**“Believe In Success”**

Dear Batesville Intermediate School Families,

The staff and I are eager to welcome each of you to the BIS family for what promises to be a very productive school year for all. You will find our motto of “Believe In Success” at the forefront of everything that we do.

In order for school to be a place for children to learn and grow, it is essential to create an environment of mutual respect. We want school to be a place to experience the excitement of learning, a place where the students, parents, and school staff form a partnership. Communication is vital for a successful school program. Please establish a two-way, open relationship with your child’s teacher beginning the first day of school. We ask all of our parents to get involved with your child’s education. This can be achieved in many ways. The most important activity in which to take part in is reading to and with your child at least 20 minutes every day. We also ask that you encourage your child to behave in an appropriate manner, talk with your child about the school day, encourage healthy habits such as early bedtime and balanced meals, maintain a positive attitude about school and learning, get involved in the classroom and Booster Club, set high, attainable expectations, and ensure that your child gets to school on time every day. Together, there is no limit to what we can achieve.

The school’s focus is on four key elements: Relationship, Relevance, Rigor and Reflection. First and foremost, students need to feel safe and welcomed at school and in the classroom. They need to know that all staff are interested in them as individuals, both personally and academically. Second, it is important that all staff work to see that our students have a successful year while maintaining a level of academic rigor and relevance that is appropriate at each grade level. Finally, staff will be reflective practitioners who continuously evaluate their best practices and student achievement to make daily informed, instructional decisions in the learning environment. These are my expectations. This is going to be a great year!

BIS welcomes several new staff to our school and have some staff changes in roles and/or positions. We are excited to see what successes this year holds for us!

Thank you for your support, and we look forward to an exciting and rewarding school year!

Believing In Success,

Valencia Bilbro  
Principal, Batesville Intermediate School

**"Providing Opportunities for Educational Excellence for All Students"**

## **EDUCATIONAL PHILOSOPHY AND MISSION STATEMENT**

The primary purpose of South Panola School District is to provide the greatest possible development of each individual within the framework of our democratic society.

We believe that the purpose of education is to provide all students with the basic skills, habits, values, and attitudes necessary to exercise their civic responsibilities more effectively in our democratic society; to increase their economic potential in industry, the professions, or other vocational endeavors; and to improve the quality of life available to them.

We strive to provide a variety of teaching methods, so each child might develop a healthy self-concept and be prepared to meet the challenges that lie ahead.

To accomplish the above, the District sets forth these objectives:

1. To provide a safe, orderly environment conducive to teaching and learning.
2. To recognize and serve individual intellectual differences.
3. To guide each child in developing skills and attitudes conducive to self-fulfillment and social responsibility.
4. To cultivate moral and ethical values by teaching courtesy, cooperation, fairness, honesty, and good citizenship.
5. To promote the democratic way of life in its responsibilities at home, school, and community.
6. To emphasize the importance of physical development through personal health, hygiene, and self-discipline.

### **STUDENT DROP OFF**

Due to safety concerns, students not riding buses are **to report to campus at 7:30 a.m.** Please drop off your child at the **SEMI-CIRCLED DRIVE** or the **left lane of ATWELL STREET**.

### **STUDENT PICK UP**

Due to safety and crowd concerns, students riding in cars must **depart at 3:00 p.m.** Please pick up your child behind the two-story yellow brick building by following the appropriate painted arrows. There is no need to get out of your vehicle. There will be **no parking in the semi-circled drive**. **IF YOU PARK ELSEWHERE, PLEASE USE THE CROSSWALK AT ALL TIMES WHEN CROSSING COLLEGE STREET.** You will receive a name card to place on the driver's side dash that is visible to staff helping load students into their vehicles. Thanks for helping us keep you and your child safe.

The school day for students begins at 7:50 a.m. and ends at 2:45 p.m. Students should arrive no earlier than 7:15 a.m. or no later than 7:50 a.m. Neither rooms nor school buildings will be open before 7:15 a.m., thus proper supervision will not be available. Students will not be permitted to loiter near buildings, cars or streets after arriving on campus before or after school.

### **Arrival and Dismissal**

Due to supervision and safety concerns, students riding in cars **are to report to campus at 7:30 a.m. and must depart at 3:00 p.m. daily.** Students riding in cars must report at 7:30 a.m. in order to eat breakfast and return to class by 7:50 a.m. No students will be allowed to enter or exit through the back door of the third grade building or the side door of the new wing.

