## **A PHILOSOPHY OF EDUCATION FOR THE LINN COUNTY R-1 SCHOOL DISTRICT**

Public education is a joint responsibility of the profession, the public, and their representatives. We realize that the Board of Education, administrators, and classroom teachers have a common goal -the best possible education for the students that attend Linn County R-1 Elementary and Secondary School.

We must recognize that the American Public School System is peculiarly our own - that it was developed to fit our needs. We believe that it must be a flexible system, adaptable to the need of various localities and able to meet changing conditions. We must recognize that education is not static; that we must keep abreast of changing times, constantly recognizing new needs, constantly seeking new methods of achieving our goals, yet not rushing blindly out of untried pathways.

Due to the increasing mobility of the American people, we must realize that we no longer prepare our children to become citizens of the area in which they grow up. Therefore, we must be prepared to meet at least certain minimum standards on state and national levels. At the same time, we believe that the state and federal governments have a growing responsibility in the support of a school system which will meet our state and national requirements.

We must recognize that the child is the product of his home, his community and his school. All must contribute to the development. When one fails, the others must move in to fill the gap. It is the responsibility of the home to see that each child has an upbringing that is healthy, happy and morally and mentally well-balanced. It is the responsibility of the community to contribute the means for a child's education, to set high standards for his health, safety and moral and civic development. If the school is to fulfill its function, we as teachers and members of the Board of Education in a public school, must pledge ourselves to recognize and abide by the goals of our educational system; to do the very best we can with the means at our command.

The policies and procedures contained in this handbook are the result of a concerted effort on the part of the faculty, the administration and the Board of Education. This information has been carefully prepared and presented so that it will be of great value in helping you and your parent/guardian become an integral part of our school.

The ultimate purpose of education is to help each student become an effective citizen in a democracy. To develop and accept the responsibilities and obligations of good citizenship will help our students successfully participate in the world of tomorrow. We hope that your participation in our school will prepare you to live a better life and ultimately take your place in our complex society. Remember that your success in this school will be directly proportional to the effort put forth.

### **A WORD TO PARENTS**

The education of your children is best achieved when there is a high degree of cooperation between the student, parent/guardian(s) and the Linn County R-1 Staff. Your children are the most valuable resource for the continued success of our communities and country. It is imperative that each parent cooperate in seeing that:

- Your child attends school regularly.
- Your child has sufficient time at home for rest and study.
- Your child's progress reports and report cards are read throughout the year.
- You, as a parent, show interest and involvement in your child's educational pursuits including academics, extra-curricular activities and organizations.

- You, as a parent, keep your child actively involved and accountable to his/her educational goals.

Our facility is inspected on a regular basis for asbestos safety. If you feel that any materials, supplies or equipment may be unsafe, teachers are encouraged to report to the office of the superintendent. The last asbestos inspection was July 2009.

Asbestos was found in the floor tiles only. This is considered non-friable asbestos, and imposes no immediate danger to occupants or visitors.

All ACBM in this building has been addressed in a Management Plan written according to Federal and State requirements. The purpose of this plan is to safeguard the health and safety of all building occupants.

### **SCHOOL MASCOT: The Mustang**

The Mustang, more than any other horse, is uniquely American. The Mustang represents the exuberance of the completely free spirit and also reflects the American spirit. A Mustang is a horse with heart, will, and the drive to work for a good partner.

We, as Mustangs, should possess the same fine qualities as the original horse. Our school spirit and determination will help us defeat our opponents.

By attending our school activities and supporting our teams, we will gain the admiration of other schools in surrounding communities.

### **SCHOOL SONG**

The official school song for the Linn County R-I High School was adopted during the 1966-1967 school year. A new school song was necessary, due to the combining of Linneus and Browning High School.

The lyrics, sung to the tune of "On Wisconsin" were written by a committee of Student Council members and adopted by the student body.

On Ye Mustangs, On Ye Mustangs On to Victory; Fight Tonight, reach the height Red and Green and White, Fight! Fight!

On Ye Mustangs, On Ye Mustangs Play with all your might School spirit, loyalty, We'll WIN tonight!

The School District prohibits any and all forms of unlawful harassment and discrimination because of race, color, sex, national origin, age, ethnicity, disability, sexual orientation, or perceived sexual orientation. **Bullying Policy 2655**

The District is committed to maintaining a learning and working environment free of any form of bullying or intimidation. Bullying is strictly prohibited on school grounds, or school time, at a school sponsored activity or in a school related context. Bullying is the intentional action by an individual or group of individuals to inflict intimidation, unwanted aggressive behavior, or harassment that is repetitive or is substantially likely to be repeated and causes a reasonable student to fear for his or her physical safety or property; substantially interferes with the educational performance, opportunities, or benefits of any student without exception; or substantially disrupts the orderly operation of the school. Bullying may consist of physical actions, including gestures, or oral, cyberbullying, electronic, or written communication, and any threat of retaliation for reporting acts of bullying.

Cyberbullying means bullying as defined above through the transmission of a communication including, but not limited to, a message, text, sound, or image by means of an electronic device including, but not limited to, a telephone, wireless telephone, or other wireless communication device, computer, or pager. The District may prohibit and discipline for cyberbullying that originates on any District campus or at a District activity if the electronic communication was made using the school's technological resources, if there is a sufficient nexus to the educational environment, or if the electronic communication was made on the District's campus or at a District activity using the student's own personal technological resources. Further, students who engage in significant acts of misconduct off campus which materially and adversely impact the education of District students will be subject to discipline. Bullying, as defined in this policy, is strictly prohibited. Students are encouraged to report any incident of bullying which they have witnessed or incurred, by contacting their building principal. District employees are required to report any instance of bullying of which the employee has witnessed within two (2) school days of the occurrence. Employees shall report the occurrence to the building principal, who is the person the District designates to receive reports of incidents of bullying. A principal who receives a report of an incident of bullying shall initiate an investigation into the allegations within two (2) school days of receipt of the report.

