2010

#### Element B12 – Gender

<b>Field Name:</b>	Gender
<b>Data Type:</b>	char
<b>Size:</b>	1
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The student's gender.
<b>Business Rules:</b>	All students must have a gender assigned. Valid value X is added based on <u>WAC 246-490-075</u> as issued by Washington State Department of Health. CEDARS does not require the presentation of birth certificate as part of the collection or reporting of gender information. For any student record submitted to CEDARS for which a student does not identify as male or female, that submission record may report X - gender not exclusively male or female.
<b>Example:</b>	M
<b>Valid Values:</b>	F – Female M – Male X – Gender not exclusively Male or Female
<b>Validations:</b>	41, 201
<b>Last Updated:</b>	September 2018

#### Element B13 – Grade Level

<b>Field Name:</b>	GradeLevel
<b>Data Type:</b>	varchar
<b>Size:</b>	2
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The grade level in which the student is enrolled.
<b>Business Rules:</b>	All students must have a grade level assigned based on district policy and consistent with the Grade Level Codes defined in Appendix E.
<b>Example:</b>	1 or 01
<b>Valid Values:</b>	Refer to the valid values table in Appendix E, found in the CEDARS Appendices, located at <a href="http://www.k12.wa.us/CEDARS/Manuals.aspx">http://www.k12.wa.us/CEDARS/Manuals.aspx</a> . A suggested list of Grade Level Assignments by Age is listed in Appendix G, also found in the CEDARS Appendices.
<b>Validations:</b>	43, 202, 404, 405, 984, 989, 1004, 1005, 1007, 1008, 1010, 1011, 1013, 1014, 1016, 1017, 1019, 1020, 1022, 1023, 1025, 1026, 1028, 1029
<b>Last Updated:</b>	September 2007

#### Element B14 – Date Enrolled in District

<b>Field Name:</b>	DistrictEnrollmentDate
<b>Data Type:</b>	date
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The date on which the student began school in the district.
<b>Business Rules:</b>	This date must be the same as, or earlier than, the date contained in <u>Element C06</u> – Date Student Enrolled in School.

If the student has been enrolled in the district for many years, but the district's Student Information System is not able to track historical data because it re-enrolls students each year, you may use the date in Element C06 – Date Student Enrolled in School, which is the date enrolled for the current school year.

If, during the current school year, the student exits the district and then returns, the date the student returned to the district and resumed participation in class becomes the district enrollment date. The district enrollment date shall be reported in the current school year in which the enrollment occurred.

If the student exits and returns one or more times within a current school year, all of the entry/exit dates shall be reported (requires multiple records for the student).

If a student has multiple records the Date Enrolled in District may not overlap with another record for the student.

If the student enrolls during the summer when school is not in session, use the date the student will begin classes (the first day of the current school year) as the district enrollment date.

The enrollment date must be on or after Element B09 – Birth Date, and can be no more than six months greater than the date in which the file is being submitted. Continuously enrolled status for the district will be calculated for AYP purposes based on this element and Element B15 – Date Exited from District. Date should be formatted as MM/DD/YYYY

**Example:** 01/01/2000

**Validations:** 44, 203, 204, 226, 345, 433, 476, 763, 770, 800

**Last Updated:** July 2011

#### **Element B15 – Date Exited from District**

**Field Name:** DistrictExitDate

**Data Type:** date

**Allow NULL?** Yes. Conditional.

**Description:** The date on which the student withdraws from the school district. The last day the student attended or received services from the district. This date will change each time a student leaves the district.

**Business Rules:** If a date is entered, then Element C08 – Date Student Exited from School should have a matching exit date for the school within the district that was last attended by the student.

If the student enters and exits on the same date, the same date is used in Elements B14 – District Enrollment Date, B15 – District Exit Date, C06 – School Enrollment Date and C08 – School Exit Date.

If the student exits and returns within a current school year all of the entry/exit dates shall be reported (requires multiple records for the student).

If the student leaves the district during the summer, use the actual date the student left the district as the district exit date.

Continuously enrolled status for the district will be calculated for AYP purposes based on this element and Element B14 – Date Enrolled District.

**Example:** 01/01/2000

**Validations:** 45, 226, 345, 433, 476, 763, 770, 800  
**Last Updated:** February 2011

#### **Element B16 – Disability Code**

**Field Name:** DisabilityCode  
**Business Rules:** Beginning with the 2014–15 school year Disability Code will be reported in Student Programs and Attributes File (I)  
**Last Updated:** January 2014

#### **Element B17 – Student Primary Language Code**

**Field Name:** PrimaryLanguageCode  
**Data Type:** int  
**Allow NULL?** No. Data is required.  
**Description:** The first learned language spoken by the student.  
**Business Rules:** This language will always be the student's native or first language spoken. Must be a valid value from the Language Codes listed in Appendix K. Students receiving State Transitional Bilingual Instruction Program (STBIP) services, reported in English Learners File (J), must have a valid value other than 639 (English) reported in either Element B17 or Element B18 – Student Language Spoken at Home. Native American student's receiving, under Title III, English Language Development Services, reported in English Learners File (J), must have a valid value of either 639 (English) or 640 (American Sign Language). Upon exiting the State Transitional Bilingual Instruction Program, this element should remain the student's native or first language spoken.  
**Example:** 015  
**Valid Values:** Refer to valid values table in Appendix K, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.  
**Validations:** 47, 208, 602, 661  
**Last Updated:** February 2017

#### **Element B18 – Student Language Spoken at Home**

**Field Name:** LanguageSpokenAtHome  
**Data Type:** int  
**Allow NULL?** No. Data is required.  
**Description:** The primary language the student speaks at home.  
**Business Rules:** Must be a valid value from the Language Codes listed in Appendix K. If a student speaks multiple languages, indicate the language the student uses to communicate at home. Students receiving State Transitional Bilingual Instruction Program (STBIP) services, reported in English Learners File (J), must have a valid value other than 639 (English) reported in either Element B18 or Element B17 – Student Primary Language Code. This data element became mandatory beginning with the 2012–13 school year.  
**Example:** 15

**Valid Values:** Refer to valid values table in Appendix K found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.  
**Validations:** 48, 210, 479, 615, 661  
**Last Updated:** February 2017

#### Element B19 – No Longer An Active Data Element

**Field Name:** SSN  
**Description:** This data element is no longer collected through CEDARS  
**Last Updated:** February 2017

#### Element B20 – Residential Zip Code + 4

**Field Name:** ZipCode  
**Data Type:** varchar  
**Size:** 9  
**Allow NULL?** Yes. This is an optional field.  
**Description:** The zip code of the student's residential address.  
**Business Rules:** This should be the five digit postal code, and the four digit extension (no hyphen), if available. Valid value must be five or nine numeric digits  
**Example:** 985040001 or 98504  
**Validations:** 50  
**Last Updated:** January 2007

#### Element B21 – Is Student Homeless?

**Field Name:** IsHomeless  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** No. Data is required.  
**Description:** Indicates whether or not the student was homeless at any time during the current school year as defined in McKinney–Vento Act, Section 725(2).  
**Business Rules:** Section 725 of the McKinney–Vento Act defines the terms used within the valid values. If the students housing situation changes during the year, the valid value should not be updated. If the student finds permanent housing during the year, the initial reported homeless situation/status should be reported for the remainder of the school year, i.e., do not update to a Valid Value of N until the next school year.  
**Example:** A  
**Valid Values:** N – Student has not been identified as homeless during this school year.  
A – Shelters: Defined as supervised publicly or privately operated facilities designed to provide temporary living accommodations. Examples include (but are not limited to) children and youth who are living in homeless shelters, domestic violence shelters or transitional housing.  
B – Doubled-Up: Defined as children and youth (including runaway and unaccompanied youth) who are “sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason” [725(2)(B)]. This classification particularly requires a case-by-case determination, keeping in

mind the determining factor is whether the accommodation is a "fixed, regular and adequate nighttime residence". (The term "similar" is not defined in law, but is generally understood to include (but not be limited to) such circumstances as family turmoil, domestic violence, incarceration, hospitalization, drug/alcohol treatment, etc.)

C – Unsheltered: Examples include (but are not limited to) children and youth who live in abandoned buildings, campgrounds, vehicles, trailer parks, FEMA shelters, bus/train stations, abandoned in the hospital, living in substandard or inadequate housing, or on the "streets".

D – Hotels/Motels: Children and youth residing in hotels/motels due to lack of alternative housing.

## **Element B22 – Is Student an Approved Private–School Student Attending Class Part Time?**

**Field Name:** IsApprovedPrivateSchoolStudentAttendingPartTime

**Data Type:** char

**Size:** 1

**Allow NULL?** No. Data is required.

**Description:** Indicates whether or not the student is enrolled in an approved private school and is attending class(es) part time. Per WAC 392-121-182, private–school students attending class part time in Alternative Learning Experience (ALE) funded courses must be reported according to their claimed FTE. Per WAC 392-121-182 'any student whose alternative learning experience enrollment is claimed as greater than 0.8 full–time equivalent in any one month through the January count date must be included by the school district in any required state or federal accountability reporting for that school year, subject to existing state and federal accountability rules and procedures'.

**Business Rules:** A student is defined as Approved Private School Attending Class Part Time when they are attending a private school but are also enrolled in a public school for the purpose of taking any course or courses.

**Example:** 3

**Valid Values:** 0 – No

1 – Yes, student is/was a private–school student participating in public school courses and has not claimed any ALE funding in any month through the January count date.

2 – Yes, student is/was a private–school student participating in public school ALE courses. The students ALE Enrollment was claimed for at least one month through the January count date but never for more than 0.8 FTE.

3 – Yes, student is/was a private–school student participating in public school courses and in at least one month through the January count date the students ALE Enrollment was claimed as greater than 0.8 FTE.

**Validations:** 52, 212

**Element B23 – Is Student a Home-Schooled Student Attending Class Part Time?**

<b>Field Name:</b>	IsHomeBasedStudentAttendingPartTime
<b>Data Type:</b>	char
<b>Size:</b>	1
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	<p>Indicates whether or not the student is a home-schooled student attending class(es) part time. **Element B24 – Student Exchange Status**

<b>Field Name:</b>	IsF1VisaForeignExchangeStudent
<b>Data Type:</b>	char
<b>Size:</b>	1
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	Indicates whether a student is enrolled in your school as a J-1 Foreign Exchange student or is enrolled with an F-1 Visa.
<b>Business Rules:</b>	J-1 VISA students are in a program that 'exchanges' a student from our country with a student from another country. As a result, foreign exchange students are

regarded as 'regular' students in the district and generate apportionment for the district like any other resident student.  
Students on F-1 Visas do not generate apportionment because someone is paying tuition to the district to enable their enrollment.

**Example:** N  
**Valid Values:** N – No  
J – J-1 VISA Foreign Exchange Student  
F – F-1 VISA Student

**Field Name:** IsStudentInFosterCare  
**Description:** This data element is no longer collected through CEDARS  
**Last Updated:** January 2013

#### Element B26 – Graduation Requirements Year

**Field Name:** GradRequirementsYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** Yes. Conditional.  
**Description:** The year for which the student is held accountable for meeting the requirements of graduation.  
**Business Rules:** Data is required if the student is in grades 9–12.  
The year to be assigned is four years after the year the student enters 9<sup>th</sup> grade. This year is not to be changed due to IEP or State Transitional Bilingual Instruction plans. If an IEP or State Transitional Bilingual Instruction plan indicates the student may have additional years to meet the requirements of graduation, then Element B27 – Expected Year of Graduation will reflect this extension. Regardless of the information reported within Element B27, the student is still held to the graduation requirements that are defined for the year recorded within this element.

**Example:** For the school year 2012–2013, you would enter 2016  
Student Graduation Requirements:

- Students must meet the minimum graduation requirements in place for their assigned graduation requirements year. Students entering 9<sup>th</sup> grade in the 2012–13 school year are assigned a graduation requirements year of 2016 (four years).
- The requirements for the graduation requirements year stay with the students throughout their high school experience regardless of the length of time it takes to graduate.
- If special education, transitional bilingual, or migrant students have an adjusted **expected graduation year**, they must meet the requirements of their unadjusted **graduation requirements year** (9<sup>th</sup> grade entry plus 4 years).

- Students who take more time or less time to graduate still must meet the graduation requirements for their assigned graduation requirements year, not the year of actual graduation.

**Validations:** 56, 217, 404, 405, 406

**Last Updated:** February 2011

#### **Element B27 – Expected Year of Graduation**

**Field Name:** ExpectedGradYear

**Data Type:** char

**Size:** 4

**Allow NULL?** Yes. Conditional.

**Description:** The year in which the student is expected to graduate.

**Business Rules:** Data is required if the student is in grades 9–12.

Students shall be assigned an expected graduation year that is four school years greater than the year they begin 9<sup>th</sup> grade, or for transfer students (out-of-district or out-of-state), based on a transcript evaluation.

- Special Education students may be assigned an expected graduation year beyond the standard four-year period, up to a maximum of seven years, and their expected year of graduation can be changed during or prior to the school year in which the student turns 16, if determined by their IEP team. If a student is determined eligible for services after the student turns 16, the IEP team reviews the information and assigns an expected graduation date at the IEP meeting following the eligibility requirement.
- Students in transitional bilingual education programs may be assigned an expected graduation year beyond the standard four-year period, up to a maximum of seven years.
- Migrant students may be assigned an expected graduation year beyond the standard four-year period, up to a maximum of five years,

If a mistake was made in the original assignment of Expected Graduation Year, please update in your next CEDARS submission.

#### **Element B28 – Cumulative Grade Point Average**

**Field Name:** GPA

**Data Type:** numeric

**Size:** 4,3 (Five characters including the decimal point)

**Allow NULL?** Yes. Conditional

**Description:** This is the student's cumulative grade point average (GPA) as reported on the state standardized transcript.

**Business Rules:** This data element is reported for students in grades 9–12.

Data is required if the student has earned a GPA.

Report using a numerical range from 0.000 to 4.000

If a student has a zero grade point average because of failure in all classes, the GPA would be reported as 0.000.

The GPA must be a "positive" number.

Pass/Fail courses (passed or failed) do not generate a GPA. If only Pass/Fail courses are taken, the data element should be left blank since no numerical GPA has been earned.

Incoming freshmen might not have GPAs until the end of the first semester/grading period. If GPA is not assigned, the GPA may be left blank.

For GPAs stored in other formats, make the appropriate transformation (WAC 180–57–050, WAC 180–57–055).

**Example:** 3.256  
**Valid Values:** 0.000 to 4.000  
**Validations:** 58, 220

#### **Element B29 – Credits Attempted**

**Field Name:** CreditsAttempted  
**Data Type:** numeric  
**Size:** 6,2 (Seven characters including the decimal point)  
**Allow NULL?** Yes. Conditional.  
**Description:** The total cumulative number of credits the student has attempted for courses earning high school credit.  
**Business Rules:** This data element is reported for all credits attempted by the student for courses earning high school credit.  
The Credits Attempted reported within Element B29 must be equal to or greater than the Credits Earned reported within Element B30 – Credits Earned.  
**Example:** 1234.56  
**Valid Values:** 0.00 to 9999.99  
**Validations:** 59, 374, 377  
**Last Updated:** February 2011

#### **Element B30 – Credits Earned**

**Field Name:** CreditsEarned  
**Data Type:** numeric  
**Size:** 6,2 (Seven characters including the decimal point)  
**Allow NULL?** Yes. Conditional.  
**Description:** The total cumulative number of credits the student has earned for high school credit courses.  
**Business Rules:** This data element is reported for all credits earned by the student for courses earning high school credit.  
If a student has zero credits earned because of failure in all classes, the credits earned would be reported as 0.00.  
Incoming freshmen may have high school credits for courses taken in an earlier grade level.

The Credits Earned reported within Element B30 must be less than or equal to the Credits Attempted reported within Element B29 – Credits Attempted.

