FOREWORD

The administrative procedures contained within this handbook are designed to help and guide you through the year.

Please retain this handbook and place all future bulletins in it for your reference.

EDUCATIONAL PHILOSOPHY/MISSION STATEMENT

The mission of the South Panola School District and Pope School is to provide opportunities for educational excellence for all students.

We believe that the purpose of education is to provide all students with the basic skills, habits, values and attitudes necessary to exercise their civic responsibilities more effectively in our democratic society; to increase their economic potential in industry, the professions, or other vocational endeavors; and to improve the quality of life available to them.

We strive to provide a variety of teaching methods, so each child might develop a healthy self-concept and be prepared to meet the challenges that lie ahead.

To accomplish the above, the district sets forth these objectives:

1. To provide a safe, orderly environment conducive to teaching and learning.
2. To recognize and serve individual intellectual differences.
3. To guide each child in developing skills and attitudes conducive to self-fulfillment and social responsibility.
4. To cultivate moral and ethical values by teaching courtesy, cooperation, fairness, honesty and good citizenship.
5. To promote the democratic way of life and its responsibilities in the home, school and community.
6. To emphasize the importance of physical development through personal health, hygiene and self-discipline.

Pre-Kindergarten Philosophy and Goals

The Pre-kindergarten program as outlined in this document is built on scientifically-based child development principles. These principles shall be embodied in the curriculum design and general learning environment. The instructional delivery is to be organized around learning centers and responsive interactions with adults where opportunities are provided for children to acquire skills and concepts involving problem-solving, decision-making, questioning, evaluating, and discovering.

The realistic goals for pre-kindergarten education are as follows:

- To help the child develop a positive self-concept;
- To help the child achieve intellectual growth;
- To help the child enlarge his/her world of people, experiences, ideas and things;
- To help the child increase competencies and skills in oral language, literacy, writing, listening, and thinking;
- To help the child increase the skills involved in physical coordination, both gross and fine motor skills;
- To help the child increase competence in dealing with emotional feelings and social situations;
- To help the child increase competence in self-direction and independence;
- To help the child develop cooperative, trusting relationships;
- To help the child develop his/her natural curiosity and his/her creative potential;
- To help the child develop self-discipline; and
- To help the child develop a love of learning.

Pre-Kindergarten Organizational Procedures

- The teacher-child ratio should be 1:10 maximum. If an assistant teacher is assigned to the four year old classroom, the teacher-child ratio shall not exceed 2:20.
- The school day programs located in public schools should be a minimum of several hours.
- The school term for programs located in public schools should be the same as that for the other grades of the school unless the four year old program is part of the school's extended year. If the program is located in a center not affiliated with a public school, the length of the school term should conform to center policy.
- Children may engage in 60 to 90 minutes of quiet/rest time daily. Activities during quiet/rest time should include opportunities for individual activities (e.g. *listening to books on tape, listening to music, and drawing*) in addition to resting as appropriate for each individual child.
- Children will engage in a minimum of 60 minutes of indoor/outdoor physical activities during the day for seven-hour or eight-hour programs.

Kindergarten Philosophy and Goals

The school day for students begins at 7:50 a.m. and ends at 3:10 p.m. Students should arrive no earlier than **7:15 a.m.** or no later than 7:50 a.m. Neither rooms nor school buildings will be open before 7:15 a.m., thus proper supervision will not be available. Students will not be permitted to loiter near buildings, cars or streets after arriving on campus before or after school.

Walkers will be dismissed at 3:03 p.m. each day.

Students who ride buses will be dismissed at:

3:05: K-2

3:07: 3-5

3:10: 6-8

STUDENT DROP-OFF/PICK UP

- In order to reduce distractions to our students, we ask parents or other persons dropping off or picking up students please do so outside the buildings and not proceed into the hallways or classrooms. **Please remain in your car if you are waiting in the traffic line. It is also very important that you AVOID picking up your children before the dismissal bell. Often their homework assignment is given at the end of the day and by having to leave early they miss this crucial information. Remember, student checkouts are not allowed after 2:45 unless an emergency. Students will need to go to the car rider line. The office will instruct him/her to do so. If the student is already on the bus, a student will not be taken off.**

There will be NO PARKING IN FRONT OF THE SCHOOL BETWEEN 7:15 a.m. and 2:45 p.m. to allow for emergency vehicles.