The principal may assign other employees to assist in the investigation, or request that the superintendent assign an outside investigator. The investigation shall be completed within ten school days from the date of the written report of bullying unless good cause exists to extend the investigation. No employee or student who reports an act of bullying shall be subject to reprisal or retaliation for making such a report. Any person who engages in reprisal or retaliation against an employee or student who reports an act of bullying shall be subject to disciplinary action.

Students who are found to have violated this policy will be subject to consequences depending on factors such as: age of student(s), degree of harm, severity of behavior, number of incidences, etc. Possible consequences to a student for a violation of this policy include: loss of privileges, classroom detention, conference with teacher, parents contacted, conference with principal, in-school suspension, out-of-school suspension, expulsion and law enforcement contacted.

The District shall give annual notice of the policy to students, parents or guardians, and staff. This policy shall be included in all student handbooks. This policy shall also be posted on the District's web page (as a Board policy) and a copy shall be placed in the District Administrative Office.

The District shall provide information and appropriate training to District staff who have significant contact with students regarding the policy. All staff with significant student contact shall be trained on the requirements of this policy on an annual basis.

The District shall provide education and information to students regarding bullying, including information regarding this policy prohibiting bullying, the harmful effects of bullying, and other applicable initiatives to address bullying, including student peer-to-peer initiatives to provide accountability and policy enforcement for those found to have engaged in bullying, reprisal, or retaliation against any person who reports an act of bullying. The District shall instruct its school counselors, school social workers, licensed social workers, mental health professionals, and school psychologists to educate students who are victims of bullying on techniques for students to overcome bullying's negative effects. Such techniques include but are not limited to, cultivating the student's self-worth and self-esteem; teaching the student to defend himself or herself assertively and effectively; helping the student develop social skills or encouraging the student to develop an internal locus of control. District administrators will implement programs and other initiatives to address bullying, to respond to such conduct in a manner that does not stigmatize the victim, and to make resources or referrals available to victims of bullying.

### **INCLEMENT WEATHER**

Students and parents are asked to listen to radio stations in Brookfield and Marceline for information about cancellation of school due to poor weather conditions. Winter! The very word makes us think of cold and snow- and student safety.

If we have received a good-sized snow, listen to the radio to insure that school is in session. As was the case last year, we will call the radio stations as soon as we know that school will not be in session. Most of the time that decision will be made by 6:30 AM. . **Every Parent can also sign up to receive text/e-mail alerts. The sign up is available on the Linn County R-1 homepage.**

If it starts snowing or getting slick during the day, listen to the radio to see if we are letting out early. Remember, this is a big district with long bus routes and we have the safety of all of the students as our primary interest.

Plan now for where you want your children to go in case we do let out early and you are at work. Do they know what to do? Does the school know what they are supposed to do? Do they need to ride a different bus, go to a different house, or stay with a friend? In the excitement of letting out early, it is hard to get to all of the phone calls that come in, so make your plans now. In the case of small children, please let us know what the plans are so that we can insure that the students goes where they are suppose to.

The radio stations that we will be announcing on are:

KZBK Brookfield - FM 96.9

KDWD Marceline – 99.1

The information will also be sent via Linn County R-1 text caster.

## **STUDENT IMMUNIZATION**

The state requires that students have the appropriate immunizations or release forms in order for the child to attend school. Please keep the school office up to date on your child's immunizations. The school, along with the Linn County Health Department, conducts a free immunization clinic. All records are monitored by the school nurse. You will be notified by her if your child needs any state required immunizations. It is the parent's responsibility to make sure any needed immunizations are received in a timely manner. Students will be properly immunized or they will not be allowed to attend Linn R-1. If a student is exempt from immunizations the proper medical or religious exemption forms must be on file prior to the first day of school.

Medical exemption forms must be completed by a licensed doctor of medicine or doctor of osteopathy only.

**In the event a student has had a medical reason for not being current on scheduled immunizations, an "In Progress" form should be obtained from your physician or health department stating the next scheduled appointment. If this appointment is not kept, the "In Progress" becomes void and the student will not be allowed back into school until the immunizations are current. The "In Progress" is not for lack of planning on parent's**

**end and is only to be used in the event of a medical situation that caused the child to become behind in the immunization schedule.**

Pop may be purchased after the last bell of the day rings.

Students will be allowed to purchase items from the Gatorade and snack machines before and after school. Students are allowed to purchase Gatorade/Water during lunch. However, once the lunch shift is over, the Gatorade must be thrown away. Gatorade will not be allowed to leave the lunch room. It is not allowed to be carried in the hallways or taken into the classrooms. Water is allowed in the classrooms. Please place empty cans in the trash or recycle container.

### **BEVERAGE CONTAINERS/OUTSIDE FOOD AND BOOKBAGS**

Beverage containers/outside food and drinks are prohibited during the school day. They will be confiscated and repeat offenders will be subject to disciplinary action. A reusable closed container may be brought to school for water. Anything brought to school must be consumed before entering the building. The same is true if you leave and return to school the same day. It **MUST** be consumed outside the school building. Students are not allowed to get cups/drinks out of the school kitchen and students are not allowed to get drinks/snacks out of the storage room. Large carry bags, book bags, and back packs are to be used to carry books to and from school and must be kept in the student's locker or on the bag rack during the school day. The only exception would be PE classes.

### **ASSEMBLY CONDUCT**

All students are expected to pass to the gymnasium quietly and orderly, take their seats, and speak in low conversational tones until the program begins. General guides for behavior at assemblies:

1. Give the speaker your utmost cooperation and attention.
2. Treat performers as guests.
3. Applaud only when applause is in order.
4. At the close of the program, wait for the signal to leave, then proceed back to the proper classroom, quietly and orderly.
5. No public display of affection holds true during assemblies.
6. Any student acting in a rude or disrespectful manner will be escorted out of the assembly and will not be allowed to attend any assemblies for the remainder of the school year.

