## **WELCOME**

The Student Handbook is to help you be more organized and accountable for your learning. Lebanon High School is a reflection of all who attend here. The traditions at Lebanon are rich. Let us all do our part to make Lebanon High School the best possible school. We wish each of you the best for the year to come, and we are looking forward to working with you throughout the school year.

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the school year. Because the handbook contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for you and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstandings when questions arise.

This handbook supersedes all prior handbooks and other written material on the same subjects. In the event there is a contradiction between a handbook statement and a LCSC school board policy, the LCSC policies will take precedence over all handbook rules.

## **LEBANON HIGH SCHOOL VISION**

Through a nurturing climate and the building of relationships, Lebanon High School professionals promote academic excellence and graduate students who have the character and skills to be productive and successful citizens.

## **LEBANON HIGH SCHOOL MISSION**

### ARRIVAL TIME

All students shall be expected to attend a regular schedule of classes. Classes begin promptly at 7:55 AM.

### PASSING PERIOD

The purpose of passing period is to provide time for students to go from one class to another. Use of the restroom, drinking fountain, stopping at a locker, etc. is to be handled so that each student is on time to class. There is no reason to be tardy to class. Any activity that would take more time must have prior approval of a teacher.

### ILLNESS AND INJURY AT SCHOOL

A student who is ill must report to the clinic with a **Nurse Referral Form** from his/her teacher. The school medical staff will evaluate the student's condition. Contact with the parent will be handled only through the attendance office or clinic. No student will be released from school without proper parental permission. **A student will be considered truant if he/she leaves school and does not follow proper procedures.**

All injuries must be reported to a teacher or the office. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures and attempt to make contact with the student's parents.

## SECTION 1-GENERAL INFORMATION

### ENROLLMENT

Students that are new to Lebanon High School are required to enroll with their parents or legal guardian. When enrolling, the parent will need to bring:

- A birth certificate or similar document
- Court papers, allocation of parental rights and responsibilities, or custody documentation (if appropriate)
- Proof of residency (no homeless child will be denied enrollment based on a lack of proof of residency)
- Proof of immunizations

Families that cannot produce documents to verify proof of residency can enroll students for up to four (4) weeks, but until proof of residency is verified by the school no transportation will be provided.

Students enrolling from another accredited school must have an official transcript from the sending school in order to receive credit from that school. The Student Services Department will assist in obtaining the transcript, if not presented at the time of enrollment.

LHS strongly adheres to the House enrolled Act No. 1279 as amended in 1995. Terms and conditions of the new enrollment will be set by the Principal after all facts have been evaluated.

**Any student currently living in the school corporation who wishes to enroll in school must do so within the first two weeks of the school semester.** This applies to students who have not been in school at any other educational institution. Such students must apply for admission in person with their parent or guardian. New students will be required to meet with the school Principal or his designee for an orientation to Lebanon High School.

Students transferring to Lebanon High School from a non-accredited school must have some form of independent standardized test results with them to determine grade level and awarding of credits. Without such independent documentation, no credit will be awarded. Credit will only be awarded for classes which are similar to those offered at Lebanon High School. Lebanon High School is not responsible for providing independent standardized tests.

A new student wishing to attend Lebanon High School must live (reside) within the boundaries of the school district. The Board of Trustees recognizes that extenuating circumstances arise from time to time and, therefore, will consider requests by parents, guardians, or custodians of Indiana students who do not reside in the School Corporation but who wish to enroll their child in the School Corporation. Requests should be made to the Administration Center at 1810 N. Grant St. Lebanon, IN 46052.

### EMANCIPATED STUDENTS

Any student who is not living at home and not living with a parent or guardian can be classified as “emancipated” after having the proper forms filled out/approved and on file with the principal’s office. If a student is 18 and no longer lives at home, the student should see an administrator for the required information. All emancipated students will be required to adhere to attendance rules and regulations as applicable to all students.

### TRANSFERS FROM LEBANON HIGH SCHOOL

1. A student who is transferring to another school should make an appointment with a guidance counselor. Parent notification must also be received.
2. All proper forms must be completed before a student is considered officially withdrawn.
3. All technology equipment, textbooks and school property must be returned, fees paid, and other obligations completed before withdrawing.

4. All of a student's records will be transferred/forwarded to the receiving school by L.H.S. officials.

#### **Withdraw From School IC 20-33-2-9**

    - (c) illness; or
    - (d) an order by a court that has jurisdiction over the student.
- (c) A written acknowledgment of withdrawal under subsection (b) must include a statement that the student and the student's parent understand that withdrawing from school is likely to:
  - (1) reduce the student's future earnings; and
  - (2) increase the student's likelihood of being unemployed in the future.

#### **HEALTH AND SAFETY**

**Health Records:** Each student is required by state health codes (20-8.1-7-10.1) to be properly immunized against diphtheria, pertussis/whooping cough, tetanus, polio, measles, mumps, rubella (German measles), hepatitis A & B, chickenpox, and meningococcal disease. (See chart below) The State Board of Health may expand/modify the list of communicable diseases that require documentation of immunity. A written statement of the student's immunization records by a physician shall be turned into the school office no later than the first day of school. Students whose parents do not provide the required documentation by the opening day of school may be admitted to school provided the documentation or a prescription indicating your appointment for immunizations is received within twenty days. If the proper documentation or prescription is not received within those twenty days, the student shall be excluded from school until the proper documentation has been filed in the office, unless the parents have filed a religious objection or has obtained a medical exemption submitted by a physician. Students previously enrolled in the school will have their immunization records kept on file. Each student enrolled is to have a health history completed by the parents at registration. The health history form AND specific care plan forms completed by a physician MUST be returned for any student with an acute or chronic ailment (ex: asthma, diabetes, or anything requiring attention by a physician). All care plans and medication forms are available on the LCSC website under the Health Services Department.

**Illness and Sick Day Guidelines:**

A child's physical health is a significant factor in their ability to learn each day. When a child does not feel well, it is difficult for them to concentrate on the tasks at hand. In order to help your child learn effectively each day, we ask parents/guardians to watch carefully for signs of illness and fatigue. When a suspected illness at school arises, the child may be sent to the clinic for evaluation. Parents/guardians will be contacted when symptoms of illness or communicable disease are present. Some of these symptoms include:

- Fever of 100.4° F or higher
- Vomiting or three or more loose stools/diarrhea
- Rashes of any sort not caused by allergies
- Red, irritated eyes with discharge, pink eye
- Signs of communicable disease (strep throat, chicken pox, influenza, pink eye)

Children should remain at home after an illness until all of the following guidelines are met:

- Fever free (100.3° F or lower) for 24 hours without having taken any fever reducing medication
- Free from vomiting and/or diarrhea for 24 hours
- Antibiotics need to be taken for 24 hours for any contagious disease, including pink eye
- Lice (pediculosis): If a student is found to have live head lice while at school, the student will be sent home and can return the next day provided he/she has been treated with a special lice shampoo and has been checked by the clinic staff. LCSC follows the no-nit policy.

The State Board of Health requires the occurrence of certain communicable diseases be reported to health authorities. We ask you to immediately report your child's documented cases of diphtheria, scarlet fever, strep, chicken pox, influenza, or other communicable diseases to the school clinic so the local and state health departments can be notified as soon as possible. The school reserves the right to require a doctor's clearance for a student to return to school whenever school officials feel it necessary to protect the health of either the pupil who has been ill or of the other pupils in school.

In the case of non-casual communicable diseases, the person in question will have his/her status reviewed by a panel of resource people, including the County Health Department, to insure the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff persons in school unless there is definitive evidence to warrant exclusion.

Non-casual contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human-Immunodeficiency), Hepatitis B, and other diseases that may be specified by the State Board of Health.

As required by Federal law, parents will be requested to have their child's blood checked for HIV and HBV when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

**Medications:**

All medications to be given during school hours must follow these guidelines: By State Board of Health mandate, the clinic staff or a designated paraprofessional are the only employees allowed to dispense medication to students. If a student is required to take medication during school hours, the Medication Request and Authorization form must be filed with the school clinic before the student will be allowed to begin taking any medication during school hours. The form is available on the LCSC website, under the health services/ tab or in the school offices. All medication must be brought into school by an adult and in the original container with the signed permission form from the parent/guardian stating the dose and time medication is to be dispensed. Prescription medication must have the pharmacy label on the container. LCSC, in concert with the National Association of School Nurses guidelines, will not honor requests by parents/guardians to dispense over-the-counter herbs, minerals, and vitamins and other homeopathic products. No medications, vitamins, herbal pills, etc. may be carried by the student at school. Disciplinary policy will be followed if students are found to have medications on their person, in their belongings or share medications with another student. The one exception is as follows:

As mandated by the General Assembly of the State of Indiana: Students with chronic disease or medical condition may possess and self-administer medication for their illness ONLY when the student's parent/guardian has filed an authorization with the student's principal for the student to possess and self-administer the medication. The authorization must include the following information to be completed by a physician and filed annually:

- The student has an acute or chronic disease or medical condition for which the physician has prescribed medications.
  - The student has been instructed in how to self-administer the medication.
  - The nature of the disease or medical condition requires emergency administration of the medication.
- The authorization and statement described in item 1 must be filed with the student's principal annually.

Indiana State Law, SEA 392 which took effect July 1, 2017, allows for schools to stock three emergencies medications, currently LCSC stocks epinephrine and Narcan for emergency purposes.

**Insurance:**

There are no provisions of the Lebanon Community School Corporation to carry general medical insurance on its students.

**Mental Health**

Lebanon Community School Corporation partners with Integrated Wellness, LLC (INWELL) to bring behavioral therapy and skills training to the school setting for students. This therapy facilitates communication between clinician and teacher, and helps address behavioral issues that arise in the classroom and home. Behavioral therapy treats symptoms of depression, anxiety, trauma, and other emotional health concerns. It also serves to facilitate communication and family dynamics that impact the student's functioning in school. Skills training teaches students to manage behaviors related to emotional distress. Therapists may also attend meetings and case conferences to discuss treatment goals and to report on the student's progress. In the event of an all school crisis, therapists are made available to the student body and staff. INWELL accepts most insurances and will work with families on a sliding fee scale as necessary. Contact the school clinic to enroll for services.

**AMERICANS WITH DISABILITIES ACT-SECTION 504**

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act requires the School to ensure that no individual be discriminated against on the basis of a disability. This protection applies not just to the student, but all individuals who have access to the Corporation's programs and facilities.

Students with disabilities who do not qualify for Individuals with Disabilities Education Act (IDEA) may be served within the regular education program with an accommodation plan developed by the school staff. Parents, who believe their child may have a disability that interferes substantially with the child's ability to function properly in school should contact the Student Services Department.

## EMERGENCY SCHOOL CLOSINGS

In case of adverse weather, changing or canceling the school schedule, the LCSC Blackboard Connect 5 notification system will be utilized and certain media stations will be notified. Students are encouraged to listen for details. Parents and students are responsible for knowing about emergency closings and delays. Please keep your contact information updated. Information may also be available via local media.

## STUDENT IDENTIFICATION CARDS

1. Each student will receive a student identification card with his/her picture on it. Students will carry the card on their person at all times. Anytime a school employee asks to see the card, the student will present the card.
2. Failure to present your student ID may result in disciplinary action.
3. The ID will be needed for such activities as checking out library materials, eating in the school cafeteria, entering school dances, etc., and all school admittance/releases which should originate through the attendance office.
4. All ID replacements will be handled by the Main Office for a replacement fee.
5. An ID card becomes void upon withdrawal or dismissal from school.

## LOCKERS

1. Each student may be assigned a hallway locker at their request.
2. Protection of locker contents is the responsibility of each student; therefore, sharing lockers and locker combinations is strongly discouraged.

#### **WIRELESS COMMUNICATION DEVICES (WCD)**

A wireless communication device (WCD) is a device that emits an audible signal, vibrates, displays a message, or otherwise summons or delivers a communication to the possessor. These WCD devices include but are not limited to cellular and wireless telephones, smart phones, laptops, tablets or other network access devices, music playing devices, and other devices that allow a person to record and/or transmit, on either a real time or delayed basis, sound, video or still images, text, or other information. Students are expected to use LCSC Technology in a responsible, ethical, and legal manner.

Students may bring WCDs to school. To ensure student use of WCDs are appropriate for learning, Lebanon High School has established the following expectations for the acceptable use of a WCD throughout the school day.