**Example:** 1234.56  
**Valid Values:** 0.00 to 9999.99  
**Validations:** 60, 374, 377

#### Element B40 – ASVAB (Armed Services Vocational Aptitude Battery) Test Score

<b>Field Name:</b>	ASVABTestScore
<b>Data Type:</b>	Int
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The ASVAB test score the student received
<b>Business Rules:</b>	<i>Optional during the 2020-21 school year and required beginning the 2021-2022 school year if <a href="#">Element B39</a> - ASVAB (Armed Services Vocational Aptitude Battery) Test Status is 1 – Score available and student not eligible to meet graduation pathway requirement or 2 - Score available and student eligible to meet graduation pathway requirement. In instances where a student takes the ASVAB more than once, report the highest available score. The score is for the test reported in <a href="#">Element B39</a>.</i>
<b>Example:</b>	50
<b>Valid Values:</b>	0 - 100
<b>Validations:</b>	985
<b>Last Updated:</b>	October 2020

#### Element B41 – ASVAB (Armed Services Vocational Aptitude Battery) Administration **School Year**

<b>Field Name:</b>	ASVABTestYear
--------------------	---------------

<b>Data Type:</b>	Char
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The school year that the student took the ASVAB. This information will be used to determine the required eligibility score, which is set by September 1st of each school year.
<b>Business Rules:</b>	The four digit calendar year in which the school year ended. This field is optional during the 2020-21 school year and required beginning the 2021-2022 school year if <a href="#">Element B39</a> - ASVAB (Armed Services Vocational Aptitude Battery) Test Status is 1 – Score available and student not eligible to meet graduation pathway requirement or 2 - Score available and student eligible to meet graduation pathway requirement. The year reported is for the test reported in <a href="#">Element B39</a> .
<b>Example:</b>	2020
<b>Validations:</b>	987
<b>Last Updated:</b>	October 2020

#### Element B42– Credit Waiver

<b>Field Name:</b>	CreditWaiver
<b>Data Type:</b>	int
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Districts can waive up to two credits for students based on “student circumstances.” The 17 core or mandatory credits of the 24 credit diploma <u>may not be waived</u> . The 17 core credits are described in detail in <a href="#">WAC 180-51-068</a> . School boards must adopt or amend local policy directing the implementation of this waiver, and follow that policy and procedure. Districts are not required to apply for approval or submit additional documentation to OSPI for the two credit waiver.
	This element indicates whether or not a student has been authorized, under district policy, to waive up to 2 credits due to the student's individual circumstances. This element only indicates eligibility and not use of the credit waiver as outlined in <a href="#">HB 1599</a> .
<b>Business Rules:</b>	Data is required for students in grade level 9-12.
<b>Example:</b>	1
<b>Valid Values:</b>	0 – Student not authorized by district under district policy to waive up to 2 credits 1 — Student authorized by district under district policy to waive up to 2 credits

## School Student File (C)

**File Name:** SchoolStudent  
**Description:** This file consists of a record(s) for each student of the enrollment data associated with each entry and exit for every school that served the student within the current school year. A student should have a record for each enrollment. Multiple enrollment records within one school will be necessary if the student enters, exits and re-enters a school. Entry and exit dates may not overlap for individual students.

**Sample File Name:** 12345\_0000\_SchoolStudent\_20200901\_20202021.txt

### Element C01 – School Year

**Field Name:** SchoolYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The four-digit year in which the school year ends.  
**Business Rules:** For the 2019-20 school year, report 2020.  
**Example:** 2020  
**Valid Values:** 2020  
**Validations:** 69, 356  
**Last Updated:** February 2018

### Element C02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode  
**Data Type:** char  
**Size:** 5  
**Allow NULL?** No. Data is required.  
**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.  
**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.  
**Example:** 12345  
**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.  
**Validations:** 70, 82, 223, 304  
**Last Updated:** January 2015

### Element C03 – District Student ID

**Field Name:** DistrictStudentId  
**Data Type:** varchar  
**Size:** 50  
**Allow NULL?** No. Data is required.

<b>Description:</b>	This is the student identifier <u>assigned by the district</u> to the student. This data element is used in the matching of district data with records in CEDARS.
<b>Business Rules:</b>	The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.
<b>Example:</b>	123456789012 or 124 or TG096
<b>Validations:</b>	71, 224, 304, 325
<b>Last Updated:</b>	September 2007

#### Element C04 – State Student ID (SSID)

<b>Field Name:</b>	SSID
<b>Data Type:</b>	char
<b>Size:</b>	10
<b>Allow NULL?</b>	No.
<b>Description:</b>	Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.
<b>Business Rules:</b>	SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero. Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.
<b>Example:</b>	1234567890
<b>Validations:</b>	72, 570, 571, 735, 1088
<b>Last Updated:</b>	January 2015

#### Element C05 – Location ID

<b>Field Name:</b>	LocationId
<b>Data Type:</b>	varchar
<b>Size:</b>	4
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The Location ID for the school as generated by the district's Student Information System (SIS).
<b>Business Rules:</b>	This is an internal number generated by the district and is required. If you do not have an ID assigned to this field, report OSPI school code reported in <u>Element A05 – School Code</u> . The ID reported in Element C05 must be included in the <u>Location File A</u> .
<b>Example:</b>	1234
<b>Validations:</b>	73, 225, 304, 326, 570, 571, 735, 1088
<b>Last Updated:</b>	September 2007

#### Element C06 – Date Student Enrolled in School

<b>Field Name:</b>	SchoolEnrollmentDate
--------------------	----------------------

<b>Data Type:</b>	date
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The date on which the student began school.
<b>Business Rules:</b>	<p>This date must be equal to or greater than the date contained in <u>Element B14</u> – Date Enrolled in District.</p> <p>If during this current school year, the student exits the school and then returns, the date the student returned to the school and resumed participation in class becomes the school enrollment date. The school enrollment date shall be reported in the current school year in which the enrollment occurred.</p> <p>If the student exits and returns one or more times within a current school year, all of the entry/exit dates shall be reported (requires multiple entries for the student).</p> <p>If a student has multiple records the Date Student Enrolled in School may not overlap with another record for the student.</p> <p>If the student enrolls during the summer when school is not in session, use the date the student will begin classes (the first day of the current school year) as the school enrollment date.</p> <p>The enrollment date must be on or after <u>Element B09</u> – Birth Date.</p> <p>Continuously enrolled status for the school will be calculated for AYP purposes based on this element and <u>Element C08</u> – Date Student Exited from School.</p> <p>Date should be formatted as MM/DD/YYYY</p>
<b>Example:</b>	01/01/2000
<b>Validations:</b>	74, 226, 227, 232, 304, 434, 477, 771, 801
<b>Last Updated:</b>	April 2011

#### Element C07 – No Longer An Active Data Element

<b>Field Name:</b>	SchoolEntryCode
<b>Description:</b>	This data element is no longer collected through CEDARS
<b>Last Updated:</b>	February 2017

#### Element C08 – Date Student Exited from School

<b>Field Name:</b>	SchoolExitDate
<b>Data Type:</b>	date
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The date on which the student withdraws from the school. The last day the student attended or received services from the school. This date will change each time a student leaves the school.
<b>Business Rules:</b>	<p>This date must be equal to or greater than the date in <u>Element C06</u> – Date Student Enrolled in School.</p> <p>If the student exits during the summer, use the actual date on which the student left the school.</p> <p>If the student enters and exits the school on the same date, the same date is used in <u>Element C06</u> – School Enrollment Date and C08 – School Exit Date. If C08 – School Exit Date is reported for student, information must be provided for <u>Element C09</u> – School Withdrawal Code.</p>

If the student is also leaving the district Element B15 – Date Exited from District must also be provided.

Continuously enrolled status for the school will be calculated for AYP purposes based on this element and Element C06 – Date Student Enrolled in School. Date should be formatted as MM/DD/YYYY.

**Example:** 01/01/2000

**Validations:** 76, 227, 228, 232, 304, 369, 434, 477, 763, 771, 801

**Last Updated:** February 2011

#### **Element C09 – School Withdrawal Code**

**Field Name:** SchoolWithdrawalCode

**Data Type:** varchar

**Size:** 2

**Allow NULL?** Yes. Conditional.

**Description** When a student is withdrawn from the school, this element contains the code identifying the type/reason for the withdrawal.

**Business Rules** If the student has withdrawn from the school, the valid value reported must be a valid value from School Withdrawal Codes, Appendix M. Use the numeric character 0 for zero, not the letter O.

If the value in Element C09 is C2, the student must be identified in Element I06 – Attribute or Program Code with a valid value of 36 - Disability, have a disability code reported in Element I10 – Qualification Code and the student must be included in the Student Special Education Programs File K.

If a valid value is reported in Element C09, then Element C08 – Date Exited from School, is required. If valid value reported is any valid value other than T1 – Confirmed Transfer out of school within district, then Element B15 – Date Exited from District, is also required and must contain the same date as that reported in Element C08.

**Example:** G0

**Valid Values:** Refer to the valid values in Appendix M, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**Validations:** 77, 228, 230, 369, 607, 609

**Last Updated:** January 2014

#### **Element C10 – Is this the School that is Primarily Responsible for the Student?**

**Field Name:** IsPrimarySchool

**Data Type:** char

**Size:** 1

**Allow NULL?** No. Data is required.

**Description:** Indicates whether or not this is the school with primary responsibility for the student.

**Business Rules:** Each student must have only one school of primary responsibility designated at any point in time during the academic school year. For students who attend only one school in the state of Washington, that one school is the school primarily responsible for the student.

For students who move from one school to another school in the same reporting period, it is possible that two or more records will be submitted indicating more than one school as the primary school for a given student. In this case, entry and exit dates should not overlap for each of the schools flagged as being a school of primary responsibility. The school entry and exit dates (Element C06 and Element C08) for each of the schools will be used to determine that the records are not in error.

There are cases where a student attends more than one school in the state of Washington simultaneously, and following are some guidelines to assist you in determining which school to flag as the school primarily responsible for the student.

- If a student receives services in another district (part time or full time) by way of an inter-district agreement, the inter-district agreement must specify who is to claim primary responsibility.
- If a student attends two schools within the same district, the district determines which school shall report primary responsibility for the student's education. This can be done by choosing the school that is geographically located closest to the student's residence, or by another method that the district deems acceptable.
- If a student attends a skill center, the student's sending high school is reported as the student's school of primary responsibility. Note: a student cannot attend only a skill center; they must be assigned to a high school.
- If a student is enrolled in an online school, defined as a school in which more than half of both the course content and teaching are conducted online, this data element is coded 'Y' only when the online school is, in fact, the student's school of primary responsibility.
- If a student participates in Running Start full time, the school s/he is enrolled in, and would attend if not participating in Running Start, is the school of primary responsibility.

**Example:** Y  
**Valid Values:** N – No  
 Y – Yes  
**Validations:** 78, 232, 365  
**Last Updated:** September 2010

#### **Element C11 – School Choice Code**

**Field Name:** SchoolChoiceCode  
**Data Type:** int  
**Allow NULL?** No. Data is required.  
**Description:** Indicates whether or not the student is attending a school as a result of the school choice option as defined under federal accountability, either because their prior school did not meet accountability or is deemed "persistently dangerous".  
 Any child who has been the victim of a violent crime on the grounds of his or her school is also eligible for school choice (Title IX, section 9532 of ESEA).

Note: Students enrolled based on an inter-district agreement should not be reported as "school choice."

<b>Business Rules:</b>	If the student is enrolled under school choice due to Public School Choice or Persistently Dangerous Schools an appropriate valid value of 1 or 2 must be reported. If the student has enrolled in your district, after being released from their original district, under Student Enrollment Options a valid value of 3 – Student Enrollment Options (State Law) must be reported.
<b>Example:</b>	1 or 01
<b>Valid Values:</b>	<p>0 – Not Applicable</p> <p>1 – School Choice (Federal requirement). Parents have selected this school because the student's school has failed to meet accountability requirements as defined under federal accountability.</p> <p>2 – Persistently Dangerous Schools (Federal requirement). Parents have selected this school because the student's school of geographic residence has been identified as "Persistently Dangerous" as defined under federal accountability.</p> <p>3 – Student Enrollment Options (State Law) Parents have selected this district and school because the student/parents choose to have the student attend school in another district based on the provisions of <u>RCW 28A.225.310</u>.</p>
<b>Validations:</b>	79, 233
<b>Last Updated:</b>	February 2018

#### **Element C12 – Cumulative Days Present this Enrollment Period**

<b>Field Name:</b>	CumulativeDaysPresent
<b>Data Type:</b>	int
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The total cumulative number of days the student has been present and in attendance in this enrollment period for this school.
<b>Business Rules:</b>	Must be a positive number less than or equal to 366. For this purpose, enrollment period is defined as the first day of enrollment in this school, during this school year, through the end of the reporting period. If the student enrolls in a school multiple times in the same school year, report only from the first day of the most current enrollment within this school year. This total is a cumulative total number, and the total should reflect any corrections made to the student's enrollment and attendance that have been made since the last reporting submission.
<b>Example:</b>	<p>The student enrolled on October 5<sup>th</sup> and continued the enrollment through the end of November. There are 30 school days between October 5<sup>th</sup> and November 30<sup>th</sup>, and the student was absent 6 days. This element should then reflect 24 (30 school days – 6 days absent).</p> <p>The student enrolled on October 1<sup>st</sup> and continued enrollment through the end of the school year. The first submission including the student was done October 7<sup>th</sup>, representing 5 school days, and the student was absent 1 day during this time period. This element should then reflect 4 school days (5 school days – 1</p>

absent). A later submission, e.g., November 27<sup>th</sup>, would show a larger number of school days.

#### **Element C13 – No Longer An Active Data Element**

**Field Name:** NumUnexcusedAbsence

**Description:** This data element is no longer collected through CEDARS

**Last Updated:** February 2012

#### **Element C14 – Confirmed Transfer In**

**Field Name:** ConfirmedTransferIn

**Data Type:** char

**Size:** 1

**Allow NULL?** Yes. Conditional.

**Description:** Identifies where the student transferred in from when entering a school.

**Business Rules:** If, prior to this enrollment, the student last attended school outside of Washington state a valid value of 1 – Transfer in from outside of Washington state should be reported.

If, prior to this enrollment, the student last attended private-school within Washington State, a valid value of 2 – Transfer in from private-school in Washington state should be reported.

If, prior to this enrollment, the student last attended home-school within Washington State, a valid value of 3 – Transfer in from home-school in Washington state should be reported.

For all other situations, this element should be left blank.

Outside of Washington State includes but is not limited to enrollment in any school in another US State, outside of the United States, and on a military installation outside of Washington State.

**Example:** 1

**Valid Values:** 1 – Transfer in from outside of Washington state  
2 – Transfer in from private-school in Washington state

## Course Catalog File (D)

**File Name:** CourseCatalog  
**Description:** This file is a catalog of all courses for all grades in the current school year offered at each school in the district. There should be one record for each course offered at each school within the district. For example, if Eng101 is offered at two schools, there would be two records in this file for Eng101, one for each school in the district offering the course.

**Sample File Name:** 12345\_0000\_CourseCatalog\_20200901\_20202021.txt

### Element D01 – School Year

**Field Name:** SchoolYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The four-digit year in which the school year ends.  
**Business Rules:** For the 2019-20 school year, report 2020.  
**Example:** 2020  
**Valid Values:** 2020  
**Validations:** 19, 353  
**Last Updated:** February 2018

### Element D02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode  
**Data Type:** char  
**Size:** 5  
**Allow NULL?** No. Data is required.  
**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.  
**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.  
**Example:** 12345  
**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.  
**Validations:** 20, 30, 180, 301  
**Last Updated:** January 2015

### Element D03 – Location ID

**Field Name:** LocationId  
**Data Type:** varchar  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The Location ID for the school where the course is offered as generated by the district's Student Information System (SIS).

**Business Rules:** This is an internal number generated by the District and is required.  
If you do not have an ID assigned to this field, report the OSPI school code reported in Element A05 – School Code.  
The ID reported in Element D03 must be included in the Location File A.

**Example:** 1234

**Validations:** 21, 181, 301, 324, 870, 1088

**Last Updated:** August 2008

#### Element D04 – Course ID

**Field Name:** CourseId

**Data Type:** varchar

**Size:** 20

**Allow NULL?** No. Data is required.

**Description:** The course ID used by the district or school to represent the unique course number.

**Business Rules:** Include the Course ID for all courses offered for the current school year for grades PK–12.

**Example:** Hist101A16

**Validations:** 22, 301, 745, 747, 870

**Last Updated:** July 2011

#### Element D05 – Course Title

**Field Name:** CourseTitle

**Data Type:** varchar

**Size:** 50

**Allow NULL?** No. Data is required

**Description:** Course title given to the course in this school and district.

**Business Rules:** Include the Course Title for grades PK–12. If Element D07 – Course Designation Code contains a valid value of A – Advanced Placement, the Course Title must include the official AP course title or abbreviation. If Element D07 contains a valid value of I – International Baccalaureate the Course Title must include the official IB course title or abbreviation. If districts provide course titles specific to their district, both AP and/or IB Course titles may be provided in brackets before or after the district course title. A list of approved AP and IB course titles and abbreviations can be found in Appendix Q, in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>. A list of schools with approved AP courses can be found at <https://apcourseaudit.epiconline.org/ledger>. A list of schools with approved IB courses can be found at <https://ibo.org/en/programmes/find-an-ib-school/>.

