2020-21 Fall Sports ImPact Testing

Prior to participating in any practice, game, or team activity, all Nazareth Area School District student-athletes must have a valid ImPACT baseline test completed and on-file. For 2020-21, ALL 7TH-12TH GRADE STUDENTS MUST TAKE THE BASELINE TEST BEFORE PARTICIPATION.

These baseline tests will only be administered at-home this year, and should be done in a quiet and controlled environment to ensure valid and accurate testing results. Please contact John Ostrowski (john.ostrowski@sluhn.org) to receive your custom baseline testing code and instructions.

2020-21 Athletic Secondary Insurance Changes

The Nazareth Area School District carries a secondary athletic insurance policy for student-athletes. It is important to note that this policy is ONLY utilized to cover excess claims not covered by a student-athletes primary health insurance. This policy has very specific parameters, and only covers specific injuries DIRECTLY associated with acute injury while participating in a school sanctioned athletic activity. Just because you are a Nazareth Area School District student-athlete does not mean all your injuries will be covered under this policy!!

2020-21 Summer Athletic Return to Participation

We encourage everyone to review the Nazareth Area School District's [COVID-19 Athletics and Student Activities Health and Safety Plan](#). It is important that we all take an active approach in doing our part to keep our student-athletes and families healthy and safe, and give our community the best chance of seeing the Blue Eagles back in action!

Sincerely,

Ray Ramella
Athletic Director
