Scheduling and Assignment

Grades K-5

The principal will assign each student to the appropriate classroom and the program in which the student will be participating. Parents are not allowed to request specific teachers for their children. Any questions or concerns about the assignment should be discussed with the principal.

Grades and Grading Scales

OCES has established a standard grading procedure, as well as additional notations that may indicate work in progress or incomplete work. The purpose of a grade is to indicate the extent to which the student has acquired the necessary learning. Students are assigned grades based upon test results, homework, projects, and classroom participation. Each teacher may emphasize on these areas in determining a grade and will so inform the students at the beginning of the course work. If a student is not sure how his/her grade will be determined, he/she should ask the teacher.

Grading Periods, Progress Reports, and Power School

Students will receive a report card at the end of each 9-week grading period. Additionally, students will also be issued progress reports approximately halfway through each grading period. Parents will be provided login and passwords to the school's PowerSchool system so that they may monitor their child's progress daily. If a parent needs to get new login and/or password, they should contact the appropriate school office for assistance. The school administration desires that parents and students use the PowerSchool system to stay informed of current grades. If a parent desires a hard copy of a student's progress report and/or report card, they must request to have one in writing to the appropriate office.

Semester Grades

Students will be issued semester grades at the end of the first and second semesters. The semester grades will be calculated as follows:

- The semester grade will be the average of the two 9-week grading period grades during that semester.
- Nine-week courses that are offered on a rotational basis will not have semester grades. These courses will have nine-week grades only.

Student Assessment

To measure student progress, students will be tested in accordance with State standards and Corporation policy. Additional group tests are given to students to monitor progress and determine educational mastery levels. These tests are used to help the staff determine instructional needs. Classroom tests will be used to assess student progress and assign grades. These are selected or prepared by teachers to assess how well the students have achieved specific objectives. Vocational and interest surveys may be given to identify particular areas of student interest or talent. If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services. Depending on the type of testing, specific information and/or parent consent may need to be obtained.

Promotion, Placement, and Retention

Preschool 3 and 4 year olds

Due to the limited annual spots in our PreK programs which results in a waiting list, PreK students will not be retained in that grade level for any reason other than age.

Grades K-5

Promotion in the elementary grades will be based upon the following criteria:

- 1) Current level of achievement.
- 2) Potential for success at the next level.
- 3) Emotional, physical, and/or social maturity
- 4) Success on State Required Examinations (I-Read 3)

Dual Language Immersion (DLI) Program

Rising Sun Schools offers a dual language immersion program from grades K-12. These classes introduce students to Spanish with the goal of being bilingual and biliterate by high school graduation. Here are the procedures for entering the program.

Parents can request to be in the program during Kindergarten graduation. If there is too many kids that show interest, students will be chosen at random. If a student doesn't get into the DLI in Kindergarten, they will still have the opportunity to join the class at a later date.

Entering the program

If a spot opens up in the program, teachers will review students in their current class that have all A, B, and Cs for semester grades and recommend five students from each classroom. Student's names will be chosen randomly and parents contacted to see interest. Spots will be filled to where the DLI class starts the school year with at least 3 students, but not more than 5 students, more than the other classes.

Exiting the program

Students can exit the program for two main reasons:

1. Parent request to remove their child(ren) from the DLI program. Once removed, the student will not be allowed back into the program at a different grade level.
2. A student will be removed from the program if he or she has 2 or more Ds or Fs on both semester grades for that school year.

Field Trips

Field trips are academic activities that are held off school grounds. Other trips are part of the school's co-curricular and extra-curricular program. No student may participate in any school-sponsored trip without parental consent.

- Attendance rules apply to all field trips.
- Students who violate school rules may lose the privilege to go on field trips.
- While the school encourages the student's participation in field trips, alternative assignments will be provided for any student whose parent does not give permission for the student to attend.
- The student is responsible for all work missed in his/her classes on the day(s) of the trip and shall have work completed for the next class upon his/her return.

Homework

Homework can be expected. Student grades will reflect the completion of all work, including outside assignments. Homework is also part of the student's preparation for the assessment tests and eventually graduation. Homework is not used for disciplinary reasons, but rather to enhance the student's knowledge of lesson material.

After-School Tutoring

After-school tutoring will be offered at each level. Students and parents will be notified in advance of the dates and times and the procedures needed to be followed for the after-school tutoring program.

Parent/Teacher Conferences

Teachers may request parents to visit the school, and parents may request to meet with teachers. Conferences will be scheduled during school hours when the teacher is not assigned to a classroom or immediately before or after school hours on any school day. Parents should call the Principal's office to make arrangements with the secretary for a conference. Parents should contact teachers by email or leave a voicemail through the office staff to set up a conference.

Cheating/Plagiarism

The administration and staff of OCES expect that all work that a student turns into his/her teacher to be his/her own. Classroom teachers will develop guidelines on the consequences of cheating in their classrooms. Cheating also includes student's work that has been completed by a guardian or sibling.

Plagiarism is defined as the presentation of ideas or words of another as one's own. The administration and staff expect all of the students of Rising Sun-Ohio County Schools to strictly follow the rules of research, documentation, and notations. Students found to violate these guidelines may have discipline procedures initiated against them, which may include grade reduction, grade forfeiture, class failure, and, in extreme cases, suspension and/or expulsion from school.

SECTION II: ATTENDANCE

Student absenteeism is one of the major causes of student failure in school. Parents and students together have a responsibility to see that needless absences do not occur. Punctuality and regular attendance reflect success in the classroom and eventually on the job. Therefore, a careful record of attendance is maintained by the schools and becomes a part of a student's permanent record.

Reporting Absences

For any absence, the parent/guardian is required to email the attendance officer at dgregory@risingsun.k12.in.us or call the OCEMS office at 438-2626 on the day of the absence or send a written note signed and dated by the parent/guardian when the student returns. Students missing due to a medical visit must bring documentation from the doctor's office verifying the visit. A written note, a medical note, a parent call, or an email must be sent within three school days of the absence to be counted as excused for that date.