**Example:** AP Western Civilization [AP European History]

**Validations:** 23

**Last Updated:** June 2013

#### Element D06 – Content Area Code

**Field Name:** ContentAreaCode

<b>Data Type:</b>	varchar
<b>Size:</b>	3
<b>Allow NULL?</b>	Yes. Conditional
<b>Description:</b>	Indicates that the class is a block class (123) with more than one core content area associated or that it is a non-instructional (ZZZ) class with no teacher providing instruction.
<b>Business Rules:</b>	If a valid value is submitted, it must be a valid Content Area Code of 123 or ZZZ.
<b>Example:</b>	123
<b>Valid Values:</b>	123 – More than one core content area (block class) ZZZ – Non-instructional time NULL
<b>Validations:</b>	24, 604, 659
<b>Last Updated:</b>	February 2016

#### Element D07 – Course Designation Code

<b>Field Name:</b>	CourseDesignationCode
<b>Data Type:</b>	varchar
<b>Size:</b>	10
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	<del>The Course Designation Codes outlined in WAC 392–415–070. In addition to the Course Designation Codes provided in the WAC, the Course Designation Codes specific to the Cambridge Program and Online courses may be reported.</del> Course Designation Codes are identifiers that provide specialty information about the course. The valid values include, but are not limited to, those required by <a href="#">WAC 392–415–070</a> .
<b>Business Rules:</b>	<p>Report Course Designation Codes for all courses for which a Course Designation Code is appropriate.</p> <ul style="list-style-type: none"> <li>• R–Running Start may not also be reported as I –International Baccalaureate, C – College in the High School, T – CTE Dual Credit (Tech Prep), A – Advanced Placement, K – Cambridge Program, L – Local Competency Test, N – National Competency Test or H - Honors.</li> <li>• Z – Non Instructional may not also be reported as A – Advanced Placement, K – Cambridge Program, C – College in the High School, I – International Baccalaureate, R – Running Start, S – Science Lab or T – CTE Dual Credit (Tech Prep).</li> <li>• If Element D07 contains a T – CTE Dual Credit (Tech Prep), <a href="#">Element D10</a> – Classification of Instructional Program (CIP) Code Number must contain a CIP code approved for the submitting district.</li> <li>• If Element D07 contains an A – Advanced Placement or an I – International Baccalaureate, then <a href="#">Element D09</a> – Advanced Placement (AP) and International Baccalaureate (IB) Code must have a valid code from the appropriate Advanced Placement and International Baccalaureate Codes table. AP and IB codes may only be reported by schools with approved courses.</li> </ul>

- A list of approved AP and IB course titles and abbreviations can be found in Appendix Q, in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.
- A list of schools with approved AP courses can be found at <https://apcourseaudit.epiconline.org/ledger>.

**Element D08 – State Course Code**

**Field Name:**

StateCourseCode

**Data Type:**

char

**Size:**

6

**Allow NULL?**

No. Data is required.

**Description:**

The course code used by the State to represent the unique course.

**Business Rules:**

Must be a valid State Course Code. State Course Codes must be provided for all courses.

High school rigor courses must use the High School Rigor State Course Codes, this includes those courses offered in middle or junior high schools that are of high school rigor.

Middle schools, Grades 6-8, must use the Non-High School Rigor State Course Codes\* for core content area courses including electives and enrichment courses when core content is part of the coursework and the course is of non-high school rigor\*.

For other courses, districts are encouraged to use the Non-High School Rigor State Course Codes\* that identify non-high school rigor.

The generic Middle/Jr. High code of WA0006 should only be used when the content of the course does not fit the provided Non-High School Rigor State Course Codes\*.

District may use the Elementary code\* of WA0007 for reporting elementary school course, **however, they should report specific state course codes for specialist content areas (e.g., music, art, physical education) to ensure accurate course reporting information.**

State Course Code WA0005 (high school rigor) or 22007N (non-high school rigor\*) – AVID (Advanced Via Individual Determination) may only be submitted by schools authorized to offer AVID Courses. A list of the authorized schools can be found in Appendix H, in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**\*Non-high school rigor course codes are only valid through the 2020-2021 school year. Beginning with the 2021-2022 school year, standard course codes must be used and course rigor must be reported via Element D16 – Course Level and T18 – Course Level.**

**Example:** 02051 (Pre-Algebra).

**Valid Values:** Refer to the valid values in [Appendix V - State Course Codes](#), located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**Validations:** 26, 184, 186, 372

#### **Element D09 – Advanced Placement (AP) and International Baccalaureate (IB) Code**

**Field Name:** APIBCourseCode

**Data Type:** numeric

**Size:** 4,2 (Five characters including the decimal point)

**Allow NULL?** Yes. Conditional

**Description:** The Advanced Placement (AP) course code or International Baccalaureate (IB) course code associated with this course.

**Business Rules:** If [Element D07](#) – Course Designation Code contains an A – Advanced Placement or an I – International Baccalaureate, then Element D09 must have a valid code. If an AP or IB code is provided, it must be a valid value from the Advanced Placement and International Baccalaureate Codes table. Beginning with the 2013–14 school year, AP and IB codes may only be reported by schools with approved courses. AP and IB codes may only be reported by schools with approved courses. A list of schools with approved AP courses can be found at <https://apcourseaudit.epiconline.org/ledger>. A list of schools with approved IB courses can be found at <https://ibo.org/en/programmes/find-an-ib-school/>. Validations for this element will be implemented on January 30 of the current reporting school year.

**Example:** 12.34

**Valid Values:** Refer to the valid table in Appendix Q, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**Validations:** 27, 186, 498, 499, 500, 501, 507

**Last Updated:** January 2015

#### Element D10 – Classification of Instructional Program (CIP) Code Number

**Field Name:** CIPCode

**Data Type:** char

**Size:** 6

**Allow NULL?** Yes. Conditional.

**Description:** The Classification of Instructional Program (CIP) Code Number assigned by OSPI to the approved Career and Technical Education (CTE) course.

**Business Rules:** Data is required for Career and Technical Education (CTE) courses. If Element D07 – Course Designation Code, contains a T – CTE Dual Credit (Tech Prep) and the course is an approved CTE Course listed for your district in the Career and Technical Education application in EDS, then Element D10 must have a valid CIP Code Number, from the CIP Code Numbers and Course Titles for Approved CTE Courses for the current reporting year, found in Appendix S.

**Example:** 010103

**Valid Values:** Refer to the approved Classification of Instructional Program (CIP) Codes approved specifically for your School District for the reporting school year in the Career and Technical Education application in the Education Data System (EDS).

**Validations:** 28, 187, 188, 514, 696, 992

#### Element D11 – No Longer An Active Data Element

**Field Name:** IsDirectTranscriptionAvailable

**Description:** This data element is no longer collected through CEDARS

**Last Updated:** February 2011

#### Element D12 – CTE Course Equivalency Identification

**Field Name:** CourseEquivalencyIdent

**Data Type:** Char

**Size:** 1

**Allow NULL?** Yes. Conditional

**Description:** RCW 28A.700.070, RCW 28A.230.097 and RCW 28A.230.010 allow for districts to determine course equivalency for Career and Technical Education (CTE) courses. Element D12 is designed to collect the course identification for which districts authorize course equivalency to each CTE course offered within the course catalog collection file. A course must meet the mandatory hours of 180 or 540, as designated, to achieve statewide course equivalency.

**Business Rules:** Data is required for Career and Technical Education (CTE) courses. If Element D10 – Classification of Instructional Program (CIP) Code Number, contains a value, then Element D12 may not be NULL.

**Example:** A  
**Valid Values:** A – Statewide Equivalency Course  
 B – Local Equivalency Course  
 C – No Course Equivalency  
**Validations:** 672, 695, 696, 743  
**Last Updated:** February 2017

#### Element D13 – CTE Equivalency

**Field Name:** CTEEquivalency  
**Data Type:** Char  
**Size:** 02  
**Allow NULL?** Yes. Conditional  
**Description:** RCW 28A.700.070, RCW 28A.230.097 and RCW 28A.230.010 allow for districts to determine course equivalency for Career and Technical Education (CTE) courses. Element D13 is designed to collect the type of equivalency applied to each CTE course offered within the course catalog for which the district utilizes a course equivalency.  
**Business Rules:** Data is required when Element D12 – CTE Course Equivalency Identification valid value is A – Statewide Equivalency Course or B – Local Equivalency Course.  
**Example:** 02  
**Valid Values:** 01 – Other Local Equivalency not aligned with valid values 02-19  
 02 – Algebra 1  
 03 – Algebra 2  
 04 – Geometry  
 05 – Statistics  
 06 – Biology

#### Element D16 – Course Level

<b>Field Name:</b>	CourseLevel
<b>Data Type:</b>	char

<b>Size:</b>	1
<b>Allow NULL?</b>	No. Data is required. <i>(Optional during the 2020-21 school year and required beginning the 2021-2022 school year)</i>
<b>Description:</b>	Identifies the course level of rigor.
<b>Business Rules:</b>	Report the valid value that describes the rigor of the course reported in <u>Element D04</u> – Course ID.
<b>Example:</b>	B
<b>Valid Values:</b>	B – Basic or remedial G – General or regular E – Enriched or Advanced H – Honors C – College X – No specified level of rigor
<b>Validations:</b>	991
<b>Last Updated:</b>	October 2020

#### Element D17 – Industry Recognized Certifications Offered

<b>Field Name:</b>	IndustryCertifications
<b>Data Type:</b>	varchar
<b>Size:</b>	40
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Indicates which, if any, state or nationally industry recognized certifications are available through this CTE course.
<b>Business Rules:</b>	Data is required when <u>Element D10</u> – Classification of Instructional Program (CIP) Code Number contains a value. If D17 is 1, no other valid value may be used. If D17 is not null and not 1, then more than one valid value may be used (separated by a comma) to identify all of the recognized industry certifications available for this CTE course.
<b>Example:</b>	1 3,7,13
<b>Valid Values:</b>	1 – No Industry Certification Offered 2 - <Not used> 3 – Other Industry Certification 4 – ASE Maintenance & Light Repair 5 – DOE Wastewater Treatment Operation-Group I 6 – AWS SENSE Welding Level 1 7 – NCCER Welding Level 1 8 – FAA Aviation Maintenance Technician-General 9 – MSSC Certified Logistics Technician (CLT) 10 – Certified Nursing Aide/Assistant (CNA) 11 – Certified Pharmacy Technician (CPT) 12 – Educational Aide I 13 – Cosmetology Operator License

## Student Schedule File (E)

**File Name:** StudentSchedule

**Description:** Schedules for each student in grade PK through grade 12 will be provided in this file. Include all courses attempted for the student during the current school year up to point of data submission.

All students reported in File (E) must have a corresponding enrollment record reported for them in School Student File (C) at the same school. Records will be rejected if there is no corresponding enrollment record in School Student File (C) for that school.

All courses reported in File (E) must have a corresponding course record reported for them for the same school in Course Catalog File (D). Records will be rejected if there is no corresponding course record at that school in Course Catalog File (D).

**Sample File Name:** 12345\_0000\_StudentSchedule\_20200901\_20202021.txt

### Element E01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four-digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 162, 363

**Last Updated:** February 2018

### Element E02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.

**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS. Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 – Term combination must be distinct.

**Example:** 12345

**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 163, 170, 296, 313

**Last Updated:** January 2015

#### **Element E03 – District Student ID**

**Field Name:** DistrictStudentId

**Data Type:** varchar

**Size:** 50

**Allow NULL?** No. Data is required.

**Description:** This is the student identifier assigned by the district to the student. This data element is used in the matching of district data with records in CEDARS.

**Business Rules:** The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student. Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 – Term combination must be distinct.

**Example:** 123456789012 or 124 or TG096

**Validations:** 164, 297, 313, 320

**Last Updated:** September 2007

#### **Element E04 – State Student ID (SSID)**

**Field Name:** SSID

**Data Type:** char

**Size:** 10

**Allow NULL?** No.

**Description:** Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.

**Business Rules:** SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero.

Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.

**Example:** 1234567890

**Validations:** 165, 571

**Last Updated:** January 2015

#### **Element E05 – Location ID**

**Field Name:** LocationId

**Data Type:** varchar

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The Location ID for the school where the student completed or is attending the course as generated by the district's Student Information System (SIS).

Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 - Term combination must be distinct.

**Business Rules:** This is an internal number generated by the district and is required. If you do not have an ID assigned to this field, report OSPI school code reported in Element A05 – School Code. The ID reported in Element E05 must be included in the Location File A. The Location ID submitted in Element E05 and Element D03 – Location ID, for the same course, must map to the same School Code submitted in Location File (A), Element A05 – School Code. The combination of Element E05 and Element E06 – Course ID must correspond to the values reported in Element D03 - Location ID and Element D04 - Course ID.

**Example:** 1234

**Validations:** 166, 298, 313, 321, 571, 870

**Last Updated:** February 2017

#### Element E06 – Course ID

**Field Name:** CourseId

**Data Type:** varchar

**Size:** 20

**Allow NULL?** No. Data is required.

**Description:** The course ID used by the district or school to represent the unique course number.

**Business Rules:** Include course id for all courses attempted during the current school year. Course IDs must be reported for all courses offered in grades PK–12. This course ID must be included in the Course Catalog File (D). The Course ID submitted in Element E06 and Element D04 – Course ID, for the same course, must map to the same School Code submitted in Location File (A), Element A05 – School Codes. The combination of Element E05 - Location ID and Element E06 must correspond to the values reported in Element D03 - Location ID and Element D04 - Course ID. Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 - Term combination must be distinct.

**Example:** Hist101A16

**Validations:** 167, 299, 313, 319, 745, 870

**Last Updated:** February 2017

#### Element E07 – Section ID

**Field Name:** SectionId

**Data Type:** varchar

**Size:** 20

**Allow NULL?** No. Data is required.

**Description:** Section number used for the identification of a unique occurrence of a class/staff/location. The section ID is intended to uniquely identify each

class/period of students that occur. It is not intended to broadly identify a course(s) offered.

**Business Rules:** Include the Section ID for all courses attempted or completed during the current school year for students in grades PK–12. Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 – Term combination must be distinct.

**Example:** 7

**Validations:** 168, 313

**Last Updated:** January 2013

#### Element E08 – Term

**Field Name:** Term

**Data Type:** varchar

**Size:** 12

**Allow NULL?** No. Data is required.

**Description:** Term in which the course is being taken.

**Business Rules:** Include the Term for all courses attempted during the current school year for all students. This value will be used to connect teacher and student schedules so the designator for Term must be the same for Element E08 and Element G07 – Term. Element E02 – Serving County District Code, Element E03 – District Student ID, Element E05 – Location ID, Element E06 – Course ID, Element E07 – Section ID and Element E08 – Term combination must be distinct.

**Alternative schools and Online Education:** If not able to identify with one particular session type, use the Quarter designation that most closely aligns with the quarter the course was taken/taught based on the number of weeks into the school year.

**When to use SEM1 versus Q1 and Q2:** If a course is taken/taught for only one quarter out of a semester, use the appropriate quarter designation. Otherwise, use the Semester designation.

**Example:** Sem1 or TRI3

**Valid Values:** Refer to the valid values in Appendix P, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

## Element E13 – Credits Attempted

<b>Field Name:</b>	CreditsAttempted
<b>Data Type:</b>	numeric
<b>Size:</b>	4,2 (Up to five characters including the decimal point)

<b>Allow NULL?</b>	Yes, Conditional.
<b>Description:</b>	Credits attempted by the student for the course that was taken. Data must be reported for all high school credit courses where credit was attempted for every student served during the current school year, including those students who exit the school.
<b>Business Rules:</b>	The valid range of values is 0.00 to 99.99. Multiple records may be required to report each final grading period in the academic year. The Credits Attempted reported within Element E13 must be equal to or greater than the Credits Earned reported within <u>Element E14</u> – Credits Earned.
<b>Example:</b>	1.50
<b>Validations:</b>	885, 886, 887, 890, 961
<b>Last Updated:</b>	September 2019

#### **Element E14 – Credits Earned**

<b>Field Name:</b>	CreditsEarned
<b>Data Type:</b>	numeric
<b>Size:</b>	4,2 (Up to five characters including the decimal point)
<b>Allow NULL?</b>	Yes, conditional.
<b>Description:</b>	Credits earned by the student upon completion or withdrawal from the course. Data must be reported for all high school credit courses where credit was attempted for every student served during the current school year, including those students who exit the school.
<b>Business Rules:</b>	The valid range of values is 0.00 to 99.99. Element E14 must be NULL if Element E13 – Credits Attempted is NULL. Element E14 is required if Element E13 – Credits Attempted is not NULL.
<b>Example:</b>	0.5 or 1.0
<b>Validations:</b>	887, 888, 889, 890, 961
<b>Last Updated:</b>	September 2019

#### **Element E15 – Industry Recognized Certifications Earned**

<b>Field Name:</b>	IndustryCertifications
<b>Data Type:</b>	varchar
<b>Size:</b>	40
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Indicates which, if any, state or nationally industry recognized certification(s) a student earned as a result of taking the CTE course when recognized industry certifications are available for that CTE course as identified in <u>Element D17</u> – Industry Recognized Certifications Offered. Industry certification is based on the student’s ability to demonstrate skills and knowledge to industry standards.
<b>Business Rules:</b>	If corresponding course record <u>Element D17</u> – Industry Recognized Certifications Offered contains valid value 1 then Element E15 must contain valid value 1.