#### **STUDENT EXPECTATIONS:**

WCDs are not to be used by students in classes, study halls, hallways or restrooms while classes are in session. Students should follow the classroom policy provided by the teacher for storage of the WCD during classroom time. Student use of a WCD during classroom time in any location in the building is a violation of the WCD policy and will result in student discipline.

Students may use their WCD in a school appropriate manner between classes, during lunch, and during Homeroom.

During no time is a WCD permitted to be used in a restroom or locker room.

Phone calls, FaceTime, and any type of audio communication is not to take place during the school day (7:55 am – 2:45 pm). If a call needs to be made from a cell phone, the students are to come to the main office to get permission to make a call. A confidential location will be provided to the student upon receiving office approval for the call.

Students may only use one (1) earbud when plugged into a WCD in order to be aware of their surroundings. Students using two (2) earbuds will be in violation of the WCD policy.

#### **TEACHER EXPECTATIONS:**

Teachers may choose to allow students use of a WCD in the classroom for educational purposes. The teacher will inform the student when the use of a WCD during classroom time is permissible.

Teachers will provide written, specific expectations for WCDs in their classroom to students through their classroom management plan.

#### **PARENT/GUARDIAN EXPECTATIONS:**

Parents/Guardians are encouraged to not communicate directly with their student during the school day and wait until the end of the day to text/call their students.

In the event of a need or an emergency to communicate with your student, parents/guardians are asked to contact the main office so the school may provide the necessary support for the student without affecting the learning environment.

Before and after school, during after school activities (e.g. extracurricular activities) and at school related functions, a student may use a WCD responsibly as long as they do not create a distraction, disruption, or

otherwise interfere with the school environment.

Students are prohibited from using WCDs to capture, record or transmit the words (i.e. audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity, without express prior notice and explicit consent for the capture, recording or transmission of such words or images. Using a WCD to take or transmit audio and/or pictures/video of an individual without his/her consent is considered an invasion of privacy and is not permitted, unless authorized by the building principal. Students who violate this provision and/or use a WCD to violate the privacy rights of another person may lose the privilege to carry the WCD until the end of the school year along with additional school discipline as appropriate to the circumstances.

WCDs, including but not limited to those with cameras, may not be possessed, activated or utilized at any time in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include but are not limited to locker rooms, shower facilities, restrooms, classrooms, and any other areas where students or others may change clothes or be in any stage or degree of disrobing or changing clothes. The building principal has authority to make determinations as to other specific locations and situations where possession of a WCD is absolutely prohibited.

No expectation of confidentiality will exist in the use of WCDs on school premises/property.

Students are prohibited from using a WCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. Students are also prohibited from using a WCD to capture and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using their WCDs to receive such information. Possession of a WCD by a student is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the WCD. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity (e.g. child pornography). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the WCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed. Any WCD confiscated by Corporation staff will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian. WCDs in Corporation custody will not be searched or otherwise tampered with unless school officials reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a WCD to school for a designated length of time or on a permanent basis.

A person who discovers a student in possession of or using a WCD in violation of this policy is required to report the violation to the building principal or designee.

Students are personally and solely responsible for the care and security of their WCDs. The Board assumes no responsibility for theft, loss, damage, or vandalism to WCDs brought onto its property, or the unauthorized use of such devices.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office. Contacting students on his/her WCD may result in school discipline if a school policy is violated.

## **CAFETERIA, FOOD AND DRINK POLICY**

The cafeteria is open for breakfast and lunch each full school day. Lebanon Community School Corporation has a No Charging Policy for school meals. Please make sure your student has the correct amount of money in the account for their child otherwise an alternate National School Lunch Program approved lunch will be provided. There is no alternate breakfast option. Students are encouraged to use the services of the cafeteria. Students eating in the cafeteria should conduct themselves in an orderly fashion at all times. They should properly return trays and dispose of trash at the end of the lunch period. During lunch, we ask that students remain in the cafeteria as much as possible. Students may leave to use the restroom at the intersection across from the Crossroads Cafe in C-hall at the intersection of C-hall and A-hall. No other restrooms should be used during your lunch. You may also go to Tiger Town, Crossroad Cafe and/or the vending machines to get a snack or drink, but you must eat and drink those purchases in the cafeteria. Items purchased should not be consumed on the way back to the cafeteria. See the lunch supervisory teacher when questions arise.

Carryout food from restaurants is not to be delivered to students during the school day.

Any open drink or food container being carried in the hallways will be confiscated and a detention issued.

Students are responsible for keeping the halls clean of trash. The vending machines will be turned off any time

excessive trash in the halls becomes a problem.

Drink items that are sold at school through Tiger Town, the Crossroad Cafe, vending machines, and the cafeteria are allowed to be consumed in approved school locations. Drinks may be consumed in a classroom with teacher approval, in the cafeteria, or in a designated location by a teacher under their supervision. Drinks may not be consumed in the hallways due to congestion and spillage. Teachers do have the authority to limit or eliminate drinks based on a classroom activity or room design such as a computer lab. Only water may be consumed in the auditorium, stage area, and the media center. Supplemental drink additives may not be added to bottled water or other drinks. Cups and reusable containers are not permissible during the school day with the exception of refillable water bottles that are clear and are refilled with water. Only drinks in a container with a screw-top lid are allowed to be consumed. Drinks must be in the original container as available through Tiger Town, the Crossroad Café, vending machines, and the cafeteria. Drinks may not be consumed in the gym lobby area or hallways during lunch. They may only be consumed in the cafeteria.

Food is to be consumed only during Homeroom with approval from your Homeroom supervisors or in the cafeteria during breakfast or lunch. Open containers of food should not be kept in lockers. While food is able to be purchased at Tiger Town, the Crossroads Café, the cafeteria, and through vending machines during the day, food may only be consumed during the designated times (Homeroom and Lunch) and locations. Food is not permitted in the auditorium, stage area, or media center.

Students are allowed to have food and drink prior to the school day. We allow this privilege as a way of supporting our students' transition to school in the morning. The most important part of this policy is that all food and drinks, other than those available through school in the original container, must be thrown in the trash prior to 7:55 AM. Please refer to our webpage, <https://leb.schooldish.com/MealPrices>, for current pricing.

## **Library/Media Center**

The Library-Media Center is to provide service to students and staff in an atmosphere that promotes reading, computer use and an overall positive learning environment. The Media Center is open from 7:15 AM until 3:15 PM each school day. No food or drinks are allowed in the Media Center.

### **Admission**

Students may use the Media Center before and after school hours without a pass.

Study hall students may use the Media Center with permission of the study hall teacher.

Teachers may schedule their classes into the Media Center by working with the Media Specialist.

### **Conduct**

If students elect to come to the Media Center, they must plan to work on academics (browse, study, read, etc.). Quiet talking is permitted while students are working; however, students will not be permitted to spend the hour visiting and talking. Students are expected to respect the right of others to enjoy a positive and quiet environment without distractions. Students are expected to treat property, equipment, and materials with care.

### **Circulation**

Most books are available for checkout for two weeks and may be renewed once for an additional two weeks. Reference books, magazines, and digital video cameras may be checked out overnight only. Student ID must be used to check out materials.

### **Lost or Damaged Materials**

Students will be charged for lost or damaged materials. These charges will be based on the replacement cost of the item. The original cost of the item will be used if replacement cost cannot be determined.

## **Technology/Textbooks/Fees/Supplies**

### **Payments and Refunds**

All students will be billed a technology fee and/or supplies during the month of September. All students are required to pay course fees. Students who desire technology fee assistance will be required to fill out an online application via family skyward at registration.

## Technology and Classroom Materials

Students are charged a technology fee and a fee for consumable supplies needed for each class in which they are enrolled.

Books and materials are issued by the classroom teacher and must be returned to the same teacher upon completion of the school year. Responsibility for device and textbooks rests with the student to whom the device/textbooks are issued.

Loss of device, books or any school property due to theft or other circumstances will not be accepted as an excuse for nonpayment or the failure to complete assignments.

If a device or textbook is lost, the student will be required to pay the cost of replacing the device or textbook. Contact the main office to report a lost laptop.

If the device or book is found and returned, a refund will be made to the student.

If the device or book is damaged, the student is required to pay a damage charge depending upon the degree of damage and the condition of the device or book when it was issued.

Lebanon High School prorates technology fees for late school enrollees and early withdrawals in good standing. Technology Fee charges will be returned, on a prorated basis, to those students transferring to another school or withdrawing from Lebanon High School. Course fees are not refundable.

All device and books are rented on a semester basis and should be taken care of properly and returned in good shape as they are the property of Lebanon High School.

## Tiger Town

Tiger Town is operated as a service to the student body and faculty. Food and drink are also available during lunch. Tiger Town is located in the student common area outside the cafeteria.

## GRADES/ACADEMIC WORK

### Grading System

Grades are based on daily work, test grades, attitude, and effort. A minimum of three (3) grades is strongly suggested when figuring the period grades. Teachers may allow up to 1/3 of the grade for attitude and effort.

The Lebanon High School **grading scale** is

## **Weighted Grades Policy**

### **Weighted Grades Policy Effective Beginning with the Class of 2012**

#### **Rationale:**

The purpose of having weighted grades is to encourage our students to enroll in our most rigorous academic courses in order to maximize preparation for their post-secondary education.

#### **Weighted Grade Qualification:**

In order to receive the additional weighted points, a student must complete the course with a semester grade of a C- or higher.

#### **Definitions:**

**ACP** – Advanced College Project dual credit course offered at Lebanon High School through an articulation agreement with Indiana University.

**AP Courses** – Advanced Placement (AP) courses approved through the College Board.

**Core Courses** – Courses taught by the Mathematics, English, Science, Social Studies, and World Language departments.

**Dual Credit Courses** – Courses offered for credit by an accredited post-secondary institution through an adjunct agreement with Lebanon High School. The courses will be taught at LHS, and credit for the courses must appear on a college transcript with the intent of transferable credits to a 4-year institution.

**Elective Courses** – Courses taught in all other departments not listed as Core Courses.

**Formula** - The weight from a weighted course will be added to the GPA prior to averaging of the GPA.

#### **Tier 1 (no weight)**

Diploma Track Courses not listed in Tier 2 or Tier 3 (0.5 weight per semester) Courses denoted as Honors (H)  
2-year Institution Dual Credit Courses – all departments 4-year Institution Dual Credit Courses taught in elective departments  
Elective AP Courses There is a maximum of three (3) weighted courses that can be identified in an elective department.

#### **Tier 2 (0.5 weight per semester)**

Courses denoted as Honors (H)

2-year Institution Dual Credit Courses – all departments

4-year Institution Dual Credit Courses taught in elective departments

Elective AP Courses

There is a maximum of three (3) weighted courses that can be identified in an elective department.

#### **Current Tier 2 Qualified Courses:**

Algebra II (H), Geometry (H), Pre-Calculus (H), Trigonometry (H), Pre-AP English 9(H), Pre-AP English 10 (H), Spanish III, French III, Pre-AP Biology (L)(H), Pre-AP Chemistry (L)(H), Pre-AP World History, Economics(H), Principles of Business Management, Marketing Fundamentals, Entrepreneurship & New Ventures Capstone, Business Law & Ethics, PLTW: Introduction to Engineering Design, PLTW: Principles of Engineering, PLTW: Civil Engineering & Architecture, Principles of Agriculture, Agribusiness Management, Agricultural Power Structure & Technology (Welding), Animal Science, Horticulture Science, Landscape and Turf Management, Natural Resources, Principles of Healthcare, Medical Terminology, Principles of Precision Machining, Machining Fundamentals, Advanced Precision Machining, Precision Machining Capstone, 2-D Art and Design (AP), Principles of Hospitality, Nutrition and Culinary Arts

#### **Tier 3 (1.0 weight per semester)**

ACP – Core Department Courses

4-year dual credit courses – core departments

### Current Tier 3 Qualified Courses:

ACP English—W131 and L202, Language and Composition (AP), Literature and Composition (AP), ACP Math—M211 and M212, Calculus AB (AP), Calculus BC (AP) Statistics (AP), Computer Science A (AP), Biology (L) (AP), Chemistry (L) (AP), Environmental Science (L) (AP), Physics I: Algebra Based (L) (AP), European History (AP), Microeconomics (AP), US History (AP), United States Government and Politics (AP)

\*\*\*Weighted courses may change based on articulation agreements with our university partners.