All teachers are to attend all assemblies. Each class will have an assigned section for seating. Class sponsors are to sit with their respective classes.

### **ARRIVAL AT SCHOOL**

Students should not arrive at the high school building in the morning before 7:30 a.m. After arriving, students should go to their lockers and put their things away. Students are allowed to congregate in the halls and commons area. Students are also allowed in the gym. (Gym shoes must be worn on the gym floor.) High school students are not to go to the elementary building without permission.

### **RULES GOVERNING SOCIAL FUNCTIONS**

School sponsored dances: All dances or parties must have at least two faculty members present. It is the responsibility of the officers of the group sponsoring the dance to find competent and willing chaperones. No student will be allowed to leave or return to the building where the school sponsored activity is taking place. Faculty members will serve as advisors and sponsors for each class. Sponsors must be present at all activities for which they are responsible.

Alcoholic beverages and smoking will not be permitted. Class parties, dances, etc. will be confined to Friday or Saturday evenings and must be over by 11:00 P.M. unless approved by the principal. Clean up will be completed as soon as the event is over.

Students must meet eligibility requirements to participate in any activity. Out-of-school dates must be cleared in advance. Students bringing out-of-school dates are responsible for their behavior.

Each class may have one private party per year, and must be cleared in advance. No class parties will be permitted at Linn Co. R-1 during regular class periods.

### **ITV CLASSES**

Students that take ITV classes are typically in class Monday, Wednesday and Friday. The ITV classes do follow a different schedule than Linn County R-1 and have days when they are not in session while Linn County R-1 is in session and vice versa. ITV students will report to an assigned classroom on days in which ITV is not in session. The students are to stay in the assigned room and use the time for a study/homework period. Students are not to be out roaming the halls or in other classrooms.

### **TARDIES**

Students are expected to be in their rooms on time. The students are given three minutes to go from class to class. Upon the fifth tardy per quarter, the student will receive an after school detention. Tardies will be a running total throughout the day, not class by class or hour by hour. If any student shall receive a total of ten tardies in a quarter that student will could serve multiple afterschool detentions or serve I.S.S which will be set up on an as needed basis. The detentions will make this lost hour up.

Part of the tardy policy is that students are also expected to be prepared for class with materials needed for that class and students need their school planners to be excused from class. Each class period (9 periods) allows for four hall passes per semester. After the four hall passes are used, tardies will be issued. Administrators and/or teachers have the authority to justify a tardy under other circumstances.

### **HANDBOOKS/PLANNERS**

Any student that misplaces/loses their handbook/planner will need to purchase a new one for \$5.00. The new handbooks/planners will only have half of the passes to use for leaving the classroom.

### **DETENTION**

If a student receives a detention for disciplinary reasons, missing work or for tardies, the student will be given a one day window in which to serve. The student is responsible for making arrangements to stay after school.

"Not having a ride" is not an excuse for not serving an after school detention.

If the after school detention is not served within the one day window, the detention time will be doubled.

Failure to serve the after school detentions within the new two day window, will result in one day of I.S.S.

Students owing after school detentions at the end of the year will not be allowed to enroll in classes or attend Linn R-1 until the detention time is served.

Detention rules are as follows:

- 1<sup>st</sup> Offense in each class per semester will be a lunch detention.
- 2<sup>nd</sup> Offense and subsequent offense will be before or afterschool detentions.
- Detentions will be served on predetermined days from 7:10-8:00 am or 3:40-4:30 p.m.
- Students will bring everything needed to work on assignments, etc. (books, paper, pencil)
- There will be no eating or drinking soda during the detention.
- Students will serve the detention the day following the infraction. This allows for parent notification.
- Students may not elect to skip detention and go to an after school practice.

**EXCEPTION: Parents must notify Administration if a student has an appointment and needs to reschedule detention. NO STUDENT OWING AN AFTER SCHOOL DETENTION WILL BE ALLOWED TO PRACTICE IN ANY ACTIVITY ON A DAY WHEN DETENTIONS ARE BEING SERVED. IN SHORT, GOING TO PRACTICE OR TO A GAME IS NOT AN EXCUSE FOR NOT SERVING A DETENTION. IF A STUDENT CAN STAY AFTER SCHOOL FOR PRACTICE, THEY CAN STAY FOR A DETENTION. DETENTIONS ALSO NEED TO BE SERVED BEFORE STUDENTS ATTEND A MORNING PRACTICE. MORNING DETENTIONS CAN BE SCHEDULED.**

### **ATTENDANCE POLICY (Regulation 2310)**

Regular attendance is one of the main responsibilities of the pupil. If physically able, the pupil should attend school every day the schools are in session. Absences due to minor causes are inexcusable.

The frequent absence of pupils from school classroom learning experiences disrupts the continuity of the learning process. The benefit of regular daily classroom is lost and cannot be regained. Teachers cannot teach pupils that are not present. The total process of education requires a continuity of instruction, classroom participation, learning experience, and study in order to obtain the maximum educational benefit for each individual student. The regular contact of pupils with each other in the classroom and their participation in a well-planned instructional program under the direction of a competent teacher are vital to this purpose.

In order to implement this policy, the following:

If a student is absent from school in excess of five class periods per semester due to a non-school related reason, (leadership conferences and activities that are tied to SAE projects will be taken into consideration as a school related absence) he/she will fail the class for the semester. The student will be given the opportunity to make up each absence over five with seat time as not to fail the class due to absences. (Seat time equals 1 hour per period missed.)

Students will be given the opportunity to make up one school day missed or one day for each period missed. Students owing attendance hours will be required to stay after school according to a schedule until the hours are completed. If the absence does occur at the end of the school year and there isn't time to make up the absence, the student will be required to make it up during summer school. A student and parent may appeal this policy to the Superintendent and then to the Linn County R-I Board of Education.

