ABSENCE – MAKE UP WORK

Students are required to make up the work they missed during an absence as directed below. Students and parents are to check the Genesis Parent Portal and Student Portal on the school website for missed assignments.

- a) Make-up work must be completed by the end of the second day of return to school.
- b) If absent two (2) or more consecutive days, one day for each day absent and one additional day to complete missing assignments, quizzes and tests will be allotted.
- c) All work missed because of absence must be completed within five (5) days of the end of the marking period. Absences due to co-curricular activities, field trips, meetings, etc. are the student’s responsibility. Students have prior knowledge of these absences and must request work before the absence and it must be completed the next day after the absence. It is the teacher’s prerogative to determine the amount of time that each student be given to make-up work missed for absences. It should be understood that family vacations, school trips and similar types of absences that are discretionary and/or pre-arranged might be given different consideration than absences caused by illness.

ACADEMIC ADVANCEMENT REQUIREMENTS

PPBHS is committed to providing students with opportunities to succeed academically at the highest level possible. Although not common, some extraordinary students do not need a full year of a course to attain mastery of the content. These students may be capable of acquiring these skills and knowledge by attending summer classes, working with a tutor or studying independently. Students who choose this option will be provided an opportunity to “challenge” out of a course by demonstrating proficiency in the content. To demonstrate proficiency, the student will need to take the final exam and all benchmark/quarterly assessments and receive a score of 70% or higher on all such assessments. Students who do so will be able to move on to the next sequential course in the given subject matter.

For example, a student who just completed Algebra I may opt to challenge out of Geometry. The student will be provided available resources, such as study guides and a textbook, and will be required to take the Geometry I Final Exam as well as quarterly assessments. If the student scores 70% or higher on all of the assessments they will be enrolled in Algebra II. If a student intends to take Honors Algebra II then they must take the Honors Geometry Final Exam and quarterly assessments.

Students who wish to challenge out of a course are required to schedule a meeting with their guidance counselor to discuss their intentions. Guidance will then refer the student to the appropriate department supervisor. The supervisor will meet with the student and provide helpful resources such as a course syllabus, textbook, and study guide. The supervisor will give the “Academic Advancement Form” to the student that MUST be signed by the parent or guardian. This form will state the parameters for challenging a course and inform the parent that the student is responsible for returning any resources borrowed from the school (i.e. textbook).

It is the student’s responsibility to schedule an appointment with the department supervisor when they are ready to take their exams. It is recommended to contact the department supervisor no later than July 15th as all exams must be completed by August 15th to allow time for grading and scheduling.

EXTENDED ABSENCES BY PARENTS

Parents/guardians must contact the main office (ext. 2202) when children are left in the custody of other persons and provide with the names, addresses and home, work and cell telephone numbers of such persons.

ACADEMIC INTEGRITY POLICY - BOARD POLICY NO. 5701.1

It is imperative that students understand that the Academic Integrity Policy remains in full effect for any type of remote/virtual learning and accompanying assignments.

The Point Pleasant Board of Education believes that academic honesty and integrity are essential to excellence in education. This policy addresses academic integrity at Point Pleasant High School.

Education is based on learning specific skills, forming lifelong work habits, and developing mature coping skills according to each student’s unique abilities. Each student, parent, and staff member has a responsibility to promote an academic culture that respects and fosters individual achievement.

Teachers in English, Social Studies, Science, Math and World Language will explain to students that plagiarism and cheating have no place in their class and how incidents of plagiarism or cheating will be addressed in their specific class. Additionally, all teachers in other subject areas will define what plagiarism and cheating are in the context of their specific class.

Plagiarism/Cheating

Plagiarism or cheating demonstrates a lack of integrity and character that is inconsistent with the goals and values of Point Pleasant Borough High School.

Excellent written expression of well-formulated ideas is a fundamental skill for academic and career success. Plagiarism and cheating interfere with the assessment and feedback process that is necessary in order to promote academic growth. Academic dishonesty provides the teacher with a false view of a student’s strengths and weaknesses. It may prevent further instruction in areas of weakness and delay the student in reaching his or her potential.

1. Plagiarism includes, but is not limited to:

- A. taking someone else's assignment or portion of an assignment and submitting it as one's own;
 - B. submitting material written by someone else or rephrasing the ideas of another without giving the author's name or source;
 - C. presenting the work of tutors, parents, siblings, or friends as one's own;
 - D. use of a computer or other means to translate an assignment/homework from one language into another language and submitting it as an original translation.
2. Cheating includes but is not limited to:
- A. copying, faxing, emailing, or in any way duplicating assignments/homework that are turned in, wholly or in part, as original work;
 - B. exchanging assignments/homework with other students, either handwritten or computer generated, whether it is believed they will be copied or not;
 - C. using any form of memory aid during tests or quizzes without the express permission of the teacher;
 - D. using electronic devices to obtain information for class assignments and/or assessments without having explicit permission from the teacher to do so;
 - E. giving or receiving answers during tests or quizzes - it is the student's responsibility to secure his or her papers so other students will not have the opportunity or the temptation to copy;
 - F. accessing a test or quiz for the purpose of determining the questions in advance of its administration.

No student needs to plagiarize or cheat. Point Pleasant Borough High School provides numerous support services for students to help them achieve success honorably. Students, who advocate for themselves and seek appropriate help when they need it, will not need to cheat or plagiarize. If any student is found in violation of the Academic Integrity Policy, the following procedures and consequences will be followed.

Violation Categories

1. Homework

Homework assignments are classified as assignments that count toward the homework grading category. Students found to be cheating or plagiarizing on a homework assignment will be given a zero and the teacher will contact the parent/guardian and guidance counselor.

If a student is found to be cheating or plagiarizing on two (2) homework assignments within the same class, the student will be in violation of the Academic Integrity Policy. In addition to the consequences outlined on page three (3), violators of the policy will be subject to grading implications as stated in the Student Handbook. See "Grading Implications for Violations of the Academic Integrity Policy" in the Student Handbook for more information.

2. Major Assignment or Assessment

A major assignment is defined as projects, essays, lab reports or anything else that does not count toward the homework grading category.

An assessment is defined as a quiz, test, midterm, or final.

If a student is found to be cheating or plagiarizing on one major assignment, or on an assessment, the student is in violation of the Academic Integrity Policy. A grade of zero (0) will be given and the teacher or supervisor will contact the parent/guardian. In addition to the consequences stated below, violators of the policy will be subject to grading implications as stated in the Student Handbook. See “Grading Implications for Violations of the Academic Integrity Policy” in the Student Handbook for more information.

Violation Consequences

Violations of the Academic Integrity Policy will be cumulative throughout the student’s high school career.

1. First Violation

Students currently enrolled in National Honor Society (“NHS”) will be recommended to be removed from NHS pending a formal hearing in front of the Faculty Council.

2. Second Violation

Students who receive a second violation are ineligible to apply for the NHS and also are ineligible to hold any leadership position within the school (for example, captain, drum major, officer of a club, etc.).

Any student currently holding a leadership position will be removed after his/her second violation.

- a. A student who does not receive any subsequent violations within two years of his/her most recent violation will be eligible for consideration of a leadership position at the high school.
- b. A third violation would prohibit a student from any leadership position at the high school.

Appeal Process

The student involved is required to attend any scheduled appeal hearing being requested by his/her parent/guardian.

1. If the parent does not agree with the decision that his or her son/daughter violated the Academic Integrity Policy as determined by the teacher and subject area supervisor, an appeal can be filed with the building principal.