If corresponding course record Element D17 is not null and contains valid value(s) other than 1, then Element E15 must contain either:

- Only valid value 2

OR

- One or more of the valid values (separated by a comma) contained in element Element D17

CEDARS considers a course record between File D and File E to be corresponding when:

- D01 – School Year equals E01 – School Year  
AND
- D02 - Serving County District Code equals E02 – Serving County District Code  
AND
- D03 - Location ID equals E05 – Location ID  
AND
- D04 – Course ID equals E06 – Course ID

**Example:**

**Valid Values:**

2,3  
1 – No Industry Certification Offered  
2 - No Industry Certification Earned  
3 – Other Industry Certification

## Staff File (F)

**File Name:** Staff

**Description:** This file contains information about district staff teaching a course or assigned to a homeroom for the current school year in grades PK–12. There should be one entry for each staff type for each staff member. If a staff member serves more than one school, then that information is captured in the Staff Schedule File G. Data for long term substitutes must be submitted. A long term substitute is defined as a certificated teacher who serves in a substitute capacity for four or more consecutive weeks, twenty (20) or more school days, in a single assignment.

**Sample File Name:** 12345\_0000\_Staff\_20200901\_20202021.txt

### Element F01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four–digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 98, 358

**Last Updated:** February 2018

### Element F02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code.

**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.

**Example:** 12345

**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 99, 107, 244, 307

**Last Updated:** January 2015

### Element F03 – Staff ID

**Field Name:** StaffId

**Data Type:** varchar

**Size:** 20

<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The unique staff code as generated by the District.
<b>Business Rules:</b>	This is an internal number generated by the district. If you do not have an ID assigned to this field use the OSPI Certification Number. The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to twenty characters in length. This ID should follow the staff member throughout their employment with the district and should not be reassigned to another staff member.
<b>Example:</b>	123456789101112 or 123 or 315502E
<b>Validations:</b>	100, 247, 307, 349, 665
<b>Last Updated:</b>	January 2012

#### Element F04 – Staff Type Code

<b>Field Name:</b>	StaffTypeCode
<b>Data Type:</b>	varchar
<b>Size:</b>	8
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The type of staff member (i.e., Elementary Teacher, Secondary Teacher).
<b>Business Rules:</b>	Must be a valid value from the Staff Type Codes in Appendix U. Data must be entered for all staff types listed in <u>Element F05</u> – Certification Number.
<b>Example:</b>	311
<b>Valid Values:</b>	Refer to the valid values table in Appendix U, found in the CEDARS Appendices, located at <a href="http://www.k12.wa.us/CEDARS/Manuals.aspx">http://www.k12.wa.us/CEDARS/Manuals.aspx</a> .
<b>Validations:</b>	101, 246, 307, 379
<b>Last Updated:</b>	February 2011

#### Element F05 – Certification Number

<b>Field Name:</b>	CertificationNumber
<b>Data Type:</b>	char
<b>Size:</b>	7
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The State Certification number assigned to this staff member's certificate.
<b>Business Rules:</b>	<p>Data must be entered for all educators who teach classes in Washington State schools. The certification must be a valid Washington State Certification number, a Z number, a temporary certificate number, or a special exception indicator.</p> <p>The Z number is reported as the Certification Number (A2) in the S275 Report for non-certified staff. All teachers who have applied for certification in Washington State will receive a Temporary certificate number. Currently the only special exceptions to the certification requirements are teachers in Reengagement programs. In that case, enter the code "R999999". If the certification number does not exist on the OSPI Certification database, the entire record will be rejected. Z numbers will be rejected if a certification number has been issued for the staff member.</p>

If staff type code, reported in Element F04 – Staff Type Code, contains a valid value of 910, 913, 990 or 993 then a certification number is not required.

**Example:** 315502E, or Z123456 or R9999999  
**Validations:** 102, 245, 247, 248, 306, 483, 513, 666  
**Last Updated:** June 2013

#### **Element F06 – Legal Last Name**

**Field Name:** LastName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** No. Data is required.  
**Description:** The legal last name as maintained by the district of the staff member or the name that matches the certification record.  
**Business Rules:** The legal last name of the staff member as maintained by the district or the name listed on the State Certification.  
**Example:** Lincoln  
**Validations:** 103, 245  
**Last Updated:** September 2010

#### **Element F07 – Legal First Name**

**Field Name:** FirstName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** Yes. Conditional.  
**Description:** The legal first name of the staff member as maintained by the district or the name that matches the certification record.  
**Business Rules:** May only be left blank if staff member has no first name. The legal first name of the staff member as maintained by the district or the name listed on the State Certification.  
**Example:** Lilly  
**Validations:** 104, 306  
**Last Updated:** April 2011

#### **Element F08 – Legal Middle Name**

**Field Name:** MiddleName  
**Data Type:** varchar  
**Size:** 60  
**Allow NULL?** Yes. Conditional.  
**Description:** The legal middle name as maintained by the district or the name that matches the certification record.  
**Business Rules:** The legal middle name of the staff member as maintained by the district or the name listed on the State Certification. May be left blank only when the staff member has no middle name.  
**Example:** Leone  
**Validations:** 105

**Last Updated:** February 2017

**Element F09 – Birth Date**

**Field Name:** BirthDate

**Data Type:** date

**Allow NULL?** No. Data is required.

**Description:** The staff member's birthday.

**Business Rules:** The date of birth provided must calculate an age of at least 18 years. Date should be formatted as MM/DD/YYYY.

**Example:** 03/24/1955

**Validations:** 106, 249, 511, 512

**Last Updated:** January 2013

## Staff Schedule File (G)

**File Name:** StaffSchedule

**Description:** Schedules for each staff member in all grades PK–12 teaching a course or assigned to a homeroom will be detailed in this file. The Staff Schedule File will include all teachers and the courses taught by teachers in the current school year. Data for long term substitutes must be submitted. A long term substitute is defined as a certificated teacher who serves in a substitute capacity for four or more consecutive weeks, twenty (20) or more school days, in a single assignment.

All staff reported in File (G) must have a corresponding staff record reported for them in Staff File (F). Records will be rejected if there is no corresponding staff record in Staff File (F).

All courses reported in File (G) must have a corresponding course record reported for them for the same school in Course Catalog File (D). Records will be rejected if there is no corresponding course record at that school in Course Catalog File (D).

**Sample File Name:** 12345\_0000\_StaffSchedule\_20200901\_20202021.txt

### Element G01 – School Year

**Field Name:** SchoolYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The four–digit year in which the school year ends.  
**Business Rules:** For the 2019–20 school year, report 2020.  
**Example:** 2020  
**Valid Values:** 2020

### Element G02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode  
**Data Type:** char  
**Size:** 5  
**Allow NULL?** No. Data is required.  
**Description:** The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code.  
**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.  
**Example:** 12345  
**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.  
**Validations:** 109, 115, 250, 630

**Last Updated:** January 2015

#### **Element G03 – Location ID**

**Field Name:** LocationId  
**Data Type:** varchar  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The Location ID for the school where the staff member is currently teaching or has taught the course as generated by the district's Student Information System (SIS).  
**Business Rules:** This is an internal number generated by the District and is required. If you do not have an ID assigned to this field, report the OSPI School Code reported in Element A05 – School Code. The ID reported in Element G03 must be included in the Location File A. The Location ID submitted in Element G03 and Element D03 – Location ID, for the corresponding record in both files, must map to the same School Code submitted in Location File (A), Element A05 – School Code.  
**Example:** 1234  
**Validations:** 110, 251, 330, 630, 747  
**Last Updated:** February 2017

#### **Element G04 – Staff ID**

**Field Name:** StaffId  
**Data Type:** varchar  
**Size:** 20  
**Allow NULL?** No. Data is required.  
**Description:** The unique staff code as generated by the District.  
**Business Rules:** This is an internal number generated by the district. If you do not have an ID assigned to this field use the OSPI Certification Number. The value is unique within the district. The value can be any combination of alpha and/or numeric values up to twenty characters in length. This ID should follow the staff member throughout their employment with the district and should not be reassigned to another staff member. The ID reported in Element G04 must be included in the Staff File F.  
**Example:** 123456789101112 or 123 or 315502E.  
**Validations:** 111, 252, 331, 630  
**Last Updated:** January 2012

#### **Element G05 – Course ID**

**Field Name:** CourseId  
**Data Type:** varchar  
**Size:** 20  
**Allow NULL?** No. Data is required.  
**Description:** The course ID used by the district or school to represent the unique course number.

**Business Rules:** Include course ID for all courses the staff member is currently teaching or has taught during the current school year for grades PK–12.  
This course ID must be included in the Course Catalog File D.  
The Location ID submitted in Element G03 – Location ID, affiliated with the Course ID, submitted in Element G05 and Element D04 – Course ID, for the corresponding record in both files, must map to the same School Code submitted in Location File (A), Element A05 – School Code.

**Example:** Hist101A16

**Validations:** 112, 253, 329, 630, 747

**Last Updated:** April 2011

#### Element G06 – Section ID

**Field Name:** SectionId

**Data Type:** varchar

**Size:** 20

**Allow NULL?** No. Data is required.

**Description:** Section number used for the identification of a unique occurrence of a class/staff/location. The section id is intended to uniquely identify each class/period of students that occur. It is not intended to broadly identify a course(s) offered.

**Business Rules:** Include the section ID for all courses the staff member is currently teaching or has taught during the current school year.

**Example:** 7

**Validations:** 113, 630

**Last Updated:** January 2013

#### Element G07 – Term

**Field Name:** Term

**Data Type:** varchar

**Size:** 12

**Allow NULL?** No. Data is required.

**Description:** Term in which the course is being offered.

**Business Rules:** Include the Term for all courses offered during the current school year for all students. This value will be used to connect teacher and student schedules so the designator for Term must be the same for Element E08 – Term and Element G07.

**Alternative schools and Online Education:** If not able to identify with one particular session type, use the Quarter designation that most closely aligns with the quarter the course was taken/taught based on the number of weeks into the school year.

**When to use SEM1 versus Q1 and Q2:** If a course is taken/taught for only one quarter out of a semester, use the appropriate quarter designation. Otherwise, use the Semester designation.

**Example:** Sem1 or TRI3

**Valid Values:** Refer to the valid values in Appendix P, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.  
**Validations:** 114, 386, 401, 630  
**Last Updated:** January 2012

#### Element G08 – Instruction Start Date

**Field Name:** InstructionStartDate  
**Data Type:** date  
**Allow NULL?** No. Data is required.  
**Description:** The date the Teacher began instructing this course, during this term, at this school.  
**Business Rules:** Date reported must be on or after the date reported in Element G11 – Term Start Date.  
Date should be formatted as MM/DD/YYYY.  
**Example:** 09/22/2014  
**Validations:** 584, 593, 616, 630  
**Last Updated:** January 2014

#### Element G09 – Instruction End Date

**Field Name:** InstructionEndDate  
**Data Type:** date  
**Allow NULL?** Yes. Conditional  
**Description:** The date the Teacher stopped instructing this course. If the Teacher remained in the course for the full duration of the term, or if the Teacher is still in this course, NULL should be in this field.  
**Business Rules:** If a date is reported it must be on or before the date reported in Element G12 – Term End Date.  
Date should be formatted as MM/DD/YYYY.  
**Example:** 12/22/2014  
**Validations:** 580, 594, 616  
**Last Updated:** January 2014

#### Element G10 – Teacher Indicator

**Field Name:** TeacherIndicator  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** No. Data is required  
**Description:** The type of role the teacher is filling in this course.  
**Business Rules:** Include the Teacher Indicator for all teachers. Default would be primary. Districts are not required to submit data for short term substitutes.  
**Example:** A  
**Valid Values:** P – Primary  
A – Alternate  
T – Team-Primary  
~~U – Team-Alternate~~

V – Team-Substitute  
W – Team-Long Term Substitute  
S – Substitute  
L – Long Term Substitute  
J – Job Share-Primary  
~~B – Job Share-Alternate~~  
C – Job Share-Substitute  
D – Job Share-Long Term Substitute  
I – Special Education Co-Teaching Model  
E – ELL/ESL Co-Teaching Model  
F – LAP Co-Teaching Model

**Validations:** 582, 586

**Last Updated:** March 2020

#### Element G11 – Term Start Date

**Field Name:** TermStartDate

**Data Type:** date

**Allow NULL?** No. Data is required.

**Description:** The date the Term for this course/session began. This date may be before the students are in attendance.

**Business Rules:** The date reported must be equal to or greater than the date reported in Element A07 – Initial School Start Date.  
Data in the format of MM/DD/YYYY.

**Example:** 09/22/2014

**Validations:** 581, 593, 605

**Last Updated:** April 2014

#### Element G12 – Term End Date

**Field Name:** TermEndDate

**Data Type:** date

**Allow NULL?** No. Data is required.

**Description:** The date the Term for this course/session ends.

**Business Rules:** The date reported must be equal to or less than the date reported in Element A08 – Last School End Date.  
Data in the format of MM/DD/YYYY.

**Example:** 12/22/2014

**Validations:** 583, 594, 606

**Last Updated:** January 2014

## Student Grade History File (H)

**File Name:** StudentGradeHistory

**Description:** This file contains all high school credit courses where credit was attempted for every student served during the current school year, including those students who exit the school. Final grade and credit information for each course must match what will appear on the student's transcript. Each student's entire grade history must be submitted. Grade history records for courses the student received from schools outside the serving district should be reported using a LocationID of 9999 within Element H26 – School Code.

**Sample File Name:** 12345\_0000\_StudentGradeHistory\_20200901\_20202021.txt

### Element H01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four-digit year in which the school year ends.

**Business Rules:** This value will be the same year for every record as this element is NOT used to identify the year in which the student took the course. For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

### **Element H21 – Did Student Receive a State or Nationally Recognized Industry Certification?**

**Field Name:** HasIndustryCertification  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** Yes. Conditional.  
**Description:** Indicates whether, as a result of taking the CTE course identified in Element H17, Classification of Instruction Program (CIP) Code Number, the student received a state or nationally recognized industry certification or successfully passed a certification exam as part of a state or nationally recognized industry certification program during the reporting period.  
Industry certification is based on the student's ability to demonstrate skills and knowledge to industry standards. Some industry certifications may be earned in fewer than 360 hours of instruction. Therefore, the student is not required to be a "CTE program completer" at the time the industry certification is earned.  
**Business Rules:** If data is entered in Element H17, Classification of Instruction Program (CIP) Code Number, then data is required in Element H21. This element is not required when entering transfer information.  
**Example:** Y  
**Valid Values:** N – No  
Y – Yes  
**Validations:** 137, 533  
**Last Updated:** July 2014

### **Element H22 – No Longer An Active Data Element**

**Field Name:** IsDirectTranscriptionAvailable  
**Description:** This data element is no longer used in CEDARS  
**Last Updated:** January 2012

### **Element H23 – Is the Student a CTE Dual Credit (Tech Prep) Completer?**

**Field Name:** IsTechPrepCompleter  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** Yes. Conditional.  
**Description:** Indicates whether the student completed a sequence of courses in accordance with the definition of CTE Dual Credit (Tech Prep) Completer. A CTE Dual Credit (Tech Prep) Completer is any student who completes all courses, with a B grade or better, that are the high school's portion of the CTE Dual Credit (Tech Prep) Articulation Agreement for that program area.  
**Business Rules:** If Element H13, Course Designation Code, contains a T – CTE Dual Credit (Tech Prep), then data is required in Element H23. CEDARS will not accept NULL values. This element is not required when entering transfer information.  
If Element H13, Course Designation Code, does not contain a T – CTE Dual Credit (Tech Prep), then Element H23 must be N.

