

2024 State Assessment Student Learning

Fraser Public Schools
Board of Education

FRASER PUBLIC SCHOOLS DEDICATED TO A TIERED APPROACH...

State Required Assessments

Michigan has an innovative and comprehensive system of assessments to measure student achievement in learning our [state content standards](#).

These standards outline what educators believe students should know and be able to do in certain subjects and grade levels to be career and/or college-ready upon high school graduation.

Michigan summative assessments are required under the [Michigan State School Aid Act](#) and/or the [Federal Every Student Succeeds Act \(ESSA\)](#).

Assessments

M-STEP Grades 3-8, 11, 12

MME Grades 11, 12

WIDA Grades K-12

MI-ACCESS Grades 3-8, 11

PSAT Grades 8, 9, 10

State Assessment

English Language Learners
WIDA

The WIDA is a required K-12 yearly summative assessment of students' English language abilities in Listening, Reading, Writing, and Speaking, for students identified as English Learners (ELs). Students are identified as ELs through the use of the WIDA Screener until they reach the level the Michigan Department of Education (MDE) has determined as proficient.

State Assessment

Special Education Students

MI-Access

MI-Access is Michigan's alternate assessment system and is designed for students with the most significant cognitive disabilities, and whose IEP (Individualized Education Program) Team has determined that [General Assessments](#), even with accommodations, are not appropriate.

MI-Access satisfies the federal requirement that all students with disabilities be assessed at the state level.

MI-Access is based on [Michigan's alternate content expectations](#) for English language arts, mathematics, science and social studies.

State Assessments

District	Fraser Public Schools	2023-24	All Students	<10	<5%	154

Celebrations

Elementary

- 6th grade ELA and Math Scores are 4th in the county - years
- Consistently above the State and County in Math
- Any grade level below State and County average is less than 4 points

What We Did

Elementary

- Updated daily schedules for each grade level
- Updated MTSS intervention schedule to reduce disruption
- Early Literacy Coach continues this year
- Continued investment in consistent literacy resources across Y5-6
 - Heggerty, Word Study, Interactive Read Aloud, Research-based/leveled digital resources
- MTSS/UDL Coach in each building
- Additional Data Day at each building
- High Dosage Tutoring ELA & Math

Next Steps

Elementary - Staffing

- Added an additional consultant to support behavior and classroom management
- Added an additional consultant to support elementary instruction
- All consultants attending MISD coaching network
- Early Literacy Coach role continues this year
- MTSS/UDL Coach at each building to coordinate intervention

Next Steps

Elementary - Students

- Continued investment in consistent literacy resources across Y5-6
 - Additional decodable texts for building libraries
 - Epic Reading licenses for all students
 - Reflex Math licenses for all students
- Updated 21st Century Curriculum
 - Focus on typing skills/test taking skills
- High Dosage Tutoring, supported by the MISD, expanded to Math for all grades

Next Steps

Elementary - Training/Planning

- Every teacher to attend K - 5 literacy training at MISD
 - In-District follow up on training
- Grade level teams to review ELA curriculum - score writings
- Julia Lindsey training/coaching on reading instruction
- Additional Data Day at each building
 - Grade level teams plan for classroom instruction

Celebrations

Secondary - FHS

- SAT-EBRW Scores continue to go up and be above state and county levels
- SAT-Math scores had a big leap forward with roughly an 8% increase in students proficient or above and total score being above state and county levels
- M-Step Science continued an upward trend and remains above state and county scores

Celebrations

Secondary - RMS

- ELA 7 had an 12% increase and remains above state and county. ELA 8 had an 11% increase and moved above state and county.
- Math 7 remained above state and county and Math 8 stayed about even with state and county despite going through a change in curriculum.
- M-Step Science continued its 3-year upward trend and remains even with state and county.
- M-Step Social Studies had only a small dip from last year despite a complete redesign of their curriculum.

What we did...

Secondary - FHS

- All departments developed plans to support practice with the structures of the state assessments within their curriculum
- Staff and students were informed of changes to the state assessments so their efforts could be intentional
- Byproducts of the strategic plan (1-1 high quality devices, blended learning, LMS) have set our students up to transition to digital settings more readily than other districts.
- Focused on providing the math department opportunities to enhance practices: data days, time for planning as a PLC, lesson labs with enVision, Q & A with enVision, development of department engagement goals, analysis of timelines, work with Beth Warga
- ELA shifted their materials to adjust to the new SAT format of shorter excerpts and deeper analysis.

What we did...

Secondary - RMS

- All departments developed plans to support test practices
- Staff and students were informed of changes to the state assessments so their efforts could be intentional
- Byproducts of the strategic plan supported our students
- RMS Math went through a curriculum change that we facilitated with extensive training, multiple full days of PLC planning with Beth Warga, and lesson delivery redesign.
- ELA 7 worked hard to refocus their work around the genre units and tighten the cohesion of their team.
- SS went through a year of transitioning their curriculum and developing all new lessons. We are proud of their hard work and are not worried about the slight drop in scores this year due to this shift.

Secondary - Next Steps

- Begin having our staff focus on lesson design through the UDL lens via the DPPD plan
- Continue to work with the RMS and FHS math staff on engagement strategies and deep thinking models in the classroom
- RMS 8th grade Social Studies will begin their second year with Discovery Education having the majority of the curriculum set now.
- ELA 8 will move their genre unit discussions up to 8th grade
- Revisit the whole school assessment strategy plans now to extend the amount of time students practice (this started in January last year)
- Create a focused Xello curriculum to facilitate purpose-driven student habits in relation to careers and scheduling
