

School Year 2024/2025

Recommended Supplies

Welcome to Middle School! We know that this will be a positive year of learning and growth organizationally, academically, and socially for every child and family. The 6th grade teachers have created a supply list of materials that will assist each student in establishing a system of routines and organizational strategies. Although we know this list works for most students, we do realize that modifications may need to be made to support individual strategies and needs. We are hoping that students will be able to set some foundational structures this year that will assist them in their future years of learning here at the Nock Middle School.
