

Hobart High School Supply List 2024-2025

If your teacher is not listed, please have general supplies for the first day. Teachers may provide additional supply lists on the first day of school.

If you are able to supply a box of kleenex on the first day of school, that would be greatly appreciated!!

Art

Bucheit: **Ceramics**

All Ceramics students **will need supplies** and have a set of usable Clay/Ceramic tools, a small sponge, a set of soft paintbrushes of various sizes, and a paint tray (a foam egg carton would work).

Intro 2D and 3D

Supplies for class are basic items for school-pen, pencil, eraser, notebook paper....

Supplies needed....Ruler, set of 3 or more soft paint brushes, paint tray (a foam egg carton would work just fine for this), cover apron or shirt for painting, scissors and a few other items for specific projects. Students will ALWAYS be notified ahead of time for any new supplies needed to be provided by them for a project.

Photography

Photography class does REQUIRE a digital camera, phones will not be allowed, must not be a point & shoot camera but an SLR/adjustable style camera.

The school does have these cameras that can be checked out and borrowed for this class with the technology department.

Advanced art 2D & 3D and AP 2D & 3D

This will depend on what your student is planning on doing for their main work. Paint brushes and trays will need to be provided by the student. Paint thinner, glass container if oil painting. Clay tools if going to work in clay.

Basic drawing supplies are provided, papers, pencils, paint panels, paint...ect.

More will be discussed in the first days of class.

:

As always with ART classes...any specific things needed for a particular project that will require something a bit more will always be informed to the students well ahead of time.