## CLASS RANK CALCULATION

The cumulative weighted GPA is used to determine class ranking. Updates to class rank occur at the end of each semester. The cumulative GPA includes all courses and credits earned in grades 9 through 12, and also includes high school courses and credits that were earned while in middle school. Students will obtain a weighted GPA by taking more rigorous courses that include AP, honors and/or dual credit courses. If a student receives a C- or above at semester in a weighted course, they will then receive the additional weighted points per the weighted grading policy adopted in 2012. It is the weighted GPA that is used to determine class rank.

The senior with the highest weighted GPA at the end of their 8<sup>th</sup> semester will be designated as the class Valedictorian. The senior with the second highest weighted GPA at the end of their 8<sup>th</sup> semester will be designated as the class Salutatorian. **Only students who have attended Lebanon High School for the last two years will be eligible for Valedictorian or Salutatorian.**

### **Auditing/Retaking Classes**

To better master the course content and/or to meet the minimum grade requirements for an Indiana Academic Honors Diploma and/or a Technical Honors Diploma, a student may audit/retake a course in which they received a C+ or lower. All audits/retakes must be approved by the principal or principal designee, and audits/retakes may be denied on the basis of class size and sections. When auditing/retaking a course, the grade earned for the second course will replace the first grade on the transcript and will become the credit bearing course. All courses taken will appear on the student's transcript in order to provide an accurate course history. The first grade will be replaced with an "AUD" to stand for Audit and will not factor into the cumulative GPA. In the event the student fails a previously passed course, the grades for both courses will appear on the transcript, and both grades will be factored into the cumulative GPA. If a student received a WF – Withdrawal Fail, in a course, the WF will not be replaced by the symbol of "AUD" for Audit, but the grade earned in the audited/retaken course will be the grade that factors into the cumulative GPA. Grades earned in approved audited/retaken courses will count toward eligibility in athletics, all extra-curricular activities, work permits, lunch, and driving privileges.

### **Incomplete Grades**

Students having **incomplete grades** at the close of the grading period will receive an "I" and should complete work to remove the "I" within a reasonable amount of time. Teachers will use two weeks as a maximum limit unless they clear an extended time with the administration. If the "I" is not removed by the completion of the next grading period, the "I" shall become a failing grade. Students will receive grades every nine weeks. **An "I" translates as an F for athletic eligibility until the incomplete becomes a permanent grade.**

### **Make Up Work**

Whether a student is excused or unexcused, students are expected and allowed to complete all missed work for credit. Students, who are excused, receive full credit. Unexcused students receive full credit for the assignment, **but will have their 9-week's grade reduced by 2% per unexcused absence.** The student has the same number of days missed to complete the makeup work. When a student is absent from school it is their responsibility to communicate with his/her teacher (s) regarding make up work upon their return, or via email/Canvas while absent. If additional help is needed contact his/her school counselor.

### **Final Assessment Policy**

In order to prepare our students for future challenges, Lebanon High School has implemented a Final Assessment Policy for each semester.

A final is any type of assessment that measures a student's semester performance.

There will be a final assessment for every student in every course.

The final assessment will be 20 percent of the student's semester grade and will be entered separately from the grading periods.

Each department will be responsible for ensuring that all of its courses have a final assessment.

The finals will be scheduled during the last five days of the semester.

Attendance is mandatory on the scheduled final days except for dire family emergencies.

Any make-up assessment can be taken by prior arrangement during the afternoon of the third scheduled final day or on the scheduled staff records day.

## **Core Course Pathways**

Lebanon High School has three pathways in most core area courses which are designed for students to select courses in preparation for career readiness, college readiness, or college level curriculum. The curriculum for all core courses meets the Indiana Academic Standards. The difference in the pathways will be the method of content delivery which is designed to prepare students for their chosen post-secondary goals.

### **Career Readiness Pathway**

Students selecting a career readiness course will receive instruction through more in-class, hands-on, project-based approaches. The standards will be delivered at a level with more focus on knowledge, comprehension, and practice of content and skills. Students who select courses in this pathway are planning to pursue school-to-work, trade school, or apprenticeship programs after high school.

### **College Readiness Pathway**

Students selecting a college readiness course will receive instruction involving more depth of knowledge, discussion, critical thinking, writing, and analysis. This pathway will require students to do homework outside of the classroom. Students who select courses in this pathway are planning to attend a two or four year college after high school.

### **College Level Pathway**

Students selecting a college level course will receive rigorous instruction involving more independent and self-directed learning, research, academic writing, debate and presentation. These rigorous courses are taught as college classes and are listed as AP, Pre-AP, Honors, or Dual Credit. This pathway will require students to spend significant time outside of the classroom studying, reading, and writing. Students who select courses in this pathway are planning to earn college credit in high school, attend a four year college with increased admission standards, and/or pursue competitive academic programs after high school.

## **Lebanon High School Program for High Ability Students**

The Lebanon High school component of the LCSC Program for High Ability Students consists of Honors Classes, Advanced Placement (AP) classes, and classes for dual high school and college credit. The purpose of all of these courses is to challenge high ability students and prepare them to continue their advanced studies at a post-secondary institution. Although students are encouraged to enhance their education by taking honors classes, honors classes are not specifically required for the Academic Honors Diploma. Please see the Diploma Requirement page that applies to your graduating class for specific requirements.

The curriculum areas at LHS that currently have specific courses for high-ability students are English, Mathematics, Science, Social Studies and Fine Arts.

Students identified as possibly being in need of high ability services will be placed in a pool. The pool is generated by students who request honors classes through the scheduling process. Students requesting consideration for the honors classes are given a nomination form which may be filled out by a parent, a teacher of the discipline in which the student has selected the honors course, or the student himself. A Selection Committee at LHS reviews the list of students nominated by one of these means and makes the final recommendation to the school principal. This nomination process is also available for students requesting enrollment in rigorous courses who have not been recommended through the high ability identification process. Students continuing in honors classes in the same discipline need not reapply as long as they are meeting the expectations for the curriculum.

**\*The AP Program Testing Fee:**

There is a testing fee for AP courses. The testing fee is equivalent to the fee that College Board charges to administer each test which was \$98.00 per test for the 2021-2022 school year. We assume the 2023-2024 testing fee will be approximately the same. In addition, the Indiana Department of Education has covered the testing fees for AP tests in the areas of English, Mathematics and Science. If the state continues to pay for AP tests in these three areas for the 2023-2024 school year, our students will not be assessed a testing fee in these courses. **Courses the state does not cover will be the responsibility of the student to pay.** All AP fees must be paid by the end of the first semester in order for the student to continue in the course(s) for second semester. A testing fee statement will be sent home with the student at the beginning of the first semester which will include payment information.

**\*The AP Program:** The Advanced Placement Program is a cooperative educational endeavor between secondary schools and colleges and universities. Since its inception in 1955, the Program has provided motivated high school students with the opportunity to take college-level courses in a high school setting. Students who participate in the Program not only gain college-level skills, but in many cases they also earn college credit while they are still in high school. AP courses are taught by dedicated and enthusiastic high school teachers who follow course guidelines developed and published by the College Board. Over 90 percent of the nation's colleges and universities have an AP policy granting incoming students credit, placement, or both, for qualifying AP Exam grades. More information is available at [www.collegeboard.org](http://www.collegeboard.org)

**\*\*The ACP Program:** The Advance College Project (ACP) is a partnership program between Indiana University and participating high schools within the states of Indiana, Ohio, and Michigan. ACP offers college credit to qualified high school seniors who enroll in IU general education courses that are offered at their local high schools during the regular school day and taught by certified high school teachers who hold adjunct lecturer status with Indiana University.

ACP is for high school students, generally juniors and seniors, who have adequate preparation and the desire for more advanced work. Through its course offerings, ACP provides an opportunity for high school students to begin college work while in high school. ACP is not a gifted and talented program. ACP courses are actual college courses intended to allow a wide range of students to engage in college level work for college credit. ACP courses are designed for students who have both a solid academic foundation, whose interests can be furthered by acquiring college credit prior to high school graduation, and who make a serious commitment to completing the ACP course successfully.

ACP courses provide both high school and college credit (concurrent enrollment), and therefore, allow students to fulfill requirements for high school graduation and requirements for college admission while beginning a college transcript. The same general standards that apply for admission to Indiana University apply to students seeking to enroll in ACP courses. However, student participation in ACP courses does not constitute admission to IU. More Information is available at [www.acp.indiana.edu/](http://www.acp.indiana.edu/)

**Outside Course Work-** It is the intent of the Administration and Student Services Department to provide LHS students an opportunity to use outside credit as a means of enhancing curricular offerings (Advanced classes not offered at LHS), of attaining dual credit (Simultaneous High School and College Credit), and/or of recovering credit missed by failing classes (Maximum 4). **Plato credits and Summer School credits taken through Indiana Online are not considered outside credits, but are credits awarded by Lebanon High School.** Any LHS student wishing to attempt outside course work for any of the above reasons should contact his/her school counselor to secure permission prior to enrolling in any outside course. **A student requesting additional credits beyond the maximum of four would need to receive prior approval from the building principal on an individual basis.**

**Information for the College-Bound Athlete**

**The National Association of Intercollegiate Athletics (NAIA)** is a governing body for athletic programs at its nearly 300 colleges and universities throughout the United States and Canada. The long-held mission of the NAIA is to promote the education and development of students through intercollegiate athletics participation. Founded in 1937, the NAIA is a leader in the development of student-athletes and continues to be a pioneer in implementing exceptional standards for academics, diversity and character. For eligibility regulations regarding high school curriculum, high school performance, class rank and standardized testing, go to [www.naia.org](http://www.naia.org).

**The National Collegiate Athletic Association (NCAA)** is a voluntary organization through which the nation's colleges and universities govern their athletics programs. It comprises more than 1,250 institutions, conferences, organizations and individuals committed to the best interests, education and athletics participation of student-athletes. All prospective student-athletes intending to enroll in an NCAA Division I or II institution for the first time on or after August 1, 2007 must complete the NCAA Amateurism Certification questionnaire. For more information about Clearinghouse registration, required high school core subjects, grade point averages and standardized testing, go to [www.ncaa.org](http://www.ncaa.org).

## **AWARDS/STUDENT RECOGNITION**

### **Student Achievement**

Student achievement is recognized in a variety of ways. Specifics about these may be obtained from your guidance counselor or teachers. Many students are recognized for their achievements on Honors Night during the spring of each school year.

Parents and students are requested to contact the school principal and school counselor when receiving literature related to various "Who's Who" type programs or other requests for student names. These are often subtle attempts to sell a product and frequently do not exhibit a bonafide interest in the welfare of the individual student.

### **Honor Roll**

An Honor Roll of students achieving high academic standards will be published at the conclusion of each **9 week** grading period.

A student must earn a grade of A or B in all courses and must carry a full schedule to be eligible for the Honor Roll.

### **Class Valedictorian and Salutatorian**

The senior students ranking number one and two in their graduating class and who have exemplary conduct, will be declared class valedictorian and salutatorian.

Students eligible for these awards must have attended Lebanon High School for the last two years.

The final class ranking will be determined by using final semester grades with Quality Points and will be weighted.

In case of a tie, the students receiving the greatest number of credits, completed at Lebanon High School, will be declared the individual winner. Only those subjects used in figuring class rank will be counted.

Students applying for early graduation in less than four (4) years are considered "special students" and forfeit the right to serve as valedictorian and/or salutatorian.

## **STUDENT SERVICES**

### **School Counselor Assignments**

The services and activities in the school that help students make decisions about courses, plans for future, relationships with other students and teachers, and personal problems - all of these are referred to as student services.

The counselors spend much of their time interviewing individual students in connection with educational and career technical plans. Students should realize that they may request an appointment at any time they have a problem (school or personal). The counselor will not make decisions for the student but will help to find a possible solution to the problem.

The following are Grade 9-12 counselor assignment

Class of 2023-2026

**Mrs. Bethany Mineart**

**A - G**

**Mrs. Megan Lewis**

**H - M**

**Mrs. Susan Woosley**

**N - Z**

**Mrs. Lori Schroeder – Graduation Coach - Works in conjunction with student's assigned School Counselor.**

**Grade Level Classification will be determined by the class cohort (the year the student started 9th grade). Some courses, programs and/or privileges may have credit requirements in addition to grade level requirements.**

### **Scheduling Requirements**

Every student must be enrolled in at least seven subjects per semester. Courses will be offered based on student interest and staffing. In the event that a class is closed or cancelled, the next alternative course will be selected.