Students with extended illnesses (confirmed by doctor), which require a student to miss six or more days of school, serious accidents, or any other extenuating circumstances, are example of cases suitable for appeal.

1. When a student reaches his/her fourth absence in any class period the school will notify the parents in writing that the student is in danger of failing to earn credit in the specific class periods due to excessive absence.
2. With the student's fifth absence, the parent or legal guardian will be informed in writing by the principal that the student will fail the class upon the next absence in any class period that semester unless the attendance time is made up. The student's attendance will be sent to the Juvenile Office.

3. The school day is divided into eight forty-eight minute class periods. Students arriving to class 25 minutes late or leaving class 25 minutes early will be considered absent for the entire period.
4. Any student who exceeds the five absences and receives a “no credit” may appeal to the Superintendent within ten school days.
5. When a student reaches his/her tenth absence the school will notify the parents in writing and the student’s attendance will be reported to the Division of Family Services.

Excessive, undocumented absences of a student will be reported to the Linn County Juvenile Office. Each time a student is absent, he/she should bring a note from a doctor or parent explaining the reason for the absence. EDUCATIONAL NEGLECT IS NOW CONSIDERED AN ACT OF CHILD ABUSE UNDER MISSOURI LAW. Parents are subject to prosecution by the Prosecuting Attorney for excessive absences of a child.

The student will be expected to make up work missed during all absences (excluding out-of-school suspensions). The individual teacher in accordance with what was missed will determine work assigned and the time-line for receiving the completed work. A student may be allowed to complete his work in advance if an absence is planned (vacation with parents, early Thanksgiving, Christmas, hunting trip, etc.). The student must, however, receive the prior approval of the principal and the teacher. Each teacher will be responsible for making arrangements with the individual student. Students who do not attend classes may not attend extra-curricular activities unless excused by the principal.

### **FIRE DRILL PROCEDURE**

1. The fire alarm warning signal will be continuous short rings of the bell system.
2. At the sound of the fire alarm ALL class activity should stop, and students will await the instructions of the teacher.
3. Classes will move orderly and quickly to their assigned areas. The assigned areas are posted in each room.
4. Teachers should take their grade book with them and will take roll of the assigned students immediately after reaching their assigned areas.

### **TORNADO DRILL PROCEDURE**

1. The alarm signal for this drill will be a continuous siren. The signal will be given for one minute period.
2. At the sound of the tornado signal, all class activity will stop and students will await instruction of the teacher. Classes will move quickly and orderly to the designated shelter areas. The designated areas are posted in each room.
3. Teachers should take their grade book with them and take roll immediately after reaching their designated areas.
4. Everyone will come into the building from outdoors and take cover in their designated area. Stay clear of glass areas, all doorways and entrances. No one will be allowed in the gym during a tornado drill.
5. People should remain calm and await further instructions during the drill. Only through the efforts and cooperation of everyone can we survive in the event of an actual disaster.
6. In the event that emergency procedures are in effect during the time of school dismissal, everyone is to remain in the sheltered area until released by the principal. Buses will not run, and no person is to leave the designated area. Students will be released ONLY to their parents.

### **HEALTH SERVICES**

The school district provides a registered nurse. The nurse’s office is located adjacent to the high school office. Parents needing assistance with health or immunization concerns are encouraged to contact the nurse. The nurse may be contacted by calling 244-5035 ext. 230.

In the event of an illness, injuries or emergencies, it is important that the school office be able to contact someone if the parents cannot be reached. It is the parent/guardian’s responsibility to make sure that we have

the phone number of someone to contact in the event of such circumstances. Any student who becomes ill during the school day should request to see the school nurse. If it is determined that a student needs to go home because of illness the nurse or office will contact the student's parent/guardians. Students are not to contact parent/guardians on their own. (cell phones are not allowed during school hours) Students who are ill are not allowed to linger in the restroom or hallways.

If your child has a special illness or health problem, please contact the school nurse or special education director or principal, so we may be aware of the condition. It is important that the teacher and staff working with the child be aware of any special needs or problems. In order for the school to make special plans or considerations for a child's medical or health condition, documentation from a physician is required.

### **Illness Guidelines**

We are aware of how difficult it is to decide whether or not to attend school because you or your child may be ill and/or contagious. However, for the protection of everyone at school we ask you to take a conservative approach in making this decision. In other words, if you are in doubt, wait another day or two before returning to school. If a child becomes ill during class, the parent or caregiver will be called. For your child's well-being and the health of others, please pick up your child as quickly as possible. Your child along with a staff member will wait in a quiet area for your arrival. Guidelines we use are as follows:

- 1) **FEVER:** Students with 100 degree Fahrenheit or above should not attend school or will be sent home if they are already in attendance and a fever develops. Students must be fever free for 24 hours without the aid of medication before they may return to school.
- 2) **CONJUNCTIVITIS/PINKEYE:** Students with red, watery eyes, with or without purulent drainage, must remain at home until 3 doses of antibiotic eye drops have been administered and eyes are clear of purulent discharge.
- 3) **IMPETIGO:** This condition is highly contagious and requires treatment. Unless under the care of a health care provider, the student may not attend school.
- 4) **VOMITING/DIARRHEA:** If a student has vomited or had diarrhea during the night or just before school, he/she should not attend. Students should remain at home until symptom free and able to tolerate regular food.
- 5) **SORE THROAT:** A sore throat may require medical attention to determine if a strep infection is present and an antibiotic needed. If a throat culture is done, student should remain at home until results are known. If culture is positive, student may return to school after 24 hours of antibiotics, if no fever is present.
- 6) **COUGH:** A cough following a cold is not necessarily contagious and may be prolonged. If the cough is croup or is productive with non-clear discharge, student should remain at home until symptoms improve.

If a child seems tired, listless and/or exhibits a change in behavior, he/she may be experiencing the early stages of an illness. Please report any communicable disease such as strep throat, chickenpox, flu, etc. to the nurse office for the protection of the children attending. If you have any questions about your child's attendance at school, contact the nurse office at 660-244-5035.

