

Hello Caruso Families!

We hope that you and your children are having an enjoyable summer so far! We wanted to take a minute to share two things with you as you begin to think about the next school year. First, as you may or may not be aware, the school hours for Bolger and the High School have changed, bringing them out later than Caruso. Although our hours have not changed, this may put a wrench in your younger child's(rens) pick-up. Please take this time to plan and perhaps take advantage of the Champions program should you need this option.

Secondly, the supply request list for each grade is listed below. All other communications will come out in August, but as always, feel free to reach out with any questions.

Enjoy every minute of summer!