For a medical absence: a statement must be provided from the student's physician (MD, DO, NP, PA, DDS, or DMD) or certified personnel of the Ohio County Health Department. The statement must indicate that the student was seen in the office on the date of the absence or had a virtual visit on the date of the absence, the complete time/date(s) being excused related to the absence and must be turned in within three school days of the absence in question. Only dates related to the specific absence will be counted as excused.

Absences relating to illness will be counted in Powerschool as excused, unexcused, medical, or nurse if sent home during the school day by the nurse. If a medical note, a parent call or note, or email is not sent within the three school day requirement, the absence will be counted as unexcused.

Absences will be marked unverified for three days until a call or note, an email, or a medical note is received. After three consecutive unverified absences, a call will be made to the

parent/guardian from administration or the attendance officer. On the fourth day of an unverified absence with no communication from a parent/guardian, the absences will be marked unexcused. On the fifth day of an unverified absence with no communication from a parent/guardian, the absences will be marked unexcused, and a home visit by administration and the SRO may be warranted.

OCEMS (PreK)

PreK (3 year old)

Preschool (3 year old) must attend at least three mornings each week. Students will be billed a minimum of 3 mornings per week.

PreK (4 year old)

Preschool students (4 year old) must attend school at least three mornings each week. If students do not average three days each week during a month, they will be notified and reminded that they must

meet the attendance requirement. If preschool school students have not complied with the attendance rule, school administration reserves the right to exclude the student from further participation in the Preschool program. Our goal is for students to attend full-time. Our program is competitive because of the 24 students per classroom cap.

Preschool students must be in the classroom when the 8:00 bell rings. Preschool students will be tardy from 8AM to 8:30AM, however, they must be here before 8:30AM to attend Preschool on that day. The only exception will be if the student has a MEDICAL appointment and a MEDICAL DOCTOR'S NOTE is presented to the office when checking in the student.

1st offense- Verbal warning

2nd offense- Written warning (sent home with student and mailed)

3rd offense- Dismissed from Preschool program

If a student is absent due to MEDICAL, then a MEDICAL DOCTOR'S note must be turned into the office. A MEDICAL note from the DOCTOR will exclude them for that week's attendance policy.

Ohio and Dearborn County Elementary Schools Attendance Policy

Attendance: Punctuality

Ohio and Dearborn County Elementary Schools Attendance Policy - Next to student effort in the classroom, regular attendance is the most important thing students can do to assure optimum academic achievement. Parent/Guardian must assume primary responsibility for student attendance. Parent/Guardian must communicate a high level of expectation regarding attendance and notify the school whenever the child is absent. Business and industry both require regular attendance and punctuality from employees, so it shall be the policy of Dearborn and Ohio County Elementary Schools to train students to those same high standards.

All students are expected to attend school and be on time for class in order to receive maximum benefit from instructional programs and to develop habits of self-discipline and responsibility. The goal of the attendance policy is to encourage good attendance and develop good work habits.

Attendance: Procedures for Reporting Absences

When a student is absent from school, a parent/guardian must call the school during the morning of the student's absence. The phone number is 812-438-2626. If we do not get a call from the parent/guardian by 9:00 AM, the RSOCS's automated system will call all listed numbers to verify the absence. If calling in is not possible, a written excuse from the parent(s)/ guardian(s) must be presented to the principal or designee within one (1) school day of the student's return.

Excused absences are defined as missing class or school for one of the following reasons:

- State excused absences (excused by state law). Personal injury or illnesses that leave a student mentally or physically unfit for school attendance. This provision includes absences due to

medical, dental, or eye appointments. You must provide written documentation. (Appointments should be scheduled before or after school.)

- Children are released for days of religious observance upon request of their parents. A note signed by the parent/guardian must be presented prior to the day of observance and must be approved by the principal or her designee.
- If a student is sent home with a communicable disease/ head lice – the day the school sent the student home is excused.
- Bereavement Leave. The school will allow five (5) calendar days for a member of the immediate family. Immediate family is mother, father, brother, or sister. Two (2) days will be allowed for other family members. If more days are needed, a parent/guardian must contact the school principal or designee.
- Court, Division of Family and Children, and mental health appointments. Written documentation must be provided to the school to be considered an excused absence.
- The school will allow a parent/guardian to call a student in ill or send a note six (6) times a school year. After the six (6) parent calls or notes have been used up for the school year, the parent/guardian must provide a doctor's excuse or other legal documentation as to why the student was absent. If no legal documentation is provided within 3 days, the absence will be unexcused.

Unexcused absences are defined as missing school under the following circumstances:

- Without an excused reason (see above list).
- Any absence which has not been verified.
- Absences which require approval and prior approval had not been obtained.

Attendance: Make-Up Work

- Students who have been absent shall be required to make up any missed learning experiences. If a child has missed classes, assignments should be obtained from the teacher and given to the child. Parents may call the school to request homework. Requests need to be made before noon.
- Make-up work is due within the same number of days for which the student was absent. For example, if the student is absent two days, the work is due two days after the child returns to school.

Attendance: Student Attendance Record

Absences will be classified on attendance summaries as follows:

- (MED) - official medical verification of illness
- (EXC) telephone call or note from parent(s)/guardian(s) or responsible adult, prior approval from school officials (Pre-arranged Absence Form approved by the Principal).
- (UNV) no verification or parental contact concerning absence.
- (I) Tardy Excused or (NTE) Left Early Excused - official medical verification of illness or appointment

- School begins at 8:00 AM each day. Any student arriving at school after 8:00AM will be considered tardy and documented in school attendance records. Any student leaving before 3:05 PM will be documented in school attendance records.
- (F)- funeral leave- must provide funeral notice card or obituary
- CRT- Court – must provide court attendance document
- NUR- School nurse sent home
- UNX- Unexcused absence

Attendance: Notification to Parents/Contract

Ohio and Dearborn County School Corporations have adopted the following attendance policy. In order to keep parent(s), guardian(s) informed as to their child's absence, if a student has three (3) unexcused absences, a parent letter will be sent home from the school office. If a student has six (6) unexcused absences, parent contact will be made by the Dearborn County Juvenile Probation Department. If a student has nine (9) unexcused absences, the Dearborn County Juvenile Probation Department will be notified and an Ireland Home Base Service Referral will be initiated. If a student has twelve (12) unexcused absences, the Dearborn County Juvenile Probation Department will be notified and a DCS case will be initiated. Once attendance has been referred to the probation department, all other absences must have a doctor's excuse or the absence is unexcused. Severe cases of poor attendance will be prosecuted under Indiana's compulsory school attendance laws.