**Example:** Y  
**Valid Values:** N – No  
Y – Yes  
**Validations:** 135, 534, 535  
**Last Updated:** February 2018

#### **Element H24 – Did the Student Take or Pass a State or Nationally Recognized Assessment of Technical Skill and Knowledge?**

**Field Name:** CTEAssessment  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** Yes. Conditional.  
**Description:** Indicates whether the student has taken and/or passed a state or nationally recognized assessment in the approved CTE course identified in Element H17, Classification of Instruction Program (CIP) Code Number.  
An assessment based on the necessary training to prove knowledge and demonstrate skill level to obtain employment and/or recognition in an industry; a tool that demonstrates skill level and knowledge. Not limited to practicum.  
**Business Rules:** If data is entered in Element H17, Classification of Instruction Program (CIP) Code Number, then data is required in Element H24 and NULL values will not be accepted.  
If Element H21 – Did Student Receive a State or Nationally Recognized Industry Certification has a valid value of Y–Yes, then Element H24 must be 2.  
**Example:** 2  
**Valid Values:** 0 = no, did not take an assessment  
1 = yes, took the test but did not pass  
2 = yes, took the test and passed  
**Validations:** 144, 532  
**Last Updated:** January 2013

#### **Element H25 – Certification Number**

**Field Name:** CertificationNumber  
**Data Type:** char  
**Size:** 7  
**Allow NULL?** Yes. Conditional.  
**Description:** The State Certification number assigned to this staff member's certificate.  
**Business Rules:** Beginning with the 2014-15 school year, the Certification Number may be blank for courses submitted with a Course Designation Code of Z – Non Instructional. The Certification Number may be blank for any high school transfer credits taken outside the submitting district.  
The certification must be a valid Washington State Certification number, a Z number, a temporary certificate number, or a special exception indicator. The Z number is reported as the Certification Number (A2) in the S275 Report for non-certified staff. All teachers who have applied for certification in Washington State will receive a Temporary certificate number. Currently the

only special exceptions to the certification requirements are teachers in Reengagement programs. In that case, enter the code "R999999". If the certification number does not exist on the OSPI Certification database, the entire record will be rejected. Z numbers will be rejected if a certification number has been issued for the staff member.

**Example:** 315502E, or Z123456, or T123456, or R999999

**Validations:** 554, 555, 574

## Element H26 – School Code

**Field Name:** SchoolCode

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** This is a four-digit code assigned to the school by OSPI.

**Business Rules:** The School Code for the school where the student attempted high school credit for a course. OSPI school codes must be a valid school listed in the Education Data System (EDS). If credits were attempted at another school outside your district, enter 9999.

**Example:** 1234

**Valid Values:** Refer to EDS for valid values: <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 530, 532, 533, 534, 535, 536, 538, 539, 540, 542, 555, 575, 618

**Last Updated:** January 2013

## Element H27 – ALE Course Type

**Field Name:** ALEFunded

**Data Type:** char

**Size:** 1

**Allow NULL?** Yes. Conditional

**Description:** Identifies how the instruction for the course reported in Element H07 – Course ID was provided.

**Business Rules:** Report the valid value that describes the type of ALE instruction provided for the course reported in Element H07 – Course ID for courses taken beginning with the 2014-15 school year. If Element H27 contains a valid value of O – Online then Element H13 – Course Designation Code must contain a valid value of O – Online.

This element is not required when entering transfer information.

**Example:** O

**Valid Values:** N – No, course was not taught through ALE

O – Online

R – Remote

T – Site Based – written student learning plan requires regular weekly in- person instructional contact time

#### Element H30 – Course School Year

**Field Name:** CourseYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required  
**Description:** The second year of the four-digit school year in which the course was taken. Transfer courses must also include the year they were taken at the previous school and data for these courses must be reported in this element.  
**Business Rules:** This element is used to identify the year in which the student took the course. For a course taken in the 2013-14 school year, report 2014.  
**Example:** 2014  
**Validations:** 675, 734  
**Last Updated:** February 2016

#### Element H31 – Industry Recognized Certifications Earned

**Field Name:** IndustryCertifications  
**Data Type:** varchar  
**Size:** 40  
**Allow NULL?** Yes. ~~Conditional.~~  
**Description:** Indicates which, if any, state or nationally industry recognized certification(s) a student earned as a result of taking the CTE course when industry recognized certifications are available for that CTE course.  
**Business Rules:** ~~If Element H17 – Classification of Instructional Program (CIP) Code Number contains a CIP code number and Element H30 – Course School Year is 2021 or after, then data is required in Element H31.~~ Unlike the rest of courses reported in File H, only report for the current reporting year. Element H31 and Element D4517 must match.  
If H31 is 1 or 2, no other valid value may be used.  
If H31 is not 1 or 2, then more than one valid value may be used (separated by a comma)  
**Example:** 3,13

## Student Attributes and Programs File (I)

**File Name:** StudentPrograms

**Description:** This file contains information for students participating in/receiving services from specific programs, eligibility for Free/Reduced Meal participation and individual student attributes. A record must be submitted for each program, service or attribute the student participates in or is identified with. All students reported in File (I) must have an enrollment record reported for them in School Student File (C). See the business rules for each code in Appendix F for exact business rules for each code.

**Sample File Name:** 12345\_0000\_StudentPrograms\_20200901\_20202021.txt

### Element I01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 146, 361, 569

**Last Updated:** February 2018

### Element I02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code.

**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.

**Example:** 12345

**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 147, 156, 282, 311

**Last Updated:** January 2015

### Element I03 – District Student ID

**Field Name:** DistrictStudentId

**Data Type:** varchar

**Size:** 50

**Allow NULL?** No. Data is required.

<b>Description:</b>	This is the student identifier <u>assigned by the district</u> to the student. This data element is used in the matching of district data with records in CEDARS.
<b>Business Rules:</b>	The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.
<b>Example:</b>	123456789012 or 124 or TG096
<b>Validations:</b>	148, 283, 311, 316, 516, 517
<b>Last Updated:</b>	September 2007

#### Element I04 – State Student ID (SSID)

<b>Field Name:</b>	SSID
<b>Data Type:</b>	char
<b>Size:</b>	10
<b>Allow NULL?</b>	No.
<b>Description:</b>	Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.
<b>Business Rules:</b>	SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero. Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.
<b>Example:</b>	1234567890
<b>Validations:</b>	149
<b>Last Updated:</b>	January 2015

#### Element I05 – Location ID

<b>Field Name:</b>	LocationId
<b>Data Type:</b>	varchar
<b>Size:</b>	4
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The Location ID for the school as generated by the district's Student Information System (SIS).
<b>Business Rules:</b>	This is an internal number generated by the District and is required. The ID reported in Element I05 must be included in the <u>Location File A</u> . See the business rules for this element in <u>Appendix E</u> . Unique rules apply to each value reported in <u>Element I06</u> .
<b>Example:</b>	1234
<b>Validations:</b>	150, 284, 311, 317, 762
<b>Last Updated:</b>	February 2017

#### Element I06 – Attribute or Program Code

<b>Field Name:</b>	ProgramCode
--------------------	-------------

<b>Data Type:</b>	int
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The state assigned service, program or attribute code <del>from the list of valid values below.</del>
<b>Business Rules:</b>	Report a record in this file if the student received services, participated in a program, or is identified with an attribute listed in the valid values from <u>Appendix F</u> at any point in the current school year. If the student is reported in Special Education File (K) they must be reported with a valid value equal to 36 – <i>Student Identified With a Disability</i> in Element I06. Valid value 11 - <i>LAP Extended Learning Opportunities Program</i> eligibility is limited to students in grades 8, 9, 10, 11, and 12 as reported in Element B13 – Grade Level.
<b>Example:</b>	2
<b>Valid Values:</b>	Refer to the valid values in Appendix F, found in the CEDARS Appendices, located at <a href="http://www.k12.wa.us/CEDARS/Manuals.aspx">http://www.k12.wa.us/CEDARS/Manuals.aspx</a> .
<b>Validations:</b>	151, 285, 290, 292, 311, 527, 595, 608, 609, 613, 662, 703, 705, 762, 765, 768, 769, 973, 974, 975, 976, 977
<b>Last Updated:</b>	October 2021

#### Element I07 – Start Date

<b>Field Name:</b>	StartDate
<b>Data Type:</b>	date
<b>Allow NULL?</b>	No
<b>Description:</b>	The date the student begins receiving services, is enrolled in a program or is identified with a specific attribute.
<b>Business Rules:</b>	This is the first day the student attends or receives services, is enrolled in a program or is identified with a specific attribute or corresponds with the first day of enrollment. This date must be equal to or greater than the date contained in <u>Element B14</u> – Date Enrolled in District. The program start date must be on or after <u>Element B09</u> – Birth Date. Date must be formatted as MM/DD/YYYY.
<b>Example:</b>	01/01/2007
<b>Validations:</b>	152, 288, 289, 311, 760, 770, 771
<b>Last Updated:</b>	February 2017

#### Element I08 – Exit Date

<b>Field Name:</b>	ExitDate
<b>Data Type:</b>	date
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The date the student exits a program, ceases to receive services or is no longer identified with a specific attribute.
<b>Business Rules:</b>	This is the last day the student receives services, is enrolled in a program or is identified with a specific attribute. This date must be equal to or greater than the date in <u>Element I07</u> – Start Date.

If the student enters and exits on the same date, the same date is used in Elements I07 – Start Date and this Element, I08.  
 If I08 – Exit Date is reported for student, information must be provided within Element I09 – Exit Reason Code. An exit date must be entered if Element I09 – Exit Reason Code is submitted.  
 Date must be formatted as MM/DD/YYYY.

**Example:** 02/15/2007  
**Validations:** 153, 289, 311, 569, 595, 770, 771  
**Last Updated:** February 2017

#### Element I09 – Exit Reason Code

**Field Name:** ExitReasonCode  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** Yes. Conditional.  
**Description:** The reason the student is exiting the program.  
**Business Rules:** An Exit Reason Code must be entered if Element I08 – Exit Date is submitted. Students identified in Element I06 – Attribute or Program Code with a valid value of 36 – Disability and an exit date reported in Element I08 – Exit Date are not required to report a valid value in Element I09.  
 If Element I06 – Attribute or Program Code valid value is equal to 41 – *Washington State Seal of Biliteracy Earned* or 42 – *Washington State Seal of Biliteracy Proficient*, then a valid value from Appendix L must be entered.

**Example:** B  
**Valid Values:** A – Program no longer needed  
 B – Graduated *(not to be used with Transitional Kindergarten or WA Reading Corps Literacy Support)*  
 C – No longer enrolled  
 D – Opted out of program *(students/parent/guardian withdrew from program)*  
 F – Other  
 G – Transferred to GED Program *(only for use with GRADS program students)*  
 H – End of school year transition  
 I – Student no longer qualifies for gifted program services based upon multiple objective assessment results *(only for use with Gifted Program)*  
 K – Parent/Guardian/Student declined services for this year only *(only for use with Gifted Program)*  
 Appendix L – Washington State Seal of Biliteracy and Competency valid values are found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx> for reporting.  
**Validations:** 154, 290, 595, 662, 703, 974, 975, 976, 977  
**Last Updated:** September 2019

#### Element I10 – Qualification Code

**Field Name:** QualificationCode  
**Data Type:** varchar

<b>Size:</b>	60
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	The reason the student qualifies for program services.
<b>Business Rules:</b>	<p>If <a href="#">Element I06</a> – Attribute or Program Code is valid value:</p> <ul style="list-style-type: none"> <li>• 19 – <i>Free and Reduced Meals</i> then a program code from <a href="#">Appendix X</a> must be entered.</li> <li>• 30 – <i>GRADS Program</i> then a valid value from the list below must be reported.</li> <li>• 36 – <i>Disability</i> then a valid value from <a href="#">Appendix I</a> must be reported.</li> <li>• 36 – <i>Disability</i> and I10 is 1, the student must be under the age of 9. The value must be changed from 1 to another valid value prior to the student's ninth birthday.</li> <li>• 36 – <i>Disability</i> and I10 is 15, the student must be under the age of 3. The value must be changed from 15 to another valid value prior to the student's third birthday.</li> <li>• 40 – <i>Reengagement Program</i> then a valid value from <a href="#">Appendix R</a> must be reported.</li> <li>• 41 – <i>Washington State Seal of Biliteracy Earned</i> or 42 – <i>Washington State Seal of Biliteracy Proficient</i>, then a language code from <a href="#">Appendix K</a> must be reported.</li> </ul>
<b>Example:</b>	7 – Free via Head Start.
<b>Valid Values:</b>	<p>Disability Codes:</p> <p>Refer to valid values table in <a href="#">Appendix I</a>.</p> <p>Free and Reduced Meal code qualification codes:</p> <p>Refer to valid values table in <a href="#">Appendix X</a>.</p> <p>GRADS Program qualification codes:</p> <p>A – Pregnant secondary school student</p> <p>B – Father-to-be secondary school student</p> <p>C – Parenting secondary school student (female or male)</p> <p>Reengagement Codes:</p> <p>Refer to valid values table in <a href="#">Appendix R</a>.</p> <p>Washington State Seal of Biliteracy language codes:</p> <p>Refer to valid values found in <a href="#">Appendix K</a>.</p>

## English Learners File (J)

**File Name:** BilingualPrograms

**Description:** This file captures information unique to those students who are receiving services or tested but did not qualify for:

- State Transitional Bilingual Instruction Program (STBIP) services
- English Language Development services for Native American students under Title III

There should be at least one entry for each student identified for the current school year. For example, if a student enters, exits and re-enters the State Transitional Bilingual Instruction Program (STBIP), there should be two entries to reflect these two separate enrollments into the Program.

Only placement test data is to be reported in this file. This file is not intended to collect annual test data for students.

**Sample File Name:** 12345\_0000\_ BilingualPrograms\_20200901\_20202021.txt

### Element J01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 1, 352

**Last Updated:** February 2018

### Element J02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.

**Business Rules:** Must be a valid value EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.

**Example:** 12345

**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 2, 18, 171, 300

**Last Updated:** January 2015

#### **Element J03 – District Student ID**

**Field Name:** DistrictStudentId  
**Data Type:** varchar  
**Size:** 50  
**Allow NULL?** No. Data is required.  
**Description:** This is the student identifier assigned by the district to the student. This data element is used in the matching of district data with records in CEDARS.  
**Business Rules:** The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.  
**Example:** 123456789012 or 124 or TG096  
**Validations:** 3, 300, 1116  
**Last Updated:** October 2020

#### **Element J04 – State Student ID (SSID)**

**Field Name:** SSID  
**Data Type:** char  
**Size:** 10  
**Allow NULL?** No. Data is required.  
**Description:** Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.  
**Business Rules:** SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero. Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.  
**Example:** 1234567890  
**Validations:** 4  
**Last Updated:** January 2015

#### **Element J05 – Location ID**

**Field Name:** LocationId  
**Data Type:** varchar  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The Location ID for the school as generated by the district's Student Information System (SIS) where the student is tested for, participates in or receives services for the program.

**Business Rules:** This is an internal number generated by the District and is required. If you do not have an ID assigned to this field, report the OSPI School Code reported in Element A05 – School Code.  
The ID reported in Element J05, must be included in the Location File A.

**Example:** 1234

**Validations:** 5, 173, 300, 323

**Last Updated:** February 2011

#### Element J06 – Instructional Model Code

**Field Name:** InstructionalModelCode

**Data Type:** char

**Size:** 1

**Allow NULL?** Yes. Conditional.

**Description:** The assigned Instructional Model Code associated with the student eligible for or receiving services.

**Business Rules:** If Element J17 – Program Eligibility/Designation, valid value contains a 1 – State Transitional Bilingual Program then an Instructional Model Code must be provided.  
If Element J17 – Program Eligibility/Designation, valid value contains a 3 – Native American Student receiving, under Title III, English Language Development Services Element J06 must be NULL.  
If Element J21 – Placement Status indicates the student is NOT eligible for services, Element J06 must be NULL.  
If Element J09 – Exit Reason Code is = O, Student Tested but did not Qualify, Element J06 must be NULL.

**Example:** C

**Valid Values:** A – Two Way Dual Language  
B – Transitional Bilingual – Late Exit  
C – Transitional Bilingual – Early Exit  
D – Content ESL (sheltered instruction)  
E – Supportive Mainstream (formerly Pull out model)  
N – Newcomer Program  
P – Waiver (Parent Waiver from Program Services)  
O – One Way Dual Language

**Validations:** 5, 173, 300, 323

**Last Updated:** February 2018

#### Element J07 – Program Status Start Date

**Field Name:** StartDate

**Data Type:** date

**Allow NULL?** No. Data is required.

**Description:** The date the student begins receiving services, waives services or tested but did not qualify for services during the current school year.