### **Drop/Add Dates for Schedule Concerns and Requests:**

1. Schedule request changes for the new school year must be communicated with your counselor by the Friday before Spring Break. This allows for all individual schedule requests to be considered before the Master Schedule is built.
2. For incoming freshmen only: Schedule concerns for the new school year must be communicated with your counselor by the Friday before Memorial Day but no changes will be guaranteed. Course numbers, section and teacher availability will be considerations due to the Master Schedule already being built.
3. Schedule concerns for 2nd semester classes must be communicated with your counselor by the Wednesday before Thanksgiving Break. No changes will be guaranteed. Course numbers as well as section and teacher availability will be considered.

### **Schedule Changes will be considered or made if:**

- **A class is closed or cancelled**
- **An error is made in proper sequencing of classes**
- **A student fails or does not meet the requirement to move on to the next class in sequence**
- **A student meets the deadline dates for Schedule Concerns and Requests.**
- **A student wants to increase the level of rigor in their schedule with principal approval**

Transfer students must meet our subject requirements. The administration of Lebanon High School realizes that there is a great variety of credit or unit systems in the high schools throughout the United States. We want to reassure transfer students by stating we will not penalize any student without cause. Every case of credit evaluation will be considered on an individual basis. The principal reserves the right to make all academic decisions. Only students who have attended Lebanon High School for the last two years will be eligible for Valedictorian or Salutatorian.

Withdrawal from a class results in a **withdrawal/failure** for that class. All course changes do result in a fee change.

### **Announcements**

All students should listen and watch for daily Student Services announcements, check the school website, and read the monthly newsletter. The Student Services staff is available to answer questions.

### **Parental Conferences**

Parents are invited to discuss their student's academic progress with a school counselor.

Individual appointments should be made through the Student Services Department.

## **Special Education**

The School provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the School wants the parent to be an active participant. To inquire about the procedure, a parent should contact the Student Services Department.

## **Graduation Requirements – Diploma**

It shall be the policy of the School Board to acknowledge each student's successful completion of the instructional program appropriate to the achievement of corporation goals and objectives as well as personal proficiency by the awarding of a diploma or a certificate at appropriate ceremonies.

The Board shall award a high school diploma to every student enrolled in this corporation who meets the requirements for graduation established by the Board and by the state of Indiana.

For the class of 2023 and beyond, graduation must be earned by passing all mandated subjects, earning total credits required for the specific diploma sought and meeting the requirements of the Indiana Graduation Pathways.

Students who complete all the requirements of graduation established by the Board as provided by the State but do not meet the State Standards as required by the **Graduation Pathways**, shall receive a certificate of course completion.

Commencement exercises will include those students successfully completing requirements for graduation, who will receive a diploma as certified by the high school principal, and those who will be receiving a certificate. (No student shall be denied a diploma or certificate merely as a disciplinary measure.) A student may be denied participation in the commencement ceremony when personal conduct so warrants at the principal's discretion.

As adopted by the Lebanon School Board, all students will be required to have the minimum of forty **(40) credits to graduate**. It is the responsibility of the individual student to make appointments with the Student Services Department if they have questions regarding the graduation requirements.

The requirements for graduation are based on grades nine (9) through twelve (12) and are shown on the charts on pages 27-31.

Other requirements for a student graduating from Lebanon High School include:

- (1) Meeting all requirements of the school board's policy pertaining to standards;
- (2) Meeting all financial obligations to L.H.S. regarding book rental, lost or damaged materials, etc.

## **Scholarships**

Students and parents are given information concerning scholarship through a number of means including Canvas, the Student Services Department mostly newsletter, our website, and by visiting the Student Services Department at LHS.

**Important:** Students interested in scholarship assistance should consult their counselor in an effort to discover those scholarships for which they may be eligible. Also, students should check the Student Services Department announcement, check the school website ([www.leb.k12.in.us/lhs](http://www.leb.k12.in.us/lhs)), and read the monthly newsletter.

## **College Visitation / Employment Interview / Military Recruitment**

Students in grades 10-12 may be granted an excused absence for up two (2) days per school year for the purpose of visiting a college campus. College visit and recruitment forms are available in Student Services and must be obtained 48 hours prior to the visit. Requests for additional days will need prior administration approval.

Confirmation of the scheduled college visit / employment interview / military recruitment must be submitted to the Student Services Department in order to obtain the visitation / interview / recruitment form. The form must be signed by the college representative, potential employer, or military recruiter and returned to the Attendance

Officer the day the student returns to school. No visitation, interviews, or recruitment will be allowed during the months of December or May.

## **Exchange Students**

### **LHS Protocols for Exchange Students**

1. The exchange student must be a full year student in attendance on the first day of school and staying through the close of the school year.
2. The exchange student can enter as no greater than a sophomore. We do not allow exchange students to have senior status and participate in exclusive senior functions (graduation, senior last walk, etc.). We classify exchange students as 9<sup>th</sup> or 10<sup>th</sup> graders.
3. The exchange student needs to be highly proficient in English. This is a critical area for their immersion into our academic and social settings.
4. The exchange student needs to take a challenging academic schedule based on their prior academic experiences, and they are expected to perform with the same expectations as all students in our building.
5. The exchange student and host family are expected to follow all student handbook policies no different than our own local students. Particular attention needs to be placed on adherence to the LHS attendance policy. Travel needs to be scheduled during our breaks/vacations and not during academic time.
6. We encourage our exchange students and their host families to get heavily involved in the school community. The best way for an exchange student to have a great experience is to be a highly engaged and involved student.
7. All applicants (applications) must be screened by May 1 preceding the school year of enrollment which includes a meeting with a LHS representative, the potential host family, and a representative of the exchange program provider/company. This meeting should take place prior to May 1 with the goal of providing official acceptance by that date.
8. If accepted, we would need a copy of the student's high school transcript translated in English prior to the end of the school year as well as defined dates of arrival and departure.
9. Lebanon High School will not issue an Honorary Diploma to exchange students.
10. Only those students who have or are on approved programs (Youth for Understanding/International Youth Fellowship, etc.) will be admitted to Lebanon High School.
11. Students will be placed in their grade levels by the Student Services Department according to age and past experiences. Final determinations are to be made by the school Principal.
12. For information regarding Foreign Exchange Student athletic eligibility see new I.H.S.A.A. regulations.

## **SECTION 3 STUDENT ACTIVITIES**

### **STUDENT EXTRACURRICULAR PARTICIPATION**

**Minimum Standards** - These are the minimum expectations for student participation in a leadership role at LHS. Other activities may hold its members to higher standards.

All students have the opportunity and are encouraged to be leaders in school activities. With this opportunity comes student accountability to the school and those who are represented. Class officers, club, and social groups will be open to all students of Lebanon High School who are enrolled in the Lebanon Community School Corporation. To maintain his/her position each member must maintain a C average with no F in any grading period.

Any student who holds a class office and/or who has membership in a club or activity runs the risk of losing said position and/or club membership if found guilty of violating any local or State Law as determined by the school authorities.

The principal will make the final determination of any student who is arrested for misconduct, not necessarily

convicted for the same by the courts. Students who represent the school in any way must have impeccable character or run the risk of losing their privilege to represent the school.

## **NATIONAL HONOR SOCIETY SELECTION**

Juniors and seniors who are selected into the Honor Society must meet all the criteria as stated in the constitution of The National Honor Society. In addition to the qualifying grade point average, each student must demonstrate good character, leadership, and outstanding service to the school. Lebanon High School ascribes to the selection process for National Honor Society (NHS) as detailed by the National Association of Secondary School Principals (NASSP).

For many students, selection as a member of the National Honor Society is the pinnacle of their achievements in school. This honor, recognized throughout the nation, is both the public recognition of accomplishment and the private commitment to continued excellence on the part of the new member. Because of the importance placed upon this aspect of secondary school life, local chapters are charged with creating a selection process that conforms to the national guidelines, is applied fairly and consistently to all candidates, and provides a meaningful recognition of deserving students.

Selection to NHS is a privilege, not a right. Students do not apply for membership in the National Honor Society; instead, they provide information to be used by the local selection committee to support their candidacy for membership. Membership is granted only to those students selected by the Faculty Council in each school. This is not an election, nor is membership automatically conveyed simply because a student has achieved a specified level of academic performance. NHS is more than just an honor roll, and our local chapter emphasizes the other components of the selection process (leadership, service, and character) will be carefully included in the selection process guidelines.

The selection process is public information, available to parents, students, and faculty upon request. It will be published in the student handbook. Proper dissemination of information about the chapter, particularly details concerning the selection process used at the school, will help prevent problems with students or parents who may wish to question the process.

All decisions concerning selection have a certain subjective element but the Faculty Council shall develop and follow some objective criteria. Whatever procedure is followed, it must be fair, non-discriminatory, consistently applied, and written for public dissemination.

### **The Criteria**

The Faculty Council of the Chapter will select students who demonstrate outstanding performance in all four criteria of scholarship, leadership, service, and character. According to the principles outlined in Article IX, Section 2, the Faculty Council shall first identify students with the prerequisite GPA (as stated in the local selection guidelines), and then evaluate the candidates' performance in the areas of leadership, service, and character.

While the academic criterion is important and should be considered first, membership should never be considered on the basis of grades alone, even though a Faculty Council may consider scholarship as the most important of the four criteria.

### **Student Activity Information Forms**

In order to ascertain the degree to which a student candidate meets the selection criteria, Lebanon High School's Faculty Council will utilize a Student Activity Information Form. Such forms are generally used to obtain information directly from the student regarding leadership and service activities and to elaborate on the student's perspectives concerning the honor society and its values.

These forms should not be considered under any circumstances as "applications" for membership. The form exists to support the student's candidacy by providing relevant information for use by the Faculty Council.

The forms include a parental/guardian signature affirming that they have reviewed the data and verify its accuracy. No application will be reviewed without the parent signature. Forms must be turned in by the due date and must be complete. This form is the ONLY way the committee has of evaluating all students, so students should fill them out as if they were an application to a college or a job they really desire. Include all

information in a clear and concise manner.

These forms are for use by the Faculty Council as working documents to be used during the selection process in support of the student's candidacy. Students are encouraged to keep a copy of their completed forms to assist in the application process for scholarships. A copy will also be useful if they are not invited to join the NHS and wish to speak to the sponsor about what they need to do to make their application more complete/desirable their senior year.

### **Selection Guidelines: A Review of the Essentials**

- ◆ Candidates must have attended the school the equivalent of one semester
- ◆ Membership may be open to qualified juniors, and seniors, invitation letters will be sent out in the spring semester prior to upcoming junior/senior year.
- ◆ A cumulative GPA is to be used for determining scholastic eligibility
- ◆ GPA requirements must be the same for all candidates in all classes
- ◆ No quotas or percentages of members per class can be established
- ◆ The national minimum cumulative GPA requirement is 3.0 (on a 4-point scale), 85, B or equivalent standard of excellence; this requirement may be raised at the local level. LHS weighted GPA will meet the following scale - 3.6
- ◆ Rules such as "no grades below a B" or "no failing grades" are not acceptable
- ◆ All four criteria must be considered in the selection process, though the weight that any individual criterion receives is determined by the local Faculty Council
- ◆ All local selection guidelines must conform with the national guidelines

Students must sign the NHS membership contract which includes minimum standards for attendance, continued academic requirement, service hours and code of conduct. Failure to complete and maintain the contract will jeopardize membership status and cords awarded at graduation.

- ◆ All selection procedures must be disclosed to students and parents

### **NON-SCHOOL SPONSORED CLUBS/ACTIVITIES**

Non school-sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event. School rules will still apply regarding behavior and equal opportunity to participate.

Membership in any fraternity, sorority, or any other secret society as proscribed by law is not permitted. All groups must comply with school rules and must provide equal opportunity to participate.

No non-district-sponsored organization may use the name of the school or school mascot.

## **RULES/REGULATIONS**

All meetings of classes, clubs, committees, or groups of any kind must be attended by a sponsor of that group. The sponsors are responsible for the supervision of the programs at these meetings and for seeing that they are properly conducted. No meetings or parties of any school-sponsored organization shall be held away from school at any time without permission from the principal. Only members of clubs and classes should attend meetings with the exception of outside speakers, etc.