Number of Unexcused Absences	Action
3 Unexcused	Parent Letter
6 Unexcused	Dearborn County Probation Notified and Parent Contact Made by Dearborn County court liaison
9 Unexcused	Dearborn County Probation Notified and Ireland Home Base Service Referral Initiated by Dearborn County court liaison
12 Unexcused	Dearborn County Probation Notified and DCS Case Initiated by Dearborn County court liaison

Make-Up Work

Upon return to school, it is the student's responsibility to request make-up work, which must be completed within the same number of days the student has missed. Students are advised that a test or quiz, written or oral, taken as make-up upon return to school, may not be identical to what the student missed. It may not even be the same type of test.

Grades K-5

A student who is not in his/her assigned location by **8:00 a.m.** shall be considered tardy. Excessive tardiness **per semester** will result in the following:

1. After seven (7) tardies, a warning letter will be mailed to the parents.
2. After ten (10) tardies, a letter will be mailed to the parents, and the School Resource Officer will contact the parents.
3. After fifteen (15) tardies, the School Resource Officer will refer the parents to the Dearborn/Ohio County Probation Department.

Students will be counted **absent for the a.m. if they arrive after 9:00 a.m.** Any student arriving late to school must report to the main office and sign in before class.

Student Attendance at School Events

The school encourages students to attend as many school events held after school as possible without interfering with their schoolwork and home activities. In addition, enthusiastic spectators help build school spirit and encourage those students who are participating in the event.

To ensure that students attending evening events as non-participants are properly safe-guarded, the following guidelines will be enforced:

- Students in grades K- 2 must be seated during the activity time with a parent/guardian or another adult.
- Students in grades 3-8 must be seated in an approved area during the activity time.
- All students should showcase good school spirit.
- On a third offense, the student and/or parent may be asked to leave the activity.

The school cannot supervise unaccompanied students nor be responsible for students who arrive without an adult chaperone.

SECTION III: SAFETY

Student Well-Being

Student safety is the responsibility of the students and the staff. All staff members are familiar with emergency procedures such as evacuation procedures, fire and tornado drills, safety drills in a terrorist or other violent attack, and accident reporting procedures. Should a student be aware of any dangerous situation or accident, he/she must notify a staff person immediately.

All students must have an emergency medical card completed, signed by a parent or guardian, and filed in the school office.

Students with specific healthcare needs shall submit those needs in writing and proper documentation by a physician to the school office.

Fire, Tornado, and Safety Drills

The school complies with all fire and safety laws and will conduct fire drills in accordance with State law. Specific instructions on how to proceed will be provided to students by their teachers responsible for the safe, prompt, and orderly evacuation of the building.

Tornado drills will be conducted during the tornado season using the procedures prescribed by the State. The alarm system for tornadoes is different from the alarm system for fires and consists of a verbal announcement through the P.A. system.

Safety drills will be conducted once per school year. Teachers will provide specific instruction on the appropriate procedure to follow when students must be secured in their building rather than evacuated. These situations can include a terrorist threat, a person in possession of a deadly weapon on school property, or other acts of violence.

Emergency Closing and Delays

If school must be closed or delayed because of inclement weather or other conditions, the school will notify parents in the following manner:

- 1) Notification using Alert-Now System
- 2) WSCH 99.3 Radio Station
- 3) Local television channels
- 4) School website risingsun.k12.in.us or risingsunschools.com
- 5) School's social media accounts

Parents and students are responsible for knowing about emergency closing and delays.

Safety and Security

- 1) All visitors must report to the office upon arrival at school.

- 2) All visitors are given and required to wear a building pass while they are in the building.
- 3) Staff are expected to question people in the building they do not recognize and who do not wear a building pass.
- 4) Students and staff are expected to immediately report to an administrator any suspicious behavior or situation that makes them uncomfortable.
- 5) All doors will be locked. Doors shall not be propped open at any time.
- 6) If a person wishes to confer with a staff member, he/she shall call for an appointment prior to coming to the school to prevent any inconvenience.
- 7) Students are not allowed to bring visitors or guests with them during the school day.

Visitors

While the Rising Sun – Ohio County School Campus is a public facility, the safety and security of our students and staff is the highest priority. There will be times during the year that events are opened to the public, and everyone will be invited to attend. Daily access to the buildings during school hours will be limited and monitored. Accordingly, visitors wishing to enter a school building past the main office area must have a completed criminal history search that has been approved by an administrator on file with the Corporation. Visitors must report to the main office upon entering the school to sign in and obtain a pass. Any visitor found in the building without the proper pass and identification will be escorted to the main office by a staff member or an administrator and, if the situation warrants, report the person to the SRO.

Any person wishing to conduct a meeting with administrator or staff personnel shall contact the appropriate school office and schedule a meeting time. While efforts will be made to accommodate visitors on a walk-in basis, a meeting with a walk-in visitor from the administration is not guaranteed.

Student Sales

No student is permitted to sell any item or service in school without the approval of the administration. Violations of this policy will lead to disciplinary action.

Advertising Outside Activities

No announcements or posting of outside activities will be permitted without the approval of the Principal. A minimum of one school day is required to ensure that the Principal can review the announcement or posting. If approved, copies must be made in stacks of 25 and delivered to school for distribution. To be approved, the advertising must be school related or benefit Rising Sun students.

Leaving the Building

A student is **never** to leave the building or school grounds while school is in session without securing permission from the office. Students must sign out, giving time and reason for leaving and also sign in when returning. No students may ever leave the school grounds without the following:

Toys

Toys, including stuffed animals, are not permitted at school unless approved by the teacher or school administration.

