3. Introduction

The Paris Elementary School portfolio was developed to document the changes and progress the school has made while continuously working to improve current progress. The portfolio provides all stakeholders with an ongoing means for self-assessment, communication, continuous improvement, and accountability.

The school portfolio is a living document that describes Paris and includes evidence of our work. It describes who we are, our vision for the school, goals, plans, progress, and achievements in relation to client demographics, deeds, and out-of-school partnerships.

A team of teachers, administrators, and community members researched and developed the portfolio. Group consensus was reached before final decisions were made during SIC, PTA Board, and Faculty meetings. Much of the narrative sections were taken from discussions of the school and evaluations using the Continuous Improvement Continuum. During these meetings, all stakeholders were asked to contribute evidence of our achievements and ideas for improvement. Through this process, all stakeholders had the opportunity to be heard and contribute to developing the portfolio for Paris Elementary School.

The team comprises the entire faculty, divided into subcommittees, PTA Board Members, and SIC Committee. The faculty specifically analyzed our school's achievement in curriculum, climate, instruction, assessment, technology, and communication. Based on the gathered evidence, they determined our specific strengths and weaknesses. The PTA Board and SIC Committee provided opinions and evidence to account for climate and communication. They also gave their "outside" view of our strengths and weaknesses.

4. Executive Summary

Needs Assessment or Findings for Student Achievement

• SC Ready results indicate that we outperformed the district in the areas of English Language Arts (Reading and Writing) by over 18 percentage points, Math by over 21 percentage points, and Science by over 17 percentage points.

Needs Assessment or Findings for Teacher and Administrator Quality

- All of our teachers are trained in the Fountas & Pinnell Balanced Literacy Program.
- All of our teachers are trained in the Lucy Calkins Writing Program.
- 58.8% of our teachers have advanced degrees, up from 57.1%
- Our principal is new to the district and our school.
- Our school counselor is a long-term substitute from October until the end of the school year.
- 81.3% of our teachers returned from the previous year.
- 78.5% of our teachers have stayed for at least three years.

Needs Assessment or Findings for School Climate

 According to Evaluation findings, student perception of the socio-physical environment was the least favorable condition at 49.6%. In addition, the Opinion survey included 15 parents. Only 81.8% of them were satisfied with home-school relations, which is the lowest segment of the opinion surveys. Strengths include teachers' perceptions of the learning environment and opinions of the social and physical environment, both of which are 100%.

Paris's Significant Challenges from the Past 3 Years

- In 2023-2024, Paris welcomed a new principal from out of district. In the first three months of school, our assistant principal needed to be out of school for eight weeks for a family emergency leaving the new administrator with a long-term substitute and beginner school secretary while trying to find footing in a new environment. Also, the school counselor began parental leave in early September leaving only one full-time veteran instructional leadership team member, the instructional coach to assist the principal in the new position. Five new teachers joined the staff in August, and another in October when a first-grade teacher resigned before the end of the first quarter.
- In 2022-2023, we hired 10 new teachers to Paris. These new teachers included four grade levels, half of the related arts team, and the entire new reading intervention staff. In addition, students and teachers were required to wear masks and quarantine with COVID-19 symptoms or diagnoses.

• In 2021-2022, Paris began the year with a four-day rotation of in-person attendance with simultaneous virtual learning due to COVID-19 restrictions. As the year progressed, the four-day rotation became a two-day rotation where students attended two days per week with Fridays as virtual learning for all students. Throughout the year, students maintained the mandatory six-foot social distance in all locations and wore masks when the distance could not be enforced. Teachers and students struggled with learning throughout that school year.

Paris's Significant Awards, Results, or Accomplishments from the Past 3 Years

- Math percentage of students who met or exceeded grew 13 percentage points from Spring 2021 to Spring 2023, exceeding pre-pandemic performance.
- ELA percentage of students who met or exceeded grew 19 percentage points from Spring 2021 to Spring 2023, exceeding pre-pandemic performance.
- In 2023, Paris earned the Positive Growth in ELA Certificate of Achievement for the 8 percentage point growth.
- In 2023, Paris ranked #7 in the district for ELA based on SCREADY results.
- In 2022. Paris ranked #5 in the district for ELA based on SCREADY results.
- In 2022, Paris ranked #8 in the district for Math based on SCREADY results.
- In 2022, Paris ranked #6 in the district for Science based on SCPASS results.
- In 2022, Paris had zero Third Grade students earn the score of Not Met 1 in ELA based on SCREADY results.
- In 2022, Paris earned the Top 10% Growth in Math Certificate of Achievement.
- In 2022, Paris earned the Top 10% Performance in Science Certificate of Achievement.
- In 2022, Paris earned the Top 10% Overall Highest Growth of Students with Disabilities Certificate of Achievement.
- In 2022, Paris earned the Top 10% Overall Highest Performance of Students with Disabilities Certificate of Achievement.

c. Maintain the increased					
classroom enrollment sizes of					
23 students per 4K classroom					
instead of 20, which was					
approved by the SCDE in 2016.					
By adding three students to					
each class, GCS has been able					
to increase the number of					
at-risk students served by 15%					
annually without any additional					
funding (the equivalent of					
adding 11 classrooms) or					
requirement for facilities.					
Adding this very small number					
of students has not impacted					
program quality or instructional					
implementation, as evidenced					
by KRA readiness data. Each					
4K class includes one early

one instructional aide, both of					
whom receive annual training