Bus students will be dismissed beginning about 2:50 p.m. A child who usually rides a bus will not be allowed to ride a different bus or walk home without **written permission** (phone calls

cannot be accepted) from the parent or guardian. The note must have a phone number where the parent can be contacted. **Walkers will be dismissed at 3:00 p.m.**

All visitors must report to the office located in the two-story building. **Cars, other than staff, are not allowed to pull into the District Office parking lot, into the area between the auditorium and the gym, or stop on Boothe Street to drop off or pick up students.** Cars should not block the driveway of the two-story building. Parking for visitors is available adjacent to College Street. Cars may not enter the driveway in the front of the school between 2:30 and 3:15 p.m. **All students riding in cars must be picked up at 3:00 p. m. daily.**

## **Day Care**

If you wish for your child to ride a day-care van, please come by the office and complete the appropriate form.

## **STUDENT CHECKOUT INFORMATION**

A checkout card will be sent home at the beginning of the year and should be returned promptly to the school. This card will be provided for parents to designate any other person(s) who may checkout his/her child. If a person's name is listed on the emergency form, please be sure that the person has a valid telephone number and transportation to pick up your child. If the courts have given one parent custody of the child and the other biological parent has no custodial rights, a copy of the court order denying them the right to the child must be sent to school. The name of a doctor, who practices in Batesville, must be provided and permission granted for your child to be taken to the doctor in case of an emergency.

Please do not ask to check your child out during the day or call them to the office unless there is an emergency or a serious reason. Research shows that **each time a class is interrupted, eight minutes of instructional time is lost.** Checking your child out early is detrimental to the learning process for all of our students. **PLEASE COOPERATE** with us by not checking your child out early or disrupting the class during the day.

## **STUDENT RESPONSIBILITIES**

- **Participate fully in the learning process.** Students must be at school and class on time with needed supplies. Students must pay attention to instruction, complete assignments to the best of their abilities, and ask for help when needed.
- **Avoid behaviors that impair the educational achievement of themselves or others.** Students must follow school rules, maintain school property, and cooperate with others.
- **Show respect for the knowledge and authority of teachers, administrators, and other school employees.** Students must obey reasonable directions, use acceptable and courteous language and behavior, and follow school rules and procedures.
- **Recognize and respect the rights of other students.** All students should show concern for and encourage the educational achievements of others.

## **PARENT/GUARDIAN RESPONSIBILITIES**

- Provide a time and place for homework.
- Report to the front office with proper identification when coming on campus.

## **ATTENDANCE**

### **STUDENTS MUST COME TO SCHOOL EVERY DAY!**

While we know that there are times that our students are absent, every opportunity must be taken to come to school every day. If our students are not in our classrooms, they cannot benefit and learn from our teachers. Regular and punctual attendance of all classes is required in compliance with Mississippi law and district policy. South Panola Schools recognizes excused absences in the following categories:

1. Doctor's excuse
2. Court proceedings
3. Death of family member (must have published obituary)
4. The discretion of the principal
5. Head lice will be excused for 1 day with a maximum of 3 days per school year
6. Parent note (only 4 parent notes will be accepted per school year)

***\*\* Absences not included in the excuses listed above shall be unexcused.***

The written excuse must be turned in to the office within three (3) days. Absences are recorded on the report card and on permanent records. Students who skip school or skip classes are subject to disciplinary action. **Absences while on bus suspension will be unexcused.**

### **All excuses must include the following:**

1. Date the excuse was written
2. The first and last name of the person writing the excuse along with their address and phone number.
3. First and Last name of student
4. Date on which the student is requesting to be excused
5. The reason why the student was absent

## **Attendance Law**

The School Attendance Law requires that the school report to the School Attendance Officer all unexcused absences. The Compulsory Attendance Officer will contact the parent by telephone, letter or home visit after five (5) unexcused absences to encourage attendance and to help with the problem of nonattendance.

Parents found in non-compliance with the law, which allows for no more than twelve (12)

unexcused absences for the year, are subject to having a petition filed with the appropriate court for child educational neglect and subject to a fine of up to \$1,000 or up to one year in jail or both and/or the student may fail for the year. A child over ten (10) years of age can be declared a delinquent if he/she refuses to attend school.

If there are any questions, contact Ms. Lukeither Morgan, Compulsory Attendance Officer at 662-563- 6029.