Passes

Every student who leaves a classroom must have a pass. Any student who is stopped in the hallways without a pass will be considered skipping that period. Teachers need to make sure that students have a pass when leaving the classroom.

Grades K-5

Teachers will have passes available for the students to use when leaving the classroom unsupervised.

Book Bags and Backpacks

For the safety of our students and staff, book bags, cinch bags and backpacks should be kept in the lockers during the school day. Any type of bag or backpack is not permitted in classrooms or cafeteria without permission from administration.

Student Searches

School personnel have the right to protect students from harm, to conduct reasonable searches of students' lockers, belongings and, when necessary, of their person.

Pest Control Policy

The school corporation is committed to providing students a safe environment. It seeks to prevent children from being exposed to pests and pesticides. While pesticides protect children from pests that may be found in the school and its surrounding grounds, under some circumstances they may pose a hazard to children. Therefore, pest control practices may involve a variety of chemical and non-chemical methods that are designed to control pests effectively while minimizing potential exposure to children.

The corporation will

1. Inform annually parents and staff members of the corporation's control policy at the time of students' registration (beginning of the year or semester) in the student handbook.
2. Provide the name and phone number of the person to contact for information regarding pest control. Please contact the Building and Grounds Director at 812-438-2655.
3. Establish a registry of parents and staff members who want to receive advance of all pesticide use and provide such notice.
4. Provide notice of planned pesticides application to parents and employees who have requested advance notice.
5. Provide notice of all pesticide applications to school nurse.

6. Maintain written record for 90 days of any pesticide applications.

The corporation will provide notice at least two school days prior to the date and time the pesticide application is to occur. The notice will include the date and time of the pesticide application, the general area where the pesticide is to be applied, and the telephone number to contact the school for more information.

In case of emergency pesticide applications, because of the immediate threat to the public health, the school shall give written notice as soon as possible.

SECTION IV: STUDENT CONDUCT

While this document deals directly with students' rights and responsibilities, it indirectly describes the rights and responsibilities of teachers, school administrators, and school employees. The teacher is required by law to maintain a suitable environment for learning, to carry out this responsibility, the teacher may discipline a student. Discipline shall mean all forms of corrective actions taken by school personnel including suspension and expulsion. The following methods are among those forms considered as "discipline": conferences, detention, reduction of grades, assigning additional work, restriction from extra-curricular activities, and any other action that is reasonably necessary to carry out or prevent interference with an educational function or school purpose. Law officials will be summoned whenever it appears laws are being violated or whenever it is deemed necessary.

This publicity requirement may not be construed technically and is satisfied in any case when the School Corporation makes a good faith effort to disseminate to students or parents generally the text or substance of discipline rules.

- a) The superintendent of a school corporation and the principals of each school in a school corporation may adopt regulations establishing lines of responsibility and related guidelines in compliance with the discipline policies of the governing body.
- b) The governing body of a school corporation may delegate rule making, disciplinary, and other authority as is reasonably necessary to carry out the school purposes of the School Corporation.

SECTION IV: MEAL SERVICE

Rising Sun Schools participate in the USDA National School Lunch and Breakfast Programs and offer a nutritious breakfast and lunch at both schools. Lunch is \$2.75 per day for grades PK-2 and \$3.00 for grades 3-5. Breakfast is \$1.25 for grades PK-5. A computerized meal accounting system is used. No money will be accepted in the cafeteria. Each student will have a P.I.N. (Personal Identification Number). This is a debit account (not a credit account). This means that money is deposited into the account, then the student can purchase food items using it. If there is money in the account, the purchases are deducted. You may pay by cash or check payable to OCES or Rising Sun-Ohio County Comm. School Corp. You may also sign up at EZSchoolPay.com and make payments into your student's account online. Online transactions will be charged a service fee. The service fee will be determined by the School Corporation on an annual basis.

Cashiers will let the students know when their balances are getting low. Reminders will also be given to students in grades PK-5 when balances are low. Balances may also be monitored at EZSchoolPay.com. Students will not be allowed to charge any snacks or a la carte items. If balances fall into the negative, an alternative lunch (consisting of a peanut butter sandwich and milk) may be provided at no charge.

Students eligible for free meals will be served a complete meal at no charge. Students eligible for reduced price meals will be provided breakfast for \$.30 and lunch for \$.40. The computer system does not allow identification of the free and reduced students. In order to purchase a la carte items and/or extra milk, money must be in the student's account.

Applications for free and reduced meals are available in your school's office. Parents/Guardians are responsible for the full payment of meals until they receive a determination letter that their child has been approved for free or reduced-price meals.

Parents can visit the EZ School Lunch webpage and/or app to check balances and deposit money into a student's account. Parents can visit the following website for further information (<http://risingsun.k12.in.us/apps/ezschoollpay>)

Visitors During Lunch

Due to increase safety and security concerns, OCES is a closed campus during lunch. This means that no outside visitors or guests are allowed to eat lunch with the students.

Parents/guardians wanting to deliver lunch to their children must leave the items in the office and the items will be delivered to the student or held for them to be picked up in the office.

Classroom Food and Beverage Policy

Rising Sun Schools will only allow food and/or drink items that are provided for an entire class by parents, guests, or anyone else to be store bought. The only exception to this is fresh produce, for example, whole apples, bananas, grapes, etc. Students under age 16 are not permitted to bring/consume power drinks on the school campus. Students under age 16 are not permitted to bring/consume power drinks on the school campus.