The finances of each class and club are to be carefully supervised by the sponsor who is responsible for seeing that all money collected is properly turned over to the school treasurer. The sponsor is to see all bills

are paid promptly. **ALL BILLS WILL BE PAID BY CHECK.**

An accurate report of all receipts and expenditures must be kept so that a complete financial report can be made at the end of the year by the sponsor. All receipts will be kept in the school safe, and no money will be kept in any room. Regular deposits will be made.

Vouchers are to be numbered consecutively, beginning with 1. Each account is assigned a letter. That number must be on each deposit slip, such as 32104-1.

Each organization or club may elect its own treasurer. However, each sponsor is responsible for the proper care of receipts and expenditures.

All ballots of student voting must be turned in at the office, put in the safe, counted only by the sponsor or assistant principals, and returned to the safe.

Matters not covered by the above should be taken up by the sponsors with the principals prior to any action being taken. Planning of activities between members and sponsors without consulting the principals often leads to embarrassing situations

The formation of all new clubs shall be through a proposed constitution and with authorization of the principals.

**All fund raising activities must be approved by the principal.**

### **STUDENT ACTIVITY AND RESPONSIBILITY**

All students have the opportunity and are encouraged to be class leaders in school activities. With this opportunity comes student accountability to the school and those who are represented. Class representation will be open to all students of Lebanon High School who have been enrolled in the Lebanon Community School Corporation for at least one (1) full semester immediately prior to election, and who have a C grade average with no F's in the prior grading period. To maintain their seats, each member must maintain a C average with no F in any grading period.

Any student who holds a class office and/or who has membership in a club or activity runs the risk of losing said position and/or club membership if found guilty of violating any local or State Law as determined by the school authorities. The Principal will make the final determination of any student's eligibility to participate. Students who represent the school in any way must have impeccable character or risk losing the privilege of participating in school activities.

### **STUDENT FUNDRAISING**

Students participating in school-sponsored groups and activities will be allowed to solicit funds from other students, staff members, and members of the community in accordance with school guidelines. The following general rules will apply to all fundraisers.

1. Student involved in the fund raiser are not to interfere with students participating in other activities in order to solicit funds.
2. A student will not be allowed to participate in a fundraising activity for a group in which she/he is not a member without the approval of the student's counselor.
3. No student may participate in fundraising activities off school property without the written consent of his/her parents.
4. Any fundraisers that require students to exert themselves physically beyond their normal pattern of activity, such as "runs for....." will be monitored by a staff member in order to prevent a student from over-extending himself/herself to the point of potential harm.
5. No student may participate in a fund raising activity conducted by a parent group, booster club, or community organization on school property without the approval of the principal.

### **CONVOCATIONS**

A regularly planned series of assemblies for the enjoyment and education of students is scheduled throughout the school year. Assemblies are an integral part of the total school program, and, as such, all students are expected to attend and to give respectful attention to the programs.

### **CEDARS**

Lebanon High School's yearbook, the Cedars, is distributed near the close of the school year to those persons

who have ordered and paid for a copy in advance. The annual serves as a complete record of the school year. Included in its contents is a pictorial story of student life and of all activities carried on by various organizations and departments. It also has an album section of the students, faculty, and other personnel associated with the school. Prerequisites for this course are a B or better in English and an application. Journalism class is highly preferred.

## **PENNANT**

Lebanon High School's newspaper, the Pennant, is published regularly, beginning in September and each month thereafter. The purpose is to acquaint the students and the rest of the community with events of importance in the school community and to publish editorial and feature material for enjoyment and thought. Prerequisites for this course are a B or better in English and an application. Journalism class is highly preferred.

## **SECRET SOCIETIES**

The formation of secret societies, fraternities, or other similar organizations in school is prohibited. It is also a violation of school policy for activities of such organizations to be carried out in school or on school grounds. The administration will follow measures necessary to insure compliance with this policy.

## **SUBSTANCE ABUSE POLICIES FOR LHS ATHLETICS / EXTRACURRICULAR ACTIVITIES**

### **PHILOSOPHY**

Lebanon Community School Corporation recognizes the use of mood-altering illicit chemicals as a significant health problem for many youth. The use of these mood-altering chemicals results in negative effects on behavior, learning, and the total development of the person. As coaches, directors, and sponsors, we have a unique opportunity to observe, confront, and help the youth of Lebanon change for the better. This goal can be best accomplished by giving students who need the help a chance to redirect their lives. Therefore, the following extracurricular policy exists to help those students who are in need of assistance with a substance abuse problem.

#### **1. Definitions**

- a. Controlled substance is any narcotic drug, hallucinogenic, amphetamine, barbiturate, steroid, mood altering drug, or any intoxicant of any kind including alcoholic beverages and "near beer." Such terms further include marijuana, K2, Spice, any synthetic drug, and any other substances (look-a-likes), whether in fact such substance actually is a controlled substance.
- b. Confirmed violation takes place when a student uses, possesses or transmits a controlled substance and is identified by means of one of the ways described below:
  1. a communication from the office of the prosecuting attorney which indicates there is probable cause to support the filing of a criminal information or petition of delinquency on grounds involving possession, transfer, or use of a controlled substance.
  2. a voluntary admission of guilt of such act by the student alleged to have violated this policy.
  3. a finding by school officials, based on observations and/or first-hand information, that a student violated this policy.
  4. Positive result of the Lebanon High School Random Drug Testing Policy. Consequence of positive result will follow the Athletic Handbook as a substantiated report.
- c. Extracurricular Council Review Committee is a group composed of the Athletic Director, Assistant Principal, a minimum of three head coaches, directors or sponsors. This committee exists to hear an appeal from a student relative to a penalty imposed for a substance abuse violation.

#### **2. General Provisions**

General Provisions are provided for the purpose of governing those students who are confirmed as a substance abuser. Substance abusers will be treated in a manner which provides a penalty and rehabilitation. The intent of these provisions is for the substance abuser to redirect his life with a goal of eliminating the use of controlled substances.

- a. Rules regarding substance abuse violations are in effect year round; that is off-season and summer as well as in-season.

- b. Substance abuse violations are not removable as they relate to subsequent violations. All are counted and are removable only when the student graduates from Lebanon High School. Violations are carried over to the high school from the middle school.
- c. The student suspended from extracurricular activities due to substance abuse violations loses his/her good standing for that sport/season in which the violation occurred or his/her next upcoming sport/season if the violation takes place during a non-season.
- d. A student not participating in an extracurricular activity at the time of a violation of this policy shall have the penalty applied to the next extracurricular activity in which he/she participates, and the penalty shall remain in effect until successfully completed.
- e. A student who does not successfully complete a penalty during the sport/activity in which it was imposed may be required to serve the penalty in full in each subsequent sport/activity in which he/she participates.
- f. If the penalty is not completed during the school year, the remainder will carry over into the following school year.
- g. Nothing in this policy shall be construed to require the school to follow the provisions of the Due Process and Pupil Discipline Statute (IC 20-8.1.5) in removing a student from participation in any extracurricular activity.

### 3. Penalty Measures

- a. A student –athlete that violates the substance abuse policy will also be required to complete an assessment/intake by a licensed substance abuse counselor. Upon completing this assessment/intake the student athlete will be required to follow-up and complete all recommendations from the counselor in order to fulfill the obligation of the penalty. Any fees associated with this process will be the responsibility of the student- athlete.
- b. The student-athlete will be permitted to practice and travel el to all contests while serving their suspension, however participation in a contest at any level is prohibited.

#### First Violation

- a. If a student athlete violates the substance policy, he/she will not be permitted to participate in a number of contests equal to 50% of an athletic season.

Any student-athlete that violates the substance policy, but does not complete the required assessment/ intake and follow-up recommendations, will not regain eligibility until the assessment/intake and recommendations are completed. It may be possible for the student-athlete to be reinstated after serving a suspension and completing the assessment/ intake but prior to the completion of the recommendations if the recommendations are ongoing.

#### Second Violation

If a student has a second violation of the substance policy, he or she will not be permitted to participate for a period of 365 Days from the date the violation occurred. Upon notification of the second violation the student will be issued a reinstatement date from the Athletic Department / Principal.

#### Third Violation

If a student has a third violation of the substance policy, he or she will lose their remaining athletic / extracurricular eligibility while enrolled at Lebanon High School.

<u>Offense</u>	<u>Consequence</u> (Percent of season(s) suspended)
FIRST	50%
SECOND	365 Days

THIRD	Loss of High School Athletic / Extracurricular Eligibility while enrolled at Lebanon HS.
-------	------------------------------------------------------------------------------------------

#### 4. Serving a Suspension

For the purpose of determining the length of suspension under this policy, “an athletic season” shall be defined as the actual number of contests scheduled plus one sectional contest. A contest is defined as an official game or competition between LHS and another school. Any intra-squad scrimmage or scrimmages against other schools do not count towards a suspension. Appropriate percentages will be rounded to the nearest whole number. Suspensions under this policy will take effect immediately upon the verification of any violation and will include games in succession, including any regular season tournaments. Suspensions, which cannot be fully served during an athletic season, may be carried over to the next athletic season in which the student successfully completes (i.e., an athlete may not quit or be removed from a team and count the suspension served during that sport). A student-athlete may not serve a season suspension in a sport that he/she has not participated in or already started at Lebanon High School. For example, a junior winter athlete who has not played a fall sport in his or her previous two years will not be allowed to serve his or her season suspension in a fall sport if he or she decides to participate for the fall team for the purpose of serving the suspension during this season. However, if a student-athlete decides to participate in a sport that they have no prior history of participation in, they will serve the same assessed percentage of disciplinary action for that sport as was assessed for the sport they had participation in. In addition, they will serve penalty assessed in sport with prior history.

#### LEADERSHIP POSITIONS

1. Any violation will require that a student relinquish for an entire year any leadership offices presently held (i.e. class president, president of National Society.)
2. The school will work with the local law enforcement and the Boone County Juvenile Court to obtain names of students who may be in violation of the Extra-Curricular Substance Abuse Policy. School officials will strive to keep these names confidential. Names will only be shared with those school officials involved with either discipline of the student or assisting that student in some type of assistance program.

#### ILLEGAL CONTRABAND DETECTION ON SCHOOL CORPORATION PROPERTY

Lebanon Community School Corporation policy allows for the use of law enforcement agencies to assist school personnel in the detection of illegal contraband, which could include but is not limited to explosive devices, weapons, bio-chemical materials, and illegal drugs or narcotics. In addition to the use of local, county, and state police officers, law enforcement canine police units may be incorporated into the detection process.

In the event a student is suspected of being in possession of any form of illegal contraband on school property, the student will be placed in the custody of the school principal and the student's parents or guardians will be notified and informed of the circumstances.

### RANDOM DRUG TESTING POLICY

Passed by the Lebanon Community Schools Board of Trustees August 13, 1998 & Reinstated on December 17, 2002

Revised April 19, 2011

#### MISSION STATEMENT

We believe it is the desire of the Community that the overall mission of the Lebanon Community Schools is to promote a well-rounded quality education for our children. As a part of this, a substance-abuse free environment should be a stated goal of the school district. Without such an environment, appropriate amounts and rates of learning will not occur for the student under the influence or for the students they impact by their behavior. Our failure to act to achieve this environment essentially renders the overall mission of LCSC unattainable. Safety is a necessity any time students are involved in or enroute to a school sponsored activity; and drug free students are necessities for a positive learning environment—whether that environment be the

classroom, athletic field or other educational arenas.

## **ACHIEVABLE GOALS, BOUNDARIES AND LIMITS OF THE PROGRAM**

This program will not affect the policies, practices or rights of the School Corporation in dealing with drug and/or alcohol possession or use. This education and testing program is intended as a helpful part of the overall physical and mental educational and conditioning programs of Lebanon Community Schools. Its purpose is not disciplinary in nature, but rather is intended as a medical diagnostic aid in disclosing possible drug-related problems and as an extension of our educational substance abuse programs. Continuing substance abuse obviously is inconsistent with participation in school, and the program includes appropriate procedures for dealing with any such problems. Additionally, students can voluntarily and confidentially report personally observed drug transactions. Revised curricula covering all grade levels will teach and reinforce the substance abuse free schools' message.