- a. The appeal must be submitted in writing within five (5) calendar days of the meeting held with the teacher, subject area supervisor, student and parent.
 - b. The principal will schedule a meeting to hear the appeal within five (5) calendar days of receiving the parent request in writing.
 - c. Upon hearing the parental appeal, the principal will have five (5) calendar days to render his/her decision and notify the parent in writing of said decision.
2. If the decision of the principal is unsatisfactory to the parent, an appeal can be filed with the Superintendent of Schools.
 - a. The appeal to the Superintendent of Schools must be filed in writing within five (5) calendar days of the principal's decision.
 - b. The Superintendent will have five (5) calendar days from receipt of the parent's appeal in writing to notify the parent of a meeting date.
 - c. Once the meeting has taken place, the Superintendent will render a decision in writing and transmit it to the parent within five (5) calendar days.
 3. If the Superintendent's decision is unsatisfactory to the parent, an appeal can be filed with the Board of Education.
 - a. The appeal to the Board of Education must be submitted in writing within ten (10) calendar days from the date of the Superintendent's decision in writing. The appeal must be submitted to the Superintendent's Office.
 - b. A hearing before the Board of Education will be scheduled as soon as possible following the receipt of the parent's appeal in writing to the Board of Education.
 - c. The Board of Education will render a decision in writing and transmit it to the parent within five (5) days of the hearing before the Board of Education.

A request for an appeal that is submitted after the stated calendar days in 1, 2 and 3 above will not be granted and the matter will be considered closed.

Adopted: June 19, 2017

ACCIDENTS

Accidents that occur in school are to be reported to the teacher in charge. Every other accident in the building, on school grounds, at practice sessions, or at any athletic event sponsored by the school must be reported immediately to the person in charge and to the school nurse.

ACTIVITIES AFTER SCHOOL HOURS

Students must be in school four (4) hours (lunch does NOT count) in order to participate in any after school activities (i.e. PROM, BALL, athletics and/or extracurricular clubs or activities). STUDENTS MUST ATTEND BLOCKS 1, 2, 3, and 4, exclusive of lunch and learn. Students who are absent or suspended will not be permitted to participate in sports practice or games or other extra-curricular activities for the duration of the suspension.

It is essential that all students leave the building at the close of the school day. Exceptions include students involved in school sponsored extracurricular activities, or those receiving assistance from the teaching staff. The Media Center is closed after school.

Students attending school sponsored activities either after school hours or off-school premises are subject to the same rules and regulations of proper conduct that apply during regular school hours. It is to be firmly understood that students who remain after school must be under the direct supervision of a staff member at all times. Students who fail to comply with the above will be subject to disciplinary action.

AFFIRMATIVE ACTION

It is the policy of the Board of Education of Point Pleasant Borough Schools to maintain a positive, wholesome educational environment for the children of the district. The goals of education are concerned with the transmission of values, ethics, attitudes, and traits associated with responsible citizenship. Any form of harassment and bias will not be tolerated and should be reported to the school administration immediately. Severe disciplinary action will be taken.

ARRIVAL TO SCHOOL

Students may enter the building at 7:30 a.m., not before. Two entrances are open in the morning; the front doors and the “senior doors” adjacent to the auxiliary gym. The first class begins at 7:50 a.m. Students are expected to be in their seats and ready to learn at this time. Drop-off traffic is heavy in the morning. It is strongly suggested that students arrive no later than 7:40 a.m. in order to visit their lockers and be seated prior to the start of class. Please consider drop-off in the rear of the building as there is less congestion.

ASSAULT/THREATS

The threat of physical or sexual abuse, the use of force, or the expression of intent to do harm may result in suspensions of up to 10 school days for each participant.

- I. A violent act such as assault or battery by one or more students against another student may result in suspensions of up to ten (10) days for each participant. The police may be notified.
- II. In severe situations, the participants may face a Board of Education expulsion hearing.
- III. Any student who commits an assault upon a teacher, administrator, board member or other employee of a board of education acting in the performance of his/her duties shall be immediately suspended from school pending expulsion proceedings before the Board of Education. (N.J.S.A:37-2.1)

The Board of Education adopts those eligibility standards set by the New Jersey State Interscholastic Athletic Association for Borough students. To be eligible for athletic competition during the fall and winter seasons, students must have passed 30 credits at the conclusion of the preceding school year. There is no credit requirement for incoming students from middle or elementary school (8th grade) during the first semester. To be eligible for athletic competition during the spring semester a student must be passing 15 credits at the conclusion of the first semester. This applies to all students including ninth graders.

ATTENDANCE - BOARD POLICY No. 5200

Parents must call 701-1900 ex. 2244 to report all absences (in-person and virtual classes) and lates to school. (This is not for sign outs) Failure to report a student absence may result in a truancy and disciplinary action.

Calls are recorded and may be made 24 hours a day. These calls are for absences only, NOT FOR SIGN-OUTS, which must be done in person.

The attendance policy promotes students attending school each day on time. It is crucial that we maximize instructional time in order to provide our students with the best possible opportunity for successful completion of their educational program. Educational studies have indicated that chronic absenteeism has a direct correlation to the student drop-out rate.

The high school has procedures to maintain communication with students and parents. These may include the following; conferences with students, emails to parents, attendance notification letters, phone calls to parents, “Honeywell instant alert” notifications, and parent conferences.

While the high school is committed to notifying parents and students of attendance concerns, the responsibility for maintaining proper attendance lies with the parents and the student. Parents may access Genesis Parent Portal at any time to review their child’s attendance in detail.

Important benchmarks of the attendance policy:

- Students are allotted 14 days for unexcused absences – i.e. parent reports their child is absent; no documentation is required. The parent must call ext. 2244 to report the absence, or it may be considered a truancy.
- Students who exceed 14 unexcused absences in a class will be subject to loss of course credit. * Semester class – if exceed 7 absences. Health - if exceeds 4 absences.
- Students who exceed 15 unexcused “lates to class” will be subject to loss of course credit. *(Semester class- exceed 8 lates.)

What is the difference between an “unexcused absence” and an “excused absence”?

- Unexcused absences are at the discretion of the parent when they believe their child should remain at home. Students are allotted 14 unexcused absences without an impact on course credit. The school is to be notified at ext. 2244 so the student is not marked truant. (ext. 2244 is not for sign outs).
 Family vacations are unexcused absences and will accrue within the 14 allotted days. We acknowledge that parents may not have the same vacations as their children. However, we ask that parents please consider carefully when scheduling vacations during the school year, as absences impact the educational process and vacations will accrue within the 14 allotted unexcused absence days.

****NEW as of 2020-21**** Physical Education/Health Attendance

Health is to be counted as a grade separate and apart from PE. Therefore, the absence days allotted for the marking period in which students have health will be no more than four (4) days. Students who exceed 4 absences will lose course credit for Health.

- Excused absences fall under the following reasons and are subject to administrative approval:
 1. Student illness as documented by a medical or dental note, signed by a physician. Submit notes to the Main Office immediately upon the students return to school. The school nurse reserves the right to verify the documentation.
 2. Death in the family.
 3. College visits for juniors and seniors (2 will be excused; documentation from the college/university is required). Underclass siblings who may attend are not excused. If the college requires further visits, documentation is required.
 4. Interviews with an admissions officer of an institution of higher education for juniors and seniors (2 will be excused, documentation is required). If the admissions office requires further visits, documentation is required.
 5. Religious observance.
 6. Student suspension from school.
 7. Student required court appearance (documentation is required).
 8. Driver’s license test. (Bring documentation to the main office upon returning).
 9. Necessary and unavoidable medical or dental appointments that cannot be scheduled at a time other than the school day. The student should make every effort to return to school. (Documentation is required).