SECTION V-STUDENT ACTIVITIES

School Sponsored Clubs and Activities

Rising Sun – Ohio County Community Schools provides students the opportunity to broaden their learning through curricular-related activities. A curricular-related activity may be for credit, required for a particular course, and/or contain school subject matter. OCEMS has many student groups that are authorized by the school. It is the Corporation's policy that only authorized groups are those approved by the Board of School Trustees and sponsored by a Board approved sponsor. List of approved groups are:

Academic Team
Art Club
Athletic Teams
Cheer Squad
Drama Club
Fellowship of Christian Athletes
Spellbowl
Solo & Ensemble (Instrument and Vocal)
National Honor Society
Science Club
School Dances
Student Council
Elementary Running Club
Sign Language Club
Kindness Matters Club

Extra-curricular activities do not reflect the school curriculum, but are made available to students to allow them to pursue additional worthwhile activities such as recreational sports, drama, and the like. All students are permitted to participate in the activities of their choosing, as long as they meet the eligibility requirements.

Non-School Sponsored Clubs and Activities

Non-school sponsored student groups organized for religious, political, or philosophical reasons may meet during non-instructional hours. The application for permission can be obtained from the building Principal. The application must verify that the activity is being initiated by students, attendance is voluntary, that no school staff person is actively involved in the event, that the event will not interfere with school activities and that non-school persons do not play a regular role in the event, unless any of the above statements is waived by the building Principal. School rules will still apply regarding behavior and equal opportunity to participate. No non-corporation sponsored organization may use the name of the school or school mascot.

If an individual is interested in renting a portion of the building (i.e. gym, cafeteria, etc.), the individual must contact the building level principal. There may be a fee involved and insurance coverage needed.

Athletics

OCES provides a variety of athletic activities in which students may participate providing they meet eligibility requirements that may apply. To obtain a list of the current athletic activities offered, see eligibility requirements, and for a copy of current athletic handbooks, please contact the appropriate Athletic Director:

Elementary School Dances (Grades 4 & 5)

In order to be eligible to attend a middle school dance, a student must:

1. Be in attendance during the regular school day unless the absence was approved by a building administrator.
2. Not been assigned more than one (1) after-school detention or received a major discipline referral.

SECTION VI: MEDICAL

Injury and Illness

All injuries must be reported to staff member or office personnel. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the school's emergency procedures and attempt to make contact with the student's parents.

A student who becomes ill during the school day should request permission from a staff member to go to the office. The office will determine whether or not a student should remain in school or go home. No student will be released from school without proper parental permission.

Immunizations

Students must provide documentation that complies with the rules set forth by the Indiana State Board of Health that all immunizations required by law are current, including but not limited to poliomyelitis, measles, diphtheria, rubella, pertussis, meningitis, hepatitis B, tetanus, and mumps, or have an authorized exemption from the State immunization requirements (I.C. 20-8.1-7-9.5) filed annually. Every student who enters any grade K-12 must be immunized for chicken pox or have written documentation of the chicken pox disease on file. From time-to-time other communicable diseases may be designated by the State Board of Health as diseases that require immunizations. For the safety of all students, the school Principal may remove a student from school or establish a deadline for meeting State requirements if a student does not have the necessary immunizations or authorized exemption. In the event of a chicken pox epidemic, the Superintendent may temporarily deny admission to a student otherwise exempted from the chicken pox immunization requirement. Any questions with regards to immunizations should be directed to Mrs. Jamie Works, Corporation Nurse, at 812-438-2626.

Anaphylaxis (Severe Allergic Reaction) Policy

It is the policy of Rising Sun School Corporation to provide at least two doses of auto-injectable epinephrine (Epipen) in each school, to be administered by a school nurse or school employee who is authorized and trained in the administration of epinephrine to any student believed to be having an anaphylactic reaction on school premises, during the school day. This policy does not extend to activities off school grounds including transportation to and from school, field trips, or to school sponsored events including sporting events and extra-curricular activities. School employees may administer auto-injectable epinephrine (Epipen) during the school day obtained via standing order written for the school corporation by a health care provider licensed in the state of Indiana and whose scope of practice includes prescribing medication.

This policy is not intended to replace student specific orders or parent provided individual medications. Parents of students with known life threatening allergies and/or anaphylaxis should provide the school with student specific medications and instructions on an annual basis.

Building level administrators in collaboration with the director of health services will be responsible for identifying at least two employees, in addition to school health personnel, to be trained in administration of epinephrine by auto-injector. School employees will voluntarily be trained in recognizing anaphylaxis and the proper administration of auto injectable epinephrine. Training will

be provided by a health care provider who is licensed in the state of Indiana for whom the administration of auto-injectable epinephrine is within the scope of his/her practice and who is knowledgeable in recognizing symptoms of anaphylaxis and the administration of auto injectable epinephrine.

A standing order will cover anyone, in the event of an anaphylactic reaction, present on the property of Rising Sun School Corporation during the school day. Rising Sun Schools will designate an authorized medical physician to prescribe non-student specific epinephrine for the school, to be administered to any person believed to be having an anaphylactic reaction on school grounds. Standing orders will be renewed annually.

When responding to anaphylaxis, if student specific orders are on file, those orders will be followed. For suspected anaphylaxis without specific orders, the following steps will be followed:

1. Based on symptoms, it will be determined that an anaphylactic reaction is occurring.
2. The office will be notified and the school will be put into medical lockdown, directing the health and safety team as well as health care personnel to the location.
3. School personnel will respond quickly. It is safer to give epinephrine than to delay treatment. This is a life-threatening decision.
4. A trained staff member will determine the proper dose and administer epinephrine (EpiPen) and note the time that administering.
5. An employee (not the employee administering the epinephrine) will call 911 and request medical assistance and will inform the operator that anaphylaxis is suspected and that epinephrine has been administered.
6. The employee that administered the auto injection will stay with the person until EMS arrives.
7. If symptoms continue after 5 minutes, and EMS is not on the scene, a second dose of epinephrine will be administered and CPR initialed if needed.
8. Any person who requires auto injectable epinephrine on school property will be transported to the emergency room by EMS. A delayed or secondary reaction may occur.
9. The incident will be documented per school policy.
10. Epinephrine stock will be replaced as appropriate.

Auto injectable epinephrine will be stored in a safe, unlocked and accessible location while school is in session. Staff are aware of storage location in each school. The expiration date will be periodically checked and recorded. The medication will be replaced upon expiration date. Expired injectors will be discarded.