**Business Rules:** This is the first day of the current school year the student begins receiving services, changes program status or waives services.

The Program Status Start Date shall be during the current school year in which the enrollment occurred except for records being submitted in the current school year for students who tested but did not qualify in a prior school year. All students will be provided with a new Program Status Start Date when services commence during the current school year, regardless of prior school year services.

If the student tested but did not qualify in the current school year the Program Status Start Date is the date the student took the placement test as reported in Element J22 – Placement Test Date. If the student tested but did not qualify in a prior school year and the data is to be reported in the current school year, use the original placement test date for Element J07 – Start Date.

If during this current school year the student exits and then returns, the date the student returned and resumed participation becomes the Program Status Start Date.

If the student exits and returns one or more times within a current school year, all of the entry/exit dates shall be reported (requires multiple entries for the student). If the student enrolls during the summer when school is not in session, use the date the student will begin (the first day of the current school year) as the Program Status Start Date.

If the student qualifies for services, the Program Status Start Date must be on or after Element A07 – Initial School Start Date, on or after Element B14 – Date Enrolled in District and on or after Element J22 – Placement Test Date.

If student tested but did not qualify for services in the current year, the Program Status Start Date must be the same as the date reported in Element J08 – Program Exit Date. Element J09 – Exit Reason Code must be a valid value of 'O'.

Date should be formatted as MM/DD/YYYY.

**Example:** 01/01/2007

**Validations:** 7, 176, 300, 489, 572, 632, 733

**Last Updated:** January 2018

#### **Element J08 – Program Exit Date**

**Field Name:** ExitDate

**Data Type:** date

**Allow NULL?** Yes. Conditional.

**Description:** The date the student is tested but did not qualify for, transitions out of, or exits.

**Business Rules:** This is the last day the student is tested but did not qualify for or received services.

This date must be equal to or greater than the date in Element J07, Program Start Date.

If the student exits during the summer, use the actual date on which the student left.

If the student enters and exits on the same date, the same date is used in Elements J07 – Program Status Start Date and in this Element, J08.

If J08 – Program Exit Date is reported for student, information must be provided within Element J09, – Exit Reason Code. An exit date must be entered if Element J09 – Exit Reason Code is not NULL.

If the student exits and returns within the same current school year, all of the entry/exit dates shall be reported (requires multiple entries for the student). Date should be formatted as MM/DD/YYYY.

**Example:** 02/15/2007  
**Validations:** 8, 300, 375, 489, 733  
**Last Updated:** February 2017

#### Element J09 – Exit Reason Code

**Field Name:** ExitReasonCode  
**Data Type:** char  
**Size:** 1  
**Allow NULL?** Yes. Conditional.  
**Description:** The reason the student is ending the bilingual enrollment segment.  
**Business Rules:** Data Element J09 is left blank until student tested but did not qualify or exits the program. An Exit Reason Code must be entered if Element J08 – Program Exit Date is not NULL.

If Element J21 – Placement Status indicates the student is NOT eligible for services, Element J09 must be 0 – Tested but did not qualify.

**Example:** B  
**Valid Values:** A – Transitioned (met Transition/Proficient level on annual ELP assessment)  
B – Graduated  
C – Drop-out  
D – Left for other Reasons (left district for unknown reasons)  
E – Transferred/Moved out of district  
F – *No longer used* (Parent Waiver)  
G – *No longer used* (Primary LEP factors attributed to Special Education)  
H – Deceased  
I – *No longer used* (Expulsion, Long Term)  
M - Student Moved Out of Country  
T – Transfer within district, between models or end of school year rollover  
O – Student Tested but did not Qualify  
P - Re-designated / Parent Written Request to Change Original Home Language Survey (HLS) responses  
N – Change of Ethnicity/Race Status (Native American students receiving Title III English Language Services)  
**Validations:** 9, 177, 375, 661, 664, 733, 754, 767  
**Last Updated:** September 2017

#### Element J10 – No Longer An Active Data Element

**Field Name:** PlacementTestScaleScore  
**Business Rules:** Beginning with the 2012–2013 school year, Placement Test Scale Score will be collected through Element J20 – Placement Test Score.

**Last Updated:** January 2012

**Element J11 – No Longer An Active Data Element**

**Field Name:** PlacementTestLevelScore

**Business Rules:** Beginning with the 2012–2013 school year, Placement Test Scale Score will be collected through [Element J21](#) – Placement Status.

**Last Updated:** January 2012

**Element J13 – Initial Placement Test Date**

**Field Name:** InitialWAPlacementDate

**Data Type:** date

**Allow NULL?** No. Data is required.

**Description:** The date the student first took the placement test. This date, once reported, will never change.

**Business Rules:** Date should be formatted as MM/DD/YYYY.

**Example:** 09/25/2001

**Validations:** 13, 384, 486

**Last Updated:** February 2017

**Element J14 – No Longer An Active Data Element**

**Field Name:** InitialUSAPlacementDate

**Description:** This data element has been moved to District Student File (B), [Element B32](#) – Initial USA School Enrollment Date.

**Last Updated:** February 2011

**Element J15 – No Longer An Active Data Element**

**Field Name:** NumMonthsUSAttendance

**Description:** This data element has been moved to District Student File (B), [Element B33](#) – Number of Months US Attendance in School.

**Last Updated:** February 2011

**Element J16 – No Longer An Active Data Element**

**Field Name:** NumMonthsNonUSFormalEducation

<b>Validations:</b>	388, 402, 497, 602, 615, 661, 664, 753
<b>Last Updated:</b>	February 2019

#### Element J18 – Placement Test Code

<b>Field Name:</b>	PlacementTestCode
<b>Data Type:</b>	int
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Enter the code that represents the most recent placement test the student took as described in <u>Element J22</u> – Placement Test Date. This element only refers to the most recent placement test, and is not for reporting of annual assessment information.
<b>Business Rules:</b>	Must be a valid value contained in the list below. If <u>Element J22</u> – Placement Test Date is 05/01/2006 or earlier, Element J18 may be NULL.
<b>Example:</b>	1
<b>Valid Values:</b>	<p>1 – LASO</p> <p>2 – LPTS</p> <p>3 – PLAS</p> <p>4 – WLPT</p> <p>5 – WELPA</p> <p>6 – ELPA21 Screener (in Washington Public Schools)</p> <p>7 – ELPA21 Annual Assessment (not in Washington Public Schools)</p> <p>8 – WIDA ACCESS</p>

**Validations:** 119

**Last Updated:** January 2015

#### Element L05 – Ethnicity Code

**Field Name:** EthnicityCode

**Data Type:** varchar

**Size:** 3

**Allow NULL?** No. Data is required.

**Description:** This code distinguishes whether the student is Hispanic or Non-Hispanic and if Hispanic, which Hispanic subgroups.

**Business Rules:** There must be at least one record for each student if Ethnicity Code equals '10' (Non-Hispanic), there cannot be other records in this file for the same student. If Ethnicity Code contains one of the Hispanic ethnicities, there can be multiple records for the student.

Beginning with the 2018-19 school year, expanded ethnicity categories were added to CEDARS in alignment with the recommendations of the Race and Ethnicity Student Data Taskforce as established in HB 1541.

Districts have four years, through the 2021-22 school year, to fully implement the changes.

Prior to the end of the 2021-22 school year districts can submit the original 2-digit numeric codes for students that have yet to be resurveyed.

If Element L06 – Ethnicity Collection Method contains a valid value of 3 – Student has not yet been resurveyed, a valid 2-digit numeric code from Appendix Y must be reported.

If Element L06 – Ethnicity Collection Method contains a valid value of either 1 – Ethnicity report by parent/guardian or the student or 2 — Ethnicity not reported by parent/guardian or the student, Observed, a valid 3-digit alphanumeric code from Appendix Y must be reported.

**Valid Values:** Refer to valid values table in Appendix Y, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**Example:** 10 or H01

**Validations:** 120, 256, 350

**Last Updated:** February 2018

#### **Element L06 – Ethnicity Collection Method**

**Field Name:** EthnicityCollectionMethod

**Data Type:** char

**Size:** 1

**Allow NULL?** No. Data is required.

**Description:** This element describes how the reported ethnicity data was collected for the student.

**Business Rules:** Ethnicity data is required to be submitted for all students. When ethnicity is not provided by the parent/guardian or the student, federal data collection standards require that ethnicity be determined through observation and reported. Federal Guidance on the Collection and Reporting by Race or Ethnicity provides additional guidance and information.

**Example:** 1

**Valid Values** 1 – Ethnicity reported by parent/guardian or the student  
2 – Ethnicity not reported by parent/guardian or the student, Observed  
3 – Student has not yet been resurveyed

**Validations:** 778, 779

**Last Updated:** February 2018

## Race File (M)

**File Name:** StudentRace

**Description:** This file captures race information unique to each student. This file consists of at least one record for each student served in the district during the current school year along with race data associated with the student. For students who are multiracial, individual records will be submitted; one for each race.

**Sample File Name:** 12345\_0000\_StudentRace\_20200901\_20202021.txt

### Element M01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four-digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 157, 362

**Last Updated:** February 2018

### Element M02 – Serving County District Code

**Field Name:** ServingCountyDistrictCode

**Data Type:** char

**Size:** 5

**Allow NULL?** No. Data is required.

**Description:** The serving county district code for the district submitting the data. This is the unique 5-digit number that combines the 2-digit county code and the 3-digit district code.

**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS.

**Example:** 12345

**Valid Values:** Refer to valid values, located at <https://eds.ospi.k12.wa.us/DirectoryEDS.aspx>.

**Validations:** 158, 293, 312, 348

**Last Updated:** January 2015

### Element M03 – District Student ID

**Field Name:** DistrictStudentId

**Data Type:** varchar

**Size:** 50

**Allow NULL?** No. Data is required.

**Description:** This is the student identifier assigned by the district to the student. This data element is used in the matching of district data with records in CEDARS.

**Business Rules:** The value is unique within the school district. (The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.

**Example:** 123456789012 or 124 or TG096

**Validations:** 159, 294, 312, 318

**Last Updated:** September 2007

#### Element M04 – State Student ID (SSID)

**Field Name:** SSID

**Data Type:** char

**Size:** 10

**Allow NULL?** No.

**Description:** Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.

**Business Rules:** SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero.

Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.

**Example:** 1234567890

**Validations:** 160

**Last Updated:** January 2015

#### Element M05 – Race Code

**Field Name:** RaceCode

**Data Type:** char

**Size:** 3

**Allow NULL?** No. Data is required.

**Description:** This element indicates the student's selected race(s).

**Business Rules:** There must be at least one record for each student. For students who are multiracial, individual records will be submitted; one for each race.

Beginning with the 2018-19 school year, expanded race categories were added to CEDARS in alignment with the recommendations of the Race and Ethnicity Student Data Taskforce as established in HB 1541.

Districts will have four years, through the 2021-22 school year, to fully implement the changes

Prior to the end of the 2021-22 school year, districts can submit the original 3-digit numeric codes for students that have yet to be resurveyed.

If Element M06 – Race Collection Method contains a valid value of 3 – Student has not yet been resurveyed, a valid 3-digit numeric code from the original code list from Appendix Z must be reported.

If Element M06 – Race Collection Method contains a valid value of either 1 – Race reported by parent/guardian or the student or 2 – Race not reported by the parent/guardian or the student, Observed, a valid 3-digit alphanumeric code from Appendix Z must be reported.

**Example:** 200 or C02

**Valid Values:** Refer to valid values table in Appendix Z, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.

**Validations:** 161, 295, 312

**Last Updated:** February 2018

#### **Element M06 – Race Collection Method**

**Field Name:** RaceCollectionMethod

**Data Type:** char

**Size:** 1

**Allow NULL?** No. Data is required.

**Description:** This element describes how the reported race data was collected for the student.

**Business Rules:** Race data is required to be submitted for all students. When race is not provided by the parent/guardian or the student, federal data collection standards require that race be determined through observation and reported. Federal Guidance on the Collection and Reporting by Race or Ethnicity provides additional guidance and information.

**Example:** 1

**Valid Values** 1 – Race reported by parent/guardian or the student  
2 – Race not reported by parent/guardian or the student, Observed  
3 – Student has not yet been resurveyed.

**Validations:** 416, 417, 426, 435

## Student Absence File (N)

**File Name:** StudentAbsence

**Description:** This file captures daily absence information for each student. Absences from Alternative Learning and Online classes that don't require regular seat-time attendance should not be reported in this file. WAC 392-401-015(1) provides the definition of 'absent' or 'absences': A student is absent when they are: (a) not physically present on school grounds; and (b) not participating in the following activities at an approved location (i) instruction; (ii) instruction-related activity; or (iii) any other district or school approved activity that is regulated by an instructional academic accountability system, such as participation in district-sponsored sports. Students shall not be absent if: (a) they have been suspended, expelled, or emergency expelled pursuant to chapter 392-400 WAC; (b) are receiving educational services as required by RCW 28A.600.015 and chapter 392-400 WAC; and (c) the student is enrolled in qualifying "course of study" activities as defined in WAC 392-121-107. A full day absence is when a student is absent for fifty percent or more of their scheduled day.

This file consists of one record for each student served in the district during the current school year for each absence associated with the student for each school the student is enrolled. Even when a student leaves the school associated with these absence records, these records must continue to be reported through the remainder of the school year.

Absences must be reported for students in grades K–12. If attendance is tracked for pre-school students, those absences may also be reported in this file.

**Sample File Name:** 12345\_0000\_ StudentAbsence\_20200901\_20202021.txt

### Element N01 – School Year

**Field Name:** SchoolYear  
**Data Type:** char  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The four-digit year in which the school year ends.  
**Business Rules:** For the 2019-20 school year, report 2020.

#### Element N05 – Location ID

<b>Field Name:</b>	LocationId
<b>Data Type:</b>	varchar
<b>Size:</b>	4
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The Location ID for the school as generated by the district's Student Information System (SIS).
<b>Business Rules:</b>	This is an internal number generated by the District and is required. If you do not have an ID assigned to this field, report the OSPI School Code reported in <u>Element A05 – School Code</u> . The ID reported in Element N05, must be included in the <u>Location File A</u> . The location reported here should be the location from which the student was absent.
<b>Example:</b>	1234
<b>Validations:</b>	423, 424, 427, 428, 432, 435, 570
<b>Last Updated:</b>	January 2012

#### Element N06 – Absence Date

<b>Field Name:</b>	AbsenceDate
<b>Data Type:</b>	date
<b>Size:</b>	See Data Type Definitions.
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The date the absence occurred.
<b>Business Rules:</b>	Date should be formatted as MM/DD/YYYY and may not be later than the submission date.
<b>Example:</b>	09/25/2012
<b>Validations:</b>	433, 434, 435, 436, 437, 559
<b>Last Updated:</b>	January 2013

#### Element N07 – Absence Code

<b>Field Name:</b>	AbsenceCode
<b>Data Type:</b>	varchar
<b>Size:</b>	2
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	This element indicates the Excused/Unexcused status and the amount of the day of the absence.
<b>Business Rules:</b>	Report each absence for a student who is absent for at least part of their scheduled school day. Absences from Alternative Learning and Online classes that don't require regular seat-time attendance should not be reported in this file.

##### **Excused Absences**

Excused absences from school as defined in WAC 392-401-020:

- (1) Illness, health condition or medical appointment (including, but not limited to, medical, counseling, dental, optometry, pregnancy, and in-patient or out-patient treatment for chemical dependency or mental health) for the student or person for whom the student is legally responsible;
- (2) Family emergency including, but not limited to, a death or illness in the family;
- (3) Religious or cultural purpose including observance of a religious or cultural holiday or participation in religious or cultural instruction;
- (4) Court, judicial proceeding, court-ordered activity, or jury service;
- (5) Post-secondary, technical school or apprenticeship program visitation, or scholarship interview;
- (6) State-recognized search and rescue activities consistent with RCW 28A.225.055;
- (7) Absence directly related to the student's homeless or foster care/dependency status;
- (8) Absences related to deployment activities of a parent or legal guardian who is an active duty member consistent with RCW 28A.705.010;
- (9) Absences due to suspensions, expulsions or emergency expulsions imposed pursuant to chapter 392-400 WAC if the student is not receiving educational services and is not enrolled in qualifying "course of study" activities as defined in WAC 392-121-107;
- (10) Absences due to student safety concerns, including absences related to threats, assaults, or bullying;
- (11) Absences due to a student's migrant status; and
- (12) An approved activity that is consistent with district policy and is mutually agreed upon by the principal or designee and a parent, guardian, or emancipated youth.