10. Student is sent home by the school nurse, Mrs. Barry, RN.

- Late to School (is also late to the first class of the day): The building is open at 7:30 a.m.
 - Students must be seated and ready to learn at 7:50 a.m. sharp. Traffic is very heavy at the school for drop off. Please plan accordingly!
 - Students who walk or ride bicycles to school should also plan to enter the building no later than 7:40 a.m.
 - Parents are to call ext. 2244 to report their child arriving late to school. This call does not excuse the tardy but informs the school you are aware your child is tardy.
 - Students arriving after 8:00 a.m. must report to the security booth for sign-in. Parents will be contacted for verification if the attendance line was not called prior to arrival.
 - The following may constitute an excused late to school at the discretion of the administration.
 - Religious observance.
 - Medical or dental appointments (documentation required).
 - Court appearance (documentation required).
 - Take Your Child to Work Day (for a portion of the school day).
- Lates to Class
 - Late students not only miss instruction but also disrupt the learning process for their classmates and the teacher. Timely arrival to class is a priority for all students. Please note, there is no appeal process for loss of credits due to late arrival to class.
 - Students who arrive less than 10 minutes to class are late. Discipline is as follows for a full year course:
 - 4 lates to class results in one after school detention. 8 lates results in two after school detentions.
 - 12 lates results in a Saturday detention.
 - 16 lates or more – loss of course credit. There is no appeal process.
 - Students arriving late from lunch will receive discipline as outlined above as well as suspension of out-to-lunch privileges.
 - There is no appeal for loss of credit due to lates.

Students who arrive more than 10 minutes late to class will receive an unexcused absence or cut for the class, as per the grade level administrator's decision.

Definitions

- Absence - A student will not be present for the day.
- Unexcused absence – parent calls x2244 to report their child absent. (14 allotted days). (Do not leave a message for a sign-out; they must be done in person).
- Excused absence – documentation provided (medical, dental, legal, bereavement, religious).
- Truancy – Absence from all or a part of the school day without the knowledge of the parent. Discipline assigned. Recorded as a cut in missed classes. A truant student may be suspended or expelled for trancies in accordance with Policies Nos. 5610 and 5620.
- Cut - A student has been in school but does not attend a particular class(es). (unauthorized). Discipline assigned. Three cuts result in full loss of course credit.

- Late to Class - Reporting for class after the beginning of the period, ten minutes or less. Discipline assigned.
- Late to School - Entering school after the start of the school day. Missed classes prior to entering school will be recorded as absences. Discipline assigned.

Denial of Curriculum Credit Due to Violation of the Attendance Policy: Please read carefully!

1. Curriculum credit is denied when a student exceeds 14 absences in a class, 7 in a semester course, 4 per marking period of health, and/or exceeds 15 lates, (8 in a semester course), whatever the reason for the absence, (excluding religious absences, Take Your Child to Work Day, and suspensions).
2. Parents will receive a letter from the school stating that the student has lost course credit due to absences and/or lates. This letter will also be posted to the Parent Portal.
 - a. Exceptions to this rule may be made for pupils whose absences have been marked “excused” (see “excused” absences above) or pupils who have demonstrated through completion of home instruction that they have mastered the proficiencies established for the curriculum of study.
 - b. If a student exceeds the number of absences allowed during a course he/she will be placed in a non-credit status. A student who remains in a class for the remainder of the year, on a loss of credit status, and continues to satisfactorily complete coursework, is eligible for an online credit recovery course at the expense of the parent. A student who does not remain in the class, may enroll in an online full course at the expense of the parent. Information can be found on the High School website, under the Guidance Services tab, “Educere.”

Appeal for Denial of Course Credit Due to Violation of Attendance Policy:

1. A student who has been denied curriculum credit for excessive absences may appeal that action in accordance with the following procedures:
 - a. The student or parent will contact the office of the vice principal to schedule an appeal.
 - b. Any pertinent documentation regarding the absences is to be brought to the appeal meeting.
2. If the student/parent is not satisfied with the decision of the appeal he/she may submit a written request to the principal. The principal will notify the student/parent within 7 days of the decision.
3. The student may appeal an adverse decision of the principal to the Superintendent, Board of Education, and the Commissioner of Education, in that order.
4. At the high school level, disruption in the class or absences in excess of thirty (30) days may result in immediate removal from the class and a complete loss of online course eligibility.
5. If a student has three or more cuts/truancies, the teacher will be notified to withdraw credit. If cuts/ truancies continue, the student may be removed from the class with a loss of online course eligibility.

PERFECT ATTENDANCE AWARD(S) DISCONTINUED as of 9/1/2020
 Perfect attendance awards may inadvertently prompt students to report to school when ill in order to achieve perfect attendance. Therefore, and with consideration given to the impact of COVID-19 and other illnesses, perfect attendance awards will no longer be tracked for students. It is imperative that students who are ill stay home and return when they are well.

CELL PHONES - BOARD POLICY NO. 5516

Cell phones or other electronic devices are not permitted during instructional time, unless with the express permission of the teacher. Cell phones can be extremely disruptive to teaching and impede the learning not only of the owner but also of the other students in the classroom. (N.J.S.A. 2C:33-19 and N.J.A.C. 6A:16-5.8).

This administration is adamant that the educational opportunities available to our students will not be disrupted by cell phones. Cell phone calls/texts from a parent will not negate this policy.

- At the first violation, the student will be sent to the office to turn over the device to an administrator and will receive a central detention. Parents will be notified and students will be allowed to retrieve the device after school.
- At the second violation, the student will be sent to the office to turn over the device to an administrator and will receive two central detentions. Parents will be called to retrieve the device at the high school from the grade-level administrator.
- At the third violation, the student will be sent to the office to turn over the device to an administration and will receive a Saturday detention. Parents will be called to retrieve the device at the high school from the grade-level administrator.
- Upon the fourth and all subsequent violations, the student will be suspended. An additional day of suspension will be added for each additional infraction. Parents will be called to retrieve the device at the high school from the grade-level administrator.
- Electronic devices are not school-sanctioned materials. Thefts will be directed to the Police Department.

Parents are asked not to call/text their child's cell phone during class time. Parents may call the MAIN OFFICE at any time (ext. 2202 or 2206) if they need to contact their child. Cell phone calls/texts from a parent will not negate the above policy.

CHANGE OF ADDRESS AND PHONE NUMBER

Parents/guardians must immediately report any change of address or telephone number to the main office.

CLUBS AND ACTIVITIES

The Board of Education believes that the educational goals and objectives of the district are best achieved by a diversity of learning experiences, which may be offered in and out of the classroom. In that light, all students are encouraged to join one or more activities offered by the school district. Some clubs and/or activities may have prerequisites to join. This list is subject to change.

Students will lose credit for a full year course(s) upon the third cut. In a semester course(s), students will lose credit upon the second cut. The student will remain in the class to be eligible for summer school, unless behavior becomes disruptive or cutting continues. Any assignments, including tests and quizzes, missed due to cutting will receive a 20% grade reduction.

CYBERBULLYING (Board Policy No. 5512.02)

A safe and civil environment in school is necessary for pupils to learn and achieve high academic standards. Cyber-bullying by a pupil in the district directed toward another school district or pupil or school staff member is conduct that disrupts both a pupil's ability to learn and a school's ability to educate its pupils in a safe environment.

The Board of Education prohibits acts of cyber-bullying by school district pupils through the use of any school district owned, operated, and supervised technologies. The Building Principal or designee may report allegations of cyberbullying to law enforcement authorities.

Cyber-bullying is the use of electronic information and communication devices, to include but not limited to, e-mail messages, instant messaging, text messaging, cellular telephone communications, internet blogs, internet chat rooms, internet postings and defamatory websites that:

1. deliberately threatens, harasses, intimidates an individual or group of individuals; or
2. places an individual in reasonable fear of harm to the individual or damage to the individual's property; or
3. has the effect of substantially disrupting the orderly operation of the school.

Any pupil or school staff member who believes he/she has or is being subjected to cyber-bullying, as well as any person who has reason to believe a pupil or school staff member has knowledge or reason to believe another pupil or school staff member is being subjected or has been subjected to cyber-bullying shall immediately make a report to the Building Principal or designee.

DANCES

All attendees at school dances are subject to school rules that apply during the school day. Students will not be admitted to a dance one hour after start time. If students leave before the dance ends, re-admittance will be denied. Guests are not permitted. PPBHS students may be required to show their ID card to gain admittance.