## **OBLIGATION TO GOVERN THE MEDICAL CONDITION OF STUDENTS**

Indiana Code 20-8.1-7 sets out health measures to be governed by school officials. Most specifically, I.C. 20-8.1-7-2 establishes the responsibility of schools to assist children found to be ill or in need of treatment.

## **USE MADE OF RESULTS**

The program is not intended to be punitive or disciplinary in nature. The purpose of this program is to identify a student with drug residues in his or her body, to provide notification to the custodial parent/guardian, and to educate, help and direct students away from drug and alcohol abuse and toward a healthy, safe and drug free participation in school activities.

A laboratory certified under the auspices of the Clinical Laboratory Improvement Act (CLIA) and the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) will provide training and directions to those who supervise the testing program, set up the testing environment, guarantee samples and supervise the chain-of-custody.

## **SCHOOL AND COMMUNITY PARTNERSHIP**

The elimination of drug and alcohol abuse is the goal of this program. Due to the objective facts described above, and considering the established need to identify effective alternatives to address the problem more effectively, the substance abuse problem at Lebanon Community Schools needs to be comprehensively and holistically addressed in order to ensure the health and safety of our students. A substance-abuse free environment must be the stated goal of the school district, and the support and cooperation of the entire community is essential if the goal is to be realized. The mission of Lebanon Community School Corporation is: "to provide and promote a well-rounded quality education for our students."

## **PROCEDURE**

The following activities require that a student be at his/her best and chemical-free in order to provide a safe environment, not only for him, but also for other students and adults who potentially could be affected. Any student in grades 9-12, and his/her custodial parents/guardian, must sign a drug testing consent form for the student to be eligible to participate in any of these activities.

- Extra-curricular Activities
- Drive a Vehicle to School and Park on School Property
- Open Lunch

A urine specimen will be given on site and will involve supervision by the Principal (or designee). The student to be tested will be escorted from class to the office/testing site. The test result will remain confidential. The student and his/her custodial parents/guardian will be notified if the test results are positive for substance(s).

Students will be tested randomly as they are drawn (possibly weekly) from a pool of those agreeing to be tested. Each week testing may occur on a different day, Monday through Saturday. This will keep students conscious of the possibility of being tested at any time during the year. Each student will be assigned a number and that number will be placed in a weekly drawing. Random numbers are computer generated confidentially by an outside independent testing facility at the request of Lebanon High School principal (or designee).

A strict chain of custody will be enforced to eliminate invalid tests or outside influence. Each student will

remain under school supervision until he/she has produced an adequate specimen. If he/she cannot produce a specimen, the student will be given one eight-ounce glass of water. If he/she is unable to produce a specimen within two hours, he/she will be asked to produce a specimen the next day. If that specimen is dilute (creatinine <.2), a subsequent drug screen will be collected at the parent's/guardian's expense. If a subsequent drug screen is necessary due to dilution, the student will be suspended from activities until a non-dilute screen is collected. In addition, parents/guardians will be informed the student is unable to provide a specimen in the testing procedure, as well as the necessity to re-test and the conditions regarding the re-test.

All specimens registering below 90.5 or above 99.8 Fahrenheit will be invalid. There is a temperature strip on each of the specimen bottles indicating the validity of the urine sample by temperature. If this occurs, another sample must be given by the student. If it is proven that tampering or cheating has occurred during the testing, the student will become ineligible for all the items previously listed for the remainder of the school year. This will be reported to the parents. The student may then be escorted back to class by an administrator or designee.

Any student who is placed in a testing pool will remain in that pool until he/she notifies the Lebanon Community Schools in writing. A "Withdrawal of Consent" letter must be signed by the student and custodial parents/guardians before the student's name is removed from the pool. Once the form is signed and the name is removed, all corresponding privileges will no longer be available to the student for 365 days. After the 365 days has elapsed, he/she may re-enter the testing pool with a "Consent Form."

When a student transfers to the Lebanon Community Schools, he/she would be eligible for activities/privileges upon completion of transfer forms, Lebanon Community School Drivers Form (if applicable), Lunch Release Permission (if applicable), and "Consent Form."

**THE FOLLOWING IS A LIST OF THE VARIOUS SUBSTANCES FOR WHICH THE LEBANON COMMUNITY SCHOOLS MAY CHOOSE TO SCREEN:**

Amphetamines

Barbiturates

Benzodiazepines

Cocaine

Opiates

Phencyclidine (PCP)

Cannabinoids (Marijuana)

Ethanol (Alcohol)

Cotinine (Nicotine Metabolite)

LSD

Anabolic Steroid

Synthetic substances

**Any other potential drug of abuse**

**CHAIN OF CUSTODY**

1. The student will be escorted to the testing site. All students will not be sent to the testing site simultaneously. Testing four to five students at a time allows the testing to be carried out quickly and will not cause students to wait a long time, thereby creating a loss of important time from class.
2. Once at the testing area, the student must sign in and, as soon as called by the nurse (or designee), provide a urine specimen.
3. The medical staff (or designee) will give each student being tested a specimen bottle. At that time the student will sign a verification form indicating the bottle is untainted. The bottle will remain in the student's possession until a seal is placed upon the bottle by the medical staff (or designee). The student and medical staff (or designee) will sign that the specimen has been sealed. The seal may be broken or opened only by the lab testing the specimen.

4. If the seal is tampered with or broken after leaving the student's possession and prior to arriving at the lab, the specimen is invalid, and will be discarded without being tested.
5. The students will enter the restroom provided by the medical staff (or designee). Students will be instructed to remove all coats and wash their hands in the presence of the supervisor. The door will be closed with the student by himself/herself in the restroom to provide a urine specimen. The supervisor will wait outside the restroom.
6. The specimen will be transported to the testing laboratory by the lab personnel. The testing laboratory will report the results to the principal (or designee).

## **POSITIVE TEST RESULTS**

In the event of a failed test, the student and custodial parents/guardians will be told that a restriction from participating in any of the listed activities and/or driving to school will be implemented for at least 30 days. The student or his/her custodial parents/guardians may appeal by requesting that the urine sample (kept by the lab for a year) be tested again by the lab (or another accredited) at a cost to the student or his/her custodial parents/guardians. (See Appeal Procedures below.)

To be able to resume the privilege of participating in activities and/or of driving to school, the student will be tested again at the expense of the student or his/her custodial parents/guardians. This testing may occur at any time. The results of this assessment may be forwarded to the principal (or designee).

If the student fails a test a second time, the student will be restricted from activities and/or driving to school for one calendar year. This restriction begins from the time the student or custodial parents/guardians are notified. Multiple failed tests are indicative of continued substance use and will mean that the student will be referred for professional evaluation paid by the custodial parents/guardians.

## **APPEAL PROCEDURE**

In the event a student tests positive and at the request and expense of the parent/guardian, that result will be sent to a Medical Review Officer. The Medical Review Officer shall be a licensed physician with knowledge of substance abuse disorders. The role of the Medical Review Officer is to review and interpret positive test results. The Medical Review Officer is a physician knowledgeable in the medical use of prescription drugs and pharmacology and toxicology of illicit drugs. It will be the Medical Review Officer's role to determine any valid medical reason for the positive test. The Medical Review Officer will talk with the custodial parents/guardians and the student about these results. If an acceptable reason for the positive test is not established, the test will be considered "failed," and then the principal/designee will be contacted regarding the results.

## **TEST RESULTS REPORTING PROCEDURE**

This drug testing program seeks to provide needed help for students who failed a drug screen. The administrator will encourage the parents/guardians to seek professional help for the student. The administrator will provide the parents/guardians with the names of agencies that can be of help to the student. The student, the medical review officer, the parents/guardians, and the principal/designee will be the only persons aware of the failed drug screen.

**Results of tests and paperwork related to the program will be maintained separately from the permanent record.**

## **REASONABLE SUSPICION**

Student behavior, which leads school authorities to have reasonable suspicion that the student is under the influence of any substance, drugs and/or alcohol, which interferes with the student's health, safety or education will be subject to this component of the drug testing policy. Further, the school may test items in a suspected student's possession (including but not limited to person, locker, vehicle) to determine if those items contain substances, drugs or alcohol. The school administration may require a drug/alcohol screen to be immediately administered at the school corporation's expense. The exhibited behaviors may include, but are not limited to:

- Odor of alcohol/marijuana
- Glassy, dilated, bloodshot eyes, or dark circles under eyes
- Dazed and/or giddy appearance
- Staggering walk
- Slurred or rapid speech
- Incoherent thought processes
- Disruptive, aggressive, physically threatening, out of control, or unusual behavior
- Bragging or talking to other students about alcohol or drug use
- Noticeable withdrawal from favorite activities and friends
- Physical indicators from an objective assessment by the school medical staff

Refusal to submit to a drug test will be considered an admission of being under the influence of alcohol or other drugs. This is a violation of school discipline policy and will be dealt with accordingly.

The administration will make a reasonable attempt to apprise the parents/guardians of the situation necessitating the drug screen or search after the search and/or drug screen occurs.

Possession or consumption/use of substances, alcohol or drugs by a student is an expellable offense.

## SECTION 4- STUDENT CONDUCT

### ATTENDANCE RATIONALE

Lebanon High School is committed to fostering the academic and personal growth of its student body. Classroom attendance is an integral factor in a student's ability to learn and provides valuable opportunities that can only be fully utilized in the classroom. Students who are absent are unable to derive the benefits from classroom discussion and the interactions among teachers and fellow students that enhance the educational process. The primary goal of the Lebanon High School attendance policy is to encourage maximum student attendance that will allow students to attain the educational benefits of school and the fulfillment of academic and career goals. A student and parent must accept responsibility for the student's attendance. The business of school can be considered a person's first job in life. The habits developed and started in school may transfer to the rest of the student's academic and professional life.

Additionally, Indiana Public Law 221 and federal legislation, No Child Left Behind, have set a 95% benchmark for a school's minimum attendance rate. Attendance rate is one of the factors that is considered when public schools are placed in performance categories and compared to other public schools. In short, LHS can perform well in academic terms but be placed in a lower achievement category due to insufficient attendance and graduation rate. Indiana attendance law mandates that every student enrolled must be in attendance unless he/she is ill or there is a death in the immediate family. As a means of emphasizing the importance of school attendance, a student who violates the attendance policy may receive one or more of the following consequences: detention, Tuesday or Thursday school, in-school suspension, out of school suspension, loss of credit, referral to the prosecutor's office, or expulsion from school.

### PROCEDURES TO REPORT AN ABSENCE

A parent /guardian call to the school's attendance office is required for each student absence. An absence may be reported on voicemail 24 hours a day by calling **765-482-0400**. **A call is needed each day a student is absent.** Calls prior to 8:00 A.M. are encouraged and appreciated. Doing so enhances the effective and efficient operation of the school day. Should a parent neglect to call the day of absence, a note or call from the parent must be registered the first day following the absence. Otherwise, the absence will be unexcused. The absence will be considered a truancy if it is not excused by the parent/guardian within 24 hours after the student returns to school. **Emancipated students must call the day of the absence.** They do not receive the additional 24 hours to clear an absence. **The final determination of an absence is at the discretion of the administration.**

### EXCUSED ABSENCES

A maximum of seven (7) absences per semester will be excused. For any absences beyond the seven excused days, parents/guardians will receive communication regarding consequences for unexcused absences. Students

of parents/guardians serving in active duty of the military shall have additional excused absences at the discretion of the school principal or designee for visitations relative to leave or deployment.

Absences will be excused, but not counted against absence numbers, for the following reasons:

- School-sponsored trips
- Court appearance or probation appointment
- Service as a legislative page
- Working the polls during an election
- Religious instruction
- Exhibiting at the Indiana State Fair
- College/Military visits
- Others excused by the principal/designee

**\*Documentation for the above absences must be provided by the student within 24 hours of return to school. Students absent for the above reasons are responsible for making up all school work from such absence. Work is due on the original date unless otherwise specified by the teacher.**

Absences will be excused and counted against absence numbers for the following reasons:

- The student's illness or injury
- Medical appointments
- Bereavement
- Religious observations
- Others excused by the principal/designee

A student who misses more than the allowed number of days per semester but who is excused by a doctor for the same condition the student has been treated for by that doctor during prior absences will be required to provide a **Certificate of Child's Incapacity** which must be filled out by the student's doctor. Medical documentation will be required in order to provide a child a Certificate of Child's Incapacity. Otherwise, any doctor's excused days after the allowed seven (7) days will be considered unexcused.

| 7 <sup>th</sup> Unexcused Absence | Expulsion.                                                                                                                                                                                |

**Attendance is mandatory during the three days of semester finals. Vacation days are not excused. An excused absence will be at the discretion of the administration. (See Finals Policy in the Grades section)**

**Excused absences for an immediate family funeral or a maternity leave must be approved by the administration.**

**Lebanon High School, along with the Indiana Department of Education, does not recognize senior skip day as an excused absence. Therefore, a student who participates in a skip day will be considered unexcused.**

### **COLLEGE VISITATION / EMPLOYMENT INTERVIEW / MILITARY RECRUITMENT**

Students in grades 10-12 may be granted an excused absence for up two (2) days per school year for the purpose of visiting a college campus. College visit and recruitment forms are available in Student Services and must be obtained 48 hours prior to the visit. Requests for additional days will need prior administration approval.