### **20-Day Drop Rule**

Any student absent for 20 consecutive days will be dropped from the school register unless the legal guardian advises the principal the student has a legitimate reason for the extended absence. The principal will determine the course of action to be followed concerning a student's progress and placement following an extended absence.

### **Consequences for excessive absences, tardies, and/or early sign-out**

Attendance is part of the criteria for promotion; a student with excessive absences may be in jeopardy of being retained for nonattendance.

- A child is considered "*excessively absent*" if the student has five (5) days or more unexcused absences.
- A child is considered "*habitually truant*" if the student has twelve (12) or more unexcused absences in a 90-day calendar period and will be reported to the attendance officer.

### **Tardy/Early Sign-Out**

- When students arrive tardy to school (**7:51 A.M. or later**), they must sign in at the main office **with a parent (driving-age students who drive to school excluded).**
- Once students arrive on school grounds, they are under school supervision. No student will leave school grounds without a parent/guardian checking them out in the main office.
- When parents pick up students at any time during the school day, they must sign the child out in the main office, and proper identification may be required.
- Signing out a student early will count as a "tardy." When possible, medical and dental appointments should be made outside of school hours.
- Tardies will be excused for the same reasons as absences, with the same required documentation. All other reasons (i.e. car problems, lost keys, overslept, ran out of gas, etc.) will be unexcused.
- An unexcused check-in will result in a tardy.
- Please reference Section 11 of the Student Conduct Code for more information about school attendance.
- Students may not be checked out after 2:45 except for emergency situations.
- Excessive tardiness or early pick-ups may result in disciplinary action being taken.

### **TARDY POLICY**

Students should be in the classroom in an orderly fashion when the bell rings. Tardies are cumulative. Tardies will be reset to zero at the end of each 9 weeks.

Tardy consequences may include, but are not limited to, verbal warning, parent conference, corporal punishment or ALS.

## **SCHOOL MAKE-UP WORK POLICY**

- Students will have **two** (2) days upon returning to school to secure any assignments that were missed due to an **excused** absence.
- In the instance of an **excused** absence, students will have the number of days that equals the number of days absent to make up any missed assignments. (Up to fifteen [15] days)
- Assignments missed as a result of an **unexcused** absence are to be made up upon the students return to school.

## **VIDEO/PICTURE/NEWSPAPER/INTERNET**

Throughout the school year, activities with pictures are published in the local newspaper and the district's websites. Videos are sometimes made of activities and events. Students and teachers sometimes surf the net to explore and research. Students are supervised while on the net, and we make every effort to make sure not students is exposed to anything that is in bad taste. If your child can participate in these activities, please sign and return the **Acceptable Computer, Network Resources and Internet Use Policy found in the back of the handbook.**

## **SCHOOL INSURANCE**

Parents are encouraged to purchase the school accident insurance coverage for their children. This policy has a rate for school-time and 24-hour coverage.

## **SCHOOL PROPERTY**

No unauthorized use of school property, including athletic facilities, after school hours such as skateboarding, rollerblading, bike riding, using playground equipment, etc. is allowed.

## **CHECKS**

Checks should be made payable to Batesville Intermediate School. Individual checks must be made for each child in school. Checks will no longer be accepted after a check has been returned for insufficient funds. Future payments must then be made in cash.

## **TECHNOLOGICAL DISASTER**

Should it become necessary to evacuate the school, the following procedure will be used. Teachers will check roll being sure all students are present. Teachers will walk students out the west side of the building to Baker Street. Students will walk on both street right-of-ways, staying out of the street. Students will walk on the sidewalks along Panola Avenue to the gym at First United Methodist Church. Teachers will immediately take roll. Teachers will keep records of students released to parents or other authorized persons.

## **DELAYED SCHOOL OPENING PROCEDURES**

- **1-Hour Delay**  
Buses run their normal routes, beginning one hour later than usual. Parents should anticipate that their children will board the bus an hour later than they normally do. This may vary given the weather conditions and logistical issues.

## **THE SCHOOL WILL NOT ACCEPT INCOMPLETE PACKETS OF PROOFS**

### **Enrollment Requirements**

Terminology: Parent – Biological or adoptive parent

Guardian – Legal guardian as documented through court proceeding

Custodian – Appointed by a court or governmental agency

A biological or adoptive parent may enroll a child with two (2) proofs of residency for the SPSD. If a custody agreement exists from a divorce, only the custodial parent may enroll the student. In the case of parenthood with no marriage or custody agreement in which both parents are listed on the birth certificate, each has parental rights to enroll a child.