DISCIPLINE

The administration and faculty enforce school rules, which foster mutual respect for students and teachers alike. The goal is to further the development of self-discipline on the part of the students. Students are expected to take responsibility for their own behavior. The following disciplinary actions will be taken based on the infraction:

1. Court Actions:

Children under 16 years are required to attend school (N.J.S.A. 18A: 38-25). Students under 16 years of age who are consistently truant will be referred for court action. Court action will be instituted for other violations such as trespassing, assault, inducing a person(s) to use narcotic drug(s), smoking, malicious destruction or damage to property, carrying concealed weapons and any other violation of New Jersey Statutes.

2. Detention:

Teachers may assign detention for infraction of school rules. This is served with the teacher at the teacher's discretion and with adequate notice to the student. Administrators may also assign detention. It is held daily from 2:40 to 3:25. In certain instances, Saturday detention may be assigned. Saturday detention is from 8:00 a.m. to 11:00 a.m. Failure to report to detention will result in further disciplinary action. Students who miss Saturday detention will receive a day of out-of-school suspension and will be rescheduled for the next Saturday detention. Students are required to bring schoolwork to detention. Sleeping, eating, use of cell phones or inappropriate behavior will result in removal from detention and/or suspension from school. Students who arrive late will not be admitted and detention will be reassigned with additional consequences.

3. Suspension and Expulsion:

While the board believes that positive approaches to acceptable behavior are usually more effective, it is sometimes necessary to penalize students for violations of school regulations to ensure the good order of the school and to teach students the

consequences of disruptive behavior. Students who indulge in disruptive behavior may be suspended or recommended to the Board of Education for expulsion.

A. Disruptive behavior includes, but is not limited to:

1. Continued and willful disobedience;
2. Open defiance of authority of any teacher or person having authority;
3. Actions that constitute a danger to the physical well-being of other students;

8. Willfully causing, or attempting to cause, substantial damage to the property of other students, staff members, or the district;
9. Theft of the property of other students, staff members, or the district;
10. Falsifying a note (medical, legal, etc.) or any school document;

The above captioned events are a privilege extended to students, particularly seniors, in good standing. Students who have been suspended on three or more occasions during one school year or who have been suspended for a cumulative total of 10 or more days of suspension, will not be permitted to participate in one or more of these events as determined by the high school administration.

Students under suspension are prohibited from participating in or attending any school-regulated activity during the period of their suspension. They may not enter the school buildings or grounds of this district without the permission of the Chief School Administrator. Any student under suspension who enters the school buildings or grounds without the permission of the Chief School Administrator may have the period of his/her suspension extended and risk trespass

charges. The right to continue the suspension or to expel is reserved to the Board of Education, acting upon the recommendation of the administration.

Students who are suspended are required to make-up all work missed during the suspension. It is the student's responsibility to solicit make-up work from teachers.

A student who is suspended on the day preceding a weekend or holiday and/or the subsequent day following a weekend or holiday shall not be permitted to participate in school-sponsored activities, including interscholastic sports, during that weekend. In certain situations, students may be suspended from school pending a parent conference.

DRESS CODE

Point Pleasant High School is an institution of learning. It is not the beach or boardwalk. All students must be mindful of their attire for school, for both in-person and virtual classes, and follow the dress code.

Inappropriate attire is not permitted. Students who are dressed inappropriately for the school environment will be addressed by the administration and may be required to change clothing. Any pupil who is in violation of the dress code will be asked to correct the violation immediately or will be excluded from attending school until his/her attire conforms to the school policy.

Classroom teachers have the major responsibility for interpreting and enforcing these standards for their individual classes. Teachers may refer students in violation of the dress code to the administration. Students are expected to cooperate courteously when teachers or administration enforce these standards. Appeals can be made to the principal. The Chief School Administrator will have the final word.

DRIVING AND PARKING

Seniors must fill out required paperwork to apply for the parking (forms can be found on the website). Applications are handed in at the main office. Parking will be assigned at the discretion of the administration. Students must practice safe driving at all times. Students driving in a

If a situation exists (other than illness) where a student will miss exams, the grade level vice-principal must be contacted. If there is just cause and approval granted, make up exams will be administered when the student returns.

The following should also be noted:

- No additional time is provided if a student is late to an exam.
- If a student misses an exam without following this procedure the absence will be considered truancy. The student will receive a failing grade for the exam and risk losing course credit.

Weapons include (but are not limited to) firearms, knives, any ignited or explosive items (firecrackers or smoke bombs) and any objects of no reasonable use to the student at school which may be used to cause injury.

FIRE DRILLS

State statutes require unannounced timed fire drills while students are in the building. Students are to report with their teacher to a designated location. All persons, without exception, must exit the building.

FIRE FIGHTERS and FIRST AIDERS

Student members of local fire companies/local first aid squads wishing to fulfill their obligations during school hours must present notes from the fire chief/head of the first aid squad and their parents which specifically requires their attendance and which excuses these absences.

These students will not be required to sign out, but must notify the attendance secretary of their absence upon return from the obligation, and present documentation from the fire company/first aid squad.

Food is not permitted during academic and elective classes. Students who disregard this policy will be asked to dispose of such and, if non-compliant, may be subject to disciplinary action. Repeat offenders will be referred to the administration. Students must clean up after themselves during Lunch and Learn.

GAMBLING

Gambling is not permitted on school property or while attending school-sponsored events or activities and will be subject to disciplinary action.

SUSPECTED GANG ACTIVITY - BOARD POLICY NO. 5615

Pupils that initiate, advocate, or promote activities, openly or otherwise, and/or threaten the safety or well-being of others disrupt the school environments and are harmful to the educational process in this school district. Any physical or verbal harassing, intimidating, or bullying conduct by a pupil or group of pupils directed toward any school staff member or any other pupil or group of pupils anywhere on school grounds, at any school related or sponsored activity, on school busses, at a school bus stop, and any other place where pupils are supervised by school district staff will not be tolerated.

In the event the Principal or designee, believe any physical or verbal harassing, intimidating, or bullying conduct was, or is being committed for the benefit of, at the direction of, or in association with a group of three or more persons, the school staff will investigate further to determine if the conduct was committed by those pupils representing a gang as defined in N.J.S.A. 2C:44-3.h. If it is determined unacceptable conduct was committed by pupils representing a gang, the Principal or designee will assign appropriate disciplinary action and will notify the parents/guardians of the victim and the offender. The Principal or designee will also inform the Superintendent of Schools and local law enforcement.

To further insure the safety and well-being of all pupils in the district and to increase awareness within the school community regarding potential gang activity, pupils are prohibited from wearing on school grounds, at any school related or sponsored activity, on school buses, and any other place where pupils are supervised by school district staff, any type of clothing or accessory that would indicate a pupil has membership in, or affiliation with, any gang associated with criminal activities pursuant to N.J.S.A. 18A:11-9.

The parents/guardians of any pupil identified as being potentially involved in gang-related activities shall be notified by the Principal or designee. A pupil as identified as being potentially involved in gang-related activities shall be offered appropriate counseling by school district staff.

GRADES

Grades are an appraisal of progress toward established goals and a measure of student achievement. They are not to be modified or altered by disciplinary action except for those students found to be in violation of the Academic Integrity Policy. Such students shall receive a failing grade for the assignment. All incomplete grades must be made up within five (5) days of the end of the marking period.

Grading Scale

A+ = 97-100	B+ = 87-89	C+ = 77-79	D = 65-69
A = 93-96	B = 83-86	C = 73-76	F = 64 and below
A- = 90-92	B- = 80-82	C- = 70-72	

FAILING GRADE (F)

If a student scores below a 55% in the first or second marking periods, a grade of 55 will be reported. This is done to reduce the “power of the zero” for a student who struggles early in the year, but then shows improvement. We believe we have the responsibility to help every student achieve his or her best result and this is an attempt to give a struggling student an incentive to be able to pass a course for the year even if they have experienced difficulty early on.