- Dropping off students on the street or in designated no parking/standing zones is NOT permitted.
- Students may NOT be dropped off at school earlier than 7:15 a.m. or dropped off by the office before 7:50.

Students may not be picked up by the office after dismissal has started except for students who walk to and from school. These students must walk and not be picked up by the office in a vehicle.

- **Please refrain from using cellular devices in the car rider line in order to provide a safe environment during dismissal.**

Traffic Pattern for Student Pickup/Drop-off

1. Parents may not, under any circumstances, park and get out of their vehicle to wait for their children at dismissal. An adult staff member will direct your child to your vehicle during dismissal.
2. Students may be given a car rider sign to place in your window or a walker card to present when picking up your child.
3. Please observe safe speeds while on campus (5 mph).
4. Pull up behind the last car in line.
5. Stay in one lane. NEVER CROSS OVER LANES OR GET OUT OF LINE. NEVER CALL STUDENTS TO YOUR CAR.

Day Care

If you wish for your child to ride a day-care van, please come by the office and complete the appropriate form.

STUDENT CHECKOUT INFORMATION

A Checkout card will be sent home at the beginning of the year and should be returned promptly to the school. This card will be provided for parents to designate any other person(s) who may checkout his/her child. If a person's name is listed on the emergency form, please be sure that the person has a valid telephone number and transportation to pick up your child. If the courts have given one parent custody of the child and the other biological parent has no custodial rights, a copy of the court order denying them the right to the child must be sent to school. The name of a doctor, who practices in Batesville, must be provided and permissions granted for your child to be taken to the doctor in case of an emergency.

Please do not ask to check your child out during the day or call them to the office unless there is an emergency or serious reason. Research shows **that each time a class is interrupted, eight minutes of instructional time is lost.** Checking your child out early is detrimental to the learning process for all of our students. **PLEASE COOPERATE** with us by not checking your

child out early or disrupting the class during the day. Students can't be checked out after 2:45 unless it is an emergency situation.

Only individuals on the student's check out list are allowed to check out the student. Photo identification is required. Keys are to be left with the office staff.

STUDENT RESPONSIBILITIES

- **Participate fully in the learning process.** Students must be at school and class on time with needed supplies. Students must pay attention to instruction, complete assignments to the best of their abilities, and ask for help when needed.
- **Avoid behaviors that impair the educational achievement of themselves or others.** Students must follow school rules, maintain school property, and cooperate with others.
- **Show respect for the knowledge and authority of teachers, administrators, and other school employees.** Students must obey reasonable directions, use acceptable and courteous language and behavior, and follow school rules and procedures.
- **Recognize and respect the rights of other students.** All students should show concern for and encourage the educational achievements of others.

PARENT/GUARDIAN RESPONSIBILITIES

The residential parent is considered the primary parent contact by the school.

- Read both the student handbook and the Code of Conduct with your child.
- Have children at school on time and prepared for a full day.
- Provide a time and place for homework.
- Report to the front office with proper identification when coming on campus.
- Follow traffic flow patterns when driving on campus.

All statements in this publication are announcements of present policies only and are subject to change at any time by proper authority without prior notice.

ATTENDANCE

STUDENTS MUST COME TO SCHOOL EVERY DAY!

While we know that there are times that our students are absent, every opportunity must be taken to come to school every day. If our students are not in our classrooms, they cannot benefit and learn from our teachers. Regular and punctual attendance of all classes is required in compliance with Mississippi law and district policy. South Panola Schools recognizes excused absences in the following categories:

1. Doctor's excuse
 2. Court proceedings
 3. Death of family member (must have published obituary)
 4. The discretion of the principal
 5. Head lice will be excused for one (1) day with a maximum of three (3) days per school year.
 6. Parent note (only four [4] parent notes will be accepted per school year)
- ** Absences not included in the excuses listed above shall be unexcused.**

The written excuse must be turned in to the office within three (3) days. Absences are recorded on the report card and on permanent records. Students who skip school or skip classes are subject to disciplinary action. **Absences while on bus suspension will be unexcused.**

All excuses must include the following:

1. Date the excuse was written
2. The first and last name of the person writing the excuse along with their address and phone number
3. First and Last name of student
4. Date on which the student is requesting to be excused
5. The reason why the student was absent

Attendance Law

The School Attendance Law requires that the school report to the School Attendance Officer all unexcused absences. The Compulsory Attendance Officer will contact the parent by telephone, letter or home visit after five (5) unexcused absences to encourage attendance and to help with the problem of nonattendance.