Head Lice and Nit Policy

Head lice are tiny, wingless parasitic insects that live among human hairs and feed on small amounts of blood drawn from the scalp. Lice are not dangerous and do not spread disease, but they are contagious.

Based on recommendations from the Indiana State Department of Health and the National Association of School Nurses, head lice should not disrupt the educational process. To maintain the educational process, there will not be forced absences from school for nits or live lice that have been treated and there will be no classroom screenings unless deemed necessary by the school nurse or school administration.

If head lice and/or nits (eggs) are suspected, the student will be checked by the school nurse or other school personnel for signs of active lice. If active lice and/or nits are present, parents will be notified. Students with live lice may be sent home at the end of the day or earlier depending on the severity at the discretion of the school nurse or school nurse designee. Active lice must be treated before they can return to school. Students with nits will not be sent home from school, but parents will be notified and treatment recommended.

If a student is identified and/or sent home as having active head lice, treatment should occur immediately and the student is to be back in school within 3 days, including the day he/she was sent home. Students will be counted as unexcused after three days. Parents must contact the school for each absence related to head lice.

Complete treatment includes removing lice and nits. The following steps should be followed:

- Treat your child and everyone who lives in the household with lice shampoo according to the instructions.
- Remove all nits (eggs) with a fine toothed comb.
- Vacuum all carpets, rugs, upholstered furniture, mattresses, and seats and headrests of your car.
- Wash all recently worn clothing including coats and backpacks, towels, sheets, and linens in hot soapy water and dry in hot dryer for at least 20 minutes.
- Vacuum all non-washable linens.
- Furry and fuzzy toys should be washed and placed in sealed plastic bag for 2 weeks.
- Soak all combs, brushes, headbands, etc. in hot water for at least 10 minutes.

Bed Bug Policy

Bed bugs are small insects that feed on people when they sleep. Bed bugs are more likely to feed during night time hours and typically reside where people sleep. Bed bugs do not transmit disease, but can cause secondary skin infections resulting from scratching the bites.

Infestations are uncommon in school buildings but can be found in a school environment on clothing, books, backpacks, etc., from an infested home.

Inspection and Reporting

- It is not recommended that students be excluded from school for an infestation in the home.

- School closure is not recommended due to infestation.
- If a bed bug is found on a student or his/her belongings, the student will be discretely removed from the classroom and clothing and belongings will be examined. Store the student's items in a garbage bag until the student leaves school.
- Contact the parent/guardian of the student by telephone or through a notification letter to make them aware a bug was found on the student's belongings and that a home inspection is recommended.
- Classrooms should be treated when students are not present.
- Document occurrences, if bed bugs have been visualized in a classroom on multiple occasions within a short period of time, a licensed exterminator should inspect the classroom.
- Only a trained professional, or someone under the direct supervision of a licensed professional, should perform inspection and apply treatment to affected areas in the school building.
- A school administrator or nurse should oversee the implementation of the integrated pest management plan.
- Treatment should be applied after school hours. It is unlawful to have students present while the treatment is being applied.
- The school principal and/or nurse can determine whether or not to notify parents of the class of students in the affected class.

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. The school's professional staff has the authority to remove or isolate a student who has been ill or has been exposed to a communicable disease or highly transient pest such as lice. Specific diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the local and state health departments.

Any removal will be limited to the contagious period as specified in the school's administrative guidelines.

Control of Non-casual-Contact Communicable Diseases

The corporation has an obligation to protect staff and students from non-casual contact communicable diseases. When a non-casual contact communicable disease is suspected, the staff or student's health will be reviewed by a panel of resource people including the County Health Department. The school will protect the privacy of the person affected and those in contact with the affected person. Students and staff will be permitted to remain in school unless there is definitive evidence to warrant exclusion.

Related Complex, HIV, Hepatitis B, and other diseases that may be specified by the State Board of Health.

Office personnel will assist in obtaining the transcript if not presented at the time of enrollment.

Homeless students who meet the Federal definition of homeless may enroll and will be under the direction of the Corporation Liaison for Homeless Children with regard to enrollment procedures. Non-resident students should refer to the Corporation Policy 5111 for eligibility requirements to enroll. Foreign students and foreign-exchange students (from recognized and approved student programs) are eligible for admission on the same basis as other non-resident students.

Early Dismissal

The administration realizes that there are times when students must be picked up early during the school day for appointments or other needs. However, student safety and security are the utmost importance of all school personnel. Therefore, anyone picking up a student early must adhere to the following procedures:

- 1) A parent or guardian who is listed in the demographics information for the student
- 2) A person identified either by verbal or written communication by the parent or guardian to the appropriate office or listed as an emergency contact in the student's demographics.

Release to use student's name and/or picture

Student's name and/or pictures may be positively displayed in school related articles, newsletters, social media, and the school's website. Parents can contact the Superintendent's office if they object to this provision and the child's picture and/or name will not be used.

Student Fees and Charges

Rising Sun-Ohio County Schools has the right to charge specific fees for certain activities and courses. Such fees or charges are determined by the cost of materials, freight/handling fees, and add-on fees for loss or damage to school property. The school and staff do not make a profit. Fees may be waived in situations where there is a financial hardship.

Charges may also be imposed for loss, damage or destruction of school apparatus, equipment, musical instruments, library materials, textbooks and for damage to school buildings or property. Students using school property and equipment can be fined for excessive wear and abuse of the property and equipment.

PowerSchool (Student Management System)

Parents of all students (K-5) will be given a login and password that they will be able to use on the parent portal of the PowerSchool system. Parents will be able to view attendance data, class grades, current assignments, and view daily announcements on the system. Parents are encouraged to visit the site often as the information contained there may answer many of their questions and eliminate a call to the office. Parent access to PowerSchool can be found at <http://powerschool.risingsun.k12.in.us/public/>. Parents are encouraged to use the PowerSchool App.