Teachers must contact the parents of any student who fails the second and third marking period and who may be in danger of failing for the year. The teacher is to confer with the subject area supervisor to determine if a parent conference is also necessary. In the case of a senior who requires a passing grade in the course to graduate, a parent conference is mandatory.

Should a student fail the last two marking periods, he/she may fail the course for the year regardless of performance during the first two marking periods. The teacher shall consult with the supervisor on this decision. Students must take the final exam unless excused by policy and at the teacher’s discretion.

Grading Implications for Violations of the Academic Integrity Policy

The following consequences reflect violations that occur within the same class. The implications below are in addition to the consequences listed in the Academic Integrity Policy.

A. First Violation

1. Meeting held to include supervisor, teacher, student and parent/guardian.
2. Follow-up meeting between the guidance counselor and student.

B. Second Violation

1. Meeting held to include supervisor, teacher, student and parent/guardian.
2. Follow-up meeting between the guidance counselor and student.
3. Loss of a letter grade for the current marking period.

C. Third Violation

1. Meeting held to include principal, supervisor, teacher, student and parent/guardian.
2. Grade of “F” will be recorded for the current marking period.
3. Removal from the class if such class is an Honors or Advanced Placement (AP) class at the discretion of Administration.

GUESTS

For health and safety reasons, visitor access to the building will be restricted. Student visitors are not permitted in the building at any time. Parents or guardians who must enter the building for scheduled meetings are to report to the Security Booth, provide identification, sign in, and request a visitor's badge. Depending on NJDOE regulations, masks may be required.

- a) reasonably perceived as being motivated by either any actual or perceived characteristic, such as race, color, religion, ancestry, national origin, gender, sexual orientation, gender identity and expression, or a mental, physical or sensory disability or:
- b) by another other distinguishing characteristic; and that
- c) takes place on school property, at any school-sponsored function, on a school bus, or off school grounds, as provided for in N.J.S.A. 18A:37-15.3, that substantially disrupts or interferes with the orderly operation of the school or the rights of other pupils; and that

Pupils are required to conform to reasonable standards of socially acceptable behavior; respect the person, property and rights of others; obey constituted authority; and respond to school district teaching, support and administrative staff.

Consequences and appropriate remedial action for pupils who commit acts of harassment, intimidation, or bullying may range from positive behavioral interventions up to and including short-term or long-term suspension or expulsion as set forth in the Board adopted Pupil Discipline/Code of Conduct pursuant to N.J.A.C. 6A:16-7.1. Consequences for a pupil who commits an act of harassment, intimidation or bullying shall be varied and graded according to the nature of the behavior, the developmental age of the pupil and the pupil’s history of problem behaviors and performance.

Suspected bullying should be reported to a member of the teaching or administrative staff. Preventive interventions may be conducted through the Human Relations Committee. For further information refer to Board of Education Policy 5131.9. Students who feel they are a victim of bullying or have witnessed an act of bullying, are strongly advised to contact a staff member or administrator immediately to allow the school to act to reduce the chance of escalation. The names of those reporting a bullying or harassment incident will remain confidential, as the law permits.

Failure to sign in or out will result in a cut, truancy, or absence recorded on the student’s attendance record and may be subject to disciplinary action.

No student is to bring any medication to school without the written permission of the physician. This includes over the counter medications, such as Tylenol, Midol, etc. All medications are to be kept in the health office. If a student is found to be in possession of any medication he/she could face disciplinary charges.

Students returning to school after being absent for an extended period and/or with a communicable disease must bring evidence of medical clearance to return to school in the form of a note signed by the attending physician.

HOME OR OUT-OF-SCHOOL INSTRUCTION (N.J.A.C. 6A:16-10.1)

The Board of Education shall provide instructional services to an enrolled student whether a general education student or special education student up to age 21, at the student's home or another suitable out-of-school setting such as a hospital or rehabilitation program when the student is confined to the home or another out-of-school setting due to a temporary or chronic health condition or a need for treatment which precludes participation in their usual educational setting, whether general education or special education.

1. To request home instruction due to a temporary or chronic health condition the parent shall submit a request to the school that includes a written determination from the student's physician documenting the projected need for confinement at the student's residence or other treatment setting from 10 consecutive school days or 15 cumulative school days or more during the school year.
2. The school district shall forward the written determination to the school physician who shall verify the need for home instruction. The school physician may contact the student's physician to secure additional information concerning the student's diagnosis or need for treatment and shall either verify the need for home instruction or shall provide reasons for denial to the district board of education.
3. The school district shall notify the parent concerning the school physician's verification or reasons for denial within five school days after receipt of the written determination by the student's physician.
4. The school district shall provide instructional services within five school days after receipt of the school physician's verification or, if verification is made prior to the student's confinement, during the first week of the student's confinement to the home or out-of-school setting.

HONOR ROLL

High honor roll indicates at least an "A-" in all subjects. Honor roll indicates at least a "B-" in all subjects. Honor cards are available in Guidance Services at the end of every marking period. Honor cards confer free admission to most home athletic events for the time specified.

ITEM DROP-OFF

Students are expected to come to school prepared with assignments, school-issued Chromebooks, and all other items required for classes, as well as athletic equipment. Drop-offs to the school for high school students are strongly discouraged. In the event an item must be

brought to the school, it will remain in the attendance booth until the student retrieves it. Students WILL NOT be called out of class as this creates a disruption to the learning process.

LOCKERS

Students are assigned a locker for use during the school year. Students must not share lockers or locker combinations. Valuable property or money is never to be left in a school locker. The care of the locker is the student's responsibility. Fines may be assessed for damage to the locker.

School lockers remain the property of the district even when used by pupils. Lockers are subject to administrative search in the interests of school safety. Lockers will be inspected as need requires and on a regular basis. The Board of Education and the school administration recognize that a locker may be used as a depository for substances or objects that are illegal or that constitute a threat to the health, safety or welfare of the occupants of the school building and as such, a student's locker may be inspected if a school official has reasonable grounds to suspect that a student has violated or is violating the laws of the State or the rules of the school and is depositing substances or objects that are illegal or that constitute a threat to the health, safety or welfare of the occupants of the school.

The Board of Education declares that all lockers are public places and that inspections shall be made at any time, without any reason, cause or notice. In the event that the student population exceeds the number of available lockers, some students may be required to share a locker.

LOST PROPERTY

The school is not responsible for lost or stolen property. Thefts of electronic devices will be referred to the local police department. All students have an individual locker with a combination lock. LOCK all items in a locker. Do not share locker combinations as this will leave items unsecured. Do not leave items unattended. Report lost items to the teacher or coach. The lost and found is in the main office.

LUNCH AND LEARN

Students may use the cafeteria before school from 7:30 a.m. until 7:45 a.m. and during the regularly scheduled Lunch and Learn. Other areas with seating for lunch include the courtyard, outside the senior doors, and the gym. After finishing lunch, students must dispose of all trash in the proper receptacles. Disruptive or insubordinate behavior during Lunch and Learn will result in exclusion and/or disciplinary action.

Students are permitted to leave the school building during Lunch and Learn. They are to act appropriately in the community and return to school in time for their next class. Students who act inappropriately while off campus for lunch will be subject to disciplinary action which may include loss of out to lunch privileges, detention and/or suspension.

Students who return to school during their lunch period are to enter the school through one of three entrances only: the cafeteria doors, the senior doors and the front door. Late arrival from lunch will result in disciplinary consequences such as detention, Saturday detention, and loss of out to lunch privileges. Continual lates may violate the attendance policy and result in loss of credit.

NATIONAL HONOR SOCIETY

Students with a qualifying GPA of 95.0 or above (not rounded) have the opportunity to become members of the National Honor Society (NHS) in their junior year. Selections are made by the Faculty Council. Students not selected may reapply in their senior year, providing they still have a qualifying GPA of 95.0 or above (not rounded). Applications are made available to students who meet the established minimum GPA requirement. In addition, students must demonstrate leadership, character, and service.

