STUDENT CONDUCT CODE

Introduction, philosophy, legal basis

This document is designed to be a reference for students and parents in order to help all learn and contribute to a positive, respectful environment in our David Douglas Schools. We believe that staff, students, parents, and guardians should work together in order to provide a safe and respectful environment for each and every member of our community.

In compliance with Oregon Statutes, the School Board of the David Douglas School District accepts its responsibility for adopting rules for the general governance of the schools and for the maintenance of discipline. The Board continually strives to maintain a school climate that is free from discrimination, morally and spiritually wholesome, safe, and healthy. One method of accomplishing these goals is to spell out, in clear and concise language, students' rights and responsibilities, develop understandable rules on student conduct, and maintain an orderly and consistent procedure for dealing with violations.

Oregon law addresses student discipline, suspensions, expulsion, and codes of conduct, as well as property damage, threats and injuries to students and school employees in Chapter 339 of the Oregon Revised Statutes. Section 21 of the Oregon Revised Criminal Code provides for the use of reasonable physical force in the schools. The David Douglas School Board believes that every individual must share the rights, the duties, and the responsibilities in the operation of an efficient public school institution.

The David Douglas School District has adopted a Responsive Restorative Practice model that emphasizes supporting students as they learn and grow.

David Douglas School District staff are committed to:

- knowing, caring for, and establishing positive relationships with students;
- supporting the whole child;
- teaching the development of positive social, emotional, and behavioral skills to students;
- using a variety of ways to shape behavior once harm has occurred, instead of relying on exclusionary practices;
- partnering with families, other staff, and community based organizations in the event that a disciplinary action has occurred;
- examining their own implicit bias, while working from culturally and trauma responsive lenses that utilize verbal de-escalation skills in an effort to create conditions in schools that allow students to be successful.

Careful attention has been given to procedures and methods that have the goal of being equitable and reasonable to all students. Students may be denied participation in extracurricular activities as a result of responsive restorative practices. In addition, titles and/or privileges granted to students may also be revoked (e.g., valedictorian, student body class or club office positions, participation in school activities, prom, etc.). A referral to the appropriate law enforcement agency for legal action may result, if appropriate.

We thank all students, staff, parents, and guardians in advance for each individual's cooperation in working towards creating a safe and welcoming environment for all who enter our David Douglas Schools to learn, grow, and thrive.

ATTENDANCE

Oregon Law requires parents/guardians to see that children between the ages of six, five if enrolled, and 18 years attend school regularly. Schools will inform parents/guardians of student absences. Parents/guardians are encouraged to contact the school if there is a concern about absenteeism. When a student's attendance is so erratic that they are not benefiting from the educational program, the principal or designee will notify the student and parent/guardian and develop a plan for support.

State law requires schools to withdraw students who are absent ten consecutive school days for any reason ([OAR 581-023-0006\(11\)\(c\)](#)).

Regular attendance is essential to providing the greatest opportunity for the student to learn and develop habits that result in responsible behavior. It is vital that parents and the school communicate and work together to maintain regular attendance for our students' success. In accordance with Oregon school law, the school must determine whether an absence may be prearranged or is to be excused. A note written by a parent or guardian does not necessarily constitute an excused absence.

A student absent from any class without permission will be considered truant and may be subject to disciplinary consequences.

When students are not attending at least 90% of the time, parents/guardians may be notified of irregular attendance via letters, phone calls, home visits, or possible truancy letters outlined by district chronic attendance protocols.

ATTENDANCE POLICY:

A reasonable attempt will be made by school personnel to contact a parent/guardian when a student is absent from one or more classes.

1. Parents/guardians are asked to call the students' school if they know the student will be absent during a certain day or days.
2. After ten (10) consecutive absences the student will be withdrawn from school and the parent/guardian will be required to re-enroll the student.

In accordance with Oregon school law, David Douglas Schools reserve the right to determine whether the absence is excused or unexcused.