A legal guardian of a child is only recognized when a court order exists naming the guardian for the minor child. Notarized personal statements are not legal guardian documents.

A person may register a child if he/she has been appointed the custodian of a child by a court or governmental agency. Custodial arrangements will be considered involving parent(s) who are deployed for military service.

The overlying goal is to make sure that there is a responsible adult with authority concerning the welfare of children in the South Panola School District.

The safety and security of our students is of utmost importance to South Panola Schools; therefore, video cameras (with audio) are utilized to ensure the safety of this environment. It is the student's responsibility to know and follow school rules. Successful students will come to class prepared, actively participate, and exhibit good behavior. Those who cannot abide by the simple rules of good behavior should expect to receive appropriate disciplinary action. It is the school's responsibility to provide a safe environment with a sound curriculum. The teachers and/or school administrators determine consequences of inappropriate behaviors.

## **South Panola School District Definition of Bullying**

The South Panola School District does not condone and will not tolerate **bullying** or **harassing** behavior. Bullying or harassing behavior is any pattern of gestures or written, electronic or verbal communications, or any physical act or any threatening communication, or any act reasonably perceived as being motivated by any actual or perceived differentiating characteristic that (a) places a student, school employee, or volunteer in actual and reasonable fear of harm to his or her person or damage to his or her property, or (b) creates or is certain to create a hostile environment by substantially interfering with or impairing a student's educational performance, opportunities or benefits. A "hostile environment" means that the victim subjectively views the conduct as bullying or harassing behavior and the conduct is objectively severe or pervasive enough that a reasonable person would agree that it is bullying or harassing behavior. Bullying or harassing behavior will not be condoned or tolerated when it takes place on school property, at any school-sponsored function, or on a school bus, or when it takes place off school property when such conduct, in the determination of the school superintendent or principal, renders the offending person's presence in the classroom a disruption to the educational environment of the school or a detriment to the best interest and welfare of the pupils and teacher of such class as a whole.

The South Panola School District will make every reasonable effort to ensure that no student, school employee or volunteer is subjected to bullying or harassing behavior by other school employees or students. Likewise, the District will make every reasonable effort to ensure that no person engages in any act of reprisal or retaliation against a victim, witness or a person with reliable information about an act of bullying or harassing behavior. The District encourages anyone who has witnessed or has reliable information that a student or school employee has been subject to any act of bullying or harassing behavior to report the incident to the appropriate school official.

The School Board directs the superintendent or designee to design and implement procedures for reporting, investigating, and addressing bullying and harassing behaviors. The procedures should be appropriately placed in District personnel policy handbooks, school handbooks that include discipline policies and procedures, and any other policy or procedure that deals with student or employee behavior. The discipline policies and procedures must recognize the fundamental right of every student to take "reasonable actions" as may be necessary to defend himself or herself from an attack by another student who has evidenced menacing or threatening behavior through bullying or harassing. Furthermore, the South Panola School District defines "reasonable action" as promptly reporting the behavior to a teacher, principal, counselor, or other school employee when subjected to bullying or harassing behavior. Ref: SB 2015; Miss. Code Ann. § 37-7-301(e)

## **ONLINE BULLYING REPORT FORM**

The safety of our students, staff and administrators is the top priority of the South Panola School District.

In an effort to enhance our safety measures throughout the district, an online Bullying and Anonymous Safety Report Form has been created to report any form of bullying or harassing behavior, or safety concern.

The online form, which may be found by visiting the "Popular Links" section on the SPSPD

website, will be sent to administrators of the building/grounds the event took place or is taking place.

## **PROCEDURES FOR COMPLAINTS OF BULLYING OR HARASSING BEHAVIOR**

Any student, school employee or volunteer who feels he/she has been a victim of bullying or harassing behavior, or has witnessed or who has reliable information that a student, school employee or volunteer has been subject to bullying or harassing behavior shall report such conduct to a teacher, principal, counselor or other school official. The report shall be made promptly but no later than five (5) calendar days after the alleged act or acts occurred. The school official shall complete a "Bullying/Harassing Behavior" complaint form which shall include that name of the reporting person, the specific nature and date of the misconduct, the names of the victim of the misconduct, the names of any witnesses and any other information that would assist in the investigation of the complaint. The report shall be given promptly to the principal or superintendent who shall institute an immediate investigation. Complaints against the principal shall be made to the superintendent and complaints against the superintendent shall be made to the Board chairman.