A school principal or designee has the authority to determine if an absence meets the above criteria for an excused absence. Districts may define additional categories or criteria for excused absences.

### **Unexcused Absences**

Any absence from school is unexcused unless it meets one of the criteria above for an excused absence.

### **Part Day Absence**

Student failing to attend a portion of the hours or periods in that student's average school day of seat-time classes (less than 50% of the day absent).

### **Full Day Absence**

Student failing to attend the majority of hours or periods in that student's average school day of seat-time classes (50% or greater of the day absent).

Students enrolled in more than one school will be reported as absent from each school, if applicable, based on the definitions for full day and part day as stated above. Students who are enrolled for only part of the day will be reported as absent in a part day or full day increment as stated above. For example, if a high school student is enrolled for only one period each day, they will be reported as a full day absence if they fail to attend that period.

**Example:**

EF or UP

**Valid Values:**

EF – Excused Full Day Absence

UF – Unexcused Full Day Absence

EP – Excused Part Day Absence

UP – Unexcused Part Day Absence

## Student Discipline File (P) (No longer an active data file)

Beginning with the 2018-19 school year this file is no longer active. Student Discipline Exclusion Data is submitted through File (R) beginning with the 2018-19 school year.

## Student Growth File (Q)

**File Name:** LAPStudentGrowth

**Description:** This file captures information regarding academic growth for students participating in the Learning Assistance Program (LAP) and/or Washington Reading Corps (WRC). Districts are required to report to OSPI the amount of academic growth gained by students participating in the LAP English Language Arts (program code 37), LAP Math (program code 6), LAP Academic Readiness (program code 7), LAP Behavior (program code 38), and Washington Reading Corps Literacy Support (program code 44). Districts are also required to report student entrance and exit assessment data as well as the services used to support students. There should be one record per student per program enrollment for the current school year. For example, if a student enters, exits, and re-enters a program, there will be two records reflecting two separate enrollments in the program. If a student is participating in or received services for more than one program, there should be a record for each program.

Students reported in this file must also be reported in District Student File (B), School Student File (C) and Student Attributes and Programs File (I).

Districts must submit LAP File Q data for students submitted in Element I06 – Attribute or Program Code with any of the valid values of 6, 7, 37, 38 or 44 by the end of the current school year. Prior to the end of the current school year submission of student level data to File Q is optional.

LAP data submitted to File Q is used to populate the LAP Student Growth Report in EDS. The deadline for reviewing and validating the data in the LAP Student Growth Report will be July 1<sup>st</sup> of each year. Data in LAP File Q must be complete and accurate prior to this date. WRC data in File Q is also due on July 1<sup>st</sup> of each year.

**Sample File Name:** 12345\_0000\_LAPStudentGrowth\_20200901\_20202021.txt

### Element Q01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four-digit year in which the school year ends.

**Business Rules:** For the 2019-20 school year, report 2020.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 676, 708  
**Last Updated:** February 2018

#### **Element Q02 – Serving County District Code**

**Field Name:** ServingCountyDistrictCode  
**Data Type:** char  
**Size:** 5  
**Allow NULL?** No. Data is required.  
**Description:** The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code.  
**Business Rules:** Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in Appendix A.  
**Example:** 12345  
**Valid Values:** Refer to valid values table in Appendix A, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>.  
**Validations:** 677, 678, 709, 972  
**Last Updated:** February 2016

#### **Element Q03 – District Student ID**

**Field Name:** DistrictStudentId  
**Data Type:** varchar  
**Size:** 50  
**Allow NULL?** No. Data is required.  
**Description:** This is the student identifier assigned by the district to the student. This data element is used in the matching of district data with records in CEDARS.  
**Business Rules:** The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student.  
**Example:** 123456789012 or 124 or TG096  
**Validations:** 679, 711, 712  
**Last Updated:** February 2016

#### **Element Q04 – State Student ID (SSID)**

**Field Name:** SSID  
**Data Type:** char  
**Size:** 10  
**Allow NULL?** No. Data is required  
**Description:** Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI.  
**Business Rules:** SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero.

Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.

**Example:** 1234567890  
**Validations:** 680, 735, 972  
**Last Updated:** February 2016

#### Element Q05 – Location ID

**Field Name:** LocationId  
**Data Type:** varchar  
**Size:** 4  
**Allow NULL?** No. Data is required.  
**Description:** The Location ID for the school as generated by the district's Student Information System (SIS).  
**Business Rules:** This is an internal number generated by the District and is required. If you do not have an ID assigned to this field, report the OSPI School Code reported in Element A05 – School Code.  
The ID reported in Element Q05, must be included in the Location File A.  
The Location ID reported should be the enrolled Location ID of the student at the time of enrollment.  
**Example:** 1234  
**Validations:** 681, 713, 714, 735, 972  
**Last Updated:** February 2017

#### Element Q06 – Program Code

**Field Name:** ProgramCode  
**Data Type:** int  
**Allow NULL?** No. Data is required.  
**Description:** The State assigned program code from the list of valid values below.  
**Business Rules:** If the student received services from the list of valid values below at any point during the current school year, then include a record for that student in this file at the school where the student received services. The student must also be reported in Student Attribute and Programs File (I).  
**Example:** 37  
**Valid Values:** 37 – LAP English Language Arts  
6 – LAP Math  
7 – LAP Academic Readiness (K-2)  
38 – LAP Behavior  
44 – Washington Reading Corps Literacy Support  
**Validations:** 682, 715, 972  
**Last Updated:** February 2017

#### Element Q07 – Start Date

<b>Field Name:</b>	StartDate
<b>Data Type:</b>	date
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The date the student begins receiving services. This date must be equal to the date contained in <u>Element I07</u> – Start Date.
<b>Business Rules:</b>	If the student exits and returns to a specific program one or more times within the current school year, all of the entry dates must be reported (requires multiple entries for the student). If the student exits and then returns, the date the student returned to the program becomes the start date for the new record. The program start date must be equal to <u>Element I07</u> – Start Date. Date should be formatted as MM/DD/YYYY.
<b>Example:</b>	01/01/2015
<b>Validations:</b>	683, 760, 972
<b>Last Updated:</b>	February 2017

#### Element Q08 – Identification Assessment

<b>Field Name:</b>	IdentificationAssessment
<b>Data Type:</b>	int
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	LAP requires multiple measures of performance to determine student eligibility (RCW 28A.165.015). WRC serves students struggling with literacy or reading as identified by diagnostic assessment. The assessment identified is the measure that most heavily influences identification of student eligibility for services.
<b>Business Rules:</b>	If the student received services, identify the assessment used to determine eligibility from the list of valid values below.
<b>Example:</b>	20
<b>Valid Values:</b>	Refer to the valid values in Appendix J, found in the CEDARS Appendices, located at <a href="http://www.k12.wa.us/CEDARS/Manuals.aspx">http://www.k12.wa.us/CEDARS/Manuals.aspx</a> .

#### Element Q09 – Amount of Academic Growth

<b>Field Name:</b>	AcademicGrowth
<b>Data Type:</b>	int
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Districts are required to report to OSPI the amount of academic growth gained by students participating in LAP and/or WRC. Determine a formula for converting assessment data to months of growth and be consistent in applying that formula to every student. 10 months of growth is equivalent to one academic year. Months of growth should reflect growth during the enrollment period only (i.e., if a student is enrolled in the program for less than 10 months, reported growth should not reflect the student's growth for the full academic

year—only the time served). Growth should be based on the progress monitoring assessments.

Recommended conversion can be found here:

<http://www.k12.wa.us/LAP/DataReporting.aspx>

**Business Rules:** This data element only needs to be reported if the student is served in LAP and/or WRC for 14 days or longer.

**Example:** 12

**Valid Values:**

- 1– Negative Growth
- 0 – 0 months
- 1 – 1 month
- 2 – 2 months
- 3 – 3 months
- 4 – 4 months

#### **Element Q10 – Progress Monitoring Assessment**

**Field Name:** ProgressMonitoringAssessment

**Data Type:** int

**Allow NULL?** Yes. Conditional.

<b>Description:</b>	The assessment that is used to monitor student progress. A pre-test and post-test score should be available. (This may or may not be the same assessment used in identification of eligibility).
<b>Business Rules:</b>	This element is required if <u>Element Q09</u> – Amount of Academic Growth is not NULL.
<b>Example:</b>	12
<b>Valid Values:</b>	Refer to the valid values in Appendix J, found in the CEDARS Appendices, located at <a href="http://www.k12.wa.us/CEDARS/Manuals.aspx">http://www.k12.wa.us/CEDARS/Manuals.aspx</a> .

#### Element Q11 – Beginning Score

<b>Field Name:</b>	BeginningScore
<b>Data Type:</b>	Numeric(6,2)
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	<p>This should be the raw score or scale score from the progress monitoring assessment. Report the scale score rather than the raw score unless a scale score is not available.</p> <p>Raw Score: Number of items correct.</p> <p>Scale Score: Scale Scores take the raw scores earned on different test forms and place those raw scores on a converted scale to adjust for different difficulties of forms of the assessment. The statistical properties of scale scores can be used for longitudinal tracking of students' progress. Scale scores can also be used to make direct comparisons among schools and districts using the same assessment. An RIT (Rasch Unit) Score is a type of scale score that is calibrated according to the difficulty of each item.</p> <p>Guidance on the reporting of raw and scale scores can be found here: <a href="http://www.k12.wa.us/LAP/DataReporting.aspx">http://www.k12.wa.us/LAP/DataReporting.aspx</a></p>
<b>Business Rules:</b>	This element may only be NULL if <u>Element Q09</u> – Amount of Academic Growth has a valid value of "22", "23", "24", "25", "26" or "27" or if <u>Element Q09</u> is NULL.
<b>Example:</b>	1234.56

#### Element Q12 – Date of Beginning Score

<b>Field Name:</b>	DateBeginning
<b>Data Type:</b>	Date
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	This is the date that the initial progress monitoring assessment was given.
<b>Business Rules:</b>	This element may only be NULL if <u>Element Q09</u> – Amount of Academic Growth has a valid value of "22", "23", "24", "25", "26" or "27" or if <u>Element Q09</u> is NULL.
<b>Example:</b>	01/01/2015
<b>Validations:</b>	688, 722, 761

### Element Q15 – Extended Learning Time Intervention Outside of Regular School Year/Day

<b>Field Name:</b>	ExtendedLearningTime
<b>Data Type:</b>	char
<b>Size:</b>	2
<b>Allow NULL?</b>	Yes. Conditional.
<b>Description:</b>	Extended day learning occurs outside the regular school day or school year and can include before-school hours, after-school hours, on Saturdays, and during the summer. For students who receive multiple extended learning time interventions, please select the primary intervention.

Before/After School Instruction: Structured learning environment; instruction is provided by a trained professional.

Homework Club: Loosely structured environment where students work independently or in small groups on academic assignments; an educator may provide supervision and/or offer assistance as needed.

Book Programs: Structured program where students/families are provided access to books to support literacy skills beyond the regularly scheduled school day.

Computer-Based or Online Programs: Online or computer programs assigned to students to complete at home or on campus outside of regular school hours. For example, students may be assigned a login to an online academic program to complete at home. If parents are trained to work with their child on this program, please also record this as "parent involvement outside of school" on the parent involvement tab.

Saturday Programs: Structured learning on Saturdays; instruction is provided by a trained professional.

Summer School: Summer programs extend the school year into the summer months by providing students with opportunities to increase academic and non-academic skills.

**Business Rules:**

This element is required if Element Q09 – Amount of Academic Growth is not NULL. If the student received services outside of the regular school year/day, identify the extended learning time intervention offered from the list of valid values below. If valid value NE – No Extended Learning Programs offered is submitted, Element Q16 – Intervention During Regular School Day may not be NTP – No tutoring programs offered.

**Example:**

HC

**Valid Values:**

BA – Before/After school instruction

HC – Homework Club

BP – Book Programs

CI – Computer-Based or Online Instruction

SP – Saturday Programs

SS – Anticipated Summer School Participation

NE – No Extended Learning Programs offered

SD – Student Declined Services

O – Other

MA – Mentoring by an adult

MP – Mentoring by a peer

FE – Family Engagement Services

CP – Community Partners

EL – Specialized Literacy Instruction for ELs

BH – Behavioral Health

BM – Behavior [Support and](#) Monitoring

RJ – Restorative Justice

SI – Social Skills Instruction

### **Element Q16 – Intervention During Regular School Day**

**Field Name:** Tutoring

**Data Type:** varchar

**Size:** 4

**Allow NULL?** Yes. Conditional.

**Description:** Tutoring includes any interaction with a trained adult or peer using an intervention program or practice that addresses students' unique academic needs during the regular school day. Tutoring as an intervention should be provided in addition to regularly scheduled core classroom instruction. Tutoring may be implemented through a push-in or pull-out model. Push-in tutoring occurs in the classroom in order for the student to receive extra support or instruction from the tutor. The tutor may provide support during core instruction or outside of core instructional time. Pull-out tutoring is when the student is removed from the classroom in order to receive extra support or instruction. All supplemental pull-out tutoring models must be provided outside of core instructional time. Tutoring may serve students one-on-one, in small groups (best practice is 3-6 students), or in a classroom setting. For students who receive multiple tutoring interventions, please select the primary intervention. For services outside of the regular school day, please select from the Extended Learning Time Intervention options in [Element Q15 – Extended Learning Time Intervention Outside of Regular School Day](#).  
Double Dosing: This is a second period of instruction during the school day. This model is more common at the secondary level where students are enrolled in an additional full-length period of academic instruction.  
Intervention Specialist: This may be the "LAP teacher" or other certificated teacher who only works with LAP and/or WRC students during the day who are pulled out from the general education classroom.  
Trained Teacher: A core general education teacher who may work with LAP students on a limited basis or through a double dose of instruction during the school day.

**Business Rules:** This element is required if [Element Q09 – Amount of Academic Growth](#) is not NULL. If the student received services during the regular school day, identify the intervention offered from the list of valid values below. If valid value NTP – No tutoring programs offered is submitted, Element Q15 – Extended Learning Time Intervention Outside of Regular School Year/Day may not be NE – No Extended Learning Programs offered.

**Example:** ATV

**Valid Values:** DD – Double Dosing  
ATCT – Push-In One-on-One Adult Tutoring (Certificated Teacher)  
ATP – Push-In One-on-One Adult Tutoring (Paraeducator)  
ATV – Push-In One-on-One Adult Tutoring (Volunteer)  
GTCT – Push-In Small Group Tutoring with an Adult (Certificated Teacher)  
GTP – Push-In Small Group Tutoring with an Adult (Paraeducator)  
GTV – Push-In Small Group Tutoring with an Adult (Volunteer)

ATP – Pull Out One-on-One Adult Tutoring (Certificated Teacher)  
 ATPP – Pull-Out One-on-One Adult Tutoring (Paraeducator)  
 ATPV – Pull-Out One-on-One Adult Tutoring (Volunteer)  
 GTCP – Pull Out Small Group Tutoring with an Adult (Certificated Teacher)  
 GTPP – Pull-Out Small Group Tutoring with an Adult (Paraeducator)  
 GTVP – Pull-Out Small Group Tutoring with an Adult (Volunteer)  
 PTS – Peer Tutoring (Same age)  
 PTC – Peer Tutoring (Cross age)  
 NTP – No tutoring programs offered  
 SDS – Student Declined Services  
 CICT – Computer Based or Online Instruction with Adult Tutoring Support  
 (Certificated Teacher)  
 CITP – Computer-Based or Online Instruction with Adult Tutoring Support  
 (Paraeducator)  
 CITV – Computer-Based or Online Instruction with Adult Tutoring Support  
 (Volunteer)  
 CIST – Computer Based or Online Instruction with Adult Supervision  
 (Certificated Teacher)  
 CISP – Computer-Based or Online Instruction with Adult Supervision  
 (Paraeducator)  
 CISV – Computer-Based or Online Instruction with Adult Supervision  
 (Volunteer)  
 CISG – Computer-Based or Online Instruction (Self-Guided/Individual)  
 MA – Mentoring by an adult  
 MI – Multiple Interventions  
 O – Other  
 MP – Mentoring by a peer  
 FE – Family Engagement Services  
 CP – Community Partners  
 EL – Specialized Literacy Instruction for ELs

#### **Element Q17 – At Grade Level**

**Field Name:** MetLearningGoal

**Data Type:** char

**Size:** 1

**Allow NULL?** Yes. Conditional.

**Description:** Based on assessment(s) and/or progress monitoring, it was determined that the student no longer needed supplemental education services to meet standard in the general education classroom. The student is eligible to exit the program (but does not necessarily need to be exited from the program in CEDARS).