- Leadership- The student successfully holds school offices or positions of responsibility. Positions outside the school can be considered but do not hold the same level of significance. The student contributes to the civic life of the school through responsibility, initiative, and dependability.
- Character- The student complies with school rules. He/she demonstrates the highest standards of honesty, integrity and reliability. (See Academic Integrity Policy)

- Service- The student is a member of school and community-based organizations that require the volunteering of his/her time. Organizations within the school hold more significance than those outside of school.

Students must provide strong evidence of qualification in all categories to be considered for admission. The advisor to the NHS is responsible for overseeing the selection process and supervising the activities of the organization. Chapters are not legally or constitutionally obligated to share with parents and students, information concerning specific students not selected for membership. The advisor can provide immediate feedback and direction in cases of non-selection. The principal is not a member of the Faculty Council. He/she may listen to the concerns of those not selected. In the unlikely event of a technical or procedural error only, the principal may reconvene the Faculty Council. Those wishing to challenge the principal's decision must appeal to the Superintendent of Schools.

OPTION II FOR ALTERNATIVE PHYSICAL EDUCATION (OVERVIEW)

Please be advised that Option II provides students with the opportunity to meet New Jersey Core Curriculum Content Standards in a setting other than the traditional classroom. Participation in activities such as gymnastics, dance, competitive swimming and interscholastic athletics can be used as an alternative to a 45-minute daily physical education class if the student can demonstrate that he or she is learning the standards that would be guiding the instruction developed by the physical education teacher.

If approved for Option II Alternative Physical Education, the student will receive a copy of the New Jersey Core Curriculum Content Standards for Health and Physical Education. Students should review Standard 2.1 Wellness, Standard 2.2 Integrated Skills, Standard 2.5 Motor Skill Development and Standard 2.6 Fitness. In order to grant credit under Option II, the Point Pleasant Borough School District requires the student to a) answer guided journal questions related to health and physical education based on their out-of-school activity or interscholastic sport b) create a portfolio, or c) design a project, where he/she documents the ways in which he/she is learning these standards. All students applying for an Option II Physical Education Program off campus (i.e. outside dance studios, travel soccer, all-star cheerleading) must complete a log of hours he/she participated in his/her activity and must have his/her coach/instructor verifying the participation hours. The Point Pleasant Borough High School Physical Education Teachers will provide the student with more information following approval of the request.

In addition, NJ State Statute 18A: 35-5, 7 and 8 requires 150 minutes of participation in physical education weekly. The PPBSD requires that the student must have the coach/instructor verify that the student was present for at least 150 minutes over a 3-day period each week.

Once approved, students are responsible for keeping track of hours and presenting documentation of their progress towards meeting the standards to their assigned Physical Education Teacher every two weeks. All forms must be turned in by the specified dates (see marking period calendar). A mid marking period check will be administered and an interim report will be given. The established protocol and specific forms are expected to be adhered to. Students are responsible for meeting the minimum of 150 minute per week requirement over at least a 3-day period, documenting physical activity on the LOG FORM as well as explaining the

link to the Content Standards in their ASSIGNMENT. Students will receive a grade of “P” or “F” at the end of each quarter as well as mid-marking period progress. 100% compliance is required in order to receive a passing grade for the marking period. Any late assignments during the marking period may result in failure for the marking period.

In case of injury, sickness or the inability to participate in any physical activity, a doctor’s note will be required and must be presented to the High School’s nurse’s office in order for the student to be excused. Parental notes for illness will not be accepted to excuse students from their activity.

Student Responsibility

Students are responsible for obtaining a signature every two weeks from their coach or advisor. This signature will verify the time requirement. The assigned Physical Education teacher will also sign the log to verify that your journal entries reflect completion of the New Jersey Core Curriculum Content Standards.

Parent/guardian and students have sole responsibility for student learning, academic progress, liability, and submitting the proper documentation on the dates required. LOGS and JOURNALS, PORTFOLIOS and/or PROJECTS are expected to be handed to your assigned Physical Education teacher. Any documentation that has been forged, plagiarized, or cannot be verified by the coach or advisor will result in a “F” for the marking period.

Copying journal entries is considered a violation of the Academic Integrity Policy and is therefore prohibited. Students will receive a warning for a first violation of the policy and will have to rewrite the journal entries. A call home to the student’s parents will be made by the Physical Education Teacher to inform the parent of the violation. If a second violation occurs, the Physical Education Teacher will arrange for a meeting with a building administrator, the student, and parents/guardians of the student. A 2nd violation may result in failure for the marking period.

Student grading will be similar to the process used when students have a medical excuse for part of the year.

- Students who take Option II for a full year will receive either a “P” or “F.”
- Students who participate in the Option II program for one or two marking periods will be graded as such:
 - a. One marking period of Option II and two marking periods of regular Physical Education class will result in a numerical grade (%) for the year.
 - b. Two marking periods of Option II and one marking period of regular Physical Education class, in addition to the student’s health class will result in a numerical grade (%) for the year.
 - c. Three marking periods of Option II and one marking period of Health will result in an Option II grade for the year (“P” or “F”).

Steps to Approval Eligibility (with NO exceptions)

- Option II opportunities only apply to the specified grade levels.
- Option II only occurs after 9th grade.
- Option II does NOT apply to students taking Health or Driver's Education unless approval is granted from the High School Principal.

5. In order for any "off campus" Option II Physical Education Program to be considered for approval, the coach/instructor MUST sign the Agreement between mentor/instructor and the Board of Education and provide a letter to the Supervisor of Health and Physical Education by the specified date. 5. A student who is injured and unable to participate in their approved Option II Physical Education Program MUST inform the Supervisor of Health and Physical Education immediately.
6. Failure to provide the student's Physical Education Teacher any of the above completed information (verification of hours, student evidence of meeting or exceeding the NJCCCS) on the last day of the marking period will result in a grade of (F) for the marking period.

Graduation ceremonies, senior ball and junior prom, athletic events and banquets, academic ceremonies and similar events are student privileges. SCHEDULES

Student schedules will be released on the Parent and Student Portals prior to the first day of school. If there are any ERRORS in a student's schedule, the student should make an appointment to meet with their counselor during the block in which there is the error.

SCHEDULE CHANGES

The master schedule is built upon careful and deliberate on-time course selections made by students. During the course selection process, every effort should be made by students and parents to ensure that the selected courses are appropriate for the students. Therefore, there should be little need for change in a student's program. However, if a change is imperative, it is important to understand that a change may not be possible if it adversely affects appropriate class size. If a change is made, the student will be responsible to make up all previously assigned work and grades may follow if the student makes a level change.

The drop/add period is the first 12 school days (3 cycles) of the semester. The last day to drop and/or add a course is 9/21/22. Drop/add requests made on 9/22/22 or later will not be honored. Schedule change requests are permitted for the following reasons:

- The correction of a clerical error in the schedule
- A recommendation from the Child Study Team
- A student is repeating a course with the same teacher that they previously had
- A student wishing to eliminate a study hall and take an additional course which does not entail the dropping of any other courses
- A student wishing to eliminate an elective to take a study hall
- Preference for another subject
- Moving up a level in course

If there are extenuating circumstances that result in dropping a class past the established deadlines, the transcript will reflect a "WP" or "WF", based on the student's current grade in the class.

Level Changes in a Schedule

The last day for level changes is October 17, 2022. Level changes "down" will only be accommodated until five school days after first marking period interim grade reports become available. A schedule change form must accompany the level change request.

