

October 18, 2024

Hello, Madison families,

As the weather is turning cooler, we just wanted to send a reminder on our synchronous virtual learning day schedules. We suggest you keep this handy for future reference, in the event of inclement weather later in the school year.

A synchronous virtual learning day means teachers and students will be required to follow the schedule listed below to attend classes virtually in order to meet the state requirements and count the day as a school day.

Platform & Logistics

- All teachers and all grade levels will use Google Classroom (GC).
- All materials will be posted in the *Classwork* section of Google Classroom.
- All materials will be posted under the topic *Virtual Learning Day [date]* to be located at the top of the Classwork section
- Teachers will record the instruction/reinstruction segment of class for absent students or students who are not able to connect their devices to watch at a later time and they will complete independent work for their grades.
- Special education teachers should be added as teachers to the GC of which they are active participants on a typical day.
- Google Meets will be established through the individual GCs with breakout rooms used as needed.
- Attendance will be taken via GC email and input into Skyward by the teacher before the end of the day.
 - Clerks will change all absences to Excused - Weather Related the next in-house school day
 - Students will need to be on the Meet $\frac{2}{3}$ of the instructional time per subject/class period to count as present
- Students will need to have their cameras on for each class.
- Teachers who use personal/sick days will need to post on their Google Classrooms that the class will not be meeting.