Confirmation of the scheduled college visit / employment interview / military recruitment must be submitted to

the Student Services Department in order to obtain the visitation / interview / recruitment form. The student must have the form signed by the Student Services secretary prior to the college visitation, job interview, or military recruitment. The form must be signed by the college representative, potential employer, or military recruiter and returned to the Attendance Office the day the student returns to school. **No visitation, interviews, or recruitment will be allowed during the months of December or May.**

### **VACATIONS / PRE-ARRANGED ABSENCES**

While vacation days are permitted as part of a parent/guardian **seven (7)** excusable days, they are strongly discouraged. Vacation days have proven to be a detriment to the school's attendance rate, the student's education, and the educational flow of each individual classroom. Therefore, parents/guardians are encouraged to plan vacations when school is not in session. The following guideline applies for a pre-arranged absence:

- a. In the event of an absence due to parental request, the attendance office must be provided with **written notification at least three (3) days in advance.**
- b. Students who exceed the seven (7) excused days for the semester as a result of the pre-arranged absence will be required to serve a Tuesday or Thursday School for each day over the seven (7) excused days. These can be served prior to or after the absence takes place.

The advantages to pre-arranging an absence are to allow the student to get assignments prior to the absence, to inform the teachers so they may plan their lessons accordingly, and to ensure the days meet the criteria for an excused absence.

### **ONE-BLOCK ABSENCES**

A student may have four (4) one block absences at the discretion of the parent/guardian during a semester. Any one block absence after four (4) will be considered unexcused.

### **CONSEQUENCES FOR ONE-BLOCK ABSENCES**

**1<sup>ST</sup> Unexcused Absence** – Student is assigned a detention.

**2<sup>ND</sup> Unexcused Absence** – Student is assigned two detentions.

**3<sup>RD</sup> Unexcused Absence** – Student is assigned one Tues/Thurs School.

**4<sup>TH</sup> Unexcused Absence** – Student is assigned two Tues/Thurs School.

**5<sup>TH</sup> Unexcused Absence** – Student is assigned three Tues/Thurs School.

**6<sup>TH</sup> Unexcused Absence** – Student is suspended out of school (OSS) for 3 days. Parent Conference Required.

### **HALF-DAY ABSENCE**

Any student who arrives after the end of 1<sup>st</sup> block but before 11:13 a.m. will be considered absent a half-day morning absence. Any student that leaves after 11:13 a.m. but before the beginning of 4<sup>th</sup> block will be considered absent a half –day afternoon absence. They will need a parent to excuse it in order for it to be excused. It will count towards the seven (7) excused days. A student is expected to be in attendance at school at least a half day in order to attend or participate in after school events.

### **LATE TO SCHOOL (PER SEMESTER)**

School begins at 7:55 A.M. and students are to be in class at that time. Late to school is defined as coming to school after 8:05 A.M. until 9:22 A.M. Any arrival after 9:22 A.M. will be considered a half-day absence.

### **Consequences for late to school are as follows:**

- |                  |                                              |
|------------------|----------------------------------------------|
| <b>1st time:</b> | Conference with Attendance and Warning Given |
| <b>2nd time:</b> | Detention                                    |
| <b>3rd time:</b> | Tuesday or Thursday School                   |
| <b>4th time:</b> | Tuesday or Thursday School                   |

**5th time:** 2 Tuesday or Thursday Schools  
**6th time:** 2 days Out of School Suspension  
**Further noncompliance is insubordination.**

## **APPOINTMENTS**

**Any student leaving school during the school day must sign out/in with the Attendance Office.** Permission to leave may be granted after receiving a telephone call from a parent or guardian. A student must have an appointment pass from the attendance secretary to leave a class. Since attendance is calculated per class period, it is important to attend school prior to appointment times and return to school as promptly as possible after the appointment. In some instances, a half or full day absence won't be required if the student is only absent for one block. (See the section above on one-block absences.) **If the student arrives at school after 7:55 A.M. because of an appointment or other pre-arranged reason,** the student is to sign in at the front office and will be given a pass to class. Failure to follow this procedure will result in the absence being unexcused.

## **WEATHER-RELATED ABSENCES**

Students are expected to be in school whenever school is in session.

## **MAKE-UP WORK**

Whether a student is excused or unexcused, students are expected and allowed to complete all missed work for credit. The student has the same number of days missed to complete the makeup work. A student who has been absent at least four (4) consecutive days is required to contact his/her school counselor upon their return. The school counselor will help coordinate the make-up work process.

## **SUMMARY OF ATTENDANCE INFORMATION**

1. A parent/guardian must call the school by 9:22 A.M. each day the student is absent or if the student will be arriving to school late. There is a 24-hour voice mailbox available.
2. A maximum of seven (7) one-day absences and four (4) one-block absences per semester will be excused.
3. Any student who arrives after 9:22 A.M. or who leaves before 1:15 P.M. will be considered absent for a half-day. A student is required to be present in the building for 2 full blocks in order to count as a half day present. In order to participate in an event, practice, or contest, the student is expected to be in attendance the second half of the school day (11:13 a.m. until 2:45 p.m. regardless of which lunch block they have been assigned), the day of the event, practice, or contest, unless they have a prior scheduled (with school administration, the attendance office, or student services office) pre-approved appointment and/or an approved college visitation. If a student is absent on Friday or the day prior to vacation, he or she may participate the very next day.

## **RULES/DISCIPLINE**

### **BEHAVIOR EXPECTATIONS**

Students are expected to conduct themselves in a manner that will contribute to the best interest of the school and not infringe on the rights of others. ### **Policy Statement**

The school board of trustees for the Lebanon Community School Corporation prohibits acts of bullying of a student or a staff member. The school board has determined that a safe and civil environment in school is necessary for students to learn and achieve high academic standards. ### **3. Policy Provisions**

These discipline rules shall apply regardless of the location in which the bullying occurred when the bully and the targeted student are students at an LCSC school within the school corporation, or disciplinary action is reasonably necessary to avoid substantial interferences with school discipline or prevent an unreasonable threat to the rights of others to a safe and peaceful learning environment.
2. The Principal at each school within the school corporation shall implement procedures that ensure both the appropriate consequences and remedial responses for students who commit one or more acts of bullying, consistent with the code of student conduct, as well as the consequences and remedial responses for staff members who commit one or more acts of bullying. Appropriate consequences and remedial actions are those that are responsive according to the severity of the offenses and consider both the developmental ages of the student offenders and students' histories of inappropriate behaviors, per the code of student conduct.
3. The Principal at each school within the LCSC shall be responsible for designating a member of his/her staff to receive all complaints alleging violations of this policy.
4. All LCSC employees, volunteers and contracted service providers who have contact with students are required to verbally report alleged violations of this policy to the principal or the principal's designee on the same day that an incident was witnessed or reliable information regarding the occurrence of an incident was received. A written report of the incident shall also be submitted to the school Principal or Principal's designee within one (1) school day of submitting the verbal report.
5. Students, parents and visitors of a school within the school corporation are encouraged to submit a written report of alleged violations of this policy to the Principal (or principal's designee) on the same day that an incident was witnessed or reliable information regarding the occurrence of an incident was received. Such a report may be made anonymously. Formal action for violations of the code of student conduct may not be taken solely on the basis of an anonymous report.
6. Any corporation and school employee, volunteer or contracted service provider who promptly reports an incident of harassment, intimidation or bullying, and who makes this report in compliance with the procedures of this policy, is immune from a cause of action for damages arising from any failure to remedy the reported incident.
7. The Principal or designee shall conduct a thorough and complete investigation for each report of an alleged incident of bullying received. The investigation shall be initiated by the Principal or the Principal's designee within one school day of the report of the incident. The Principal may appoint additional personnel to assist them in the investigation. The investigation shall be completed and the written findings submitted to the principal as soon as possible, but not later than five school days from the date of the report of the alleged incident of harassment,

intimidation, or bullying. The Principal shall submit the report to the superintendent of the school corporation within ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the board of education on a quarterly basis during regularly scheduled board meetings.

8. Each school within the school corporation shall record the frequency of bullying incidents in the following categories: verbal bullying, physical bullying, social/relational bullying and electronic or written communication bullying. Each school shall report this information to the school corporation superintendent, school board, and the Indiana Department of education. Information shall be submitted to the Indiana Department of Education by July 1 of each year.
9. The Principal shall provide the parents of the students who are parties to the investigation with information about the investigation, in accordance with Federal and State law and regulation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of bullying, and whether consequences were imposed or services provided to address the bullying incident if the evidence of bullying was substantiated. This information is to be provided in an expedited manner.
10. Any corporation and school employee, volunteer or contracted service provider who receives a report of harassment, intimidation, or bullying from a student, parent, visitor or colleague, and fails to initiate or conduct an investigation, or who witnesses or observes a bullying incident and fails to take sufficient action to minimize or eliminate the harassment, intimidation, or bullying, may be subject to disciplinary action.
11. The superintendent of the school corporation is authorized to define the range of ways in which school staff and the Principal or the principal's designee shall respond once an incident of bullying is confirmed, according to the parameters described in the corporation's code of student conduct. The school board of trustees recognizes that some acts of bullying may be isolated incidents requiring that the school officials respond appropriately to the individuals committing the acts. Other acts may be so serious that they require a response either at the school corporation level utilizing the Lebanon School Police Department personnel or by local law enforcement officials. Consequences and appropriate remedial actions for a student who commits an act of bullying may range from positive behavioral interventions up to and including suspension or expulsion.
12. The principal shall proceed in accordance with the code of student conduct, as appropriate, based on the investigation findings. As appropriate to the investigation findings, the Principal shall ensure the code of student conduct has been implemented, and provide intervention and/or relevant support services (i.e., refer to counseling, establish training programs to reduce bullying and enhance school climate, enlist parent corporation and involvement or take other appropriate action). Intervention and support implemented by the principal or his/her designee should include follow up services to both the targeted student and the bully. The Principal shall inform the parents of all students involved in alleged incidents, and, as appropriate, may discuss the availability of counseling and other intervention services.
13. The Principal of each school within the school corporation is authorized to acknowledge and respond to instances of false reporting of alleged bullying incidents. The Principal is expected to respond with consequences and remedial actions regarding any person found to have falsely accused another as a means of bullying as permitted under P.L. 285-2013 for:

15. Each school within the school corporation shall disseminate the anti-bullying policy and bullying prevention instruction to all students in grades 1-12 within the school no later than October 15<sup>th</sup> of each school year. It is expected that anti-bullying information will be part of a more comprehensive bully prevention effort communicated to the students throughout the school year, and that the age appropriate, research based instruction for all students in grades 1-12 be delivered by a school safety specialist, school counselor, school resource officer or other person with training and expertise in the area of bullying prevention and intervention.
16. Each school within the school corporation shall provide annual training on this policy and bullying prevention and intervention instruction to corporation and school employees, volunteers and contracted service providers who have direct and on-going contact with students.

Parents or students who suspect that repeated acts of bullying are taking place should report the matter to school administration by calling, emailing, or coming to the main office and asking for an administrator. a. The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes.

b. It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph or create a digitalized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.

c. It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photograph, motion picture, digitalized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or who appears less than age 16.

d. "Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

e. The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.

## **POLICIES/PROCEDURES**

### **INTERNET ACCEPTABLE USE**

Internet access is now available to the educational community of Lebanon Community Schools. Our goal in providing this service is to promote educational excellence in our schools by facilitating resource sharing, innovation, and communication. The Internet is an electronic highway connecting thousands of computers all over the world and millions of individual users. The purpose of the backbone network to the Internet is to support research and education in and among academic institutions by providing access to unique resources and the opportunity for collaborative work.