SEARCH AND SEIZURE

School officials are obligated to maintain an orderly and efficient school. If there is reason to believe that a student has dangerous, illegal, or stolen items in his/her possession, that student may be searched. Lockers, desks, and personal items therein may be searched when there is reasonable suspicion that they contain articles that are dangerous, illegal, or stolen or that it contains evidence that the student code of conduct has been violated. Vehicles parked on school property are subject to routine patrol and potential search. The use of dogs trained in detecting

the presence of drugs may be used to patrol the school facilities and grounds including but not limited to the locker and parking areas. Use of dogs may, but will not necessarily be, unannounced and random. If a trained canine alerts to a particular vehicle, locker or container, it shall create reasonable suspicion to search that vehicle, locker or container.

SECURITY DRILLS

State statutes require security drills each month. Students are to report with their teacher as directed by protocol.

SKATEBOARDS

Students are not permitted to ride skateboards on school property at any time as per Point Pleasant Borough Ordinance # 1999-20. Police will be notified; a summons may be issued.

The purpose of the referral shall be to assess the student to determine if the student has any immediate medical needs. As a part of making this determination the nurse will take the student’s vital signs.

On the first instance, students will be assigned a Saturday detention and will be excluded from all extracurricular events* for a period of 7 calendar days. The student will be referred to the Student Assistance Counselor. For remediation and educational purposes, the SAC may assign the student to a tobacco education program provided by the school. **Students in possession only of smoking/vaping electronic devices and/or tobacco/nicotine products will be subject to all of the above consequences except Borough Ordinance 2018-08.

SPORTSMANSHIP - BOARD POLICY NO. 5570

Students are encouraged to support our athletic teams, arts programs, and academic teams. We are proud of Point Pleasant Borough High School and appreciate the efforts of those who represent us. We encourage our fans and audiences to be positive, enthusiastic supporters of school sponsored events.

We insist that our fans demonstrate good sportsmanship as spectators at sporting events and other activities. All cheering must be positive and directed at our team, not opponents or officials. Ridiculing opponents, derogatory chanting, and/or the use of inappropriate language or gestures will not be tolerated. Violators will be ejected and face a possible ban from future events.

Any student-athlete disqualified from athletic competition:

As per NJSIAA regulations, any student athlete disqualified before, during or after an interscholastic event for unsportsmanlike, flagrant verbal or physical misconduct will be disqualified from the next two (2) scheduled contests, with the exception of football which will carry a one (1) game disqualification. Any such disqualification prevents the student athlete from being on the premises of the contest. The principal and athletic supervisor will review all disqualifications and reserve the right to suspend the student-athlete for additional games (above and beyond the state rule).

As well, when an athlete acts inappropriately while wearing the school uniform, he/she may be subject to school discipline, at the discretion of the administration, which may include restrictions on participation in athletics.

STUDY HALL PROCEDURES

Study halls are assigned for the sole purpose of academic work. Students may take one study hall per year. Requests for an additional study hall must be made directly to the principal.

The atmosphere is expected to be quiet. Students who do not use the study hall for academic purposes and/or cannot adhere to the rules, may be removed and assigned to an elective course at

the discretion of the administration. Physical Education students assigned a study hall for medical reasons are expected to attend each day prepared with academic work and/or reading material.

Study halls are opportunities for students to prepare for classes and complete assignments. Study halls maintain a QUIET, orderly atmosphere and are not “social hours.” Food and beverages are not permitted. Seating is assigned and attendance is taken daily. Excessive tardies to study hall, cuts, and inappropriate/insubordinate behavior are disciplinary infractions and the student will be referred to the vice principal.

Students in a study hall, as a rule, will not be permitted to leave to go to another location. Students may not leave study hall for the Media Center. Make-up tests are to be given to the study hall teacher in advance and completed in the study hall classroom. If a teacher wishes to see a student during a study hall, the requesting academic teacher must fill out the “Reverse Pass” shown below. SUBSTANCE ABUSE - BOARD POLICY No. 5530

PLEASE CLICK HERE FOR THE PARENT GUARDIAN GUIDELINES FOR IMMEDIATE MEDICAL EXAMINATION FOR SUSPECTED SUBSTANCE ABUSE

The Board of Education recognizes that a pupil’s abuse of harmful substances seriously impedes that pupil’s education and threatens the welfare of the entire school community. The Board is committed to the prevention of substance abuse and the rehabilitation of substance abusers by educational means, but will take the necessary and appropriate steps to protect the school community from harm and from exposure to harmful substances. Accordingly, the Board will establish and maintain a comprehensive substance abuse intervention, prevention, and treatment referral program in the schools of this district.

1. B. Reporting and Examination of Pupils Under the Influence of Anabolic Steroid.

- a. - c. The Principal shall arrange for the immediate examination of the pupil by a physician selected by the parent(s)/legal guardian(s). If the physician selected by the parent is not available to perform the examination, the examination will be conducted by the school physician or another physician identified by the Principal. An examination conducted, at parental request, by a physician other than the school physician or another physician as identified by the Principal shall not be at the district's expense.
- d. The pupil shall be examined as soon as possible for the purpose of determining whether the pupil has been using anabolic steroids.
- e. The Superintendent/designee may, but need not, disclose to law enforcement authorities the identity of a pupil suspected or have used or who may be using anabolic steroids. The Superintendent shall disclose to law enforcement authorities the identity of a pupil reasonably believed to be in possession of anabolic steroids or related paraphernalia or a pupil reasonably believed to be involved or implicated in distribution activities involving anabolic steroids.
- f. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s)/legal guardian(s), the Principal, and to the Superintendent.
- g. If it is determined that the pupil has used anabolic steroids, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained to

assess alcohol and other drug abuse shall interview the pupil and others, as necessary, for the purpose of determining the extent of the pupil's involvement with and use of anabolic steroids and the possible need for referral for treatment. To make this determination, the school staff member(s) identified above may conduct a reasonable investigation, which may include interviews with the pupil's teachers and parents and consultation with experts in pupil alcohol or other drug abuse, as may be appropriate and necessary.

- h. If the results of a referral for evaluation have positively determined that the pupil's use of anabolic steroids represents a danger to the pupil's health and well-being, the school staff member(s) identified in 7. above shall initiate a referral for treatment to appropriate community agencies as defined in N.J.A.C. 6A:16-4.1(b), to out-of-State agencies licensed by the appropriate State regulatory agency for alcohol and other drug services, or to private practitioners certified by appropriate drug and alcohol licensing board.
- C. Evaluation and Treatment of Pupils Under the Influence of a Substance Other Than Anabolic Steroids

 - d. The Principal/designee, in response to every report, must arrange for an immediate medical examination of the pupil for the purposes of providing appropriate health care for the pupil and for determining whether the pupil is under the influence of alcohol, or other drugs, other than anabolic steroids. The medical examination shall be performed by a physician that is selected by the parent(s)/legal guardian(s). If the parent's/legal guardian's physician is not immediately available, the medical examination shall be conducted by the school physician. If neither the parent's/legal guardian's physician nor the school physician is immediately available, the pupil shall be taken to the emergency room of the nearest hospital for examination. The pupil shall be accompanied by the pupil's parent(s)/legal guardian(s) if available and by a member of the school staff appointed by the Principal. Parental/legal guardian permission is not required for the school's physician or emergency room examination. The parent(s)/legal guardian(s) may, but is not required to accompany the pupil to the school physician and/or emergency room. The Principal and/or designee will supervise

the pupil while the pupil is waiting for the parent(s)/legal guardian(s) to take the pupil to the physician selected by the parent, or waiting for and receiving the examination by the school physician or in the emergency room. An examination conducted by a physician selected by the parent(s)/legal guardian(s) shall be at the expense of the parent and shall not be at the expense of the school district. An examination conducted by the school physician or by a physician at the emergency room of the nearest hospital shall be at the expense of the school district.

