

Northwest Middle School Responsible Use Agreement 2024-2025

Greenville County School District encourages students to use a variety of technologies to enhance their learning. To ensure the privacy and safety of our students, and to protect data and our resources, we ask parents and students to become familiar with policies and regulations that have been established for technology use in the district. The district's Acceptable Use Policy (Board Policy and Administrative Rule EFE) is available on the district website, <http://www.greenville.k12.sc.us>, in the Board of Trustees section.

Misuse of Chromebooks has the potential to earn disciplinary consequences such as, but not limited to, lunch detentions, after-school detentions, In-School Suspensions, and Out-of-School Suspension as well as the loss of Chromebook privileges. Each student is uniquely and solely responsible for the proper care and any damages or restitutions incurred during the school year for his/her Chromebook. The student will be responsible for any intentional damage cost that occurred.