On a global network it is impossible to control access to offensive material and a user may discover controversial information. Lebanon High School believes that the valuable information and interaction

available on this worldwide network far outweighs the possibility that users may procure material that is not consistent with the educational goals of the district. The terms and conditions presented below are meant to educate and guide our educational community in the use of the Internet. These policies and procedures are available for review by all members of that community, including students, parents, guardians, and employees of the Lebanon Community Schools on the LCSC Website.

### **Acceptable Use**

The use of your Internet account must be in support of education and research consistent with the educational objectives of the District and is not to be used for personal, social, or recreational activities. Use of the Internet shall be limited to professional development and collaboration, and to educational and instructional purposes related to class curriculum. These activities may include but are not limited to:

1. Electronic mail communication with people around the world to exchange research data, debate educational issues, share instructional strategies.
2. Accessing university libraries, ERIC, and other informational databases.
3. Downloading lesson plans and other curriculum-related materials.
4. Receiving information and news from government institutions such as NASA, the U.S. Weather Service, or the U.S. Geographical Survey.

All persons who access the Internet must conduct themselves in a responsible, ethical, and polite manner while using the network. Use of other organizations' networks or computing resources must comply with the rules appropriate for that network.

1. Diligent effort must be made to delete mail daily from all personal mail directories.
2. Subscriptions to list serves must be pre-approved by your system administrator.
3. Downloading of software may only be done by a request to your system administrator.
4. Be polite.

### **Unacceptable Use**

4. Do not use the network in any way that would disrupt the use of the network by other users; this includes sending "chain letters".
5. Do not vandalize, damage, or disable the property of another person or organization. Vandalism is defined as any malicious attempt to harm or destroy data of another user or any of the networks connected to the Internet backbone. This includes, but is not limited to, the uploading or creation of computer viruses.
6. Do not share your password with anyone.
7. Do not access another person's material, information, or files without the implied or direct permission of the person.
8. Do not violate copyright or otherwise use another person's intellectual property without their prior approval or proper citation.
9. Do not reveal your personal address or phone number, nor those of your colleagues or students.
10. Do not use the network for commercial activities, product advertisement, or political lobbying.
11. Do not commit the School Corporation to any unauthorized financial obligation.

### **Privileges**

The use of the Internet is a privilege, not a right, and inappropriate use will result in a cancellation of those privileges. All users are expected to exercise common sense and good judgment. In the absence of either, the system administrators or other appropriate personnel will deem what is inappropriate use and their decision is final. The system administrators may also close an account at any time as required for administrative or technical reasons. With just cause, any member of the Lebanon Community Schools educational community may request the system administrator to deny, revoke, or suspend specific user accounts.

The educational value and adherence to acceptable use of the Internet by students shall be the joint responsibility of the students, parents, and employees of Lebanon Community School. Students must have an Internet Use Agreement, signed by the student, sponsoring teacher, and the student's parent or guardian, on file with the system administrator before accessing the Internet. A parent or guardian may request alternative activities not requiring Internet access. This request shall not impact the child's instruction or assessment in any negative manner.

Users should not expect that files stored on school-based computers will always be private. Electronic messages and files stored on school-based computers may be treated like school lockers. Administrators and faculty may review files and messages to maintain system integrity and ensure that users are acting responsibly.

### **Risks**

The Lebanon Community School Corporation makes no warranties of any kind, whether expressed or implied, for the service it is providing and is not responsible for any damages the user may suffer. Lebanon Community Schools specifically denies any responsibility for the accuracy or quality of information obtained through its services.

### **Security**

Security on our computers and networks is always a priority but especially so now that we are using them to link to the Internet. Anyone identifying a security problem should notify a system administrator. Do not demonstrate the problem to other users. Do not use another individual's account. Do not seek information on, obtain copies, or modify files, or other data, or passwords belonging to other users, or misrepresent other users on the network. Unauthorized attempts to login as a system administrator will result in cancellation of user privileges. Any user identified as a security risk or having a history of problems with other computer systems may be denied access to the Internet.

### **User Acceptance**

All terms and conditions as stated in this document are applicable to any user accessing the Internet through any resources provided by the Lebanon Community School Corporation. It is understood that the above Terms and Conditions for Internet Use must be followed and that any violation of the regulations is unethical and may constitute a criminal offense. If a violation is committed the access privileges may be revoked, school disciplinary action and/or appropriate legal action may be taken.

## **STUDENT RIGHTS OF EXPRESSION**

The School recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet school guidelines.

Students who are unsure whether or not materials they wish to display meet school guidelines, may present them to the Principal 24 hours prior to display.

Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

### **LCSC Dress Standards**

While fashion trends may change, the reason for being in school does not. A student's dress should contribute to good health, cleanliness, safety, and common decency. It should be non-disruptive and support a positive learning environment.

## **HEALTH SCREENINGS**

As required by the state of Indiana, health screenings will be conducted with all students. The screenings will be conducted during each school year. If a parent does not wish for his/her child to be screened, please notify the speech pathologist/health care professional at the beginning of the school year.

**Hearing Screening:** Students in 10<sup>th</sup> grade and students who transferred into LHS will have their speech &/or hearing screen during the school year.

## **SECLUSION AND RESTRAINT PLAN**

As part of the emergency procedures in place in our schools, no student will be restrained and/or placed in seclusion by school staff unless the student's behavior poses an imminent risk of injury to him/herself or others. However, significant violations of the law including assaults on students and staff will be reported to the police. As soon as possible after any such use of restraint and/or seclusion, the parents or guardian will be informed when any of these actions have occurred and will be provided with a detailed account of the incident including the circumstances that led to the use of restraints and or seclusion.

The Seclusion and Restraint Plan is located in its entirety on the Joint Services webpage on the LCSC website.

## **AHERA NOTICE**

In accordance with the US EPA's AHERA Standard (ref: 40 CFR 763.80), all information concerning asbestos-containing material in the schools of the Lebanon Community School Corporation is available for review and

copying by students, staff and guardians during normal business hours.

## **REPRODUCTIVE HEALTH AND FAMILY PLANNING PROGRAM**

The School Board has adopted a comprehensive Health Education Program which includes education on human sexuality and venereal and other non-casual contact communicable diseases such as AIDS. It is designed to provide an appropriate means for students to acquire the knowledge, skills, and attitudes necessary to maintain good health.

In keeping with the Board's desire to maintain effective communication with parents and the community, it has made arrangements for the programs and instructional materials to be available for review by any parent or interested member of the community. If you wish to review any or all of the programs, please contact the principal of your child's school. After reviewing the programs, if you wish to discuss them, please contact the principal or the school office.

Your child is required to participate in these courses, but the law allows you the right to have your child excused from participating in classes based on religious grounds. We encourage you to personally review the program lessons and materials. The Board's policy is to honor parents' written requests that their child be excused from certain classes in any course.

## **JUVENILE COURT RELEASE OF STUDENT RECORDS**

### **Release of FERPA (Family Educational Rights and Privacy Act) Information**

Where disclosure is to a state or local juvenile justice agency and relates to the ability of such agency to serve before adjudication the student whose records are being released and such agency receiving the information certifies in writing that the agency has agreed not to disclose it to a third party without the consent of the student's parent, guardian, or custodian. Such information may not be used to aid in the supervision of a delinquent child.

## **OSHA REGULATIONS TO RESTRICT THE SPREAD OF HIV & HBV**

We recently have been notified by the Federal government that the Corporation is subject to new regulations from the Occupational Safety and Health Administration (OSHA) to restrict the spread of hepatitis B virus (HBV) and human immune deficiency virus (HIV) in the workplace. These regulations are designed to protect employees of the Corporation who are, or could be, exposed to blood or other contaminated bodily fluids while performing their job duties.

Because of the very serious consequences of contracting HBV or HIV, the Corporation is committed to taking the necessary precautions to protect both students and staff from its spread in the school environment.

**Part of the Federally-mandated procedures includes a requirement that the Corporation request the person who was bleeding to consent to be tested for HBV and HIV. This information would then be provided both to the exposed employee and the treating physician to determine proper medical treatment.**

The law does not require parents or guardians to grant permission for the examination of their child's blood, but it does require the Corporation to request that consent. Although we expect that incidents of exposure will be few, we wanted to notify parents of these requirements ahead of time. That way, if the situation does develop you will understand the reason for our request and will have had an opportunity to consider it in advance. These are serious diseases, and we sincerely hope that through proper precautions and cooperation we can prevent them from spreading.

If you have any questions or concerns, please contact Dr. Jon Milleman, Ed.D. Superintendent at 765-482-0380.

## **HOMELESS/MCKINNEY VENTO ACT (5111.01)**

The McKinney Vento Act which was reauthorized in January 2002 ensures educational rights and protections for children and youth experiencing homelessness. The act is a part of the Federal Legislation called No Child Left Behind. The McKinney Vento Act provides school districts guidelines to services, which are available to

children that would be classified as homeless. The Lebanon Community School Corporation Administration Center will work with each school in the district and will provide a residency form to be completed twice a year by each family of the children attending and enrolling in our schools. The data collected from these forms will be used for data reporting purposes and to offer assistance when and where needed. The complete McKinney Vento Act can be found under The McKinney Vento Act Homeless Assistance (42 u.s.c.11431 et. Seq). The representative for the Lebanon Community School Corporation is Chad Martin and can be contacted at 765-428-0380.

Children who are identified as meeting the Federal definition of “homeless” will be provided a free appropriate public education (FAPE) in the same manner as all other students of the School Corporation. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless.

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

- A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
- B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
- C. live in emergency or transitional shelters
- D. are abandoned in hospitals
- E. have a primary nighttime residence that is a public or private place not designed for, or ordinarily used as, a sleeping accommodation for human beings, or
- F. live in a car, park, public space, abandoned building substandard housing, bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth under the age of twenty-one (21) and not in the physical custody of a parent or guardian.

Additionally, pursuant to Federal and State law, children or youth who are experiencing homelessness also includes migratory children who are living in circumstances described in A-F above.

## **NOTIFICATION OF RIGHTS REGARDING STUDENT RECORDS**

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students over 18 years of age (“eligible students”) certain rights with respect to the student’s education records.

These rights are:

- (1) The right to inspect and review the student’s education records within 45 days of the day the school receives a request for access.

Parents or eligible students should submit to the school principal a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

- (2) The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask the School to amend a record should write to the School principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

- (3) The right to provide written consent before the school discloses personally identifiable information (PII) from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

One exception, which permits disclosure without consent, is disclosure to local school officials with legitimate educational interests. A school official is a person employed by the school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); or a person serving on the school Board. A school official also may include a volunteer or contractor outside of the school who performs an institutional service of function for which the

school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an educational record in order to fulfill his or her professional responsibility.

Optional Upon request. The school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer (Note: FERPA requires a school district to make a reasonable attempt to notify the parent or student of the records request unless it states in its annual notification that it intends to forward records on request.)

(4) The right to file a complaint with the U.S. Department of Education concerning alleged failures by the Lebanon Community School Corporation to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office

U.S. Department of Education

400 Maryland Avenue, S.W.

Washington, DC 20202

Questions regarding FERPA rights or requested compliance therewith should be directed to the student's current building principal or the Superintendent of Schools, 1810 North Grant Street, Lebanon, Indiana 46052, telephone (765) 482-0380, facsimile (765) 483-3053.

## **PEST CONTROL POLICY**

The School Corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential pesticide exposure to children.

The corporation will:

1. Inform annually, parents and staff members of the Corporation's pest control policy at the time of student registration by a separate memorandum or as a provision in the student handbook.
2. Provide the name and phone number of the person to contact for information regarding pest control.
3. Establish a registry of parents and staff members who want to receive advance notice of all pesticide use and provide such notice.
4. Provide notice of planned pesticide applications to parents and employees who have requested advanced notice.
5. Provide notice of all pesticide applications to school nurses.
6. Maintain a written record for at least 90 days of any pesticide applications.

The corporation will provide notice at least two [school] days prior to the date and time the pesticide application is to occur. The notice will include the date and time of the pesticide application, the general area where the pesticide is to be applied and the telephone number to contact the school for more information.

In case of emergency pesticide applications because of immediate threat to the public health, the school shall give written notice as soon as possible.