Parents found in non-compliance with the law, which allows for no more than twelve (12) unexcused absences for the year, are subject to having a petition filed with the appropriate court for child educational neglect and subject to a fine of up to \$1,000 or up to one year in jail or both and/or the student may fail for the year. A child over ten (10) years of age can be declared a delinquent if he/she refuses to attend school. If there are any questions, contact Ms. Lukeither Morgan, Compulsory Attendance Officer at 662-563- 6029.

20-Day Drop Rule

Any student absent for 20 consecutive days will be dropped from the school register unless the legal guardian advises the principal the student has a legitimate reason for the extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

Consequences for excessive absences, tardies, and/or early sign-out

Attendance is part of the criteria for promotion; a student with excessive absences may be in jeopardy of being retained for nonattendance.

- A child is considered "*excessively absent*" if the student has five (5) days or more unexcused absences.
- A child is considered "*habitually truant*" if the student has twelve (12) or more unexcused absences in a 90-day calendar period and will be reported to the attendance officer.

Tardy/Early Sign-Out

- When students arrive tardy to school (**7:51 A.M. or later**), they must sign in at the main office with a parent (driving-age students who drive to school excluded).
- Once students arrive on school grounds, they are under school supervision. No student will leave school grounds without a parent/guardian checking them out in the main office.
- When parents pick up students at any time during the school day, they must sign the child out in the main office, and proper identification may be required.
- Signing out a student early will count as a “tardy.” When possible, medical and dental appointments should be made outside of school hours.
- Tardies will be excused for the same reasons as absences, with the same required documentation. All other reasons (i.e. car problems, lost keys, overslept, ran out of gas, etc.) will be unexcused.
- An unexcused check-in will result in a tardy.
- Please reference Section 11 of the Student Conduct Code for more information about school attendance.
- Students may not be checked out after 2:45 except for emergency situations.
- Excessive tardiness or early pick-ups may result in disciplinary action being taken.

TARDY POLICY

Students should be in the classroom in an orderly fashion when the bell rings. Tardies are cumulative. Tardies will be reset to zero at the end of each 9 weeks.

Tardy consequences may include, but are not limited to, verbal warning, parent conference, corporal punishment or ALS.

SCHOOL MAKE-UP WORK POLICY

- Make-up work should be requested by the student on the day he/she returns to school. The student will have the same number of days to complete the make-up work as the number of excused absences.
e.g. – If a student has three (3) excused days then he/she has three (3) days to complete missed assignments. If the absences are unexcused, the student will have one (1) day to complete missed assignments.

VIDEO/PICTURE/NEWSPAPER/INTERNET

Throughout the school year, activities with pictures are published in the local newspaper and the district’s websites. Videos are sometimes made of activities and events. Students and teachers sometimes surf the net to explore and research. Students are supervised while on the net, and we make every effort to make sure no student is exposed to anything that is in bad taste. If your child can participate in these activities, please sign and return **the Acceptable Computer, Network Resources and Internet Use Policy found in the back of the handbook.**

SCHOOL INSURANCE

Parents are encouraged to purchase the school accident insurance coverage for their children. This policy has rate for school-time and 24-hour coverage.

SCHOOL PROPERTY

No unauthorized use of school property, including athletic facilities, after school hours such as skateboarding, rollerblading, bike riding, using playground equipment, etc. is allowed.

CHECKS

Checks should be made payable to Pope School. Individual checks must be made for each child in school. Checks will no longer be accepted after a check has been returned for insufficient funds. Future payments must then be made in cash.

