

# HOW TO CHOOSE YOUR CLASSES FOR 9TH GRADE

Welcome, MVHS Class of 2025!

## 1. WATCH TWO VIDEOS

Start by watching the MVHS counselors' [forecasting overview](#) and our nuts-and-bolts [forecasting video tutorial](#).

## 2. GRAB THE [FRESHMAN CURRICULUM GUIDE](#)

The [curriculum guide](#) has a lot of helpful information in addition to listing each of the classes you can take. Look it over and get an idea of which classes you want!

## 3. FILL OUT THE [MVHS 9TH GRADE GOOGLE FORM](#)

This is the first step of what we call "forecasting" (choosing your classes for next year). You must complete the [Google Form](#) before proceeding to the next step!

WANT TO SEE MORE INFORMATION ABOUT FORECASTING AND LEARN ABOUT SPECIFIC CLASSES? HEAD OVER TO THE [8TH GRADE FORECASTING HUB!](#)

## 4. OPEN [STUDENTVUE](#) IN A WEB BROWSER

After you complete the Google Form, you will do the most important part of forecasting: Choosing your classes in StudentVUE! This won't work on the app, so make sure you [log into StudentVUE](#) in a Web browser.

## 5. OFFICIALLY REQUEST YOUR CLASSES

- Once you're in StudentVUE, click "Course Request" from the menu on the left.
- Scroll down to the blue button that says "Click here to change course requests."
- Click that button and, using your Google form verification email as a reference, search for the first class you want.
- When you find the right class, click "Add Request" to add the class to your main requests; click "Add Alternate" to request it as one of your 5 alternate (second-choice) classes.
- Continue until your main courses add up to exactly 7.5 credits. Make sure you also have 5 alternates.
- Click "Click here to return to course request summary" to save your course requests.
- **(Virtual) high five! You're done! We'll see you in September, future Cougar!**