Pledge of Allegiance and Moment of Silence

In accordance with State law, OCES will provide the students with an opportunity to recite the Pledge of Allegiance and observe a moment of silence each day. This opportunity will be determined by the administration to ensure a minimum of educational disruption. Any student who wishes not to participate in the Pledge of Allegiance or moment of silence shall remain seated and quiet and not disrupt those students taking part. Students who do not wish to participate will not be harassed or punished in any manner.

Section VIII: School Policies

Equal Education Opportunity

It is the policy of this Corporation to provide an equal education opportunity for all students. Any person who believes that the school or any staff person has discriminated against a student on the basis of race, color, creed, age, disability, religion, gender, ancestry, national origin, place of residence within the boundaries of the Corporation, or social or economic background, has the right to file a complaint. A formal complaint may be made in writing to the School Corporation's Compliance

Officer listed below:

Mr. Branden Roeder
Superintendent
812-438-2655

The complaint procedure is described on Form 2260 F8.

The complaint will be investigated and a written response will be given to the concerned person within 10 school days. The compliance officer may provide additional information concerning access to equal education opportunity. Under no circumstances will the Corporation threaten or retaliate against anyone who raises or files a complaint.

Student Rights and Responsibilities

The rules and procedures of the school are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights will be protected, and that they will be treated with fairness and respect. Likewise, students will be expected to respect the rights of their fellow students and the staff. Students will be expected to follow staff members' directions and obey all school rules. Disciplinary procedures are designed to ensure due process (notice and a fair hearing) before a student is disciplined because of his/her behavior.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times, it will be the responsibility of the student to deliver that information. If necessary, the U.S. Mail or hand delivery may be used to ensure contact. Parents are encouraged to establish constructive communication channels with their children's teachers and support staff and to inform the staff of suggestions or concerns that may help their child better accomplish his/her educational goals.

The staff expects students to arrive at school prepared to learn. It is the student's responsibility to arrive on time and be prepared to participate in the educational program. If, for some reason this is not possible, the student should seek help from a member of their building's administration.

Special Education

The Americans with Disabilities Act (A.D.A.) and Section 504 of the Rehabilitation Act prohibit discrimination against persons with a disability in any program receiving Federal financial assistance. This protection applies not just to students but all individuals who have access to the Corporation's

programs and facilities.

The law defines a person with a disability as anyone who:

- 1) has a mental or physical impairment that substantially limits one or more major life activities;
- 2) has a record of such impairment; or
- 3) is regarded as having such an impairment.

The Corporation has specific responsibilities under these two laws, which include identifying, reviewing, and if the child is determined to be eligible, affording access to appropriate educational accommodations.

Students are entitled to a free appropriate public education in the “least restrictive environment.”

The school provides a variety of special education programs for students identified as having a disability as defined by the Individuals with Disabilities Education Act (IDEA).

A student can access special education services only through the proper evaluation and placement procedure. Parent involvement in this procedure is required. More importantly, the school encourages the parent to be an active participant.

Students with disabilities who do not qualify for IDEA may be served within the regular education program with an accommodation plan developed through an interactive dialogue between the school, the student, and the student’s parent(s). Parents who believe their child may have a disability that interferes substantially with the child’s ability to function properly in school, should contact the appropriate school’s main office.

Homeless Students

Homeless students will be provided with a free and appropriate public education in the same manner as other students served by the Corporation. Homeless students are eligible to receive transportation services, participate in education programs for students with disabilities or limited English proficiency, participate in high ability programs, and receive meals under the school nutrition programs. Homeless students will not be denied enrollment based on lack of proof of residency.

Any student or parent of a student who does not wish to have specific information, such as, honor roll listing, statistics for sports events or results of music contests, etc., published may request the school to withhold the information. The information will then be kept from all news sources including local school publications.

For further reference, please review Corporation Policy 8330.

Family Educational Rights and Privacy Act (FERPA)

Protection and Privacy of Student Records

number, photograph, date and place of birth, major field of study, participation in officially recognized activities and sports, height and weight (if a member of an athletic team), dates of attendance, date of graduation, awards received, listing on an honor roll, or scholarships.

Directory information can be provided upon request to any individual, other than for a profit organization, even without the written consent of a parent. Parents may refuse to allow the board to disclose any or all directory information upon written notification to the Board. Further information about the directory information may be found in the District Policy section (8830) of www.risingsun.k12.in.us. Confidential records include test scores, psychological reports, behavioral data, disciplinary records, social security numbers, and communications with family and outside service providers.

Students and parents have the right to review and receive copies of all educational records and can do so by contacting the building level offices. Parents have the right to amend a student record when they believe that any of the information in the record is inaccurate, misleading, or violates the student's privacy. A request for amendment of records must be submitted in writing, and if the request is denied, the parent will be informed of his/her right to a hearing on the matter.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no students shall be required, as a part of the school program or the Corporation's curriculum, without prior written consent of the parents, to submit to or participate in any survey, analysis, or evaluation that reveals the information concerning: political affiliations or beliefs of the student or the student's parents; mental or psychological problems of the student or the student's family; behavior or attitudes; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers; religious practices, affiliations, or beliefs of the student or his/her parents; or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program.)

The Family Policy Compliance Office in the U.S. Department of Education administers both FERPA and PPRA. Parents and/or eligible students who believe their rights have been violated may file a complaint with: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW 20202-4605, Washington, D.C., www.ed.gov/OM/fpc. Informal inquiries may be sent to the Family Policy Compliance Office via the following email address: FERPA@ed.gov ; and PPRA@ed.gov

Criminal Gangs and Criminal Gang Activity in Schools

The Board of School Trustees of the Rising Sun-Ohio County School Corporation prohibits gang activity and similar destructive or illegal group behavior on school property, on school buses, and/or at school-sponsored functions and prohibits reprisal or retaliation against individuals who report gang activity and similar destructive or illegal group behavior or who are victims, witnesses, bystanders, or other people with reliable information about an act of gang activity and similar destructive or illegal group behavior.

The following definitions apply to this policy:

Criminal Gang means a group with at least three (3) members that specifically:

- (1) Either
 - a. Promotes, sponsors, or assists in; or
 - b. Participates in; or
- (2) Requires as a condition of membership or continued membership; the commission of a felony or an act that would be a felony if committed by an adult or the offense of battery.

