Appendix L 2-10 PK-12 LRE Data Platform

2020 Least Restrictive Environment (LRE) Data Platform Now Available

The 2020 LRE Data Platform is now available. This data platform was designed to provide district and building staff access to unsuppressed, building-level special education demographic and placement data, to support program analysis and data-informed decision making. OSPI Special Education is working with ESD partners to provide secure access to the data platform. Regional in-person data dives for spring 2021 are postponed due to school facility closure, so we have released a brief **overview video** to support accessing and navigating the data platform.

Appendix M IDEA Chart of Accounts and Expenditure Detail – Upload expenditure detail reports prior to submitting monthly claims deadlines

When submitting Claims for 2021-22 IDEA Part B funds, the LEA must upload expenditure detail reports. The expenditure detail report, preferably a transaction recap, should include the amount spent for allowable activities at the program/activity/object level for the claims period. **This expenditure detail must be uploaded to this page by the LEA prior to monthly claims deadlines.**

LEAs must upload Special Education Chart of Accounts for the 2021-22 school year.