TECHNOLOGICAL DISASTER

Should it become necessary to evacuate the school, the following procedure will be used. Teachers will check roll being sure all students are present. Teachers will walk students out of the building down Mimosa Street. Students will walk on both street right-of-ways, staying out of the street until they reach Pope Baptist Church. Teachers will immediately take roll. Teachers will keep records of students released to parents or other authorized persons.

DELAYED SCHOOL OPENING PROCEDURES

- **1-Hour Delay**
Buses run their normal routes, beginning one hour later than usual. Parents should anticipate that their children will board the bus an hour later than they normally do. This may vary given the weather conditions and logistical issues.
- **2-Hour Delay**
Buses run their normal routes, beginning two hours later than usual. Parents should anticipate that their children will board the bus 2 hours later than they normally do. This may vary given the weather conditions and other logistical issues.

RESIDENCY POLICY

A student enrolling in or entering the school district will be required to provide documentation of the residency address as a part of the registration process in accordance with Mississippi State Department of Education Policy Rule 68.1.

All enrolling students must register annually which includes providing an updated residency address.

Any new student enrolling or entering the school district or any continuing student whose residence has changed will be required to verify his or her residence address as herein provided as a part of the registration process.

Any change of address by an existing student requires updated residency documents to be submitted. Students are not legally enrolled until the documentation is provided and verification of residence has been completed.

Except for those students who have been legally transferred, each student must establish his or her residency in the following manner:

The parent(s) or legal guardian(s) of a student seeking to enroll must provide this school

district with at least two of the items numbered (a) through (k) below as verification of their address, except that a document with a post office box as an address will not be accepted.

- a. Filed Homestead Exemption Application form;
- b. Mortgage documents or property deed;
- c. Apartment or home lease;
- d. Utility bills;
- e. Driver's license;
- f. Voter precinct identification;
- g. Automobile registration;
- h. Affidavit and/or personal visit by a designated school district official;
- i. Any other documentation that will objectively and unequivocally establish that the parent or guardian resides within the school district;
- j. Certified copy of filed petition for guardianship if pending and final decree when granted;
- k. Cellphone or telephone bill.

In addition to the residency proofs, Parents/Legal Guardians of students entering South Panola Schools for the first time will have to provide:

- a. Student's final report card and a transcript of courses completed if the student is in high school
- b. Certified Birth Certificate
- c. Record of Immunizations transferred to a Mississippi 121 Form (Can be obtained from the Health Department)
- d. Students from schools or programs (including correspondence, tutorial, or home study) that are not accredited by a state or regional agency must undergo standardized achievement tests and/or teacher-made special tests to determine; (1) the grade level to which the elementary transfer student should be assigned or (2) the number and validity of the Carnegie units the secondary transfer student has earned.

Please Note: If any of the requested proofs of residency are not available for any reason, a separate affidavit must be completed, notarized, and presented to the school. The affidavit must be accompanied by separate alternative proofs deemed acceptable. Failure to complete these requirements prior to the date assigned by the administration of the district will result in your child not being issued a schedule or assigned a teacher.

THE SCHOOL WILL NOT ACCEPT INCOMPLETE PACKETS OF PROOFS

Enrollment Requirements

Terminology: Parent – Biological or adoptive parent

Guardian – Legal guardian as documented through court proceeding

Custodian – Appointed by a court or governmental agency

A biological or adoptive parent may enroll a child with two (2) proofs of residency for the SPSD. If a custody agreement exists from a divorce, only the custodial parent may enroll the student. In the case of parenthood with no marriage or custody agreement in which both parents are listed on the birth certificate, each has parental rights to enroll a child.

A legal guardian of a child is only recognized when a court order exists naming the guardian for the minor child. Notarized personal statements are not legal guardian documents.

A person may register a child if he/she has been appointed the custodian of a child by a court or governmental agency. Custodial arrangements will be considered involving parent(s) who are deployed for military service.

The overlying goal is to make sure that there is a responsible adult with authority concerning the welfare of children in the South Panola School District.

Any questions regarding residency situations should be forwarded to the Department of Personnel and Pupil Services at the district office.

WITHDRAWING A STUDENT

If parents decide that their child will withdraw from South Panola Schools, the following things should be done:

- Student must return all books
- Student must clear any debts
- Notify the guidance office of the withdrawal and the new school's name and location
- Parents may pick up copies of medical documentation, etc., with a 24-hour prior notice

A withdrawal from the South Panola School District must be completed before enrolling in another school district. Please note that transcripts can be held until all books and fines are returned and paid. This includes cafeteria fines.