EXCUSED/UNEXCUSED ABSENCES

Oregon School Law ([ORS 339.065](#)) states, "an absence may be excused by a principal or teacher if the absence is caused by the pupil's sickness, including the mental or behavioral health of the pupil; by the sickness of some member of the pupil's family, or by an emergency" and continues by stating "A principal or teacher may also excuse absences for other reasons where satisfactory arrangements are made in advance of the absence."

A student who has been absent because of illness or family emergency must be excused by a parent or guardian describing the reason for the absence within one school day after returning to school.

Absences other than those listed above will be unexcused. In order to receive credit, students and/or parents/guardians are expected to communicate with the teacher and keep abreast of the schoolwork that must be completed to fulfill the requirements of a course. Examples of unexcused absences are:

- truancy (skipping);
- failure to communicate by a caregiver within one school day following the absence;

- leaving school during the day without properly checking out in the office;
- nonattendance on any school day that students organize as a “Skip Day”, such as “Senior Skip Day”, are not sanctioned or approved by school policy or by the administration;
- working on class projects instead of attending a regularly scheduled class.

If a student is absent two days or less, the student can pick up make-up work upon return. For extended absences (three days or more) parents/guardians can request that homework be sent home. Please give one day of notice to the school when requesting homework.

PREARRANGED ABSENCE POLICY

The David Douglas staff recognizes that all learning does not occur at school. We support student learning experiences that may take students away from campus for up to five school days per semester. For any excused absence, a student will be allowed an extension of at least one class period for each day absent.

ATTENDANCE STANDARDS

1. In order for a student to participate in a school activity, the student must attend school for the entire day. A student missing any class period on a day of participation must have administrative approval prior to being allowed to participate.
2. When a student anticipates a missed class due to a school activity, it is the student’s responsibility to notify the teacher at least one day in advance. It is the responsibility of the student to acquire the missed assignments, turn in the makeup work, and keep up with all assignments and class requirements. Students with chronic attendance problems may receive an Activity Pause.

Note: Please refer to your child’s student handbook for specific attendance information related to your child’s school.

All students are responsible for complying with the district dress code during school hours and while representing the school (e.g., athletics, activities, etc.).

David Douglas School District staff will be vigilant and proactive in defining, identifying, and instituting techniques to prevent harassment and will not condone racial, ethnic, sexual, gender based/transgender or any other kind of harassment. 4. Sexual Harassment: The David Douglas School District is committed to maintaining a learning environment free of sexual harassment. HARASSMENT COMPLAINT PROCEDURE:

Any individual who believes they have been subjected to harassment should immediately report the incident to the nearest school staff person or go directly to the office or a counselor to report the incident. If the report has been made to a counselor or staff person, the counselor or staff person must report it to an administrator. The administrator will investigate the complaint following school board policy.

INTERNET ABUSE/ELECTRONIC DEVICES

USE OF INTERNET:

The computers and computer network at David Douglas Schools are resources for students. It is expected that students will treat all school electronics with care and respect. David Douglas computers are connected to local networks and the Internet. A small part of the Internet may contain material that a parent/guardian and/or students may find objectionable.

Unauthorized or inappropriate use of the Internet and/or computer, copier, or printer is not permitted. Computers are to be used for school assignments only. Any other use, including but not limited to, inappropriate use of the Internet, playing games, or personal email is not allowed. Loss of computer privileges may result from such conduct.

CYBERBULLYING:

Cyberbullying is the use of any electronic communication device to convey a message in any form (text, image, audio, or video) that defames, intimidates, harasses, or is otherwise intended to harm, insult, or humiliate another in a deliberate, repeated, or hostile and unwanted manner under a person's true or false identity. David Douglas School District will not tolerate cyberbullying. (See Harassment)

ELECTRONIC DEVICES:

Electronic devices (including ear buds/headphones) are allowed only if used at the discretion of a teacher for class activities. Electronic devices should be off and away during the school day. Otherwise, electronic devices may be taken away if displayed during school hours. If it is the second offense, a parent/guardian may be asked to pick up the device from school. Personal computers, cell phones, or other amplified devices, laser pointers, or cameras are considered a distraction to the learning process when displayed during school hours.

