Warranty Statement

Beacon Communications, LLC warrants all work listed and performed by Beacon Certified Technicians at the above referenced project against defects in workmanship for a period of **One (1) Year** following the date stated above.

Beacon Communications, LLC shall warrant all Rauland-Borg manufactured equipment for the above system(s) for a period of **Five (5) Years** following the date stated above with the exception of some Software Products which have a 1 year warranty and may be subject to Software Maintenance Agreements.

Beacon Communications, LLC shall warrant all Sapling Clock manufactured equipment for the above system(s) for a period of **Two (2) Years** following the date stated above.

Our warranty of covering repairs of defected parts and materials is granted to the original purchaser for products that are installed and serviced by manufacturer certified technicians where applicable. Product Warranty start dates are determined by the Manufacture ship date, date codes, and as deemed applicable by the Manufacture's inspection of the product. Manufacture will determine if product defect shall be repaired, or replaced with new or refurbished parts.

Any attempt of self-service of this product or equipment may result in exposure to electrical shock or in extensive damage to the equipment and possible voiding of the equipment warranty.

Please note that the warranty does not cover routine and scheduled maintenance and the owner shall be responsible for maintenance on all products as recommended by the manufacturer. Failure of product due to lack of manufactured required maintenance may void warranty. Any warranty calls that result in routine maintenance work performed will be billed on a time and material basis.

If, during the warranty period, the equipment or workmanship covered by this warranty becomes defective while under normal operation and use, it will be repaired or replaced by Beacon trained technicians. This warranty does not apply if failure is caused by misuse, neglect, abuse, accident, improper repair, alteration, modification, vandalism, improper storage, improper maintenance or acts of God. Warranty (non-billable) labor is defined as normal business hours provided by Beacon; Monday through Friday from 8am to 5pm. Warranty labor performed outside of the normal business hours will be considered as Service (billable) labor.

Please note: Any spare parts and additions required for this system(s) should be ordered from Beacon Communications, LLC to ensure continued warranty benefits.

Please call 303-750-6500 with any questions, to request service or to order parts.

Thank you for choosing Beacon Communications LLC.