### **MEDICATIONS**

The school nurse dispenses most all medications, especially prescription medications. Medications will not be dispensed unless the parent has communicated in writing with the nurse in regard to details of the medication. Please contact the nurse regarding medications. No medication will be given that is not properly identified on the package or by a note from the parent. If at all possible, medications should be scheduled so they do not have to be dispensed at school. All medications are to be taken to the school nurse to be dispensed, unless otherwise

directed by the school nurse or doctor. If a medication does have to be given during school time, dosage times should be managed so only one dose needs to be given during school hours.

### **Prescription Medications**

Medication must come to school in a container with the pharmaceutical label and a note from the parent or guardian explaining the reason the medication is being given. The medication will be given as the label reads. When medication is dispensed from the pharmacy, ask the pharmacist for a second labeled bottle that can come to school with the student. The label should contain the following information:

Student's name

Date dispensed

Name of medication

Specific instructions for giving the medication—time of day, amount of medication to be given.

Name of doctor prescribing medication.

Routinely scheduled medications (i.e. ADHD meds) must be brought to the school at the beginning of the year by the parent/guardian and proper paperwork filled out and signed by parent/guardian and nurse. After the initial paperwork is completed, the student may bring the medication to school with them if necessary. This medication should be brought to the nurse office or principal's office immediately upon the student arriving at school and **NOT** be kept by the student in their classroom or locker.

### **Non-prescription Medications**

Over the counter medication (other than non-aspirin and antacid tablets) will be given if the medication is properly labeled with a note from the parent or guardian. The medication must be brought to school in the original container. Written instructions and consent must be brought with the medication. Administration of non-prescription medication will be given on a limited basis for acute symptoms. Chronic conditions must be diagnosed by physician in order for medication to be given over a lengthy period of time. Compliance of Section 504 of the 1973 Rehabilitation Act is required by law.

If medications are not properly identified, they will not be given. That will be the policy for prescription and non-prescription medication both.

Non-aspirin medication and antacid tablets can be given to children who have returned parental consent forms only. Multiple requests for medication (either several requests during one day or frequent requests over a period of time) will be evaluated. Notes will be sent to parents making them aware of the frequency of health room visits. Non-aspirin medication or antacid will not be given unless parental consent is given annually.

## **HEAD LICE**

Lice can be acquired in various locations in the community, the school being one of the places. This is a social problem that pervades the whole community and is not just a school related problem. The school cannot eradicate the problem of head lice. We can do everything we can to help control it in our environment, but everyone needs to be involved. Parents are an important link in helping their child and us with controlling the problem.

### **What are head lice**

The scientific name for head lice indicates that the insect is found on human heads. This type of lice is not shared with other animals, nor is it found on other parts of the body than the head. Lice are small, wingless insects that live on the human scalp. They are about 1/8 inch long, dirty gray in color, but color may vary with individual's hair color.

They do not hop, jump, or fly—they crawl. They can fall off the head or crawl from one article of clothing to another if left in close contact. Some sources say lice live no longer than 48 hours off the human head, some sources say they may live as long as 5-7 days.

Because lice live from ingesting human blood, and need "a meal" about every 5 hours to survive, the shorter estimate of time they can live off the head is probably more accurate.

The head louse travels from person to person by direct contact with the hair or by sharing personal items such as combs, brushes, hair barrettes, clothing, towels, bedding, or upholstered furniture (including car upholstery). Once a pregnant female attaches herself to the scalp, she begins to lay eggs (called nits), that she glues firmly to the growing hair. Females lay eggs only while on the head. Nits will not hatch into insects if they have fallen off the head. The nits hatch in 7-8 days and young lice are released onto the skin. The empty eggshells look like a small grain of rice attached to the hair. The first noticeable sign of the presence of lice is itching of the scalp or the feeling of something crawling in the hair. In severe cases scratching may infect the scalp. Swollen lymph glands may even be present.

## **TREATMENT**

There are several lice control products on the market to treat lice. They come in forms of shampoo, crème rinses and lotions. Some of the products are sold over the counter at the drug store and some are available by a physician's prescription only. In order for the preparation to be effective, label directions must be followed carefully. In all cases, enough of the preparation should be used to completely wet all of the hair and scalp. The solution must be thoroughly massaged into the scalp, because the scalp is where the lice live, not the ends of the hair. The lice don't always die immediately. It may take up to 24 hours. If live lice are seen two days after treatment, retreat with a different brand. A second treatment is almost always recommended, seven to ten days after the first treatment. This is needed to kill any lice that may have hatched after the first treatment.

## **FOLLOW-UP TREATMENT**

A fine toothed comb should be used to remove nits from the hair shaft after treatment, or the nits may be removed by picking them off the hair shaft by hand. When combing, separate the hair into small sections and repeatedly comb toward the scalp. This is the most effective and least painful method. Soaking the hair with nit removal rinse or a solution of half water and half vinegar 10-30 minutes before combing can help in removing the eggs. All children in the family should be treated, if one family member is found to have lice. Adults are usually not infested, but should be examined to be sure. Children may return to school the day after they have been treated. Head lice treatment will not prevent someone from getting head lice.

## **TREATMENT OF HOUSEHOLD AND PERSONAL ARTICLES**

All washable clothing and bed linen should be machine washed in hot water and machine dried. Drying at high heat for 20 minutes will destroy nits. Any clothing or personal items that cannot be washed, need to be dry cleaned. Combs, brushes and barrettes should be soaked for at least 15 minutes in hot water over 120 degrees F., (equal to hot tap water in most homes). Stuffed animals or hair articles that can't be washed can be enclosed in plastic bags, securely tied for 2 weeks. Upholstered furniture and carpets in the home and the car should be vacuumed thoroughly.