Gang Activity means a student who knowingly or intentionally actively participates in a criminal gang, or a student who knowingly or intentionally solicits, recruits, entices, or intimidates another individual to join a criminal gang.

Per state law a school employee shall report any incidence of suspected criminal gang activity, criminal gang intimidation, or criminal gang recruitment to the principal and the school safety specialist. The principal and the school safety specialist may take appropriate action to maintain a safe and secure environment, including providing appropriate intervention services. Appropriate consequences and remedial actions are those that take into consideration the severity of the offenses and consider both the developmental ages of the student offenders and the students' histories of inappropriate behaviors per the code of conduct.

Any corporation and school employee who promptly reports an incident of suspected gang activity, and who makes this report in compliance with the school corporation procedures is immune from a cause of action for damages arising from any failure to remedy the reported incident.

The principal or designee shall conduct a thorough and complete investigation for each report of suspected gang activity. The investigation shall be initiated by the principal or the principal's designee within one school day of the report of the incident. The principal may appoint additional personnel and request the assistance of law enforcement to assist in the investigation. The investigation shall be completed, and the written findings submitted to the principal as soon as possible, but not later than five school days from the date of the report of the alleged incident of criminal gang activity.

The principal shall take any appropriate disciplinary actions based upon the findings of the investigation, in accordance with the code of conduct. The superintendent of the school corporation is authorized to define the range of ways in which school staff and the principal or the principal's designee shall respond once an incident of criminal gang activity is confirmed, according to the code of conduct. Consequences for a student who engages in gang activity may range from positive behavioral interventions up to and including suspension or expulsion.

The principal shall provide the parents of the students who were investigated with information about the investigation. The information to be provided to parents includes the nature of the investigation, whether the corporation found evidence of criminal gang activity, and whether consequences were imposed or service provided to address the activity. This information is to be provided in an expedited manner.

As appropriate to the investigation findings, the principal also shall provide intervention and/or relevant support services. The principal shall inform the parents of all students involved in alleged incidents and discuss the availability of counseling and other intervention services.

Support services may include one or more of the following:

1. Gang awareness education that shows promise of effectiveness based on research. The gang awareness education information should be revised and updated regularly to reflect current trends in gang and gang-like activity.
2. Culturally and/or linguistically appropriate services/supports for parent and families.
3. Counseling coupled with mentoring for students and their families.
4. Community and faith-based organizations and civic groups.
5. Viable, sustainable after-school programs developed in collaboration with other stakeholders.
6. Job training and employment opportunities as both a deterrent to gang involvement and an incentive to leave gang involvement.
7. School sanctioned/facilitated extra-curricular activities.

The principal shall submit the report to the superintendent of the school corporation within ten (10) school days of the completion of the investigation. The superintendent or his/her designee shall report the results of each investigation to the school board on an annual basis during regularly scheduled board meetings.

Each school within the school corporation shall record the number of investigations disposed of internally and the number of cases referred to local law enforcement, disaggregated by race, ethnicity, age, and gender. Each school shall report this information to the school corporation superintendent who shall submit a written report to the Indiana Department of Education by June 2 of each year.

This policy shall be annually disseminated to all parents who have children enrolled in a school within the school corporation. Notice of this policy must be published in students' handbooks and all other publications of the school corporation that set forth the rules and procedures for schools within the school corporation.

School officials are encouraged to collaborate with stakeholders to provide gang prevention and intervention services and programs, including but not limited to:

1. Provide training for staff and teachers on gang prevention and intervention resources within a jurisdiction on a periodic basis. The gang awareness information should be revised and updated regularly to reflect current trends in gang activity.
2. Create formalized collaboration plans between local school administration and community-based prevention and intervention providers (possibly using the existing County Safe School Commissions as points of contact). The formalized collaborations should make effective, coordinated, and maximized use of federal funding a priority.
3. Coordinate resources and funding opportunities to support gang prevention and intervention activities.
4. Consider integrating the Gang Resistance Education and Training (G.R.E.A.T.) Program into curricula.

All communication regarding student illness must be made through the office.

IMPORTANT NOTICE TO STUDENTS AND PARENTS REGARDING CELL PHONE CONTENT AND DISPLAY:

- The Child Abuse/Neglect Law requires school personnel to report to law enforcement or child protective services whenever there is reason to believe that any person/student is involved with "child exploitation" or "child pornography" as defined by Indiana Criminal Statutes.
- It is "child exploitation," a Class C felony under I.C. 35-42-4-4(b), for any person/student (1) to exhibit, photograph, or create a digitized image of any incident that includes "sexual conduct" by a child under the age of 18; or (2) to disseminate, exhibit to another person, or offer to so disseminate or exhibit, matter that depicts or describes "sexual conduct" by a child under the age of 18.
- It is "child pornography," a Class D felony under I.C. 35-42-4-4(c), for any person/student to possess a photography, motion picture, digitized image, or any pictorial representation that depicts or describes "sexual conduct" by a child who the person knows is less than 16 years of age or appears less than age 16.
- "Sexual conduct" is defined by I.C. 35-42-4-4(a) to include sexual intercourse, exhibition of the uncovered genitals intended to satisfy or arouse the sexual desires of any person, or any fondling or touching of a child by another person or of another person by a child intended to arouse or satisfy the sexual desires of the child or other person.

- The Indiana Sex Offender Registration Statute at I.C. 11-8-8-7 and the Sex Offender Registry Offense Statute at I.C. 35-42-4-11, as of May 2009, require persons convicted of or adjudicated as a juvenile delinquent for violating the Child Exploitation Statute at I.C. 35-42-4-4(b) to register as a sex offender.
- Because student cell phones have been found in a number of Indiana school districts to have contained evidence of “sexual conduct” as defined above, it is important for parents and students to be aware of the legal consequences should this occur in our school system.

Cameras

Cameras are prohibited from being in any academic area without prior approval from building administrators and/or the specific classroom teacher.