**Business Rules:** This element may only be NULL if Element Q09 – Amount of Academic Growth has a valid value of "22", "23", "24", "25", "26" or "27" or if Element Q09 is NULL.

**Example:** Y

**Valid Values:** N – No  
Y – Yes

## Student Exclusionary Discipline File (R)

**File Name:** StudentExclusionaryDiscipline

**Description:** This file captures ~~information regarding the~~ behavior incidents and exclusionary discipline actions ~~administered to enrolled students by the authorized district for students involved in incidents during school or school-related activities.~~ All firearm incidents must be reported, regardless of the exclusionary action applied. This file is only intended to collect information related to the student being disciplined and is not to include information regarding any student(s) affected by the student being disciplined.

This file contains a record for each exclusionary action taken for each student involved in an incident during the current school year. If a student has multiple exclusionary actions for a single incident, each exclusionary action must be reported in a separate record. If multiple students are associated with the same incident, then one record must be submitted for each exclusionary action for each student being disciplined.

If a student is involved in an incident that results in more than one exclusionary action or if an exclusionary action is modified and/or converted to another exclusionary action, each exclusionary action must be reported as its own record. Each exclusionary action associated with a student for a single incident must be reported with identical incident information in Elements R01 through R10. Each exclusionary action associated with a student in an incident must be reported with information specific to that exclusionary action in Elements R11 through R23.

Students reported in this file must also be reported in District Student File (B) and School Student File (C).

**Sample File Name:** 12345\_0000\_ StudentExclusionaryDiscipline\_20200901\_20202021.txt

### Element R01 – School Year

**Field Name:** SchoolYear

**Data Type:** char

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The four-digit year in which the school year ends. The school year in which the incident occurred.

**Business Rules:** For the 2019-20 school year, report 2020.  
This information must be identical for all exclusion records for this student in this incident.

**Example:** 2020

**Valid Values:** 2020

**Validations:** 784, 785, 807

**Last Updated:** February 2018

### Element R02 – Serving County District Code

<b>Field Name:</b>	ServingCountyDistrictCode
<b>Data Type:</b>	char
<b>Size:</b>	5
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	The serving county district code for the district submitting the data. This is the unique 5–digit number that combines the 2–digit county code and the 3–digit district code. The district in which this incident occurred.
<b>Business Rules:</b>	Must be a valid value from EDS. This will appear as a numeric value and should include leading zeros even though this is submitted as a character data type. Report the code representing the district as assigned by OSPI in EDS. This information must be identical for all exclusion records for this student in this incident.
<b>Example:</b>	12345
<b>Valid Values:</b>	Refer to valid values, located at <a href="https://eds.ospi.k12.wa.us/DirectoryEDS.aspx">https://eds.ospi.k12.wa.us/DirectoryEDS.aspx</a> .
<b>Validations:</b>	788, 789, 807
<b>Last Updated:</b>	February 2018

### Element R03 – District Student ID

<b>Field Name:</b>	DistrictStudentId
<b>Data Type:</b>	varchar
<b>Size:</b>	50
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	This is the student identifier <u>assigned by the district</u> to the student. This data element is used in the matching of district data with records in CEDARS. The district student ID for the student being reported as involved in the incident.
<b>Business Rules:</b>	The value is unique within the school district. The value can be any combination of alpha and/or numeric values up to fifty characters in length. This ID should follow the student throughout their enrollment within the district and should not be reassigned to another student. This information must be identical for all exclusion records for this student in this incident.
<b>Example:</b>	123456789012 or 124 or TG096
<b>Validations:</b>	790, 808, 809, 810, 811
<b>Last Updated:</b>	February 2018

### Element R04 – State Student ID (SSID)

<b>Field Name:</b>	SSID
<b>Data Type:</b>	char
<b>Size:</b>	10
<b>Allow NULL?</b>	No. Data is required.
<b>Description:</b>	Randomly generated number that functions as a unique student identifier for each Washington public school student. This number is assigned by OSPI. The SSID for the student being reported as involved in the incident.

**Business Rules:** SSID values must be exactly 10 digits in length and only contain numeric values. SSID numbers must not begin with a zero.  
 Uploading two or more student records from the same district with identical SSIDs, but with different District Student IDs, will trigger an exception error. Students who are home schooled and receive services through the school district (Running Start, special education, etc.) shall be issued an SSID number and reported in CEDARS.  
 This information must be identical for all exclusion records for this student in this incident.

**Example:** 1234567890

**Validations:** 792, 807

**Last Updated:** February 2018

#### Element R05 – Location ID

**Field Name:** LocationId

**Data Type:** varchar

**Size:** 4

**Allow NULL?** No. Data is required.

**Description:** The Location ID for the school as generated by the district's Student Information System (SIS).

**Business Rules:** This is an internal number generated by the District and is required. If you do not have an ID assigned to this field, report the OSPI School Code reported in Element A05 – School Code.  
 The ID reported in Element R05, must be included in the Location File A.  
 The Location ID reported should be the enrolled Location ID of the student at the time of the reported behavior or incident. If the behavior or incident occurred on other school grounds, do not report that Location ID.  
 This information must be identical for all exclusion records for this student in this incident.

**Example:** 1234

**Validations:** 793, 794, 795, 807

**Last Updated:** February 2018

#### Element R06 – Incident ID

**Field Name:** IncidentID

**Data Type:** varchar

**Size:** 20

**Allow NULL?** No. Data is required.

**Description:** The unique ID that identifies the incident, regardless of the number of students associated with it.

**Business Rules:** This ID will be used to tie multiple students to the same incident, and it will be used to identify the unduplicated number of incidents when completing federal reporting. Multiple students could be involved in an incident and should be reported with the same incident ID.

This information must be identical for all exclusion records for this student in this incident.

**Example:** HS412 or Bully01HS

**Validations:** 797, 807

**Last Updated:** February 2018

#### Element R07 – Incident Date

**Field Name:** IncidentDate

**Data Type:** date

**Size:** See Data Type Definitions.

**Allow NULL?** No. Data is required.

**Description:** The date the incident occurred.

**Business Rules:** Date should be formatted as MM/DD/YYYY.  
This information must be identical for all exclusion records for this student in this incident.

**Example:** 09/25/2012

**Validations:** 799, 800, 801, 807, 824, 836, 837

**Last Updated:** February 2018

#### Element R08 – Behavior Code

**Field Name:** BehaviorCode

**Data Type:** int

**Size:** 2

**Allow NULL?** No. Data is required.

**Description:** This element indicates the behavior for the student as it relates to the incident reported in Element R07 – Incident Date. If more than one behavior occurs within an incident, school districts are to report the most serious behavior, as determined by the district, in Element R08. Other behaviors related to this incident are to be reported in Element R09 – Other Behaviors. School district policy shall determine hierarchical order for reporting purposes. If multiple students are related to a single incident, the behavior associated with the individual student is to be reported.

**Business Rules:** Only use valid value 09 if the specific behavior of the student cannot be covered by codes 02–08 or 10–21.  
If there are multiple behaviors in one incident, and one or more of the behaviors are identified as being included for federal reporting purposes, the most serious of the behaviors must be reported in Element R08.  
Element R08 may not be reported with a valid value of 9,12,13 or 17-21 if Element R09 – Other Behaviors contains a valid value of 2-8,10,11 or 14-16.  
Appendix B identifies the behaviors that will be included in Federal Reporting. This information must be identical for all exclusion records for this student in this incident.

**Example:** 02 or 06

**Valid Values:** Refer to valid values table in Appendix B, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>

**Validations:** 803, 805, 806, 807, 815, 818  
**Last Updated:** February 2018

#### **Element R09 – Other Behaviors**

**Field Name:** OtherBehaviors  
**Data Type:** varchar  
**Size:** 40  
**Allow NULL?** Yes.  
**Description:** This element is to be used to indicate there was more than one behavior associated with the incident by this student.  
Example, student is involved in an incident in which they were bullying and had tobacco and alcohol. The reporting district will report in Element R08 – Behavior Code the behavior that is determined to be the most serious offense. All additional behaviors are to be reported in Element R09.  
**Business Rules:** This data is required when more than one behavior is attributed for students involved in incidents. Valid values submitted in Element R09 may not also be listed in Element R08 – Behavior Code. All behaviors reported in this element must contain two digits and be reported as a string with commas separating the valid values.  
Element R09 may not be reported with a valid value of 2-8, 10, 11 or 14-16 if Element R08 – Behavior Code contains a valid value of 9,12, 13 or 17-21.  
This information must be identical for all exclusion records for this student in this incident.  
**Example:** 02,03,13  
**Valid Values:** Refer to valid values table in Appendix B, found in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>  
**Validations:** 806, 813, 814, 815  
**Last Updated:** February 2018

#### **Element R10 – Weapon Type**

**Field Name:** WeaponType  
**Data Type:** varchar  
**Size:** 2  
**Allow NULL?** Yes. Conditional.  
**Description:** If the incident reported involved a weapon, this element provides the type of weapon involved.  
**Business Rules:** If Element R08 – Behavior Code is a valid value of 8 – Possession of a Weapon, then data is required. If Element R08 – Behavior Code is a valid value other than 8 – Possession of a Weapon, this element is requested but not required. Definitions for the valid values below can be found in Appendix D, in the CEDARS Appendices, located at <http://www.k12.wa.us/CEDARS/Manuals.aspx>. This information must be identical for all exclusion records for this student in this incident.  
**Example:** HG or KD  
**Valid Values:** HG – Handgun

RS – Rifle or Shotgun  
 MF – Multiple Firearms  
 OF – Other Firearms  
 KD – Knife or Dagger  
 OW – Other Weapon  
 FO – Firearm and Other Weapon

**Validations:** 816, 817, 818

**Last Updated:** February 2018

### **Element R11 – Exclusionary Action Applied**

**Field Name:** ExclusionaryActionApplied

**Data Type:** varchar

**Size:** 2

**Allow NULL?** No. Data is required.

**Description:** This element indicates the exclusionary action applied for the behavior reported in [Element R08](#) – Behavior Code.

**Business Rules:** Only use valid value NA – No Exclusionary Action Applied if an incident involves a behavior that must be reported but no exclusionary action was applied in response to the behavior.

If Element R11 has a value of “NA”, then [Element R12](#) - Exclusionary Action Applied Date may be any date on or after [Element R07](#) – Incident Date. If more than one “NA” is reported as an Exclusionary Action Applied for a single student in an incident, then each “NA” must have a unique date associated with it in [Element R12](#) - Exclusionary Action Date.

If more than one exclusionary action is applied to this student in this incident, each exclusionary action must be reported as an individual record.

**Example:** SS or EX

**Valid Values:** EX – Expulsion - see WAC [392-400-025](#) for definition

LS – Long-term Suspension (greater than 10 consecutive school days) - see WAC [392-400-025](#) for definition

SS – Short Term Suspension (10 or fewer consecutive school days) - see WAC [392-400-025](#) for definition

IS – In School Suspension (student is excluded from their regular educational setting but remains in the student’s current school placement for up to ten consecutive school days) - see WAC [392-400-025](#) for definition

EE – Emergency Expulsion - see WAC [392-400-025](#) for definition

NA – No Exclusionary Action Applied

CE – Classroom Exclusion (exclusion of a student from a classroom, instructional area, or activity area for all or any portion of the balance of the school day) - see WAC [392-400-025](#) for definition

**Validations:** 807, 819, 836, 839, 842, 846, 853, 854, 856, 861, 862, 871, 978, 979, 980, 981,

**Last Updated:** February 2018

### **Element R12 – Exclusionary Action Date**

**Field Name:** ExclusionaryActionDate

**Data Type:** date  
**Size:** See Data Type Definitions.  
**Allow NULL?** No. Data is required.  
**Description:** Date exclusionary action began.  
**Business Rules:** If more than one exclusionary action is applied to this student in this incident, each exclusionary action must be reported as an individual record. Element R12 must be unique to each exclusionary action reported for a student within an incident.  
This date MUST be on or after Element R07 – Incident Date.  
If more than one exclusionary action is applied to this student in this incident, each exclusionary action must be reported as an individual record.  
Date should be formatted as MM/DD/YYYY.  
**Example:** 09/25/2012  
**Validations:** 807, 821, 822, 823, 824, 845, 848  
**Last Updated:** February 2018

#### **Element R13 – Duration of Exclusionary Action Days**

**Field Name:** DurationExclusionaryActionDays  
**Data Type:** int  
**Allow NULL?** Yes. Conditional.  
**Description:** The total number of consecutive school days a student is excluded from their regular educational setting for any part of their school day as a result of this unique and specific exclusionary action. The number of days reported may not be greater than the length of an academic term as defined by the school board unless Element R20 – Petition for Extension of an Expulsion contains a valid value of Y - Yes. This must be reported in full day increments.  
**Business Rules:** Report the duration of consecutive school days for the exclusionary action reported in Element R11 – Exclusionary Action Applied.  
Element R13 must be null when Element R11 has a value of NA. Element R13 must be greater than zero and less than or equal to 365 when Element R11 does not have a value of NA.  
If more than one exclusionary action is applied to this student in this incident, each exclusionary action must be reported as an individual record.  
**Example:** 2 or 105  
**Validations:** 826, 978, 979, 980, 981, 982  
**Last Updated:** April 2020

#### **Element R14 – Total Amount of Exclusionary Time**

**Field Name:** ExclusionaryTime  
**Data Type:** numeric  
**Size:** 4,1 (Five characters including the decimal point)  
**Allow NULL?** Yes. Conditional.  
**Description:** The total amount of time a student is excluded from their regular educational setting for the duration of the exclusionary action, as reported in Element R13 - Duration of Exclusionary Action Days. This should represent a summation of the

total amount of exclusion time the student experienced through the full duration of the exclusionary action.

- If a student's exclusion spans multiple days, districts should add the amount of time the student was excluded on each day, then round that summation to the nearest 0.1. For values less than 0.1, round up and report a value of 0.1.
- Students excluded from their regular educational setting for an entire school day should be reported in this data element as 1.0 for each full day of exclusion.
- Students excluded from their regular educational setting for less than a full school day should be summarized for the full duration of the exclusion and then reported rounded to the nearest 0.1. For values less than 0.1, round up and report a value of 0.1.

This value can be considered "missed seat time" and is different than the duration of the action collected in Element R13 – Duration of Exclusionary Action Days.

Refer to the CEDARS Reporting Guidance, <http://www.k12.wa.us/CEDARS/Manuals.aspx>, for additional information, examples and guidance for submitting this data.

**Business Rules:** Report the amount of time a student is excluded for the exclusionary action reported in Element R11 – Exclusionary Action Applied. Element R14 must be null when Element R11 has a value of NA. Element R14 must be greater than zero and less than or equal to 365 when Element R11 does not have a value of NA. Element R14 must be less than or equal to Element R13.

If more than one exclusionary action is applied to this student in this incident, each exclusionary action must be reported as an individual record.

**Example:** 2.2 or 15

**Validations:** 830, 979, 981, 982

## Students Restrained or Isolated File (S)

**File Name:** RestraintAndIsolation

**Description:** ~~This file contains information about all students who are restrained or isolated and any staff injured during those actions of students restrained or isolated, as required by [RCW 28A.600.485](#).~~

This file contains information about students who are restrained or isolated and any staff injured during those incidents of students restrained or isolated. Restraint is defined as: Physical intervention or force used to control a student, including the use of a restraint device to restrict a student's freedom of movement. It does not include appropriate use of a prescribed medical, orthopedic, or therapeutic device when used as intended, such as to achieve proper body position, balance, or alignment, or to permit a student to safely participate in activities. Physical restraint does not include the touching or holding of a student without the use of force for the purpose of directing or assisting the student in an activity. The term physical restraint does not include a physical escort which is temporary touching or holding of the hand, wrist, arm, shoulder or back for the purpose of inducing a student to walk to a safe location.

**Last Updated:** April 2021

## Student Supports File (V)

**File Name:** StudentSupports

**Description:** This file captures information regarding students screened for various supports. Districts are required to report to OSPI the screener used and the interventions used for at risk students. Students reported in this file must also be reported in District Student File (B) and School Student File (C). Students should be reported in this file in the year they are screened and any subsequent years in which they receive interventions. All instances of screening ~~should be reported~~ for supports identified in this collection should be reported. If a student is screened multiple times for a single support type, report the most recent instance.

For the 2020-2021 school year, districts are *not* required to screen students and report the data to CEDARS, but some districts are adopting this process early. Screening students and reporting to CEDARS will be required beginning with the 2021-2022 school year.