The complaint shall be investigated promptly. Parents will be notified of the nature of any complaint involving their student. The District official will arrange such meeting as may be necessary with all concerned parties within five (5) working days after initial receipt of the complaint by the District. The parties will have an opportunity to submit evidence and a list of witnesses. All findings related to the complaint will be reduced to writing. The District official conducting the investigation shall notify the victim and parents as appropriate when the investigation is completed and a decision regarding disciplinary action, as warranted, is determined.

If the victim is not satisfied with the decision of the District official, he/she may submit a written appeal to the superintendent. Such an appeal shall be filed within ten (10) working days after receipt of the results of the initial decision. The superintendent will arrange such meetings with the victim and other affected parties as deemed necessary to discuss the victim's appeal within ten (10) working days.

If the victim is not satisfied with the decision of the superintendent, a written appeal may be filed with the Board. Such an appeal shall be filed within ten (10) working days after the receipt of the decision of the superintendents. The Board shall, within twenty (20) working days, allow the victim and parents as appropriate to appear before the Board to present reasons for dissatisfaction with the decision of the superintendent. The Board shall provide a written decision within ten (10) working days following the victim's Board appearance.

## **Model Notification of Rights under FERPA for Elementary and Secondary Schools**

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

- (1) The right to inspect and review the student's education records within forty-five (45) days of the day the School receives a request for access.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate. Parents or eligible students may ask the School to amend a record that they believe is inaccurate. They should write the School principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it is inaccurate. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

[Optional] Upon request, the School discloses education records without consent to officials of another school district in which a student seeks or intends to enroll. [NOTE: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.]

- (4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the *School District* to comply with the requirements of FERPA. The name and

address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education

Dear Parent/Guardian:

The *Family Educational Rights and Privacy Act* (FERPA), a Federal law, requires that South Panola School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, South Panola School District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures. The primary purpose of directory information is to allow the South Panola School District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent. If you do not want the South Panola School District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify the District in writing within fifteen (15) days of receipt of this notice. South Panola School District has designated the following information as directory information:

- |                           |  |
|---------------------------|--|
| • Student's name          | • Grade level  |
| • Address                 | • Participation in officially recognized activities and sports |
| • Telephone listing       | • Weight and height of members of athletic teams               |
| • Electronic mail address | • Degrees, honors, and awards received                         |
| • Photograph              | • The most recent educational agency or institution attended   |
| • Date and place of birth |  |
| • Major field of study    |  |
| • Dates of attendance     |  |

Sincerely,

Tim Wilder, Superintendent

The South Panola School District School Board wishes to make available to all students and staff access to computers, computer networked resources, and Internet Resources. The SPSD Board also desires these computers, networked resources and the Internet be used in ways appropriate for an educational institution. The intent is to make Computers, Network resources and the Internet available to improve the educational process, enhance student achievement and enhance productivity and related responsibilities and tasks where applicable.

Access to the district's computers and network resources entails responsibility. Access is a privilege, not a right. All users are to be held responsible for appropriate behavior while using school computers, network resources and the Internet just as they are during any other school activity. General rules for behavior and communications apply.

Students, parents, staff and other network users should be aware that objectionable information may be found on the Internet. Be warned that some material accessible via the Internet may contain items that are illegal, defamatory, objectionable, inaccurate, and / or potentially offensive. While SPSD will make reasonable attempts to filter objectionable material, the district will not be held responsible for inappropriate material.

Parents and guardians of students should impress upon their children the need for the appropriate use of media and information sources available via the Internet. Be advised, that some courses require Internet access and students must adhere to this policy. Failure to agree and comply with this policy may require the loss of network privileges, the removal of a student from the course, and / or other disciplinary and legal action.

### **Ownership and Privacy issues for Computers and Network Resources**

South Panola School District affirms ownership of computers and network resources that have been purchased with District funding sources. Network supervision and maintenance may require review and inspection of computers, hard drives, cache engines, routers and other electronic devices. Courts have ruled that computers, computer hard drives, computer files, email records and other electronic information devices may be subpoenaed, and that appropriate administrators may examine electronic information in order to ascertain compliance with network guidelines for acceptable use