BUS TRANSPORTATION

School bus riders shall conduct themselves in a respectful manner at all times. The safety and security of our students is of utmost importance to South Panola Schools; therefore, video cameras (with audio) are utilized to ensure the safety of this environment. Because school bus passengers' behavior can directly affect their safety and the safety of others, the following regulations apply at all times when students are riding a school bus, including school activity trips.

1. Bus riders are expected to be respectful, responsible, and peaceful at all times.
2. The bus driver is responsible for safety of his/her passengers.
3. The student shall be at the designated loading point nearest his/her home before the school bus arrives. Students will be notified of the approximate pick-up time.
4. Eating and drinking are prohibited on the bus.

upon signal from the driver.

10. A student will depart from the bus at the designated point nearest his/her home.

15. Waste containers are provided on all buses and are to be used.

16. Quiet talk and subdued laughter at all times will help prevent the diversion of the driver's attention, thereby averting the possibility of a serious accident.

17. A student who damages seats or other equipment on the school bus will be expected to pay the cost for the repairs or replacement.

18. Any personal items left on the bus are not the responsibility of the district.

19. Students must travel to and from school on the bus to which they are assigned. In order to ride an alternate bus, or go to an alternate location, student must have a signed note with approval from the principal or his/her designee.

Authority of the Driver

Pupils transported in a school bus or in a school pupil activity bus shall be under the authority of and responsible directly to the driver of the bus, and the driver shall be held responsible for the orderly conduct of the pupils while they are on the bus or being escorted across a street, highway, or road. Continued disorderly conduct or persistent refusal to submit to the authority of the driver shall be sufficient reason for a pupil to be denied transportation. A bus driver shall not require any pupil to leave the bus en-route between home and school or other destinations. Rules shall include, but not be limited to, specific administration procedures relating to suspension of riding privileges and shall be made available to parents, pupils, teachers, and other interested parties.

CLASSROOM, BUILDING, AND CAMPUS CONDUCT

It is the parent's responsibility to send his/her child to school prepared to learn and act respectfully.

Parents must accept the major responsibility for the proper conduct of their child at school and take appropriate action for any misbehavior. It is the student's responsibility to know and follow school rules. Successful students will come to class prepared, actively participate, and exhibit good behavior. Those who cannot abide by the simple rules of good behavior should expect to receive appropriate disciplinary action. It is the school's responsibility to provide a safe environment with a sound curriculum. The teachers and/or school administrators determine consequences of inappropriate behaviors.

STUDENTS MUST BEHAVE!

1. Students are expected to obey the rules of the classroom as set forth by the teacher.
2. Students are expected to be respectful of adults and to those who are in authority.
3. Students are expected to assume an individual responsibility for their behavior, conduct, and classroom performance.
4. Students are not permitted to fight or engage in scuffles or horseplay while on campus.
5. Students are expected to refrain from making loud and excessive noise whenever on campus.
6. Students (for safety reasons) are expected to walk at all times while moving throughout the building.

South Panola Schools' students know how to behave properly at school. It is important to show courtesy and respect to classmates and adults at all times. Everyone at a South Panola school is expected to show pride in him/herself, fellow students, teachers, and school buildings and grounds. Appropriate conduct will be enforced at school and at all school-sponsored activities. Disrupting the educational process, extreme noise, running, pushing, shoving, fighting, threatening to harm, or infringing on the rights of others by inappropriate language or actions are not acceptable behaviors at a South Panola school. Students are to tell an adult if there is a problem before doing something that may make the situation worse. Teachers, guidance counselors, the Assistant Principal, or the Principal can all help if students have a problem with someone.

VOLUNTEERS

Plan to chaperone a field trip or to become a school volunteer? There are many ways that you can help our school and students. Watch for information coming home. Parents and other interested persons may not volunteer until they have completed all requirements from the school in which they wish to volunteer.