Because head lice treatment is not fool proof, frequently looking at a child's head is one of the most important aspects of lice control and prevention. The second priority, after treatment with a lice control product, is removal of nits. This prevents further hatching and allows a proper diagnosis to be made if reinfestation occurs.

## **SCHOOL PROCEDURE**

As previously stated, there is no medication that is guaranteed to kill 100% of all head lice and nits. Therefore, the Linn County R-1 School has chosen to not allow students in school, or on school buses if they have been found to have live lice or nits in their hair.

1. When a child is found to have lice or nits, the child will be removed from the classroom. A parent or guardian will be called to come and get the child from school. The nurse will give guidance to parents on appropriate treatment procedure.
2. The student will not be allowed to ride the school bus from the time the child is identified with lice, treated, checked and readmitted to school.
3. When the nurse or other designated person declares the student lice/nit free, the student may return to the classroom and may again be allowed to ride the school bus.
4. The child will be reexamined within six to ten days after being readmitted to determine if there is a re-infestation.
5. Rechecks will be done on a regular basis to make sure that there is not a reoccurrence.
6. If persistent reinfestation occurs the Linn County R-1 School may request that the student be checked and declared lice/nit free by the student's primary care provider. A letter from the primary care provider must be presented to the school before readmittance.

## **DISCIPLINE REGULATION**

Self-discipline is the most effective kind and students are expected to assume responsibility for their behavior. Self-respect and pride in one's school naturally results in good behavior. When a student's behavior is not acceptable, necessary action will be taken.

According to state law, the teacher or school administrator shall have the same right as a parent to control or discipline a student during the time such student is in attendance or in transit to or from school or any

school-sponsored function. **No code can be expected to list each and every offense which may result in disciplinary action.**

Misconduct will be dealt with immediately. If an after school detention is assigned, a student will be given one day's notice so transportation can be arranged. Transportation and arrangements are the responsibility of the student and the parent.

Students assigned to ISS (In-School-Suspension) will be responsible for all class work, but will accomplish it in an isolated setting away from the rest of the student body. (Students may be assigned a report for each day in ISS. All effort will be made to make disciplinary reports related to class work.)

OSS (Out-of-School-Suspension) will result in the student being suspended from school and all days missed will be "unexcused". All homework and/or tests will be recorded as zeroes and work cannot be made-up. Students suspended from school are not allowed to participate in any school activity or attend any school function while on suspension. (If an assignment or test covers material that spans the time of the suspension, the student will be able to make up the assignment or take the test.)

**STUDENTS IN ISS OR OSS WILL NOT BE ALLOWED TO PARTICIPATE IN ANY SCHOOL ACTIVITY DURING THE DAY OF THE ISS OR OSS.**

**STUDENTS RECEIVING OSS OF ANY KIND WILL NOT BE ALLOWED BACK INTO SCHOOL UNTIL THE PARENT HAS CONTACTED THE PRINCIPAL BY PHONE OR IN PERSON. STUDENTS WITH OSS OF THREE DAYS OR LONGER WILL NOT BE ALLOWED BACK INTO SCHOOL UNTIL THE PARENT (S) OR GUARDIAN HAVE A PERSONAL MEETING WITH THE PRINCIPAL. ALL PARENTS OF STUDENTS RECEIVING OSS OR ISS WILL BE OFFICIALLY NOTIFIED BY DISCIPLINE SLIP.**

TEACHERS have the right to establish a classroom structure and routine that provides an appropriate learning environment in light of their own strengths and weaknesses. They determine and request appropriate behavior from students and ask the principal, parents or any other appropriate party for help when they need assistance with a student.

STUDENTS have a right to a learning environment that is safe, free from unnecessary distraction and disruption, and conducive to learning.

PARENTS have the right to expect the principal and teachers to provide such an environment for their children.

### GENERAL SCHOOL BEHAVIORS

#### STUDENTS WILL:

- Be respectful
- Make an honest effort to learn
- Practice self-discipline
- Respect the rights of others
- Behave in an appropriate manner
- Dress appropriately for school
- Abide by school policy

The discipline policy here at Linn Co. is designed to maintain proper learning environment, foster respect towards authority and property, and to insure the order operation of the school district. In cooperation with parents, teachers, students and principal, we institute guidelines to be used to insure consistent disciplinary action. For disciplinary purposes we have divided offenses into three categories: Common Offenses, Severe Offenses, Tobacco, Alcohol and Drugs.

## PRINCIPAL'S DISCLOSURE STATEMENT

The Principal reserves the right to treat any offense individually and may choose to use a substitute consequence for any offense due to unique situations. **The School SRO may be involved in any discipline issues that take place at the discretion of the Administration.**

### COMMON OFFENSES

Class disruption, backtalk (not abusive), dress code, hall conduct, non-preparation for class, talking out of turn, throwing objects, possession of nuisance items (water guns, toys, radios, etc.), inappropriate signs of affection, continued failure to do homework, running in the halls, failure to follow teacher's directives. This list of Common Offenses is not all inclusive, and other offenses may be classified as Common Offenses. Common Offenses are offenses that are to be handled by the classroom teacher and discipline will be administered by the classroom teacher and will follow classroom rules.

However, if a student is sent to the office for a Common Offense, the consequences will be as follows:

1st offense-	Offense is recorded in discipline record; discussion with the school principal.
2nd offense	1 after school detention
3rd offense	2 after school detentions

## **Foreign Language**

### Course Description

Students enrolled in a foreign language course complete the coursework on the Rosetta Stone online program. Each student will have an account to access their lessons and coursework. Each student is expected to login and be actively working on the Rosetta Stone program each day. All students must show adequate progress within their foreign language level each quarter. By the end of the first quarter the student's progress should be twenty-five percent, by the end of the second quarter the student's progress should be fifty percent.

If a student transfers into the class at semester, they will still be expected to make twenty-five percent progress each quarter, meaning at the end of the third quarter the student's progress should be twenty-five percent and at the end of fourth quarter the student's progress should be fifty percent.