Electronic devices used inappropriately by students will be subject to confiscation during school hours. Any student using an electronic device during the course of an investigation may be subject to search of the contents of that item. Students who bring electronic devices to school do so at their own risk; the school is not responsible for lost or stolen items.

WARNING: District and school staff are not responsible for lost or stolen electronic devices.

THREATS TO DISTRICT EMPLOYEES OR STUDENTS

David Douglas School District School Board is committed to promoting healthy relationships and a safe learning environment. To this end, David Douglas School District will not tolerate any form of threats, targeted lists, intimidation, harassment, or coercion directed against district employees or students. Expulsion of one year or more may be strictly enforced.

5. The principal will follow county behavioral response assessment protocols and will first notify the superintendent's office and then the student services office. After the location and the student is secure, pending guidance from Student Services, then the parent(s)/guardian(s) of the student if the threat is deemed credible.
6. A credible threat of violence may result in suspension from school and possible expulsion. The employee against whom the threat is made and the employee who reported the threat will be notified of the District's decision unless prohibited by statute.
7. Safety assessments will be required for students who have made a credible threat of violence before the student is allowed to return to the classroom setting.
8. The administrator will meet with the employee against whom the threat was made and the employee's representative to discuss the results of the assessment unless prohibited by state and federal law.
9. The building administrator shall notify students and school employees who are the subject of credible threats of violence of these threats in a timely manner. SUSPENSION

Suspension temporarily removes from a student the privilege of attending school, school activities, or being on any David Douglas School District premises. Absences due to suspension are unexcused. Ordinarily a suspension will not exceed five school days, but in special circumstances, a suspension may be extended up to ten school days until some specific pending action occurs such as a court hearing, an expulsion hearing, a behavior assessment, or review by a probation officer. Suspensions are determined by a school administrator.

Note: All suspensions and expulsions in Grades PK-5 must follow requirements of [ORS 339.250](#).

SUSPENSION PROCEDURES:

1. The student is informed the suspension is being considered and is given the reason(s) for such action.
2. The student is given the opportunity to explain their side of the issue.
3. If the school administrator finds the suspension is warranted after hearing the student's explanation, the student is informed that they will be suspended, the time the suspension will start, and the length of the suspension.
4. The parent(s)/ guardian(s) are notified (if possible) of the suspension and the reasons for the action.
5. A letter is mailed or given to the parent(s)/guardian(s) stating the specific reasons for, and the length of, the suspension. The letter will also request that the parent(s)/guardian(s) contact the school for an appointment for a re-admission conference with the administrator and the student.
6. During the conference, the student's record will be reviewed in efforts to determine steps that need to be taken by the school, the student, and the parent(s)/guardian(s) to ensure success.

EXPULSION

Expulsion denies the student attendance at school or school activities for up to one calendar year ([ORS 339.250](#)).

Note: All suspensions and expulsions in Grades PK-5 must follow requirements of [ORS 339.250](#).

EXPULSION PROCEDURES:

1. The student is suspended pending investigation for a possible expulsion.
2. All procedures for suspension will be followed except that the letter to the parent(s)/guardian(s) will also state that expulsion is being considered.
3. If the administrator is considering expulsion, the parent(s)/guardian(s) and student will be notified by letter. This letter will explain that the parent(s)/guardian(s) and/or student may arrange for an expulsion hearing with the district superintendent. A copy of this letter will be forwarded to the superintendent. Request for an expulsion hearing must be made to the superintendent within five days of the receipt of the expulsion letter.
4. The parent(s)/guardian(s) and student may provide a person of their choice to administer advice and counsel at the expulsion hearing.
5. At the expulsion hearing, the parent(s)/guardian(s) and student may discuss the expulsion and present any information that is pertinent; however, strict "rules of evidence" will not apply to the hearing.
6. The hearings officer and/or administrator will, within three days, inform both parent(s)/guardian(s) and the principal {in writing} of the results of the review hearing.
7. Students have the right to appeal the results of the expulsion hearing to the superintendent or designee.