- e. A written report of the examination of the pupil shall be furnished by the examining physician to the pupil's parent(s)/legal guardian(s), the Principal, and to the Superintendent within twenty-four hours of the referral of the pupil for suspected drug or alcohol use. The findings of the report shall verify whether the pupil's alcohol or other drug use interferes with his or her physical and mental ability to perform in school.
- f. When the medical examination is performed by a physician other than the school physician or at the emergency room of the nearest hospital, the parent is required to verify within twenty-four hours of the notification that the pupil is suspected of alcohol or other drug use that the medical examination in accordance with this Policy was performed. The verification shall include, at a minimum, the printed name, address and phone number, date and time of the medical examination, signature of the examining physician and the date by which the written report of the examination will be provided.
- g. If the written report of the examination is not submitted to the parent, Principal or Superintendent within twenty-four hours of the referral of the pupil, the pupil will be allowed to return to school until such time a positive determination of alcohol or other drug use is received from the physician.
- h. If the written report of the medical examination verifies that alcohol or other drugs do not interfere with the pupil's physical and mental ability to perform in school, the pupil will be immediately returned to school.
- i. If there is a positive determination from the medical examination, indicating the pupil's alcohol or other drug use interferes with his or her physical or mental ability to perform in school the pupil will be returned to the parent's care as soon as possible. Attendance at school will not resume until a written report has been submitted to the parent(s)/legal guardian(s), Principal and Superintendent from the physician who has examined the pupil to determine whether alcohol or other drug use interferes with his or her physical or mental ability to perform in school. The report must verify the pupil's alcohol or other drug use no longer interferes with the pupil's physical and mental ability to perform in school. Removal of a pupil with a disability shall be made in accordance with N.J.A.C. 6A:14.
- j. Refusal or failure by a parent/legal guardian to comply with the provisions of N.J.S.A. 18A:40A-12 and N.J.A.C. 6A:16-4.3 shall be treated as a policy violation of the Compulsory Education Act pursuant to N.J.S.A. 18A:38-25 and 18A:38-31, and child neglect laws pursuant to N.J.S.A. 9:6-1 et seq., and N.J.A.C. 6A:16-11. - k. While the pupil is at home because of the medical examination or after the pupil returns to school, the Principal or Superintendent may recommend or require alcohol and other drug assessment of the pupil or evaluation by appropriately certified or licensed professionals to make a positive determination of a pupil's need for programs and services which extend beyond the general school program, as necessary. The findings of these additional evaluations alone shall not be used to prevent a pupil from attending school.
- l. If at any time it is determined a pupil's use of substances presents a danger to the pupil's health and well-being, an individual who holds the Educational Services Certificate with the substance awareness coordinator endorsement issued by the New Jersey State Board of Examiners or an individual who holds either the school nurse, school nurse/non-instructional, school psychologist, school counselor, school social worker or student personnel services endorsement on the Educational Services Certificate and is trained in alcohol and other drug abuse treatment referral shall initiate a referral for substance abuse treatment.

While the services described above are confidential and voluntary, if it becomes evident that a student has a substance abuse problem, that student may be required to receive assistance through an outside treatment center.

THEFT

IMPORTANT All thefts reported to and investigated by the administration have involved UNLOCKED bicycles and UNSECURED valuables. Locked bicycles and locked hallway lockers or locked PE lockers have not been breached. Students, not school personnel, are responsible for their own personal property.

- Taking another student's bicycle at lunch without their express permission/knowledge is theft and will be reported to the Point Pleasant Police Department, even if the bicycle is returned.**
- Students SHOULD NOT BRING valuable items (cameras, iPods, cell phones, etc.) or large sums of money to school.
- Students should not leave purses, wallets, or valuables unattended AT ANY TIME, including in classrooms, locker room, or cafeteria.
- Each student is issued a locker- therefore students MUST NOT share lockers or locker combinations with other students.
- Do not leave ANY personal property unlocked in the gym locker rooms at any time! All students are assigned a P.E. locker with a lock.
- Do not leave locker combinations set on the third number so that random turning will open it.

- Report thefts to appropriate grade level vice-principal. Thefts of electronic devices will be referred to the local police department.
- Students who take school property or the personal belongings of school employees or fellow students will be subject to disciplinary action. Police may be notified.

VACATIONS - PUPIL

Absences due to vacation are not excused and will count toward the allotted 14 days. We acknowledge that parents may not have the same vacations as their children. However, the practice of student absences from school for family vacations is strongly discouraged. Parents are asked to consider carefully when scheduling vacations during school, as absences adversely affect the educational process. Vacations will accrue within the 14 allotted unexcused absence days.

VIDEO AND AUDIO RECORDING STRICTLY PROHIBITED

The use of cell phones or other electronic devices for video and/or audio recording of staff and students is strictly prohibited in the school building and on campus. Students who violate this directive will receive disciplinary consequences.

The only exception in a classroom setting will be with express permission from the teacher. The use of cell phones in a classroom is at the sole discretion of the teacher for academic purposes only.

VIOLENCE AND VANDALISM

An act of, or threat of, violence is a physically aggressive act or implied act toward another person. The student and/or students, once determined as committing an act of violence or a threat of violence, may be suspended from school for up to ten days or more, or as such time it is determined that the student is fit to return to school. A psychiatric or psychological evaluation may be required to determine that the student is not a threat to self or others and is cleared to return to school. If it is determined that the action may be considered an assault, the Point Pleasant Police Department will be notified and charges may be filed against the individual(s).

Vandalism is willful destruction or defacement of property. Any student who vandalizes school property will be responsible for all costs of repairs and loss of property. Disciplinary consequences will be assigned.

EXPECTATIONS SHOULD VIRTUAL LEARNING BE REQUIRED - GOOGLE MEET OR ZOOM SESSIONS

Point Pleasant Borough High School is committed to providing a safe and positive learning experience for all students. Students are expected to exhibit our core values of Respect, Responsibility and Pride at all times. Whether attending class in-person or virtually, students are expected to adhere to the school rules and expectations.

Guidelines:

- All students are required to attend virtual sessions as requested by the teacher.
- Students are expected to have their camera and microphone on from the beginning to the end of the virtual class.
- Students should log in from an appropriate, quiet location that is free from distractions.
- Students MUST NOT share class codes or log in information with anyone from outside the class.

Additional expectations:

1. Attendance - Parents must report a student absence to the attendance line, whether a class is meeting “in-person” or virtually. Not reporting a student absence may result in a truancy and/or disciplinary action. It is critical that all students be engaged in learning activities, especially when students are not in the building for in- person instruction. Students are expected to be available and engaged in learning activities/assignments from 8:05am until 2:25pm on all remote learning days. During these hours, teachers may request that students participate in a live stream, a video meeting, virtually meet with other students or a conference. Failure to attend these virtual classes/meetings may count as an absence from class and/or affect a student’s participation grade.
2. Virtual Participation - It is expected that students approach remote classes/video meetings as if they were in person. Student behavior should be courteous and on-task, just as if they were in the classroom. For example, there should be no use of cell phones, attire should be school-appropriate, and students are to be attentive and quiet when others are speaking.
3. Academic Integrity - During virtual sessions there is a greater emphasis on the use of technology. Obviously, there is limited teacher supervision during virtual and online assignments. Students must submit one’s own work and ideas and be mindful of appropriate sources for citing information so as not to plagiarize. The Academic Integrity Policy is in full effect for in-person and remote learning. The full policy can be found within this handbook under Academic Integrity.
4. Cell phone use - Cell phones or other electronic devices are not permitted during instructional time, whether during in-person or during a virtual lesson. unless with the express permission of the teacher. Students are permitted to use their cell phones to participate in virtual learning if another device is not available.

Failure to meet the expectations outlined above may result in disciplinary actions at the discretion of administration.

VOCATIONAL TECHNICAL SCHOOL

Students are required to use the transportation provided by the district to and from vocational schools. Students must maintain proper behavior and safety protocols at all times while on the school bus. Failure to do so could result in loss of transportation to and from vocational school for a period of time to be determined by the school administration as well as additional disciplinary action. Use of private vehicles to drive or be driven to and from vocational schools is prohibited unless special permission is FIRST obtained from the vocational school and then approved by the high school principal.
