Caledonia Elementary School

For our children to succeed in school we all have responsible roles to play in their education. Teachers, administrators, students, and parents must be willing to work together for everyone to achieve success. We each have responsibilities to each other to make sure we meet the State's high standards of educational achievement.

It is the school's responsibility to provide a high-quality curriculum and instruction in a supportive, effective, and safe environment in the classroom, hybrid, or virtually.

Each parent is responsible for supporting their child's learning by making sure they attend school regularly, in class or virtually, complete all homework when assigned, communicate with teachers about the child's progress, volunteer services both during and after school when appropriate, and promote a positive attitude about school.