South Panola School District Definition of Bullying

The South Panola School District does not condone and will not tolerate **bullying** or **harassing** behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student, school employee, or volunteer in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property

when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The South Panola School District will make every reasonable effort to ensure that no student, school employee or volunteer is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the South Panola School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. Ref: SB 2015; Miss. Code Ann. § 37-7-301(e)

ONLINE BULLYING REPORT FORM

The safety of our students, staff and administrators is the top priority of the South Panola School District.

In an effort to enhance our safety measures throughout the district, an online Bullying and Anonymous Safety Report Form has been created to report any form of bullying or harassing behavior, or safety concern.

The online form, which may be found by visiting the "Popular Links" section on the SPSD website, will be sent to administrators of the building/grounds the event took place or is taking place.

PROCEDURES FOR COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The

school official shall complete a “Bullying/Harassing Behavior” complaint form which shall include that name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meeting as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such an appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the victim’s appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such an appeal shall be filed within ten (10) working days after the receipt of the decision of the superintendents. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim’s Board appearance.

Model Notification of Rights under FERPA for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within forty-five (45) days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate.

Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or

company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Providing Opportunities for Educational Excellence

Mr. Tim Wilder, Superintendent

Dear Parent/Guardian:

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that South Panola School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, South Panola School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the South Panola School District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the South Panola School District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the District in writing within fifteen (15) days of receipt of this notice. South Panola School District has designated the following information as directory information:

- | | |
|---------------------------|--|
| • Student's name | • Grade level |
| • Address | • Participation in officially recognized activities and sports |
| • Telephone listing | • Weight and height of members of athletic teams |
| • Electronic mail address | • Degrees, honors, and awards received |
| • Photograph | • The most recent educational agency or institution attended |

Sincerely,

Tim Wilder, Superintendent

South Panola School Board

Acceptable Computer, Network Resources and Internet Use Policy ***Revised May 2019***

The South Panola School District School Board wishes to make available to all students and staff access to computers, computer networked resources, and Educational Internet Resources. The SPSD Board also desires these computers, networked resources and the Internet be used in ways appropriate for an educational institution. The intent is to make Computers, Network resources and the Internet available to improve the educational process, enhance student achievement and enhance productivity and related responsibilities and tasks where applicable.

Access to the district's computers and network resources entails responsibility. Access is a privilege, not a right. All users are to be held responsible for appropriate behavior while using school computers, network resources and the Internet just as they are during any other school activity. General rules for behavior and communications apply.

Students, parents, staff and other network users should be aware that illegal and / or objectionable information may be found on the Internet. Be warned that some material accessible via the Internet may contain items that contain illegal, defamatory, objectionable, inaccurate, and / or potentially offensive material. While SPSD will make reasonable attempts to filter objectionable material, the district will not be held responsible for inappropriate material or illegal network actions

Parents and guardians of students should impress upon their children the need for the appropriate use of media and information sources available via the Internet. Be advised, that some courses require Internet access and students must adhere to this policy. Failure to agree and comply with this policy may require the loss of network privileges, the removal of a student from the course, and / or other disciplinary and legal action.

Ownership and Privacy issues for Computers and Network Resources

South Panola School District affirms ownership of computers and network resources that have been purchased with District funding sources. Network supervision and maintenance may require review and inspection of computers, hard drives, cache engines, routers and other electronic devices. The District reserves the right to record and monitor computer usage, access and review stored files, access and review email, messages, links and other forms of electronic communications on Computers and Network Devices within the School District. Courts have ruled that computers, computer hard drives, computer files, email records and other electronic information devices may be subpoenaed, and that appropriate administrators may examine electronic information in order to ascertain compliance with network guidelines for acceptable use.

Statements and Disclaimers

South Panola School District will adhere to the Child Internet Protection Act Legislation, and other state and federal laws with reference to school network resources where applicable.

South Panola Schools may post pictures and names of staff and students on the school's website

that are viewable on the World Wide Web. These efforts are being made to give positive exposure to all individuals and related school activities. Persons seeking exclusions to this policy must submit to a School Principal, Director or Superintendent a letter requesting that no information or photos be published for a particular individual.

The School District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The school system will not be responsible for any damages suffered by any user. Use of any information via the Internet is at the risk of the user.

General guidelines for using computers, network resources and the Internet