Only progress made in the current school year will be used to determine the student's grade. No progress from working ahead during previous years will be used in the calculation of students' overall grades.

Failure to meet the quarterly progress, students' grades will be lowered to reflect an average of their current score percentage and their progress percentage for the course level they are assigned to. If enough progress has not been made at the end of the semester the student could receive zero credit for the course.

### **CELL PHONES/MUSIC DEVICES/ELETRONIC DEVICES Policy 2656**

Developments in cell phone technology in recent years have resulted in enhanced communication opportunities. However, the use of cell phones in schools poses increasing risks of school disruptions, bullying, criminal activity and academic dishonesty. Second offense	Lunch Detention
Third offense	Before or Afterschool Detention
Fourth and each following offense	One Day of I.S.S

The following guidelines have been set for the 2024-2025 school year:

3. Once school starts and/or the lunch period is over, all phones/electronic devices are to be turned to silent.
4. With the relaxed recommendation for use of phones/electronic devices during the lunch hours, we expect full cooperation and compliance with the above rules at all times. Failure to do so by the student body will result in administrative recommendation that the existing district policy of ZERO TOLERANCE use of cell phones be re-instated for the remainder of the quarter.

\*\*\*The student body will be given 4 chances per quarter to allow for the new guidelines of the cell phone policy. On the 4<sup>th</sup> phone/electronic device violation by the Student Body the ZERO TOLERANCE rule will be reinstated for the remainder of the quarter.

If, for any reason, a student might need to use their phones/electronic device outside of the designated time, the student MUST go to the Office and ask for permission.

This includes texting your parents/friends/family/employer, etc. .... If a parent comes to the office, bringing you something you forgot and says, "My child texted me and said they needed this" that will count as a violation. The above offenses will still be in place for the violations by students.

Exception: Electronic books (Nook, Kindle) may be allowed at the discretion of the teacher.

Teachers have the right to sign up to bring their classes in for class projects. Other students will be asked to check out materials and then leave so that these classes may use the library as their temporary classroom. See the priority list below.

Students are expected to check-out materials through the computer at the check-out desk. If a librarian is not there, students are required to sign the check-out clipboard. The information will be entered in the computer later in the day. Failure to check-out materials (magazines & books) will result in an automatic 9th hour.

Priority for library usage is as follows:

- #1. Teachers who need to bring whole classes to the library for class research or projects using library materials or computers.
- #2. Students using resources or computers for specific assignments that require these resources (teacher assigned).
- #3. Students using computers for optional assignments in which computer usage is optional (spelling, etc.)
- #4. General reading, computer usage or browsing.

**Library Hours:** The libraries are open from 7:45 a.m. to 3:40 p.m.

**Check Out Limits:** 21 days for regular, non-reference books; reference books, 3 days. **Fines:** The computer calculates 5 cents per school day per book for books checked out past 21 days or 3 days for reference books. No single book can accumulate more than \$3.00 per fine.

**Damaged or Lost Books:** If a book has been damaged, a fine may be assessed, or the total cost of the book may be assigned so that it may be replaced. If a book is lost, the student may pay for the book. The payment is entered in the computer in the book record and on the student's record. If the book is found and returned in good condition, the full price of the book will be returned, although the usual fine will be assessed. We return money for several "found" books every year. Notices are given to students near the end of a quarter/semester. If books are overdue at the end of the year, the status will be changed to "lost," and parents will be billed for the replacement cost of the book, plus fines already incurred. Books cannot be replaced by parents through Amazon, for example, due to the inferiority of the bindings.

Student who have overdue books will not be allowed to check out until the books are returned and fines paid.

## **Earthquake Safety**

### **For Missouri's Schools**

**The New Madrid Seismic Zone Extends 120 Miles Southward** from the area of Charleston, Missouri, and Cairo, Illinois, through New Madrid and Caruthersville, following Interstate 55 to Blytheville and on down to Marked Tree, Arkansas. The NMSZ consists of a series of large, ancient faults that are buried beneath thick, soft sediments. These faults cross five state lines and cross the Mississippi River in three places and the Ohio River in two places.

**The New Madrid Seismic Zone and surrounding region is Active, Averaging More than 200 Measured Events per Year** (Magnitude 1.0 or greater), about 20 per month. Tremors large enough to be felt (Magnitude 2.5 – 3.0) are noted every year. The fault releases a shock of 4.0 or more, capable of local minor damage, about every 18 months. Magnitudes of 5.0 or greater occur about once per decade. They can cause significant damage and be felt in several states.

**The Highest Earthquake Risk in the United States** outside the West Coast is in the New Madrid Seismic Zone. Damaging temblors are not as frequent as in California, but when they do occur, the destruction covers over more than 20 times the area due to the nature of geologic materials in the region. The 1968 5.5 magnitude Dale, Illinois earthquake toppled chimneys and caused damage to unreinforced masonry in the St. Louis area, more than 100 miles from the epicenter. A 5.2 magnitude earthquake in April 2008 in southeast Illinois, did not cause damage in Missouri, but was felt across much of the state.

**A Damaging Earthquake in this Area**, which experts say is about a 6.0 magnitude event, occurs about once every 80 years (the last one in 1895 was centered near Charleston, Missouri).

There is estimated to be a 25-40% chance for a magnitude 6.0 – 7.5 or greater earthquake along the New Madrid Seismic Zone in a 50-year period according to the U.S. Geological Survey reports.

The results would be serious damage to un-reinforced masonry buildings and other structures from Memphis to St. Louis. We are certainly overdue for this type of earthquake!

**A Major Earthquake in this Area - the Great New Madrid Earthquake of 1811-12** was actually a series of over 2000 shocks in five months, with several quakes believed to be a 7.0 Magnitude or higher. Eighteen of these rang church bells on the Eastern seaboard. The very land itself was destroyed in the Missouri Bootheel, making it unfit even for farming for many years. It was the largest release of seismic energy east of the Rocky Mountains in the history of the U.S. and was several times larger than the San Francisco quake of 1906.

**When Will Another Great Earthquake the Size of Those in 1811-12 Happen?** Several lines of research suggest that the catastrophic upheavals like those in 1811-12 visit the New Madrid region every 500-600 years.

Hence, emergency planners, engineers, and seismologists do not expect a repeat of the intensity of the 1811-12 series for at least 100 years or more. However, even though the chance is remote, experts estimate the chances for a repeat earthquake of similar magnitude to the 1811-1812 New Madrid earthquakes over a 50-year period to be a 7 - 10% probability.

**What Can We Do to Protect Ourselves?** Education, planning, proper building construction, and preparedness are proven means to minimize earthquake losses, deaths, and injuries.

### **Prepare a Home Earthquake Plan**

Choose a safe place in every room--under a sturdy table or desk or against an inside wall where nothing can fall on you.

Practice DROP, COVER AND HOLD ON at least twice a year. Drop under a sturdy desk or table, hold onto the desk or table with one hand, and protect the back of the head with the other hand. If there's no table or desk nearby, kneel on the floor against an interior wall away from windows, bookcases, or tall furniture that could fall on you and protect the back of your head with one hand and your face with the other arm.

Choose an out-of-town family contact.

Take a first aid class from your local Red Cross chapter. Keep your training current.

Get training in how to use a fire extinguisher from your local fire department.

Inform babysitters and caregivers of your plan.

### **Eliminate Hazards**

Consult a professional to find out additional ways you can protect your home, such as bolting the house to its foundation and other structural mitigation techniques.

Bolt bookcases, china cabinets and other tall furniture to wall studs.

Install strong latches on cupboards.

Strap the water heater to wall studs.

### **Prepare a Disaster Supplies Kit for Home and Car**

First aid kit and essential medications.

Canned food and can opener.

At least three gallons of water per person.

Protective clothing, rainwear, and bedding or sleeping bags.

Battery-powered radio, flashlight, and extra batteries.

Special items for infant, elderly, or disabled family members.

Written instructions for how to turn off gas, electricity, and water if authorities advise you to do so. (Remember, you'll need a professional to turn natural gas service back on.)

Keeping essentials, such as a flashlight and sturdy shoes, by your bedside.

### **Know What to Do When the Shaking BEGINS**

DROP, COVER AND HOLD ON! Move only a few steps to a nearby safe place. Stay indoors until the shaking stops and you're sure it's safe to exit. Stay away from windows.

In a high-rise building, expect the fire alarms and sprinklers to go off during a quake.

If you are in bed, hold on and stay there, protecting your head with a pillow.

If you are outdoors, find a clear spot away from buildings, trees, and power lines. Drop to the ground.

If you are in a car, slow down and drive to a clear place (as described above). Stay in the car until the shaking stops.

### **Know What to Do AFTER the Shaking Stops**

Check yourself for injuries. Protect yourself from further danger by putting on long pants, a long-sleeved shirt, sturdy shoes, and work gloves.

Check others for injuries. Give first aid for serious injuries.

Look for and extinguish small fires. Eliminate fire hazards. Turn off the gas if you smell gas or think it's leaking. (Remember, only a professional should turn it back on.)

Listen to the radio for instructions

Expect aftershocks. Each time you feel one, DROP, COVER, AND HOLD ON!

Inspect your home for damage. Get everyone out if your home is unsafe.

Use the telephone only to report life-threatening emergencies. *The information contained in the flier was extracted from the American Red Cross website*

### **SPECIAL EDUCATION PUBLIC NOTICE**

All responsible public agencies are required to locate, evaluate, and identify children with disabilities who are under the jurisdiction of the agency, regardless of the severity of the disability, including children attending private schools, highly mobile children, such as migrant and homeless children, and children who are suspected of having a disability and in need of special education even though they are advancing from grade to grade. The Linn County R-I School District assures that it will provide a free, appropriate public education (FAPE) to all eligible children with disabilities between the ages of 3 and 21 under its jurisdiction. Disabilities include autism, deaf/blindness, emotional disorders, hearing impairment and deafness, mental retardation, multiple disabilities, orthopedic impairment, other health impairments, specific learning disabilities, speech or language impairment, traumatic brain injury, visual impairment/blindness and young child with a developmental delay.

The Linn County R-I School District assures that it will provide information and referral services necessary to assist the State in the implementation of early intervention services for infants and toddlers eligible for the Missouri First Steps program.

The Linn County R-I School District assures that personally identifiable information collected, used, or maintained by the agency for the purposes of identification, evaluation, placement or provision of FAPE of children with disabilities may be inspected and/or reviewed by their parents/guardian believes the record is inaccurate, misleading, or violates the privacy or other rights of their child. Parents have the right to file complaints with the U.S. Department of Education or the Missouri Department of Elementary and Secondary Education concerning alleged failures by the district to meet the requirements of the Family Educational Rights and Privacy Act (FERPA). The Linn County R-I School District has developed a Local Compliance Plan for the implementation of State Regulations for the Individuals with Disabilities Education Act (IDEA). This plan contains the agency's policies and procedures regarding storage, disclosure to third parties, retention and destruction of personally identifiable information and the agency's assurances that services are provided in compliance with the General Education Provision Act (GEPA). This plan may be reviewed in the Superintendent's office at the Linn County R-I School District during regular business hours. Local school districts in the State of Missouri are required to conduct an annual census of all children with disabilities or suspected disabilities from birth to age twenty-one (21) that reside in the district. This census must be compiled by December 1 each year. This information is treated as confidential and must include: name of the child; parent/legal guardian's name/address; birth date and age of the child; the child's disability; and the services provided to the child. If you have a child with a disability or know of a child with a disability who is not attending the public school, please contact Superintendent Ryan Livingston at the Linn County R-I School in Purdin, MO 64674.

This notice will be provided in native languages as appropriate.
